MEETING SUMMARY
July 31, 2002

CALL TO ORDER

In the absence of the Chair and Vice-Chair of the Legislative Council, Rep. Patrick Colwell, Chair Pro Tem, called the Legislative Council meeting to order at 1:27 p.m. in the Legislative Council Chamber.

ROLL CALL

Senators:	Sen. Daggett, Sen. Small, Sen. Davis, Sen. Treat Absent: Sen. Michaud
Representatives:	Rep. Colwell, Rep. Bruno, Rep. Norbert, Rep. Schneider Absent: Speaker Saxl
Legislative Officers:	Pamela Cahill, Secretary of the Senate Millicent MacFarland, Clerk of the House David Shiah, Assistant Clerk of the House David Boulter, Executive Director, Legislative Council Grant Pennoyer, Director, Office of Fiscal and Program Review David Elliott, Director, Office of Policy and Legal Analysis Margaret Matheson, Revisor of Statutes Lynn Randall, State Law Librarian Paul Mayotte, Director, Legislative Information Services

SUMMARY OF THE JUNE 24, 2002 COUNCIL MEETING

Motion: That the Meeting Summary of June 24, 2002 be accepted and placed on file. (Motion by Rep. Bruno, second by Rep. Schneider, unanimous).

REPORTS FROM EXECUTIVE DIRECTOR AND STAFF OFFICE DIRECTORS

- **Executive Director's Report**

Executive Director Boulter reported on the following items:

1. Renovations

- A. The renovations work is underway, in particular the restoration of the East and South entrances to the State House. The project is on schedule and within budget, thus far. During the demolition phase, contractors encountered ledge that may require some plan modifications as they relate to drainage. It is unlikely, though possible, that ledge blasting will be required.
- B. The temporary partitions in the diorama areas have been removed and the area will be fully completed shortly except for the reinstallation of the dioramas themselves. The dioramas will likely not be completed until July 2003 according to the Maine State Museum staff who are performing the work.

2. Shutdown Day

The Governor has established October 11th as a second day when executive branch agencies will be closed and employees placed on furlough. This action by the Governor does not apply to legislative employees. The decision whether to require legislative employees to take off a second day without pay, or other options, will be a matter for the Legislative Council's meeting on August 21st.

Discussion: It was Sen. Treat's suggestion that employees were to be polled as to what their preference would be on furlough days. Mr. Boulter said employees had not been approached to date. There are options to furlough days such as taking the equivalent funding from the Legislature's general operating account and not asking employees to take the furlough days; have the furlough days track the Governor's scheduled furlough days; having staggered furlough days; or having voluntary days without pay that would help obviate the need for everyone to do so.

Motion: That Mr. Boulter poll employees on various furlough options, including inviting suggestions, and report the information to the Personnel Committee. The Personnel Committee can review the received information and bring a proposal back to the Legislative Council as appropriate. (Motion by Sen. Treat, second Rep. Colwell, unanimous).

3. FY 02 Budget

The Executive Director's office has taken the necessary steps to transfer \$200,000 from FY 02 back to the General Fund in fulfillment of the Legislature's commitment to the Governor to help reduce the current budget shortfall.

Discussion: Rep. Bruno asked Mr. Boulter on the fiscal report he distributed, if the \$900,000 surplus at the end of the year was used to fund, in part, the \$200,000 and used some in other areas. Mr. Boulter responded by indicating that the \$200,000 was money from FY 02. The unexpended balances carried to FY 03 and will be used in part to cover the anticipated \$700,000 cost for the 2 general salary increases in FY 03. He then asked Rose Breton to elaborate on the use of those funds.

Rose Marie Breton, Assistant for Administrative Services, Office of the Executive Director said a reason for the unexpended balance was because the Legislature still has invoices that will have to be paid for renovations and for the ongoing work. It also had invoices relating to FY 02 that were not paid until the start of FY 03, and also applying \$200,000 to off set the revenue shortfall.

4. Capitol Celebration Day

As the State House renovations near completion (exterior work is to be completed by late fall), the Legislative Council may want to consider holding a "Capitol Celebration Day." The celebration would be a way to formally acknowledge and celebrate the remarkable renovation of the State House and to express appreciation to the decision-makers and contractors who made the renovations possible. No immediate action is necessary at this time. If there is sufficient interest in holding a Capitol Celebration Day, a day in December or early January may be appropriate.

• Fiscal Report

Grant Pennoyer, Director, Office of Fiscal and Program Review, presented the following fiscal report.

1. General Fund and Highway Fund Revenue Variances for June 2002 and FY 02

- A. The General Fund was \$92.5 million below revenue projections for the year. Individual Income Tax revenues were under budget by \$106.2 million; Corporate Income Tax down by \$12.5 million; Estate Tax down by \$2. million; and Income from Investments was down by \$1.9 million.

