**MEETING SUMMARY
MARCH 31, 2000**

CALL TO ORDER

The Chair, Senate President Lawrence, called the Council to order at 12:25 p.m. in the Legislative Council Chamber.

ROLL CALL

Senators:	Senate President Lawrence, Sen. Pingree, Sen. Amero, Sen. Rand, Sen. Bennett
Representatives:	Speaker Rowe, Rep. Saxl, Rep. Murphy, Rep. Shiah, Rep. Campbell
Legislative Officers:	Joy O'Brien, Secretary of the Senate Millicent MacFarland, Assistant Clerk of the House Paul Mayotte, Director, Legislative Information Services David Boulter, Director, Office of Policy and Legal Analysis Margaret Matheson, Revisor of Statutes Lynn Randall, State Law Librarian Sally Tubbesing, Executive Director, Legislative Council

OLD BUSINESS

Item #1: State House Renovations

Council members received a package of material containing information related to the renovations that had been prepared in response to their questions the previous day. Speaker Rowe asked Stan Fairservice, the Council's Owner's Representative for the Construction, and Bruce Hilfrank, Senior Project Manager for Granger Northern, to explain the difference between two figures included in the material, both labeled "cost beyond current funding" (\$6,988,315 and \$7,031,950). Mr. Fairservice responded that the difference represented rounding: one figure was based on an estimated cost over square foot and the other one a compilation of pricing estimates for specific components of the work.

Motion: That the Legislative Council recommend to the Appropriations Committee that \$7 million be included in the budget to support completion of State House renovations. (Motion by Speaker Rowe; second by Rep. Saxl; failed 4 – 3).

Motion: That this item be tabled (Motion by Speaker Rowe; second by Rep. Shiah; approved).

Item #2: Migration Project

The Chair, Senate President Lawrence, recognized Paul Mayotte and asked him to respond to the request that had been made at the Council meeting the previous day to compare the approaches to chamber support that have been proposed by the International Roll Call Corporation (IRC) and by Compaq.

Mr. Mayotte distributed a chart that summarized the two approaches and stated that he had reviewed the analysis briefly with the Clerk and Assistant Clerk. He noted that the information describing the Compaq approach had been provided by Compaq and that he and his staff had not had an opportunity to review these materials in detail yet. Compaq's total proposed cost to implement the chamber support modules is \$655,300, and IRC's is \$809,500. Senate President Lawrence asked whether these prices included hardware, and Mr. Mayotte responded affirmatively.

Discussion

Senate President Lawrence stated that his charge to gather this information at the previous day's meeting had been to the Secretary and Clerk and not Mr. Mayotte, and Secretary of the Senate Joy O'Brien responded that she had missed this. Clerk Mayo stated that IRC had reduced its price based on the fact that it would no longer be working as a subcontractor to KPMG. He went on to say that this is "an apples and oranges comparison", since the Alabama Legislature is set up very differently from Maine. Assistant Clerk MacFarland distributed materials and offered some specific differences: 1) Maine has a joint committee process; 2) Maine's rules require concurrence at each step of the process and papers move back and forth between the 2 chambers many times; 3) Alabama does not have a daily Calendar as Maine does; but simply publishes a list of bills that remain on the list until someone takes them up, whereas Maine's calendars have a structure; and 4) Alabama puts out very little on the Internet.

Ms. MacFarland noted that Alabama is very pleased with the system Compaq has provided them, but stated that the cost of the system would have been higher if Compaq had fully understood the scope of work. She concluded by saying that if Maine were to move to a new vendor at this point to design/redesign the chamber support system, it would clearly delay proceeding with improvements to the current system.

