1. Adult qualifying patient. Prior to providing written certification for the medical use of marijuana under this section, a medical provider shall inform an

adult qualifying patient or the patient's legal guardian or representative of the risks and benefits of the medical use of marijuana and that the patient may benefit from the medical use of marijuana.

2. Minor qualifying patient. Prior to providing written certification for the medical use of marijuana by a minor qualifying patient under this section, a medical provider, referred to in this subsection as "the treating medical provider," shall inform the minor qualifying patient and the parent or legal guardian of the patient of the risks and benefits of the medical use of marijuana and that the patient may benefit from the medical use of marijuana. Except with regard to a minor qualifying patient who is eligible for hospice care, prior to providing a written certification under this section, the treating medical provider shall consult with a qualified physician, referred to in this paragraph as "the consulting physician," from a list of physicians who may be willing to act as consulting physicians maintained by the department that is compiled by the department after consultation with the Department of Health and Human Services and statewide associations representing licensed medical professionals. The consulting physician shall provide an advisory opinion to the medical provider and the parent, legal guardian or person having legal custody of the qualifying patient concerning whether the patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the patient's medical diagnosis. If the department or the consulting physician does not respond to a request by the medical provider within 10 days of receipt of the request, the medical provider may provide a written certification without consultation with a physician.

§2430-C. Protections for authorized activity

1. Rights of persons or entities acting pursuant to this chapter. A person whose conduct is authorized under this chapter may not be denied any right or privilege or be subjected to arrest, prosecution, penalty or disciplinary action, including but not limited to a civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for lawfully engaging in conduct involving the medical use of marijuana authorized under this chapter.

2. Legal protection for hospitals and long-term care facilities. The immunity provisions in this subsection apply to a hospital licensed under chapter 405 and an officer or director, employee or agent of the hospital and a long-term care facility and an officer or director, employee or agent of the long-term care facility. Any immunity provision in this chapter in conflict with this subsection does not apply to a hospital or long-term care facility. The legal protection for hospitals and long-term care facilities applies in accordance with the following.

A. If the use of a form of harvested marijuana that is not smoked, including but not limited to edible marijuana products and tinctures and salves of marijuana, by an admitted patient who has been certified under section 2423-B occurs in a hospital, that hospital is not subject to prosecution, search, seizure or penalty in any manner, including but not limited to a civil penalty or disciplinary action by an occupational or professional licensing board or entity, and may not be denied any license, registration, right or privilege solely because the admitted patient lawfully engages in conduct involving the medical use of marijuana authorized under this chapter.

B. If the use of a form of harvested marijuana consistent with a long-term facility's policy by an admitted patient who has been certified under section 2423-B occurs in the long-term care facility, that long-term care facility is not subject to prosecution, search, seizure or penalty in any manner,

including but not limited to a civil penalty or disciplinary action by an occupational or professional licensing board or entity, and may not be denied any license, registration, right or privilege solely because the admitted patient lawfully engages in conduct involving the medical use of marijuana authorized under this chapter.

3. School, employer or landlord may not discriminate. A school, employer or landlord may not refuse to enroll or employ or lease to or otherwise penalize a person solely for that person's status as a qualifying patient or a caregiver unless failing to do so would put the school, employer or landlord in violation of federal law or cause it to lose a federal contract or funding. This subsection does not prohibit a restriction on the administration or cultivation of marijuana on premises when that administration or cultivation would be inconsistent with the general use of the premises. A landlord or business owner may prohibit the smoking of marijuana for medical purposes on the premises of the landlord or business if the landlord or business owner prohibits all smoking on the premises and posts notice to that effect on the premises.

4. Person may not be denied parental rights and responsibilities or contact with a minor child. A person may not be denied parental rights and responsibilities with respect to or contact with a minor child as a result of acting in accordance with this chapter, unless the person's conduct is contrary to the best interests of the minor child as set out in Title 19-A, section 1653, subsection 3.

5. Receiving an anatomical gift. In reviewing a qualifying patient's suitability for receiving an anatomical gift, a transplant evaluator shall treat the qualifying patient's medical use of marijuana as the equivalent of the authorized use of any other medications used at the direction of a medical provider. A transplant evaluator may determine a qualifying patient to be unsuitable to receive an anatomical gift if the qualifying patient does not limit the qualifying patient's medical use of marijuana to the use of forms of har-

vested marijuana that are not smoked or vaporized, including but not limited to edible marijuana and tinctures and salves of marijuana. A transplant evaluator may require medical marijuana used by a qualifying patient to be tested for fungal contamination by a marijuana testing facility. For purposes of this subsection, "transplant evaluator" means a person responsible for determining another person's suitability for receiving an anatomical gift. For the purposes of this subsection, "anatomical gift" has the same meaning as in section 2942, subsection 2.