The General fund positive variances were Insurance Companies Tax was up \$11.9 million and Other Revenues were up \$11.4 million.

- B. The Highway Fund Revenue was up \$9.6 million.

2. Economic and Revenue Forecasting Schedule

The Consensus Economic Forecasting Commission met Friday, July 26, 2002. Mr. Pennoyer said he sent a letter to all legislators summarizing the results of that meeting.

Mr. John Dorrer was appointed to fill a vacancy on the Commission. Mr. Dorrer is a labor economist and a consultant who works Down East and also in Washington, DC. Mr. Pennoyer will forward his resume to Council members when it is made available to him.

A concern expressed by the Appropriations Committee was the problem with the distribution of the detail of Personal Income. The Consensus Economic Forecasting Commission did try to forecast the detail components, but deferred a lot of those decisions to the State Planning Office. That work is not complete and is needed before the information can be run through the tax models. The Commission was much more pessimistic in their

outlook, noting concerns over mixed signals on the national level and projected wage and salary employment growth, and with the personal income growth down for each year of the forecast period.

All of the Executive's estimates of the short fall concentrate on individual income tax. Thus change in the personal income variable will also affect the sales tax line and will tend to depress it, which has not been factored into their discussions. There will be an additional pressure to forecast that line downward. Mr. Pennoyer said he could not predict what the net effect will be in the current biennium, but expected it to be more than the \$92.5 million. In terms of the structural gap, his initial impression is that it would increase the structural gap by about \$100 to \$200 million.

Mr. Pennoyer said the Revenue Forecasting Committee is scheduled to meet on August 14 and August 28, 2002. The meetings will be held in the Appropriations Committee Room.

3. Cash Pool Status

The June 2002 Cash Pool Summary shows the General Fund \$114 million negative. Excluding the reserve fund balances, it is down \$261.8 million.

A Tax Anticipation Note (TAN) for \$250 million at a 1.5% interest rate has been issued. The TAN will improve the State's cash position by \$250 million and will earn interest.

• Office of Information Services' Report

Paul Mayotte, Director, Legislative Information Services, reported on two items.

1. Bill Drafting System

Compaq, now Heward Packett, is on schedule. Mr. Mayotte is receiving weekly reports from them on their status and issues. The Executive Director has a series of meetings scheduled with Compaq, one having already taken place, to get direct face-to-face communications from Heward Packett on issues or questions. To date there have been no major issues that have not been resolved. Heward Packett is completing the programming on the additional functionality that Contract Amendment 4 called for and is nearly complete on addressing all the open problem log items. The Legislature is in the position, with the help of the Revisor's office, to begin testing on August 7, 2002 the fixes and the final solution. Mr. Mayotte is beginning to work on plans for user training and system implementation to support the next session.

2. Direct Internet Access

Mr. Mayotte said he has reached agreement with the Bureau of Information Services and the State CIO. The website address that will be used is "Legislature.Maine.gov". He has also reached an agreement with BIS on the Global Email Address List and is in the process of making that function technically. The Global Address List allows the Legislature to share their address with the Executive Branch. The old email address at "State.ME.US", we will continue to receive mail into 2003 and possibly longer if needed, at the old address. It will not be necessary to do a wholesale change of email addresses to move over to the new system. Legislators and legislative employees do not need to change their email addresses until December, 2002.

The Internet address to get to the Legislature's Web page will now work at either address, "State.ME.US" or "Legislature.Maine.gov".

Mr. Mayotte said that as soon as the Global Address email forwarding process is tested and working properly, his office will convert to the new address and he will report the status to the Council members at the August Council meeting.

- **Update on Interim Studies**

David Elliott, Director, Office of Policy and Legal Analysis, gave an update on legislative studies authorized for the interim and distributed a report that lists the various types of studies. The report lists studies of various types and will be updated as more information is received. The reports includes the legislative studies that are staffed by nonpartisan staff, studies that are to be conducted by other agencies or departments at the direction of the Legislature by legislation enacted this year, interim studies pursued by the Joint Standing Committees subject to approval by the Presiding Officers, and studies carried over from last session not yet complete. Nineteen studies are being tracked, 9 require appointments and the other 10 are either ongoing, staff studies or being done by an agency or department. Appointments to five of the 9 studies have now been completed.

Attached is the Progress Report on Legislative Studies as of July 30, 2002.

REPORTS FROM COUNCIL COMMITTEES

- **Personnel Committee**

No report. The Personnel Committee did not meet this month.

- **Technology and Migration Committee**

No report. The Technology and Migration Committee did not meet this month.