Representative Murphy stated that the Council needed to get back to the central issue: that is, that project started out as redesign of the bill drafting system under the oversight of Mr. Mayotte, the Council's Information Services Director, but did not originally include chamber support. He asked Mr. Mayotte if there had ever been side-by-side demonstrations of alternative chamber support systems; and Mr. Mayotte responded that there had not because he had proceeded on the assumption that the Senate and House had already chosen a direction for chamber support. The Chair, Senate President Lawrence, clarified that the Council has no authority to select software for the chambers; and Representative Murphy countered that the Senate and House needed the funds to support the work they hoped to do yet had not provided information to other Council members. Senate President Lawrence responded that a variety of systems had been assessed over

the past 3 years and that the Senate and House had concluded that IRC was the most fiscally prudent choice for chamber support.

Clerk Mayo reiterated that the Compaq and IRC systems are not comparable, noting that Compaq has installed a system in 1 state at this point and that IRC has installed chamber support systems in 27 states and has been in Maine for 34 years. Representative Murphy again asserted that it is essential to either inform and empower all of the Council members or to structure two separate budgets – one for the presiding officers and one for those items under the Council's jurisdiction.

The Chair, Senate President Lawrence, stressed that Mr. Mayotte had always been very helpful to the Senate and House, but that the Senate and House must be directly involved and that the decision on what vendor to use lies with the Chambers. He continued, stating that the Council is responsible for developing a budget that includes all of the Legislatures expenditures and presenting this to the Appropriations Committee, noting that the Senate and House do participate in this process. Representative Saxl noted that the presiding officers are elected by the entire body and that their responsibilities go beyond partisan activities and include oversight and administration of the entire body. He commended both Senate President Lawrence and Speaker Rowe on carrying out their responsibilities in a very balanced way.

Senator Bennett acknowledged the presiding officers' authority to administer their respective bodies, but stated that, from a budgeting point of view, the Council has a responsibility for making responsible budget decisions, distinguishing this responsibility from the administrative decisions required to manage the two chambers. He then returned to the analyses that Mr. Mayotte and the Clerk's Office had distributed, and asked for an explanation of the differences. Mr. Mayotte reviewed the figures, noting that the difference was due to a \$27,500 reduction in IRC's price proposal, which had been offered in a letter dated March 31 (the date of this Council meeting). Senator Bennett stated that the questions are how much work is going to be done that goes beyond migration and what position the Council will take on laptops for members. He expressed support for adopting the Compaq proposal, but added that he wanted to try and reduce Compaq's price by more than the price of the laptops, noting that \$6.3 million was too high in his view. The Chair, Senate President Lawrence, suggested that the Council authorize Mr. Mayotte to negotiate on behalf of the Council up to a certain amount. Representative Murphy stated that his concern was related to the structure of the Legislature's budgetary process and did not reflect on the presiding officers or on their authority to spend money. He added that every expenditure of taxpayers' dollars should be based on a professional evaluation of products to ensure the best decision. Representative Campbell followed up on this discussion, asking Mr. Mayotte how much of the proposed \$6.3 million is required for migration and how much is related to improvements. Mr. Mayotte responded that the bill drafting system is the core of the migration effort, that both the budget system and laptops represented improvements, and that the chamber support component involves both. He added that the Compaq solution provides more integration of the pieces and that its price includes all project management.

Motion: That the Council allow Mr. Mayotte to negotiate up to a figure of \$5,280,000, exclusive of laptops, and including \$777,000 for Chamber support and a reserve of \$250,000, for a total of \$5,530,000, to support migration and related application development. (Motion by Senator Bennett).

Discussion of the Motion:

- Representative Saxl asked Secretary O'Brien and Clerk Mayo if the reduction in the IRC proposal amount that this motion includes would preclude a future legislature from adding it back. Ms. O'Brien and Mr. Mayo replied that IRC's fee could change, based on the market, and Mr. Mayotte added that the cost of deferring some work could be subject to inflation.

