CHAPTER 691  
S.P. 443 - L.D. 1357

An Act To Clarify Health  
Insurance Coverage for  
Postpartum Care

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 24-A MRS §2743-B is enacted to read:

**§2743-B. Maternity and postpartum care**

An insurer that issues individual contracts providing maternity benefits shall provide coverage for 12 months following childbirth for postpartum care services and support necessary to transition a patient to a healthy and stable condition that meets the recommendations of the American College of Obstetricians and Gynecologists outlined in the "Optimizing Postpartum Care" opinion published May 2018. The postpartum care services and support provided in accordance with this section must include coverage for development of a postpartum care plan; contact with the patient within 3 weeks of the end of pregnancy; a comprehensive postpartum visit, including a full assessment of the patient's physical, social and psychological well-being; treatment of complications of pregnancy and childbirth, including pelvic floor disorders and postpartum depression; assessment of risk factors for cardiovascular disease; and care related to pregnancy loss.

Sec. 2. 24-A MRS §2834-D is enacted to read:

**§2834-D. Maternity and postpartum care**

An insurer that issues group contracts providing maternity benefits shall provide coverage for 12 months following childbirth for postpartum care services and support necessary to transition a patient to a healthy and stable condition that meets the recommendations of the American College of Obstetricians and Gynecologists outlined in the "Optimizing Postpartum Care" opinion published May 2018. The postpartum care services and support provided in accordance with this section must include coverage for development of a postpartum care plan; contact with the patient within 3 weeks of the end of pregnancy; a comprehensive postpartum visit, including a full assessment of the patient's physical, social and psychological well-being; treatment of complications of pregnancy and childbirth, including pelvic floor disorders and postpartum depression; assessment of risk factors for cardiovascular disease; and care related to pregnancy loss.

Sec. 3. 24-A MRS §4234-F is enacted to read:

**§4234-F. Maternity and postpartum care**

A health maintenance organization that issues individual and group contracts providing maternity benefits

shall provide coverage for 12 months following childbirth for postpartum care services and support necessary to transition a patient to a healthy and stable condition that meets the recommendations of the American College of Obstetricians and Gynecologists outlined in the "Optimizing Postpartum Care" opinion published May 2018. The postpartum care services and support provided in accordance with this section must include coverage for development of a postpartum care plan; contact with the patient within 3 weeks of the end of pregnancy; a comprehensive postpartum visit, including a full assessment of the patient's physical, social and psychological well-being; treatment of complications of pregnancy and childbirth, including pelvic floor disorders and postpartum depression; assessment of risk factors for cardiovascular disease; and care related to pregnancy loss.

Sec. 4. **No addition to State's essential health benefits; legislative finding.** The Legislature finds that the requirements of this Act do not constitute an addition to the State's essential health benefits that requires defrayal of costs by the State pursuant to 42 United States Code, Section 18031(d)(3)(B) because the requirements clarify that existing law mandating coverage for maternity benefits includes coverage for 12 months of postpartum care that meets the recommendations of the American College of Obstetricians and Gynecologists.

Sec. 5. **Application.** This Act applies to all policies, contracts and certificates executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2023. For purposes of this Act, all contracts are deemed to be renewed no later than the next yearly anniversary of the contract date.

See title page for effective date.

CHAPTER 692  
H.P. 1144 - L.D. 1539

An Act To Provide Access to  
Fertility Care

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 24-A MRS §4320-S is enacted to read:

**§4320-S. Coverage for fertility services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Experimental fertility procedure" means a procedure for which the published medical evidence is not sufficient for the American Society for Reproductive Medicine, its successor organization or a comparable organization to regard the procedure as established medical practice.
