5. Intermittent leave requirements. Leave permitted by this section may be taken by an employee intermittently in increments of not less than 8 hours or on a reduced leave schedule otherwise agreed to by the employee and the employer. The taking of leave intermittently or on a reduced leave schedule pursuant to this subsection may not result in a reduction in the total amount of leave to which the covered individual is entitled under this subchapter.

6. Weekly benefit. While on family leave or medical leave pursuant to this subchapter, a covered individual receives a weekly benefit amount as provided in section 850-C.

7. Notice to employer. Absent an emergency, illness or other sudden necessity for taking leave, an employee shall give reasonable notice to the employee's supervisor of the employee's intent to use leave under this subchapter. Use of such leave must be scheduled to prevent undue hardship on the employer as reasonably determined by the employer. If an employer fails to provide notice as required under section 850-I, the employee's obligation to provide notice under this subsection is waived.

8. Right to benefits; accrual. The taking of family leave or medical leave may not affect an employee's right to accrue vacation time, sick time, bonuses, advancement, seniority, length of service credit or other employment benefits, plans or programs. During the duration of an employee's family leave or medical leave, the employer shall continue to provide for and contribute to the employee's employment-related health insurance benefits, if any, at the level and under the condi-

tions coverage would have been provided if the employee had continued working continuously for the duration of leave.

9. Treatment of self-employed individuals. Subsection 8 does not apply to a self-employed individual taking family leave or medical leave under this subchapter or to a person who is no longer an employee who was an employee when that person began taking family leave or medical leave under this subchapter.

10. Collective bargaining; employer policy; greater or additional rights. This subchapter does not:

A. Obviate an employer's obligations to comply with any employer policy, law or collective bargaining agreement that provides for rights to leave greater than or additional to those provided by this subchapter;

B. In any way curtail the rights, privileges or remedies of any employee under any collective bargaining agreement or employment contract;

C. Allow an employer to compel an employee to exhaust rights to any sick, vacation or personal time prior to or while taking leave under this subchapter; or

D. Require a public employer, as defined in section 962, subsection 7, or employee of a public employer that is a party to a collective bargaining agreement in existence on the effective date of this subchapter to apply any of the rights and responsibilities under this subchapter until the existing collective bargaining agreement expires.

11. Concurrent with leave under state and federal law. Leave taken under this subchapter runs concurrently with leave taken under the federal Family and Medical Leave Act of 1993, 29 United States Code, Section 2611, et seq., and under subchapter 6-A. Employees may take leave under this subchapter while ineligible for leave under the federal Family and Medical Leave Act of 1993 in the same benefit year.

12. Employer policy may not waive employee rights. An employer policy adopted or retained on or after the effective date of this subchapter may not diminish an employee's right to benefits under this subchapter. Any agreement by an employee to waive the employee's rights under this subchapter is against public policy and is void and unenforceable.

§850-C. Payment of benefits

1. Waiting period for medical leave. Medical leave benefits are not payable during the first 7 calendar days of the leave, except that an employee may use accrued sick or vacation pay or other paid leave provided under a collective bargaining agreement or employer policy during the first 7 calendar days of the leave.

2. Determination of weekly benefit amount. The weekly benefit amount paid to employees and self-employed individuals on family leave or medical leave is calculated as follows:

A. The portion of the covered individual's average weekly wage that is equal to or less than 50% of the state average weekly wage must be replaced at a rate of 90%; and

B. The portion of the covered individual's average weekly wage that is more than 50% of the state average weekly wage must be replaced at a rate of 66% up to the maximum weekly benefit.

3. Maximum benefit amount adjustment. The maximum weekly benefit amount calculated under subsection 2 is the state average weekly wage. By January 1st of the year in which claims begin being processed and annually thereafter, the department shall take into consideration the recommendation of the authority to adjust the maximum weekly benefit amount as necessary, and the adjusted maximum weekly benefit amount takes effect on January 1st of the year following the adjustment. The authority shall recommend adjusting the maximum benefit amount in order to maintain the solvency of the fund at a level of at least the annualized amount described in section 850-E, subsection 3.