- Speaker Rowe asked Senator Bennett the source of the figures in his motion (i.e., a ceiling of \$4.2 million for the Compaq component). Senator Bennett responded that it was arbitrary and that his intent was to empower Mr. Mayotte to go out and negotiate with Compaq.
- Representative Shiah stressed the importance of having a quality product that is a good investment to future legislators.
- Representative Murphy asked Senator Bennett if his motion intended that IRC would be in the chambers; and Senator Bennett responded that the intent of his motion was to allocate a total of \$777,000 for chamber support but not to identify a vendor. Speaker Rowe stated that he had scrutinized IRC very closely during the past year and that he had concluded that the IRC system works pretty well and that IRC is the best vendor at this point: “doing anything else would set us way back.” Senate President Lawrence clarified that Mr. Mayotte is the Information Systems Officer for the entire Legislature and that his role is to ensure an integrated approach. He pointed out that the Migration Committee represents all legislative offices and that it was designed to assume communication through the process.

The Motion presented earlier by Senator Bennett and seconded by Representative Campbell was approved unanimously by those present 9 – 0.

RECESS

Motion: That the Council go in to recess. (Motion by Senator Bennett; second by Representative Shiah; unanimous).

The Council recessed at 1:40 p.m.

RECONVENE

The Council reconvened at 2:25 p.m. All 10 members of the Council were present.

Motion: That the Legislative Council recommend to the Appropriations Committee that \$7 million be included in the budget to support completion of State House Renovations (Motion by Speaker Rowe; second by Senator Rand; approved 6 – 4).

James Clair, Director, Office of Fiscal
and Program Review
Paul Mayotte, Director, Legislative
Information Services
Suzanne Gresser, Principal Attorney, Office
Of the Revisor

NEW BUSINESS

Item #1: Proposed Studies

Item #2: Discussion of Funding Available

The Chair, Senate President Lawrence, opened the discussion by asking the total cost of the proposed studies. Sally Tubbesing responded that, as proposed, they totaled \$290,000. Representative Murphy then asked whether money had been included in the Legislature's budget for Committee studies; and Senate President Lawrence replied that \$150,000 had been earmarked for interim committee work. Representative Saxl clarified that these funds had been included to support committees' oversight function and that it was important to reserve the resources for this purpose. He went on to inquire whether some of the proposed studies could be funded from external sources. The Chair, Senate President Lawrence, stated that the fundamental question is how much the Council wants to devote to studies. Representative Murphy agreed, noting that the decision of how many studies to approve needed also to take into account the availability of staff. Representative Saxl asked Ms. Tubbesing how many studies had been funded in 1998, following the 2nd Regular Session of the 118th Legislature; and Ms. Tubbesing responded that 18 studies had been approved at a total cost of approximately \$75,000.

Item #3: Structure and Organization of Study Commissions

Representative Saxl asked whether the Council was going to attempt to establish a consistent structure for all of the studies if approved, including the number of authorized meetings and number of legislative members. Senate President Lawrence added that the Council should also examine whether these commissions are authorized to report out legislation. Sally Tubbesing pointed out that several of the bills proposing legislation did not have emergency preambles so that the study committees would not even begin work until late August or September.

Item #4: Discussion of Funding Level

Senator Pingree proposed that the Council allocate \$140,000 for interim studies. Representative Campbell clarified that these funds would come out of the \$1 million that has been set aside for the table at the present time; and Representative Murphy reiterated his interest in taking advantage of the opportunity to tie some of the studies to the work of the Joint Standing Committee. Speaker Rowe expressed support for Representative Saxl's earlier comment that it is important not to tie committees to too many specific tasks that could divert their attention from the "big picture" – their oversight responsibilities. Senate President Lawrence asked Jim Clair how much was available for the Table; and Mr. Clair responded that if the Majority Report is enacted, the projected balance would be approximately \$8 million. Representative Saxl suggested that the Council allocate up to \$100,000 for studies, and further, that the Council agree on a target number of studies that it wanted to support.

Following general discussion, Council members proceeded to consider proposed studies. The Council agreed to meet again to complete its work on April 26. The Summary of its actions on studies is attached to that Meeting Summary.

