### Item #1: Consideration of After Deadline Bill Requests

The Legislative Council considered and voted on the bill requests in accordance with the established protocol. The council took no action on the 3 bill requests previously tabled. Of the 4 joint resolutions, 1 passed, 1 was tabled and the council took no action on the 2 remaining items. The Legislative Council's actions on the requests are included on the attached list.

The Legislative Council then returned to the other items on its agenda.

## REPORTS FROM EXECUTIVE DIRECTOR AND COUNCIL OFFICES

### Executive Director's Report

Grant Pennoyer, Executive Director, submitted a written report as follows.

1. RFP for MELD Bill Production System Replacement

We held a vendor conference call on Friday, May 5<sup>th</sup> to receive and answer questions from the firms interested in bidding on our bill production system replacement project. The four major firms with prior legislative experience suggested by NCSL each participated in the conference call. We have also been posting questions posed by each of the vendors with our responses to those questions on the Legislature's web site for all vendors to review. The deadline for submitting the proposals was extended to May 26<sup>th</sup> based on the lateness of the vendor conference and to give the vendors more time to react to the clarifications provided in the vendor conference call and the posted online responses.

2. Copper Reuse Project – Artist Selection Process

The final stage of the Copper Reuse Project, selecting an artist to reuse the copper from the dome in an art project, is in process. Thirty proposals have been scored by the Artist Selection Committee and the committee is working on scheduling a meeting in June. At that meeting, the Artist Selection Committee will advance the selection process to the finalist review phase by selecting four finalists to present more detailed proposals.

3. Electric Vehicle Charging Stations

The electric vehicle charging stations in the Parking Garage were successfully tested this past week. Rep. Grohman volunteered and successfully charged his vehicle. They still have to test the payment process by credit card through the smart phone app required to operate the stations. The two parking spaces in the Parking Garage have been barricaded off to keep the spaces available for this testing. There are currently plans to add some charging stations on the East Campus when a parking lot is redone. That parking lot project has begun and will be completed this year.

### Fiscal Report

Chris Nolan, Director, Office of Fiscal and Program Review, submitted a written report as follows.

## General Fund Revenue Update

Total General Fund Revenue - FY 2017 (\$'s in Millions)						
	Budget	Actual	Var.	% Var.	Prior Year	% Growth
April	\$383.4	\$386.5	\$3.2	0.8%	\$402.9	-4.1%
FYTD	\$2,774.7	\$2,790.6	\$15.9	0.6%	\$2,751.8	1.4%

General Fund revenue was over budget by \$3.2 million (0.8%) for the month of April and over budget by \$15.9 million (0.6%) for the fiscal year to date. These variances do not reflect the May revenue forecast, which decreased budgeted revenue for FY 2017 by \$16.8 million. The May monthly revenue report will reflect the new monthly distribution resulting from the May forecast. Individual income tax revenues were over budget for the month by \$1.6 million and over budget for the fiscal year to date by \$7.6 million. Individual income tax withholding was under budget for April by \$0.6 million and under budget by \$11.9 million for the fiscal year to date. Estimated payments for April, reflecting the first estimated payments for tax year 2017, were under budget by \$8.8 million for the month. Individual income tax refunds were over budget for the month (less refunded than budgeted) by \$8.8 million. Sales and use taxes for April (March sales) were under budget by \$0.3 million for the month and are over budget by \$1.4 million for the fiscal year to date. Corporate income tax revenue was over budget by \$8.2 million in April. This April positive variance is the result of the timing of final corporate payments and largely offsets March's negative variance.

## Highway Fund Revenue Update

Total Highway Fund Revenue - FY 2017 (\$'s in Millions)						
	Budget	Actual	Var.	% Var.	Prior Year	% Growth
April	\$26.7	\$27.4	\$0.7	2.6%	\$26.2	4.4%
FYTD	\$272.6	\$276.5	\$3.9	1.4%	\$274.0	0.9%

Highway Fund revenue was over budget by \$0.7 million (2.6%) for the month of April and over budget for the fiscal year to date by \$3.9 million (1.4%). These positive variances do not reflect the May revenue forecast, which increased budgeted revenue for FY 2017 by \$1.6 million. Fuel taxes were slightly over budget for the month and over budget for the fiscal year to date by \$1.0 million. Motor vehicle registrations and fees were over budget by \$0.3 million for the month and over budget by \$3.9 million for the fiscal year to date.