4. Prorated benefit. If a covered individual takes family leave or medical leave on an intermittent or reduced leave schedule, the weekly benefit amount must be prorated as determined by the department.

5. Reduction of benefit. The weekly benefit amount must be reduced by the amount of wages or wage replacement that a covered individual receives for that period under any of the following while on family leave or medical leave:

A. A government program or law, including, but not limited to, unemployment insurance under this Title and workers' compensation under Title 39-A other than for compensation received under Title 39-A, section 213 for an injury that occurred prior to the family leave or medical leave claim, or under other state or federal temporary or permanent disability benefits law; or

B. A permanent disability policy or program of an employer.

§850-D. Applications and claims for benefits

1. Procedures and forms. The administrator shall establish reasonable procedures and forms for filing claims for family leave benefits and medical leave benefits under this subchapter and shall specify what supporting documentation is necessary to support a claim for benefits, including any documentation required from a health care provider for proof of a serious health condition and any documentation required by the administrator with regard to a claim for safe leave or qualifying exigency leave.

2. Filing of application. An individual may file an application for family leave benefits or medical leave benefits no more than 60 days before the anticipated start date of family leave and medical leave and no more than 90 days after the start date of family leave and medical leave. The administrator shall waive the 90-day filing deadline for good cause. The administrator shall institute forms and procedures that are not unduly burdensome to an individual claiming benefits.

3. Notification of employer. The administrator shall notify the relevant employer within 5 business days of a claim being filed pursuant to this subchapter.

4. Confidentiality. Any medical or health information required under this section must be treated as confidential and may not be disclosed except with permission from the covered individual who provided it unless disclosure is otherwise required by law. Nothing in this section may be construed to compel a health care provider to provide any information for certification that would be in violation of Section 1177 of the federal Social Security Act, 42 United States Code, Section 1320d-6.

5. Ineligibility. A covered individual is not eligible to receive family leave benefits or medical leave benefits if the administrator finds, through a process established by rule, that the covered individual, for the purpose of obtaining these benefits, has willfully made a false statement or misrepresentation regarding a material fact or has willfully withheld a material fact concerning the facts required to be certified pursuant to this section. The department shall establish a process by rule for the determination of eligibility under this section, including a grievance process for a covered individual determined to be ineligible.

§850-E. Paid Family and Medical Leave Insurance Fund

1. Fund established. The Paid Family and Medical Leave Insurance Fund is established to carry out the purposes of this subchapter. The fund is administered by the Treasurer of State. Any sums received under this section are not considered revenue of the State, but must be held in trust for the exclusive benefit of covered individuals eligible for family leave benefits and medical leave benefits under this subchapter and for the administration of this subchapter by the department. Funds may not be expended, released, appropriated or otherwise disposed of for any other purpose and must be expended by the department as required by this subchapter to pay family leave benefits and medical leave benefits to covered individuals eligible to receive benefits and to pay the administrative costs of the administrator.

2. Deposits in fund. The fund consists of:

B. Property or securities acquired through the use of money belonging to the fund together with any earnings of such property or securities;

C. Fines and penalties collected under this subchapter; and

D. Any other money received from any source, including grants, gifts, bequests or money specifically designated to be credited to the fund.

3. Annualized amount. The fund must maintain an annualized amount as determined by an annual study by a qualified actuary that examines the program's recent and expected future claims experience, administrative expenses and target fund requirements.

4. Administrative costs. The costs of administering the program by the administrator may not exceed 5% of the amount deposited under subsection 2 for each fiscal year following the initial year family leave benefits and medical leave benefits are paid. Money may not be commingled with other state funds and must be maintained in a separate account.