6. Prohibition on seizure and retention. Except when necessary for an ongoing criminal or civil investigation, a law enforcement officer may not seize marijuana that is in the possession of a qualifying patient, caregiver, marijuana testing facility, manufacturing facility or registered dispensary as authorized by this chapter. A law enforcement officer in possession of marijuana in violation of this subsection shall return the marijuana within 7 days after receiving a written request for return by the owner of the marijuana. Notwithstanding the provisions of Title 14, chapter 741, if the law enforcement officer fails to return marijuana possessed in violation of this subsection within 7 days of receiving a written request for return of the marijuana under this subsection, the owner of the marijuana may file a claim in the District Court in the district where the owner lives or where the law enforcement officer is employed.

7. Requirements for protection. To receive protection under this section for conduct authorized under this chapter, a person must:

A. If the person is a qualifying patient or visiting qualifying patient, present upon request of a law enforcement officer the original written certification for the patient and the patient's government-issued identification that includes a photo and proof of address; or

B. If the person is a caregiver, present upon request of a law enforcement officer the original written document designating the person as a caregiver by the qualifying patient under section 2423-A, subsection 1, paragraph F-1 and the caregiver's government-issued identification that includes a photo and proof of address.

A person who has been issued a registry identification card pursuant to section 2425-A must also possess a valid government-issued identification that includes a photo and proof of address in order to establish proof of authorized participation in the medical use of marijuana under this chapter. Possession of a registry identification card by a cardholder, the act of applying for such a registry identification card, possession of a written certification issued under section 2423-B or possession of a designation document executed under section 2423-A, subsection 1, paragraph F-1 is not evidence of

unlawful conduct and may not be used to support the search of that person or that person's property. The possession of or application for a registry identification card or possession of a written certification does not prevent the issuance of a warrant if probable cause exists on other grounds.

9. Immunity. The immunity provisions in this subsection apply to caregivers, marijuana testing facilities, manufacturing facilities and dispensaries and the officers or directors or assistants of caregivers, marijuana testing facilities, manufacturing facilities and dispensaries.

A. A caregiver, marijuana testing facility, manufacturing facility or dispensary is not subject to prosecution, search, seizure or penalty in any manner, including but not limited to a civil penalty or disciplinary action by a business or an occupational or professional licensing board or entity, and may not be denied any right or privilege solely for acting in accordance with this section to assist with the medical use of marijuana in accordance with this chapter.

B. An officer or director or assistant of a caregiver, marijuana testing facility, manufacturing facility or dispensary is not subject to arrest, prosecution, search, seizure or penalty in any manner, including but not limited to a civil penalty or disciplinary action by a business or an occupational or professional licensing board or entity, and may not be denied any right or privilege solely for working for or with a caregiver, marijuana testing facility, manufacturing facility or dispensary to provide marijuana plants and marijuana products to qualifying patients, caregivers, dispensaries, manufacturing facilities or marijuana testing facilities or to otherwise assist with the medical use of marijuana in accordance with this chapter.

§2430-E. Possession penalties; fraud penalty

1. Excess marijuana; forfeiture. A person who possesses marijuana plants or harvested marijuana in excess of the limits provided in this section shall forfeit the excess amounts to a law enforcement officer. The law enforcement officer is authorized to remove all excess marijuana plants or harvested marijuana possessed by that person in order to catalog the amount of excess marijuana. Possession of marijuana in excess of the limits provided in this section is a violation as follows:

A. Possession of harvested marijuana by a qualifying patient or a caregiver operating under section 2423-A, subsection 3, paragraph C in an excess amount up to 1 1/4 ounces commits a civil violation for which a fine of not less than \$350 and not more than \$600 must be adjudged, none of which may be suspended;

If a cardholder has previously forfeited excess marijuana pursuant to subsection 1 and a subsequent forfeiture occurs, the department shall revoke the registry identification card of the cardholder and the entire amount of marijuana plants or harvested marijuana possessed by that cardholder must be forfeited to a law enforcement officer. The department shall adopt rules to implement this subsection. Rules adopted pursuant to this subsection are

routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

3. Defense for possession of excess marijuana. Except as provided in section 2426, a qualifying patient may assert the medical purpose for using marijuana as a defense to any prosecution involving marijuana possession and may present evidence in court that the patient's necessary medical use or cultivation circumstances warranted exceeding the amount of marijuana allowed under section 2423-A and was reasonably necessary to ensure the uninterrupted availability of marijuana for the purpose of treating or alleviating the patient's medical diagnosis or symptoms associated with the patient's medical diagnosis that, in a medical provider's professional opinion, may be alleviated by the therapeutic or palliative medical use of marijuana.