- **Subcommittee to Consider Additional Security Measures**

Sen. Treat reported that the Subcommittee to Consider Additional Security Measures met on June 24, 2002. The Subcommittee concluded the following:

1. The subcommittee endorsed ES Boulos Option #3 at a cost of \$63,970, as the preferred option for security camera purchase and installation, subject to verification by Building Control/Capitol Security that the proposed camera placements are the preferred locations. The costs of the subcommittee's recommendation would be paid from the Reserve Fund for State House Preservation and Maintenance in FY 03. Sufficient funds are available to pay the costs. The Executive Branch had withdrawn its earlier offer to cost-share due to current budgetary constraints.
2. Purchase of the camera security system is contingent upon the receipt and review for acceptability of a security camera monitoring and response plan that is to be prepared by Building Control in conjunction with the Bureau of Capitol Security. The subcommittee wants assurance, through this planning exercise, that the expenditure of funds will result in tangible enhancements to the security of Legislators, legislative staff, the Governor and his staff and visitors in or about the State House.

3. The subcommittee asked Mr. Boulter to convey the subcommittee's decision to Building Control and to ask for a monitoring and response plan to be submitted within a month. The subcommittee also asked Mr. Boulter to hold off ordering and installing the equipment until the plan has been submitted for review.

No Council action required.

- **Space Committee**

Rep. Colwell, Chair of the Space Committee reported the committee's June 24, 2002 meeting.

At issue is the funding to pay for completion of the restoration of the Klir Beck dioramas. The Legislative Council has spent considerable sums of money removing the dioramas from the original location, storing them, constructing a new location in the connector and reinstalling them. What remains to be done is the replacement and re-fabrication of the flora and scenery and a restoration of the fauna.

At the time of the diorama removal a plan was developed whereby the Maine State Museum would use its existing staff, including Gary Hoyle an expert in these matters, to perform the work. Mr. Hoyle has retired from state service, but Sheila McDonald from the Museum reported he would perform the work on a contract basis. She also indicated the Museum has no available funding to complete the work at this time. The Museum estimated the costs to complete at \$66,000 with a completion date of July 1, 2003.

The members of the Space Committee felt that completion of the dioramas was very important but also felt the Council had completed its share of the project based on its understanding that the Museum would complete its share. The committee declined to fund the remaining costs at this time and instead, asked the Maine State Museum to explore ways to pay the costs, including private donations, federal grants, use of available unexpended funds appropriated to the Museum or organizing fund-raising through the Friends of the Maine State Museum. The Space Committee asked that the Museum report its progress back to them within 30 days.

No Council action required.

OLD BUSINESS

None.

NEW BUSINESS

Item #1: NCSL State House Luncheon

Mr. Boulter reported to the Council that Diane Steward from the Senate Democratic Office has made a request that the Legislative Council pay the cost of a luncheon for members of NCSL's Leadership Staff Section who will be in Portland and Augusta in September. She is a member of the NCSL Leadership staff committee that meets 3 or 4 times a year, rotating the location of each meeting among member states. In September Ms. Steward is expecting approximately 150 people to the State House for a luncheon, estimating the cost to be \$9.50 to \$10.00 per meal. She is requesting the Council approve

payment up to \$1,500 for the luncheon. Mr. Boulter said the money was not specifically budgeted, but the Legislature had sufficient funds to cover the expense. Sen. Daggett reiterated what Mr. Boulter said. Ms. Steward was unable to attend the Council meeting due to an illness in the family.

Motion: That the Legislative Council authorize up to \$1,500 for the cost of hosting a luncheon for NCSL Leadership Staff Section members at the State House in September. (Motion by Rep. Colwell, second by Sen. Treat, unanimous).

ANNOUNCEMENTS AND REMARKS

Item #1: The next Legislative Council meeting is scheduled for August 21, 2002 at 1:00 p.m.

Item #2: Sen. Small reported she had attended a Percent for Art Committee meeting and agreed with committee members that the Legislative Council needs to provide some direction as to acceptable artists and artwork. She asked how that guidance can be conveyed to the Commission. Mr. Boulter said the recommendations of the Percent for Art Committee will be on August 21, 2002 Council agenda unless the Council chooses otherwise. The Committee will have its recommendations and other information in writing prior to the meeting. It was Mr. Boulter's understanding that the committee will recommend 3 artists for funding under the Percent for Art program, each one to be voted on individually if the Council so chose.

Sen. Small thought it would be helpful to have clear steps the Council needs to take and its options. Mr. Boulter noted that the decision is the Council's with respect selecting the artist and the artwork. One artist has chosen to complete his artwork in advance of the Council decision because the artist wanted to give its best presentation; the others have not started on their artwork. There is no binding commitment to the council; it is free to accept, reject or accept in part the artwork presented. All artists had been put on notice from the outset that ultimately the decision is that of the Council.

No Council action required.

ADJOURNMENT

The Legislative Council meeting was adjourned at 2:13 p.m. (Motion by Sen. Treat, second by Sen. Small, unanimous).

