## CHAPTER 202

### H.P. 7 - L.D. 4

#### An Act To Promote Industrial Hemp

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas**, farmers need adequate time to prepare for their upcoming growing seasons and industrial hemp cultivation involves numerous time-sensitive planning considerations; and

**Whereas**, cultivation of industrial hemp may provide a valuable economic opportunity for farmers that begin cultivating as soon as possible; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 7 MRSA §2231**, as enacted by PL 2009, c. 320, §1, is amended to read:

**§2231. Industrial hemp**

**1. Definition.** As used in this chapter, unless the context otherwise indicates, "industrial hemp" means any variety of *Cannabis sativa* L. with a delta-9-tetrahydrocannabinol concentration that does not exceed 0.3% on a dry weight basis and that is grown or possessed by a licensed grower in compliance with this chapter. As used in this chapter, unless the context otherwise indicates, "certified seed source" means a source of hemp seeds that are certified by a 3rd party as producing hemp having a delta-9-tetrahydrocannabinol concentration that does not exceed 0.3% on a dry weight basis.

**2. Growing permitted.** Notwithstanding any other provision of law, a person may plant, grow, harvest, possess, process, sell and buy industrial hemp if that person holds a license issued pursuant to subsection 4. A person licensed pursuant to subsection 4 may plant, grow and harvest only hemp that is grown from seeds acquired from a certified seed source. A person licensed pursuant to subsection 4 may acquire hemp seeds directly from a certified seed source or from a hemp seed distributor licensed in this State distributing hemp seeds pursuant to subsection 2-A.

**2-A. Seed distribution.** The commissioner may issue a license for a hemp seed distributor if the hemp seeds distributed by the hemp seed distributor are from a certified seed source. The commissioner may issue a license under this subsection to a holder of a seed labeling license pursuant to section 1044-A.

**3. Application.** A person desiring to grow industrial hemp for commercial purposes shall apply to the commissioner for a license on a form prescribed by the commissioner. The application must include the name and address of the applicant, the legal description of the land area to be used for the production of industrial hemp and a map, an aerial photograph or global positioning coordinates sufficient for locating the production fields. ~~Except for employees of the Maine Agricultural Experiment Station and the University of Maine System involved in research and related activities, an applicant for an initial licensure must submit a set of the applicant's fingerprints, taken by a law enforcement officer, and any other information necessary to complete a statewide and nationwide criminal history record check by the Department of Public Safety,~~

~~State Bureau of Identification and the Federal Bureau of Investigation. All costs associated with the criminal history record check are the responsibility of the applicant and must be submitted with the fingerprints. Criminal history records provided to the commissioner under this section are confidential. The results of criminal records checks received under this subsection may only be used in determining an applicant's eligibility for licensure. A person with a prior criminal conviction is not eligible for licensure.~~

**4. License issued.** Upon review and approval of an application, the commissioner shall notify the applicant and request that the application fee determined under subsection 7 be submitted. Upon receipt of the appropriate fee ~~and in accordance with subsection 8~~, the commissioner shall issue a license, which is valid for a period of one year and only for the site or sites specified in the license.

**5. Documentation.** ~~A licensee shall file with the commissioner documentation indicating that the seeds planted were of a type and variety of hemp approved by the commissioner as having a concentration of no more than 0.3% delta 9 tetrahydrocannabinol by dry weight and a copy of any contract to grow industrial hemp. A licensee shall notify the commissioner of the sale or distribution of industrial hemp grown by the licensee and the name of each person to whom the industrial hemp was sold or distributed.~~

**6. Rules.** The commissioner shall adopt rules to establish ~~approved varieties of industrial hemp, protocols for testing plant parts during growth for delta 9 tetrahydrocannabinol levels~~ an application fee, a license fee, per acre fees for monitoring, sampling and testing and guidelines for monitoring the growth and harvest of industrial hemp. Rules adopted pursuant to this subsection are major substantive routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**7. Fees.** The commissioner shall establish through rulemaking under subsection 6 an application fee, a license fee and per acre fees for monitoring, sampling and testing that are reasonable and necessary to cover the costs of the department. The application fee must be no less than \$50 and no more than \$100, the license fee must be no less than \$100 and no more than \$500, and the fees for monitoring, sampling and testing must be no less than \$1 per acre and no more than \$100 per acre.

All fees received pursuant to this subsection must be paid to the Treasurer of State and credited to a separate, nonlapsing account in the department. Money received pursuant to this subsection must be used for the expenses of administering this chapter.

**8. Licensing contingent upon action by Federal Government.** ~~A license may not be issued under this section unless:~~

~~A. The United States Congress excludes industrial hemp from the definition of "marihuana" for the purpose of the Controlled Substances Act, 21 United States Code, Section 802(16); or~~

~~B. The United States Department of Justice, Drug Enforcement Administration takes affirmative steps towards issuing a permit under 21 United States Code, Chapter 13, Subchapter 1, Part C to a person holding a license issued by a state to grow industrial hemp.~~