4. Calculation of marijuana weight. The amount of marijuana possessed under this chapter must be calculated by the weight of dried harvested marijuana. A calculation of the weight of marijuana that is not dried must reduce the weight by at least 75% to account for moisture content. A calculation of the weight of marijuana in a marijuana product may not include ingredients in the product other than marijuana, except that the weight of marijuana concentrate must be included whether the marijuana concentrate is possessed by itself or within a marijuana product.

5. Penalty for fraud. Fraudulent misrepresentation regarding lawful possession or medical use of marijuana and fraudulent procurement under this chapter are governed by this subsection. A person who misrepresents to a law enforcement official any fact or circumstance relating to the possession or medical use of marijuana under this chapter to avoid arrest or prosecution commits a civil violation for which a fine of \$200 must be adjudged.

§2430-F. Registration suspension or revocation

1. Department suspension or revocation. The department may suspend or revoke a registry identification card for violation of this chapter and the rules adopted under this chapter. Unless otherwise specified as final agency action, a person who has had authorization for conduct under this chapter revoked due to failure to comply with this chapter and rules adopted by the department may request an informal hearing. The department shall adopt rules to specify the period of time, which may not exceed one year, that the person whose registry identification card was revoked is ineligible for reauthorization under this chapter. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**CHAPTER 453
H.P. 491 - L.D. 700**

**An Act To Give Flexibility to
Employees and Employers for
Temporary Layoffs**

Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the number of individuals about to enter temporary unemployment in the State is due to increase dramatically, based on cyclical data from the Department of Labor; and

Whereas, the provisions in this legislation provide additional relief for individuals entering temporary unemployment with a definite recall date from their employer; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 26 MRSA §1192, sub-§3, as amended by PL 2007, c. 352, Pt. C, §1, is further amended to read:

3. Is able and available for work. The individual is able to work and is available for full-time work at the individual's usual or customary trade, occupation, profession or business or in such other trade, occupation, profession or business for which the individual's prior training or experience shows the individual to be fitted or qualified, as long as the geographic region in which the work will take place is not greater than 35 miles from the individual's primary residence; and in addition to having complied with subsection 2 is actively seeking work in accordance with the regulations of the commission; provided that no ineligibility may be found solely because the claimant is unable to accept employment on a shift, the greater part of which falls between the hours of midnight to 5 a.m., and is unavailable for that employment because of parental obligation, the need to care for an immediate family member; or the unavailability of a personal care attendant required to assist the unemployed individual

who is a handicapped person; and provided that an unemployed individual who is neither able nor available for work due to good cause as determined by the deputy is eligible to receive prorated benefits for that portion of the week during which the individual was able and available.

A. Notwithstanding this subsection, beginning January 1, 2004, an individual who is not available for full-time work as required in this subsection is not disqualified from receiving benefits if:

(1) The individual worked less than full time for a majority of the weeks during that individual's base period and the individual is able and available for and actively seeking part-time work for at least the number of hours in a week comparable to those customarily worked in part-time employment during that individual's base period; or

(2) The individual worked full time for a majority of the weeks during that individual's base period, but is able and available for and actively seeking only part-time work because of the illness or disability of an immediate family member or because of limitations necessary for the safety or protection of the individual or individual's immediate family member.

Sec. 2. 26 MRSA §1192, sub-§12, as amended by PL 2011, c. 645, §3, is further amended to read:

12. Participation in reemployment services. The individual who has been referred to reemployment services, pursuant to a profiling system established by the commissioner, participates in those services or similar services unless it is determined that the individual has completed those services or there is good cause for the individual's failure to participate; ~~and~~

Sec. 3. 26 MRSA §1192, sub-§13, as amended by PL 2017, c. 117, §5, is further amended to read:

13. Reemployment services and eligibility assessment; participation. In the case that the individual has been referred to reemployment services and eligibility assessment by the Department of Labor, the individual participates in those services, unless the department determines there is good cause for the individual's failure to participate. Failure to participate in reemployment services and eligibility assessment without good cause results in a denial of benefits until the individual participates; ~~and~~

Sec. 4. 26 MRSA §1192, sub-§14 is enacted to read:

14. Temporary unemployment; work search. Notwithstanding any other provisions of this chapter to the contrary, any otherwise eligible individual who is temporarily laid off by an employer that has given that individual a definite recall date may not be denied