Fiscal Briefing for the Legislative Council

Legislative Council Meeting
August 21, 2002

*Prepared by the
Office of Fiscal & Program Review*

1. General Fund and Highway Fund Revenue Variances for July 2002 (FY 03)

- General Fund – Up by \$5.9 million in July – the only negative variance was Income from Investments (that negative variance was only due to an error in the monthly distribution)
- Highway Fund Revenue – Up by \$1.6 million for July 2002 (FY 03) – the only significant negative variance was again Income from Investments (that also will be reversed in future revised distributions)

(See Attached Revenue Sheets)

2. Economic and Revenue Forecasting Schedule

- Economic Forecasting Commission met Friday, July 26 (summary distributed previously)
- Revenue Forecasting Committee Meetings – August 14th and August 28th

3. Preliminary Data Presented to the Revenue Forecasting Committee.

- RFC met on August 14th. Data presented would increase the FY 03 shortfall to over \$140 million. This is in addition to the \$92.5 million FY 02 shortfall.
- These estimates are preliminary and not adopted by the RFC. The RFC is considering further revisions of the capital gains assumption, which could reduce revenue estimates by as much \$13 million more.

4. Budget Shortfall for FY 03 based on Preliminary RFC Information

- Over \$220 million (after recognizing FY 02 Savings)
- Governor's Identified Savings to solve FY 03 Shortfall: \$147.5 million
- Additional proposals required to address remaining FY 03 Shortfall: \$72.5 million +

5. Structural Gap Estimates will be increased by more than \$350 million based on the preliminary data presented to the RFC. 2004-2005 Structural Gap estimates will be in excess of \$900 million if these revised revenue projections are adopted.

RE: Interim Studies

Attached is a progress report on legislative studies authorized for this interim. As you will see, appointments have been completed to 6 of the 9 studies requiring appointment and several meetings have been scheduled so far this interim.

I have also included a memo from the Health Care System and Health Security Board updating the Council on the board's study progress.

I would be happy to answer any questions you may have or to provide additional information.

RE: Progress Report and Work Plan

We are writing to update you on the Health Security Board's recent activities and its work plan to complete its work by December 1, 2002. As you know, the Health Security Board was charged by the Legislature to complete a feasibility study of the financial and economic impact of a statewide single-payer health plan on Maine individuals and businesses. Public Law 2001, chapter 439, part ZZZ.

Until recently, the Board has devoted its time and effort on 2 primary activities: fundraising and hiring a consultant to conduct the feasibility study as directed by the Board's enabling legislation. The Board was successful in these efforts. Recently, the Board received a \$200,000 grant from the Maine Health Access Foundation, Inc. In addition, the Board has raised approximately \$34,000 in funds from other private sources. These funds will be used to support the Board's feasibility study and other ongoing expenses of the Board.

With funds available to hire a consultant, the Board selected Mathematica Policy Research, Inc. to construct a micro-simulation model that will estimate the costs and economic impact of a single-payer plan on Maine citizens. Mathematica was selected through a competitive bid process that was completed on July 22nd. On August 5th, the Board had its initial meeting with Mathematica's project team.

Based on that meeting, we have worked with Mathematica to develop an aggressive work plan that meets our December 1st reporting deadline. We anticipate that the Board and our staff from the Office of Policy and Legal Analysis will work closely with Mathematica to ensure that the feasibility study is completed in accordance with the Board's requirements. We expect that the Board will meet 3 more times (but not more than 5 times) before December 1st: one meeting to finalize the parameters, benefit configuration and financing mechanism for the single-payer plan and alternatives identified by the Board; one meeting to review and comment on Mathematica's draft report and findings; and one meeting to review the Board's own report to the Legislature. The funds raised by the Board are sufficient to support the ongoing expenses associated with these meetings (legislative per diem and expenses).

Please contact us or our staff, Colleen McCarthy Reid, if you have any questions or concerns about our work plan.

Re: Consideration of Furlough Days for Legislative Employees & Options

As you know, Governor King is requiring executive branch employees to take three (3) furlough days within the next fiscal year, as one means to deal with the current budget shortfall. July 5th was the 1st furlough day, and he has scheduled October 11th preceding the Columbus Day holiday as the second day that executive branch employees must take without pay. Except for those workers in offices who are required to provide essential State services, Executive Branch offices will be closed all day on Friday, October 11th.

A "furlough day" is a temporary, unpaid layoff for 1 day for employees. A furlough day does not affect employees' benefits such as state-paid insurances and leave accrual. Employees may not use vacation time or any other form of paid leave to cover their furlough from work. Employees who are placed on furlough for 3 days would experience a wage reduction of about 1.15%.

Any decision to furlough legislative employees rests with the Legislative Branch and the presiding officers, and in the past has been a formal action of the Legislative Council, acting in concert with the presiding officers.