5. Payment of benefits. The administrator shall expend money from the fund to provide weekly family leave benefits and medical leave benefits under section 850-C. Family leave benefits and medical leave benefits must be paid from the fund to covered individuals eligible for benefits. An employer's bankruptcy or noncompliance with this subchapter does not interfere with an employee's ability to collect family leave benefits and medical leave benefits under this subchapter. Family leave benefits and medical leave benefits paid from the fund to such an employee may be recovered through bankruptcy proceedings or from the noncomplying employer. The administrator shall institute administrative and legal action to recover family leave benefits and medical leave benefits paid through the fund.

6. Report. Beginning October 1, 2026 and annually thereafter, the administrator shall publish a report providing the following information concerning the program for the previous fiscal year:

- F. The percentage of eligible claims attributable to family leave for a qualifying exigency;
- G. The percentage of eligible claims attributable to family leave for a covered service member;
- H. The claimant demographics by age, gender identification, race, ethnicity, average weekly wage, occupation and the type of leave taken;
- I. The percentage of claims denied and the reasons for the denials;
- J. The average weekly benefit amount paid for all claims and by the type of leave taken;
- K. The category of family member for whom family medical leave was taken to care for the family member’s serious medical condition;
- L. The time for initial claims processing and determination;
- M. The average length of time between an application and receipt of benefits;
- N. The average leave duration for each purpose of leave; and
- O. Any changes in gross benefits paid compared to the previous fiscal year.

The administrator shall submit the annual report required by this subsection to the department, the authority and the joint standing committee of the Legislature having jurisdiction over labor matters.

§850-F. Premiums

1. Authorized. Payroll premiums must be paid in order to finance the payment of family leave benefits and medical leave benefits under this subchapter and administration of the program.

2. Employer to remit employer contribution reports and premiums. Beginning January 1, 2025, for each employee, an employer shall remit employer contribution reports and premiums in the form and manner determined by the administrator. Employer contribution reports and premiums must be remitted quarterly.

3. Premium amount. The following provisions govern the premium amount.

- A. Beginning January 1, 2025, the premium amount may not be more than a combined rate of 1.0% of wages.
- B. Annually, for the 2028 calendar year and each calendar year thereafter, not later than October 1st, the department shall set the premium for the coming calendar year based on a percentage of employee wages and at the rate necessary to obtain a total amount of premium contributions in order to maintain the solvency of the fund at a level of at least the annualized amount described in section 850-E, subsection 3, plus an amount equal to 100%

of the cost of administration of the payment of those benefits during the previous fiscal year, less the amount of net assets remaining in the fund as of June 30th of the current calendar year. If, for the 2028 calendar year or any calendar year thereafter, the premium rate adjustment pursuant to this subsection is an increase and results in the difference between the rate of the upcoming calendar year and the current calendar year equaling more than 0.1% of wages paid, the department shall submit a report regarding fund solvency and factors contributing to rate setting to the joint standing committee of the Legislature having jurisdiction over labor matters.

4. Self-employed individuals. The following provisions govern self-employed individuals.

- A. A self-employed individual who elects coverage under section 850-G shall pay up to 50% of the premium required by subsection 3 on that individual's income from self-employment.
- B. A self-employed individual who elects coverage under section 850-G shall remit the premium amount required by this subsection directly to the administrator, in the form and manner required by the commissioner by rule.

5. Employers. The following provisions govern employers.

- A. An employer with 15 or more employees may deduct up to 50% of the premium required for an employee by subsection 3 from that employee's wages and shall remit 100% of the combined premium contribution required by subsection 3 to the fund.
- B. An employer with fewer than 15 employees may deduct up to 50% of the premium required for an employee by subsection 3 from that employee's wages and shall remit 50% of the premium required by subsection 3 to the fund.

6. Limit on wages to determine premiums. Premiums are required up to the contribution and benefit base limit established annually by the federal Social Security Administration for purposes of the federal Old-Age, Survivors, and Disability Insurance program limits pursuant to 42 United States Code, Section 430.

