CHAPTER 696

S.P. 255 - L.D. 852

An Act To Authorize a General Fund Bond Issue To Support Maine's Natural Resource-based Economy

Preamble. Two thirds of both Houses of the Legislature deeming it necessary in accordance with the Constitution of Maine, Article IX, Section 14 to authorize the issuance of bonds on behalf of the State of Maine to provide funds as described in this Act,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. Authorization of bonds. The Treasurer of State is authorized, under the direction of the Governor, to issue bonds in the name and on behalf of the State in an amount not exceeding \$5,000,000 for the purposes described in section 5 of this Act. The bonds are a pledge of the full faith and credit of the State. The bonds may not run for a period longer than 10 years from the date of the original issue of the bonds.

Sec. 2. Records of bonds issued; Treasurer of State. The Treasurer of State shall ensure that an account of each bond is kept showing the number of the bond, the name of the successful bidder to whom sold, the amount received for the bond, the date of sale and the date when payable.

Sec. 3. Sale; how negotiated; proceeds appropriated. The Treasurer of State may negotiate the sale of the bonds by direction of the Governor, but no bond may be loaned, pledged or hypothecated on behalf of the State. The proceeds of the sale of the bonds, which must be held by the Treasurer of State and paid by the Treasurer of State upon warrants drawn by the State Controller, are appropriated solely for the purposes set forth in this Act. Any unencumbered balances remaining at the completion of the project in this Act lapse to the Office of the Treasurer of State to be used for the retirement of general obligation bonds.

Sec. 4. Interest and debt retirement. The Treasurer of State shall pay interest due or accruing on any bonds issued under this Act and all sums coming due for payment of bonds at maturity.

Sec. 5. Disbursement of bond proceeds. The proceeds of the bonds must be expended as set out

in this Act under the direction and supervision of the Department of Conservation.

1. The proceeds of the bonds for the Land for Maine's Future Board as set out in section 6 must be expended by the Department of Conservation for acquisition of land and interest in land for conservation, water access, outdoor recreation, wildlife or fish habitat, farmland preservation in accordance with the provisions for such acquisitions under the Maine Revised Statutes, Title 5, chapter 353 and working waterfront preservation in accordance with the terms of Public Law 2005, chapter 462, Part B, section 6, including all costs associated with such acquisitions, except that use of the proceeds of these bonds is subject to the following conditions and requirements.

A. Hunting, fishing, trapping and public access may not be prohibited on land acquired with bond proceeds, except to the extent of applicable state, local or federal laws, rules and regulations and except for working waterfront projects and farmland protection projects.

B. Payment from bond proceeds for acquisitions of local or regional significance, as determined by the Land for Maine's Future Board, may be made directly to cooperating entities as defined in Title 5, section 6201, subsection 2 for acquisition of land and interest in land by cooperating entities, subject to terms and conditions enforceable by the State to ensure its use for the purposes of this Act. In addition to the considerations required under Title 5, chapter 353, the board shall give a preference to acquisitions under this paragraph that achieve benefits for multiple towns and that address regional conservation needs including public recreational access, wildlife, open space and farmland.

C. The bond funds expended for conservation, recreation, farmland and water access must be matched with at least \$5,000,000 in public and private contributions. Seventy percent of that amount must be in the form of cash or other tangible assets, including the value of land and real property interest acquired by or contributed to cooperating entities, as defined in Title 5, section 6201, subsection 2, when property interests have a direct relationship to the property proposed for protection, as determined by the Land for Maine's Future Board. The remaining 30% may be matching contributions and may include the value of project-related, in-kind contributions of goods and services to and by cooperating entities.

D. Because portions of the State have deer populations that are struggling and deer wintering habitat protection is vital to the survival and enhancement of these populations, projects that conserve and protect deer wintering areas are considered to have special value and must receive preferential

consideration during scoring of new applications for support under Title 5, section 6200 et seq.

E. To the extent the purposes are consistent with the disbursement provisions in this Act, 100% of the bond proceeds may be considered as state match for any federal funding to be made available to the State.

2. The Department of Conservation and the Department of Inland Fisheries and Wildlife shall take a proactive approach to pursuing land conservation projects that include significant wildlife habitat conservation, including conservation of priority deer wintering areas. Priority deer wintering areas are of at least 500 acres or contiguous with existing conservation land so that the combined acreage constitutes at least 500 acres, have been historically used by deer at some point since 1950 and are capable of providing shelter for deer on the effective date of this Act or within 20 years. The Department of Inland Fisheries and Wildlife shall include in conservation negotiations under this section provisions for the appropriate management of priority deer wintering areas. Land and interest in land purchased by the State that contains wildlife or fish habitat must be managed by the Department of Conservation using protocol provided by the Department of Inland Fisheries and Wildlife, and land and interest in land that is subject to a conservation easement and that contains wildlife or fish habitat must be managed using protocol provided by the Department of Inland Fisheries and Wildlife.

Sec. 6. Disbursement of bond proceeds from General Fund bond issue. The proceeds of the sale of the bonds authorized under this Act must be expended as designated in the following schedule.