The Legislative Council has several options available to it. It may:

- 1- take no action, in which case, legislative employees would not be placed on furlough, and legislative offices would remain open for business. No budget savings would accrue however;
- 2- track the Governor's decision and schedule, placing legislative employees on furlough for October 11th, with resultant office closings and budget savings;

Memo to Legislative Council

Re: Furlough Days

August 15, 2002

Page 2

- 3- track the governor's decision but not his schedule, thereby placing legislative employees on furlough for days or a day other than October 11th, with resultant budget savings. Rather than requiring all offices be closed on specific days, employee furloughs would be staggered within each office so that offices would remain open to the public (although at reduced levels); or
- 4- require reductions and adjustments to legislative accounts to achieve a similar savings to the budget, but through means other than the use of employee furlough days.

As the Legislative Council requested, legislative employees were surveyed on various aspects of the use of furlough days. Employee response was high. The results are attached for your review. In summary:

- 2/3 of the respondents felt legislative employees should take days off without pay if other state employees were required to do so, rather than finding alternative ways to save money.
- 77% preferred closing all offices for a day, rather than staggering furlough days among employees to keep offices open.
- 62% of employees indicated that they would not voluntarily take additional days off without pay. For those interested in taking additional days off, the largest group (21%) indicated they would take a maximum of 1-2 days off without pay. Therefore, budget savings using this option would be modest.

I would be happy to elaborate on this information and answer any questions at the council meeting. The Personnel Committee will be reviewing the various options and will be making its recommendation to the full Council on August 21".

G:\COUNCIL\120th\furlough days 815-02.doc (August 15, 2002 11:15 AM)

**Results of the
Survey of Legislative Employees
Regarding Shutdown/Furlough Day Options
August 9, 2002**

Question 1. When other state employees are required to take days off without pay: (circle one)

- A. Legislative employees should be required to take days off, without pay, the same as other state employees.

78 employees (68%)

- B. Alternative ways should be found to provide equivalent budget savings without requiring legislative employees to take off days without pay.

35 employees (30%)

Other responses: Two employees (2%) wrote in comments.

Question 2. If legislative employees are required to take days off without pay, would you prefer that it be done by: (circle one)

- A. Closing all legislative offices for a day, preferably before or after a holiday to allow for an extended holiday.

88 employees (77%)

- B. Keeping offices open and giving employees several days from which to choose to be on furlough. (For example, 1/2 the office takes a furlough day on the 1st Friday of the month and the second 1/2 takes a furlough day on the following Monday).

21 employees (18%)

**Other responses: 5 employees (4%) did not provide a response to the question
1 employee (1%) wrote-in a different option**

Question 3. Even if legislative employees are not required to take days off without pay, would you voluntarily take days off without pay? *(circle one)*

- Yes - 39 employees (34%)
- No - 71 employees (62%)

Other responses:

- No Answer - 3 employees (3%)
- Not Sure - 2 employees (2%)

Question 3a. If yes, how many days would you take off without pay during the period from August 15 - December 15, 2002? *(circle one)*

- A. 1-2 days - 25 employees (21%)
- B. 3-5 days - 13 employees (12%)
- C. 6-10 days - 3 employees (3%)
- D. More than 10 days - 2 employees (2%)

Other responses:

- Not applicable (answered No to question #3) - 70 employees (61%)
- No answer (answered yes to question #3) - 1 employee (1%)
- Not sure - 1 employee (1%)

Question 4. Please note any suggestions you have.

38 employees provided suggestions/comments; some employees provided more than one suggestion/comment.

Comments:

- Reduced work week (39 hours, leave one hour early on Fridays) - 13 employees
- Coincide legislative furlough days with executive branch furlough days - 6 employees
- If furlough days are required, then all legislative employees, including legislators, should have to take them (special session without pay) - 4 employees

- Employees should not be required to take furlough days to help balance the budget; budget crisis is not their fault – **3 employees**
- For financial reasons, when both spouses are state employees, they should not both be required to take the same furlough days – **3 employees**
- Employees should be able to take furlough days as they do vacation days; leave the choice of the day up to the employee – **2 employees**
- Offer early retirement – **1 employee**
- Eliminate vacant positions – **1 employee**
- Put more published information on-line to save in printing costs – **1 employee**
- Scale back travel budgets – **1 employee**
- Pay cuts for highly paid legislative staff – **1 employee**
- Furlough day dates should be announced well in advance to allow employees and the public to plan for them – **1 employee**
- To avoid a large reduction in one pay-period, spread impact of furlough days throughout the fiscal year – **1 employee**
- Allow employees to take furlough days for those who do not want to – **1 employee**
- Appreciate the opportunity to express my wishes – **1 employee**
- Other responses – **2 employees**

Note: The number of surveys returned totaled 115.