Toward a Legislative Budget Management System

**OFPR's LBMS Objectives**

1. To replace the Wang-based Fiscal Note applications with a client-server application integrated with the Bill Drafting and Bill Status Systems;
2. To establish a data base for all fiscal data, linked to Microsoft Office products (Excel, Access, Word)
3. To establish a fiscal/budget analysis tool, including query functions, "what-if" functions, versioning and reporting
4. To ensure easy transfer of budget data between the Legislative and Executive branches
5. To ensure efficient fiscal note and appropriation/allocation section "production" (with the Office of Revisor of State)

**OFPR's LBMS Functionality Overview <sup>1</sup>**

- a. Access to and from the BFMS for data transmission, analysis, report-writing
- b. Secure application for OFPR's data analysis and management
- c. Query tools for database management
- d. Standard and ad hoc report-writing capabilities (to be defined)
- e. Integration with "bill drafting" and "bill status"
- f. Data stored by:

- |                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                          |

TO: Honorable Mark W. Lawrence, Chair  
Honorable G. Steven Rowe, Vice-Chair  
Members, Legislative Council

FROM: Jim Clair 

RE: **NEXT REVENUE FORECASTING COMMITTEE MEETING**

The next meeting of the Revenue Forecasting Committee has been scheduled for:

**REVENUE FORECASTING COMMITTEE**

**Monday  
July 31, 2000  
10:00 a.m. to noon  
Conference Room State Planning Office  
184 State Street**

You will recall that we recently decided to institute a quarterly meeting to review revenue performance and any updated economic data. This meeting represents our first quarterly meeting. You can expect a summary of the meeting from RFC Chair Laurie Lachance promptly following the meeting.

Please call or stop by if you would like more detail about last Wednesday's meeting or if you need additional information.

**MAINE STATE LEGISLATURE**  
**Computer Migration Project Update**  
**June 28, 2000**

**Bill Drafting:**

- Compaq began work on June 5<sup>th</sup> pending contract finalization.
- Contract negotiations with Compaq are near completion.
  - Price/Payment milestones
  - Withholding
  - Rights to source code
- The Attorney General's Office has been directly involved.
- On site work space has been made available in the Village for Compaq personnel
- Bill drafting hardware has been ordered

**Chamber Support:**

- Contract negotiations with International Roll-Call are near completion
  - Finalize the Statement of Work
  - Legal review of the Terms and Conditions
- On site work space for has been made available in the Village for IRC personnel
- LMS development server installed for IRC use

**Legislative Budget Management:**

- OFPR and OIS are working with Legacy Solutions to define Legislative budget management requirements
- Coordinating with Bureau of the Budget on a common database design, data exchange, and long-term database management
- Draft terms and conditions are being developed with Statement of Work to follow
- Target is to have a contract finalized mid-July

**Project Management:**

- OIS is developing the design for the "Legislative Data Store"
- Consolidate Committee Support Requirements (Senate, House, Legislative Council)

# STATE HOUSE PERCENT FOR ART COMMITTEE

**Membership**  
**May, 2000**

## **Appointments by the Legislative Council**

Honorable Elizabeth Watson  
119<sup>th</sup> Maine House of Representatives

Honorable I. Joel Abromson  
119<sup>th</sup> Maine Senate

## **Appointments by the Maine Arts Commission**

Richard Entel  
Artist

Nathaniel Bowditch  
Office of Tourism

### **Architect**

Richard Burt  
Weinrich + Burt

---

### **Advisors**

Alden C. Wilson, Director  
Paul Faria, Public Art Associate  
Maine Arts Commission

Earle G. Shettleworth, Jr.  
Executive Director, Maine Historic Preservation Commission  
Chair, State House and Capitol Park Commission

### **Secretary**

Sally Tubbesing, Executive Director of the Legislative Council

119<sup>th</sup> LEGISLATURE / SECOND REGULAR SESSION  
APPROVED INTERIM STUDIES  
as of May 15, 2000
