**Motion:** That the Meeting Summary be approved, and placed on file. (Motion by Speaker Gwadosky, second by Rep. Jacques; unanimous).

**Note:** As the result of a discussion later in the meeting, Sen. Bustin requested that the Meeting Summary be amended to reflect that she had not been "absent" when members of the Council were working out the assignment of committee hearing rooms and offices. Sen. Bustin clarified that the Committee on State House Space had not been formally convened, and she further requested that formal notice of all future meetings of Council Committees be provided to all committee members.

## EXECUTIVE DIRECTOR'S REPORT

Sally Tubbesing presented the following items for Council members' consideration:

### Item #1: Legislative Budget for FY 96-97 Biennium: Governor's Recommendations

Ms. Tubbesing drew members' attention to an item in the agenda packet that summarized the impact of the Governor's recommendations on the budget originally submitted by the Legislature last fall. The Governor has recommended \$400,000 less in each of the two years of the biennium. Ms. Tubbesing also reported that she had just received a draft request for information from the Office of Fiscal & Program Review on behalf of the Appropriations Committee, which must be submitted to the Committee prior to the public hearing on the Legislature's budget request. Noting that the "draft" nature of the request signified that the Committee was still in the process of finalizing its schedule, Ms. Tubbesing reported that she would send copies of the Committee's memo to all Council members.

Both the Chair, Sen. Amero, and Speaker Gwadosky clarified that the Council would review all materials before they are submitted to the Appropriations Committee.

The Council took no formal action on this item.

### Item #2: Personnel Activity

Ms. Tubbesing reported the following resignations from the Legislature's non-partisan staff:

- Cheryl Ring, who had served as Principal Analyst, coordinating the staffing of the Joint Standing Committee on Audit & program Review, resigned effective February 3, to pursue other professional interests. The position of Principal Analyst had been

eliminated by the Council soon after the Legislature elected to eliminate the Audit & Program Review Committee; and Ms. Ring had chosen not to move into either of two vacant Analyst positions.

- Steven Sanford, a Legislative Technician in the Office of the Revisor, has resigned his position effective February 24, to relocate to Chicago, Illinois, where he has accepted a position that will employ his multi-lingual skills.
- Julie Jones, Principal Analyst, Office of Policy & Legal Analyst, who has resigned to pursue other professional interests. Mr. Tubbesing noted that Ms. Jones had been a member of the non-partisan staff for 14 years, and that her wide ranging knowledge of Maine law was a resource that staff throughout the nonpartisan offices had relied on.

Ms. Tubbesing reported that she and the non-partisan Office Directors had met with the Personnel Committee earlier in the week to discuss the impact of these resignations on the Legislature at this critical point in the session. She announced that, with the Committee's approval, Judy O'Brien would transfer to the Revisor's Office to fill the vacancy created by Steve Sanford's resignation and that Dave Boulter would work to fill the vacant position in OPLA as quickly as possible in order to assure staff coverage of the Legal & Veterans' Affairs Committee.

Finally, Ms. Tubbesing stated that the staffing levels in both the Legislative Information Office and the Information Systems Office were not "on par" with the demands on both of those offices during the session and that she would continue to work with the Personnel Committee on a resolution to this. At Rep. Mitchell's request, she agreed to send all Council members a copy of the memo that she had written to the Chair, Sen. Amero, and Rep. Mitchell on this subject.

The Council took no formal action on this item.

**Item #3: Freedom of Information Request from Paul Carrier, the Portland Newspapers**

Ms. Tubbesing reported that she had received a second request for copies of documents in various libraries assigned to the Senate from Paul Carrier and that she had contacted the Attorney General's Office and would work with that Office in responding to the request. She noted that the documents referred to in the second part of Mr. Carrier's request had been turned over to the Attorney General and were now in the custody of that office.

Brief discussion followed, during which Rep. Whitcomb stressed that it was important that the Council be on record as complying with Mr. Carrier's request. Rep. Jacques, agreed, but asserted that the Attorney General should determine the availability of those specific documents that were now in the custody of the Attorney General.

**Motion:** That the Executive Director comply with the request to the fullest extent possible with regard to those documents and records still within the Legislature's jurisdiction. (Motion by Rep. Whitcomb; second by Rep. Jacques; unanimous (7-0)).

## REPORTS FROM COUNCIL COMMITTEES

### Committee on Computer Security and Access

In Sen. Kieffer's absence, Ms. Tubbesing reminded Committee members that they were scheduled to meet the following Tuesday, February 14, at 3 p.m.

### Personnel Committee

Sen. Amero, Committee Chair, reported that the Committee members had felt fortunate that it had been possible to find a position for Judy O'Brien for which she was well-qualified. She noted that the Committee would be working to develop a policy that establishes a procedure and standards for taking length of legislative service into account in the event that positions are eliminated and/or downgraded. Finally, she reported that Speaker Gwadosky had asked the Committee to look at different ways of handling bills, including practices in other states and that she would convene the Committee in the near future to pursue the Speaker's interest in "concept drafting." Rep. Mitchell noted that the Joint Select Committee on Rules had spent considerable time studying this issue during the 116th Legislature, and she encouraged Sen. Amero and the Personnel Committee to begin by reviewing the work that has already been done.