MAINE STATE LEGISLATURE

Augusta, Maine 04333

MEMORANDUM

TO: LEGISLATIVE COUNCIL
FROM: MAINE STATE HOUSE PERCENT FOR ART COMMITTEE
SUBJECT: ART SELECTION APPROVAL
DATE: 8/15/02
CC: PERCENT FOR ART COMMITTEE

Summary

The Maine State House Percent for Art Committee held sixteen meetings over a period of twenty-four months from May of 2000 through May of 2002. The Committee's charge was to carry out an open competition to engender the widest possible participation among the artistic community. The Committee advertised the project stating their intent to consider works of art in all media, styles, and formats appropriate to public settings. They were to select works to represent the geographic and cultural diversity of the state of Maine, and encourage artists representing all of Maine's diverse communities to apply to the project.

The Committee received 150 requests for information and reviewed ninety-five applications from artists. After reviewing the slides and letters from each artist, the Committee requested detailed proposals from six finalists. They also set aside the names of several painters to consider for a single purchase. Early in 2002, the Committee reviewed the past and proposed work of six painters of national and international reputation and five finalists' proposals. The Committee proceeded with unanimity throughout the process, both in narrowing the field and in selecting the artists to submit proposals.

The Committee work throughout the process included evaluation of artistic quality, community context, anticipated audience, location, media, cost, and technical issues in addition to the important criteria of the artists' professionalism and experience. The Committee believes its recommendation fulfills these criteria. All of the artists selected for recommendation to the Legislative Council employed extensive research with the Committee and a very thorough process in developing their proposed work to meet the Committee's expectations. On January 31, 2001, the Legislative Council approved the Committee's recommendation of Evan Haynes' Granite engraving "*Communiqué*" for the State House Connector for \$50,000.

Recommendation: The State House Percent for Art Committee is today requesting the Legislative Council take action on its recommendation of the following package:

Diana Cherbuliez, Vinalhaven: Painted pine sculptures for the first floor lobby. \$66,250.

Robert Indiana, Vinalhaven: A painting for the first floor inner lobby east wall.

Oil on canvass, 60" x 60", \$75,000.

Valdemar Skov, Waldoboro: Carved benches for first floor inner and outer lobby spaces. \$29,050.

Percent for Art Committee membership and meeting schedule

Total Percent for Art Budget: \$240,000 Selection Process: Open Call to Maine artists

Legislature: Hon. Elizabeth Watson
Legislature: Hon. Betty Lou Mitchell
MAC: Nathaniel Bowditch, Photographer, Office of Tourism, Augusta
MAC: Richard Entel, Painter, Hallowell,
Architect: Weinrich & Burt, Damariscotta,
Non-voting: Alden Wilson, Director, Maine Arts Commission
Non-voting: Earle Shettleworth, Director, Maine Historic Preservation Commission
Agency NV: Sarah Tubbesing, Director, 119th Legislative Council
" " Jim Clair, Director, 120th Legislative Council
" " David Boulter, Director, 120th Legislative Council
Advisory NV: Christopher Crosman, Director, Farnsworth Library and Art Museum

The Percent for Art Committee held sixteen meetings from May 2000 through May of 2002.

5/24/00 Introduction to Percent for Art Guidelines & Rules, Construction plans review.
6/20 Publicity & prospectus design.
7/26 Information meeting for artists.
8/30 Applications and proposals review.
9/13 Semi-finalist interviews.
9/21 Semi-finalist information meeting.
10/11 Review of Committee process and decisions.
11/14 One proposal review, plus one semi-finalist interview.
12/11 Haynes final proposal.
1/5/01 Meeting with Chris Crosman & Bruce Brown. Review designs provided by Valdemar Skov.
8/1/01 Review list of painters to consider for the East Wall.
9/13/01 Review images from painters being considered for the East wall.
10/31 Third round of review of painters. Meeting with Chris Crosman.
3/7/02 Presentation of proposal by Robert Indiana.
3/22 Five finalist presentations.
5/2/02 Final presentations & selection.

THE PERCENT FOR ART ACT

§451 Purpose

Recognizing the need to enhance culture and the arts and to encourage the development of artists, it is the intent of the Legislature to establish the Percent for Art Program to provide funds for and authorize the acquisition of works of art for certain public buildings and other public facilities.

§453 Expenditure for and location of art

Any contracting agency, except a school administrative unit, shall expend out of any money appropriated or allocated by the Legislature for the construction of any public building or facility, except for correctional facilities, a minimum amount of 1% of the construction portion of the appropriation or allocation, for the purpose of acquiring, transporting and installing works of art.

Detailed Selection Process

The Percent for Art project at the Maine State House is one of the most exceptional projects in the history of Maine's Percent for Art program. The works reside in one of the State's most important buildings, both historically and architecturally. It is a building for all the people of Maine - both those who come to participate in the governmental process and those who come as visitors seeking to share in this expression of Maine's heritage. The State House artwork takes a place of prominence in a public setting that is visited by thousands each year.