7. Use. The premiums collected under this subchapter must be used exclusively for the payment of family leave benefits and medical leave benefits and the costs of administration of the program.

8. Approved private plan. An employer with an approved private plan under section 850-H is not required to remit premiums under this section to the fund.

9. Failure or refusal to make premium contributions. An employer that fails or refuses to make premium contributions as required in this section must be assessed 1.0% of its total annual payroll for each year it

so failed to comply in addition to any amounts previously owed, or fraction thereof, in addition to the total amount of family leave benefits and medical leave benefits paid to covered individuals for whom it failed to make premium contributions. The rate of assessment imposed by this subsection must be adjusted annually consistent with subsection 3, paragraph B.

10. Self-employed individual who elects coverage and fails or refuses to make premium contributions. A self-employed individual who elects coverage under section 850-G and who fails or refuses to make premium contributions for at least 2 quarters as required in this section may be disqualified from family leave benefits and medical leave benefits. The self-employed individual's disqualification terminates upon:

A. The self-employed individual's remittance of all previously owed premium contributions as required in this section; and

B. Following remittance as required by paragraph A, the self-employed individual's remittance of premium contributions as required in this section for an additional number of quarters equivalent to the number of quarters for which the self-employed individual failed or refused to make premium contributions.

§850-G. Elective coverage

1. Self-employed individual. A self-employed individual, including an independent contractor, sole proprietor or partner, may elect coverage under this subchapter for an initial period of not less than 3 years. As a condition of election, the self-employed individual must agree to supply any information concerning wages that the department considers necessary.

2. Withdrawal from coverage. A self-employed individual who has elected coverage may withdraw from coverage within 30 days after the end of the 3-year period of coverage, or at such other times as the commissioner may prescribe by rule, by filing written notice with the commissioner. A withdrawal may not take effect sooner than 30 days after filing the notice.

3. Individual no longer self-employed. An individual who has elected coverage under this section and is no longer a self-employed individual must be excused from that individual's obligations under this section, as the department prescribes by rule.

4. Tribal government. A tribal government may elect to be covered under this subchapter, or to terminate coverage, in the same manner as provided in this section, subject to such procedures as the department may require by rule.

§850-H. Substitution of private plans

In order to be approved, a private plan must confer rights, protections and benefits substantially equivalent to those provided to employees under this subchapter, including, but not limited to:

A. Allowing family leave and medical leave to be taken for all purposes specified in section 850-B, subsections 2 and 3;

B. Providing family leave benefits and medical leave benefits to a covered individual for a maximum number of weeks substantially equivalent to the maximum number of weeks required in section 850-B, subsection 4 in a benefit year;

H. Providing that the cost to employees covered by the private plan may not be greater than the cost charged to employees under section 850-F.

2. Additional requirements. In order to be approved as meeting an employer's obligations under this subchapter, a private plan must also comply with the following provisions:

The department shall transfer any fines collected pursuant to this subsection to the fund. The department by rule shall establish a process for the assessment and appeal of fines under this subsection.

7. Cost of administration. The department shall annually determine the total amount expended by the department for costs arising out of the administration of private plans. An employer offering a private plan pursuant to this section shall reimburse the department for the costs arising out of the private plan in the amount, form and manner determined by the department by rule. The department shall transfer payments received pursuant to this subsection to the fund.

PART AAAA

Sec. AAAA-1. 22 MRSA §20-A is enacted to read:

§20-A. Housing First Program

1. Program established. The Housing First Program, referred to in this section as "the program," is established in the department to facilitate the delivery of support and stabilization services to residents of properties established or developed to provide permanent housing to address chronic homelessness in the State. Except as otherwise provided in this section, services facilitated under the program must be available on site,

24 hours per day and be designed to build independent living skills and connect individuals with community-based services. The department shall ensure that reimbursement under the MaineCare program is available to providers under the Housing First Program to the maximum extent possible. For the purposes of this section, "chronic homelessness" means a situation in which a person is living in a place not meant for human habitation, including emergency shelters, for at least 12 months and for whom homelessness is correlated with a condition that makes accessing services and maintaining housing a significant challenge such as substance use disorder or a behavioral health condition. "Chronic homelessness" includes a situation in which a person has been living intermittently in an institutional care facility, including but not limited to jail or a health treatment facility, but is otherwise living in a place not meant for human habitation.