The Council took no formal action on the Committee's report.

## OLD BUSINESS

None.

## NEW BUSINESS

### Item #1: Requests for Council Approval to Introduce Joint Resolutions and After Deadline Bills

The Council considered after deadline requests. A summary of the Council's action on these requests is attached to this meeting summary.

**Item #2: Role of Policy Committees in the Budget Review Process**

Sen. Bustin asked if the role of the policy committees had been defined, in view of the fact that the Appropriations Committee had begun developing its preliminary public hearing schedule for the "Part I" Budget. Sen. Amero responded that the Joint Rules defined a process for including the policy committees in the review of the budget. Sen. Bustin indicated that she would circulate a draft proposal on this topic to Council members.

No Council action was required on this item.

**ANNOUNCEMENTS AND REMARKS**

None.

**ADJOURNMENT**

The Council meeting was adjourned at 11:40 a.m., on the motion of Sen. Lawrence (second by Rep. Jacques).

FROM: Sally Tubbesing *[Signature]*  
Executive Director of the Legislative Council

SUBJECT: Request for Legislative Review of Agency Rules Pursuant  
to 5 MRSA, Chapter 377-A

I am writing to confirm that at least 9 members of the Joint Standing Committee on Human Resources have decided that the Committee should respond affirmatively to the application submitted by Benjamin P. Townsend, on behalf of the Kennebec Valley Medical Center, to review rules promulgated by the Department of Human Services related to the classification of nursing facilities. Since 9 constitutes more than one-third of the full committee, I am writing to advise you to proceed with your review of the rule in accordance with the criteria defined in 5 MRSA § 11114.

As you know, the Committee may hold a public hearing; request and obtain opinions of the Attorney General; obtain information from the Department of Human Services; and, if necessary, conduct further investigation with the approval of the Legislative Council. If, a majority of the committee determines that the rule in question is inappropriate or unnecessary, the Committee may report out legislation. If, the Committee determines that no legislative action is required, you should submit a brief report of your findings to the applicant, the Department and the Legislative Council.

You have until April 27, or 90 days from the date of my initial notification to you, to make a determination and report.

As you proceed with this review, I know that you will be ably assisted by Jane Orbeton. Please let me know if I can be of any assistance.

Dear Glen:

Thank you for meeting with me this morning regarding costs attributable to the Commission on the Future of Maine's Paper Industry.

Following our meeting I spoke with Sally Tubbesing and Dick Sawyer of the Executive Director's Office to clarify those Commission Study costs that can reasonably be absorbed by the Legislative account. Since no state appropriation was granted to support the study our financial commitment must necessarily be limited. As you know though, we have absorbed all inkind personnel costs relating to staffing the Commission and preparing the report, so those expenses won't be charged to the Study Commission.

To clarify our position related to other expenses, we agree to absorb the following expenses relating to the Study Commission's work:

- Postage: \$ 362.20
- Printing (central printing)  
of drafts and interim work  
products: \$ 109.89

- Printing of final report  
(central printing): \$1,776.00  
113 Study Commission Reports  
50 Jaakko-Poyry Supplemental Reports  
350 Executive Summaries

Total: \$2,248.09

The distribution of these copies is to at least meet legislative needs; John Knox of the staff can describe the distribution in detail if you have questions. You agreed the Study Commission would be responsible for any additional report printing costs.

I believe this should alleviate your concerns, with the exception of the sta-cap charge to the Study Commission account. Although Dick Sawyer is looking into this matter further, it is my understanding this charge applies to all similar accounts in state government. In any event, neither the Executive Director's Office nor this office has authority to waive the charge.

I hope this is helpful to you. If you have any questions, please do not hesitate to contact me at 287-1670.

Sincerely,

David E. Boulter  
Director

February 27, 1995

TO: Hon. Jane Amero, Chair  
Hon. Elizabeth Mitchell, Vice-chair  
Members, Legislative Council

FROM: Joint Standing Committee on State and Local Government

RE: LD 21, An Act to Limit the Number of Bills Filed by a  
Legislator

The Committee recently heard testimony on LD 21 which would limit the number of bills that may be filed by a Legislator.

Many Committee members expressed a concern that the number of bills was unnecessarily high, however the consensus of the Committee was that this is a managerial issue, not one which requires statutory language.

As a result, the Committee respectfully requests that the Legislative Council examine ways in which the number of bills could be reduced. A number of ideas were discussed including the development of alternative methods for prioritizing bill drafts, increased effort to reduce duplicate bills, and increased scrutiny of after deadline requests. It was also suggested that the Legislature's Total Quality Management Committee be involved. We have enclosed the packet of materials from the work session.

We would welcome the opportunity to discuss this matter further with members of the council. Thank you for your attention to this matter.