The process of art selection for the Maine State House began in 1998. The original voting Committee members included photographer Nathaniel Bowditch of Richmond, Assistant Director of Colby College Museum of Art Lynn Marsden-Atlass from Belfast, 118th Maine Legislature Speaker of the House Elizabeth Mitchell of Vassalboro, Senator Joel Abromson of Portland, Architect Rick Burt of Burt-Weinrich in Damariscotta. Nonvoting members were Sarah Tubbesing, Executive Director of the Legislative Council, Earle Shettleworth, Executive Director of Maine Historic Preservation Commission, Alden C. Wilson, Director of the Maine Arts Commission, and Peter Simmons, the Maine Arts Commission's former Assistant Director. The first phase of the process addressed the Speaker's rostrum of the House Chamber. The Committee at that time selected a design team headed by Thomas Thomsen, who designed the original woodwork, to create a classical motif that complimented the existing design.

The second phase of the process of selection began in May of 2000. The 119th Legislative Council appointed new member Representative Elizabeth Watson of Farmingdale to replace Speaker Mitchell. Dr. Rich Entel, who is also a painter from Manchester, replaced Lynn Marsden-Atlass on the committee. Jim Clair replaced Sarah Tubbesing as Executive Director of the Legislative Council in the 119th Legislature and David Boulter replaced Jim Clair in the 120th. With the unfortunate passing of Senator Joel Abromson late in the year 2001, the Legislative Council appointed Senator Betty Lou Mitchell of Etna to take his place.

During this phase of selection the Percent for Art Committee held sixteen more meetings over a period of twenty-four months through May of 2002. In May of 2000, the statewide advertisement of the project and the availability of the prospectus netted ninety-five applications from artists. The Committee work throughout the process included evaluation of artistic quality, community context, anticipated audience, location, media, cost, and technical issues in addition to the important criteria of the artists' professionalism and experience. After reviewing the slides and letters from each artist, the committee requested detailed proposals from six finalists. They also set aside the names of several painters to consider for a single purchase. During the later phase of selection, the Committee slowed the process to allow the time necessary to reconsider changes that were taking place in the designated use of the spaces, which also affected art locations.

Artists Selected

Evan Haynes, Portland, Maine. "*Communiqué*" - Granite engraving. Two sections 22' X 7'. \$50,000. Artwork location: State House Connector.

Approved by the Legislative Council on January 31, 2001.

Diana Cherbuliez of Vinalhaven: Painted pine sculptures for the first floor lobby. \$66,250.

Robert Indiana of Vinalhaven: A painting for the east wall of the inner lobby on the first floor. Oil on canvass, 60" x 60." \$75,000.

Valdemar Skov of Waldoboro: Carved benches for the inner and outer lobby spaces on the first floor. \$29,050.

The committee recommended the selection of Evan Haynes' proposal to the Legislative Council for its endorsement on January 31, 2001. The Legislative Council unanimously approved the committee's recommendation. Mr. Haynes completed the installation of his work in July 2001. His carved granite work that enhances the Connector between the State House and the Cross Office Building centers on the theme of human communication and its trail through Maine's ethnic and cultural roots. The texts are excerpts from French-Abenaki dictionaries compiled by two French Jesuit missionaries, Joseph Aubéry and Sebastian Rasles in the late 1600's and early 1700's.

The committee then set to working on the direct purchase decision. They reviewed the past and proposed work of six painters of national and international reputation. In the final review, the committee recommended the selection of a painting by Robert Indiana of Vinalhaven for the inner lobby on the first floor. The artist based his image upon the first light of dawn, which Maine alone experiences first, of all the United States, at the beginning of each new day. In the actual work, the numeral 1 is an intensely saturated red in front of the symbolic sunrise of gold and green on a field of violet.

In March, the Committee reviewed the proposals requested from the other five finalists that they selected. In the final selection, the Committee chose for recommendation to the Legislative Council Diana Cherbuliez of Vinalhaven and Valdemar Skov of Waldoboro.

Ms. Cherbuliez proposes to create two carved and painted pine sculptures evocative of 19th century ship figureheads for the first floor outer lobby. The two female figures serve as counterpoint and compliment to the two men on the state seal. One dressed as a fisherwoman and one as a farmer, the women balance the gender representation and update the symbols of inner and coastal Maine. Ms. Cherbuliez stated, "They are not portraits of specific women, but of an underrepresented labor force." The two figures mirror each other, their right hand over their hearts. "The hand gesture is consistent with traditional figureheads as well as being appropriate for the State House." In material and representation, they symbolize and embody Maine's natural resources, people, and products. From the artist's own assessment, "they will complement the neo-classical renovations with grace and just enough wit."