2. Fund established. The Housing First Fund, referred to in this section as "the fund," is established as a separate and distinct fund for accounting and budgetary reporting purposes in order to support the program. Funds distributed in accordance with this section must be used to supplement, not supplant, existing or future federal funding designed to provide services associated with services provided by the program under subsections 1 and 5, including but not limited to the MaineCare program and the housing outreach and member engagement provider program administered by the department.

3. Sources of fund. The Treasurer of State shall credit to the fund:

A. All money received by the State in accordance with Title 36, section 4641-B, subsection 4-B, paragraph E-1;

B. Money from any other source, whether public or private, designated for deposit into or credited to the fund; and

C. Interest earned or other investment income on balances in the fund.

4. Distribution of funds. Beginning July 1, 2025, the department shall make distributions from the fund as described in this subsection.

A. Annually, the department shall deposit \$1,000,000 from the fund to an account established for the purpose of providing funding for housing stability services described in subsection 5.

B. The department shall establish payment models as appropriate for the purpose of providing 24-hour, on-site supportive services to residents at Housing First Program properties established or developed to provide permanent housing to persons experiencing chronic homelessness. Supportive services must include coordination with a MaineCare provider.

C. The department shall establish 2 permanent, full-time positions in the department to assist providers with providing 24-hour, on-site supportive services and navigating reimbursement under the MaineCare program for those services.

D. The department shall annually determine the amount necessary to support the established payment models at each property for services provided under the program in the current fiscal year and the anticipated amount needed to pay for 24-hour, on-site services expected to be provided at each property in the next fiscal year. Funds in excess of those amounts must be transferred to the Maine State Housing Authority for the purposes of:

(1) Providing technical assistance to housing developers to help with capital and planning issues associated with developing properties consistent with the housing model established by the program and as described in subsection 5; and

(2) Developing affordable housing projects with a housing model established by the program and as described in subsection 5.

5. Housing stability services. The department shall establish a payment model to provide funds to pay for the costs of housing stability services provided to residents at properties under the program where supportive services are not necessarily provided on site or 24 hours per day. Services funded under this subsection must be available to residents no less than 20 hours per week and must adequately meet the needs of the residents to build independent living skills, to maintain housing and to access necessary community-based services. Housing stability services funded under this subsection may also include outreach to persons who are experiencing chronic homelessness for the purposes of establishing connections and providing support that may result in securing stable housing at a property under the program.

6. Rulemaking. The department and the Maine State Housing Authority shall jointly adopt rules to administer the program. The rules must specify which elements of the program are administered by the department, which elements are administered by the Maine State Housing Authority and which elements are administered jointly, if any. Rules adopted under this subsection are routine technical rules under Title 5, chapter 375, subchapter 2-A.

7. Report. Beginning February 1, 2025, the department and the Maine State Housing Authority shall submit a report annually to the joint standing committee or joint select committee of the Legislature having jurisdiction over housing matters to provide the committee with necessary data and information to evaluate the effectiveness of the program. The initial report submitted to the committee must provide an assessment of the

number of housing units and the scope of services needed to serve persons who are experiencing chronic homelessness to serve as a baseline against which the effectiveness of the program and other services will be measured. Subsequent reports must provide updates to that assessment in addition to the following:

A. An accounting of the services facilitated using money from the fund at properties that provide 24-hour, on-site services and properties that provide housing stability services described under subsection 5;

B. An accounting of services provided at properties under the program funded under the housing outreach and member engagement provider program and services reimbursed under the MaineCare program;