Valdemar Skov is proposing benches for the inner and outer lobby spaces on the first floor. Mr. Skov designed the hardwood benches with highly durable and comfortable leather upholstered top panels, an uninterrupted band of hand carving around the entire bench, and "Jet Mist" granite bases to match the baseboard elements in each lobby. The carving design incorporates the pinecone and tassel, Maine's State flower on one set of benches, and beech leaves and trillium, also native to Maine's forests, on the other set. "The cumulative effect of the bench that I envision is a solid, elegant, interesting, but not too showy, very functional seating solution for this space, befitting the Maine State House."

The committee discussed the feasibility of locating paintings on the corridor walls in the inner lobby and near the information kiosk. The viewing distance and flow of traffic would allow effectively locating artwork on these walls. The committee would like to recommend this idea of reserving the space currently in use as exhibit space for ongoing temporary exhibits.

**ARTIST BACKGROUND
AND
PROPOSAL
INFORMATION**

The ship is an apt metaphor for the State House. The ship does not defy nor conquer the given variables, but employs them, much as our government must. A ship and our Government are means, not ends, and must wed the waters with the woods.

For the State House project I will make two carved and painted pine sculptures, evocative of 19th century ship figureheads, for the two rear corners of the new lobby. Despite the disappearance of the figurehead as a nautical element, it retains power as an emblem – a body between sailor and the angry seas, a mediator. The forward thrust of the body and the upward/outward gaze, though dictated by the bow's design, emphasizes the figurehead as guide, a steady assurance of safe passage, and enduring companion. My figureheads are female, though unlike the Lady of Wisdom atop the State House dome, these do not refer to a mythic ideal or woman as muse. They are derived from actual women, and serve as a counterpoint and compliment to the men on the State Seal. The figureheads correct the gender representation imbalance and update the symbols of inner and coastal Maine. The women are not portraits of specific women, but of an underrepresented labor force. The left-hand figure is a fisher(wo)man, identifiable by the oilskins she wears. The rope she holds in her hand is a general implement of fishing, not specific to one fishery. The right-hand figure is a farmer, ideally to be modeled from a Native American farmer, in appropriate work clothing and holding an agricultural tool. In terms of stance, the two figures mirror each other, with their left knee forward in stride, and their right hands on their hearts. That hand position is consistent with traditional figureheads as well as being appropriate for the State House. Their posture is not of symmetry but unison, as they draw you into the lobby and up the ramp.

I have developed my proposal to be all encompassing, incorporating the past and present and implying the future, and referential to both the native Mainers and those "from away". The figures cite our natural resources (our people and products) representationally and by being made of native wood. They will complement the neo-classical renovations with grace and just enough wit. The pieces are slightly larger than life, 5 feet from knee to head so to have a presence from the front of the lobby, yet not crowd the space. They will be hung from the wall at a height that allows seating placement. They are laminated pine with a rich rubbed painted finish. The colors will be those of the real working clothing the models choose to wear, with some adjustments, so to compliment each other and the yellow walls. They will be extremely simple to maintain, requiring only dusting and damp wiping. Wood is a material that ages gracefully, thus its proximity to, and temptation for little fingers is a small matter, and may add to the patina in the long run.

This is a large carving project that I am estimating will take 10 months.

Proposal for State House lobby benches.

June 12, 2002

For the spaces designated in both the inner and outer lobbies, I have designed wood-framed, flat seating platforms with no upright backs, supported by solid bases of "Jet Mist" granite to match the baseboard and edge tiles of the floor. The wood frames are of cherry. In plan view the bench would be rectangular with flat sides with an uninterrupted band of carving along each side.

The bench top surface incorporates leather-upholstered panels, incorporating a thin layer of high-density foam to give the leather some tension and to relieve the flatness of the top surface, as well as to soften the seat. I chose leather for its durability and its comfortable, high-quality feel; as a natural material it will nicely complement the wood and stone. This upholstery should last for many years, but the panels are easily removed if required.

I have selected two patterns of my own design for the carving running along the sides of the benches. For the outer lobby, "Pine Boughs and Cones", our State flower, is certainly an appropriate motif for our State House. Mine is a fairly naturalistic, free-form treatment, carved in high relief. Each bough is drawn individually, and an occasional chickadee is found amongst the cones and needles. For the inner lobby benches, I recommend a simpler, repeating pattern, "Beech Leaves and Trillium". Beech, birch, chestnut and other species with this leaf type are native to Maine's forests, as are the trillium.

The cumulative effect of these benches that I envision is a solid, elegant, interesting but not too showy, very functional seating solution for this space, befitting the Maine State House. Recommended maintenance is merely an annual treatment of the leather with saddle soap or the like to keep it clean and supple, and occasional waxing of the woodwork.