## Cash Balances Update

The average balance in the cash pool for April was \$913.2 million, down from March's average of \$931.3 million but well above both last year's average balance for April and the ten-year average for the month. General Fund internal borrowing from other funds was not needed in April. The average Highway Fund balance of \$50.5 million in April increased from March's average of \$36.9 million but was below last year's April average of \$55.6 million.

## REPORTS FROM COUNCIL COMMITTEES

### 1. Personnel Committee

No Report

## 2. State House Facilities Committee

Representative Herbig reported that the State House Facilities Committee met on May 24<sup>th</sup> to consider the following items.

### 1. Funding for Blaine House Repairs and Renovations

The committee received a follow-up presentation from the Blaine House Director regarding a \$100,000 request for funding from the State House Preservation Fund to be able to complete several important improvement projects for the Blaine House and grounds. The committee unanimously recommended approval to transfer \$100,000 for the upcoming fiscal year to the Blaine House Repairs and Maintenance Fund.

**Motion:** That upon the unanimous recommendation of the State House Facilities Committee, the Legislative Council approve the transfer of a total of \$100,000 in the upcoming fiscal year from the State House Preservation and Maintenance Fund to the Blaine House Repairs and Maintenance Fund for the Blaine House Grounds Restoration Project. Motion by Representative Herbig. Second by Representative Golden. **Motion passed unanimous (8-0-0-2, with Senator Cushing and Representative Fredette absent).**

### 2. Approval Process for Construction Projects in the Capitol Area

Earle Shettleworth, the Chair of the Capitol Planning Commission, provided an overview of the process the CPC uses to approve construction projects, which are also required to be approved by the Legislative Council. After the overview, the committee recommended that the Executive Director consult with the Bureau of General Services and Capitol Planning Commission to develop a plan for the required reviews of construction projects in the Capitol Area and report back to the committee.

### 3. Discussion of audio recording of committee meetings

Mr. Pennoyer summarized a memo presented earlier to the Legislative Council with options for committee audio recordings, noting that there was an option to copyright the recordings. The Clerk of the House presented materials gathered on copyrighting processes in other states. The committee reviewed the options and the current status quo regarding the committee audio recordings and explored copyrighting the committee audio files. The committee directed the Executive Director to report back to the committee on the process and costs of copywriting the committee audio recordings.

### 4. New Proposed Projects for State House Facilities Plan

Mr. Pennoyer presented some potential new projects that were not previously presented as part of the long-range State House Facilities Plan. These included work on the inner-horseshoe and an audio-visual system upgrade for the Appropriations Committee room, the upgrading of water fountains in the State House to include filtered dispensers and a redesign of the entry to the Legislative Information Office. The committee recommended that all of these projects be developed further and included in the long-range plan for future approval.

### 5. Relocation request for a portrait of Margaret Chase Smith

Mr. Pennoyer presented a relocation request through the Governor's Office from the artist that painted the portrait of Margaret Chase Smith titled "That Lady from Maine." The portrait currently hangs in the House Republican Office's conference room. The artist requested that the portrait be moved to a more public space. The committee discussed possible locations and ultimately directed Mr. Pennoyer to present to the Governor's Office the reception area of the Senate Republican Office as a more public space for the portrait.

### 3. Legislative Budget Subcommittee

President Thibodeau reported that the Legislative Budget Subcommittee met on Thursday, April 27<sup>th</sup> to review the tentative consolidated budget request for the fiscal years 2017-18 and 2018-19. The Legislative Finance Director, Dawna Lopatosky, presented the materials compiled to explain the Legislature's tentative budget submission for the 2018-2019 biennium. After some discussion and some questions about the Legislature's budget, the members of the subcommittee voted unanimously to approve the tentative consolidate budget request as included in the Governor's Biennial Budget Bill.

**Motion:** That, upon the unanimous recommendation of the Legislative Budget Subcommittee, the Legislative Council accepts the legislative budget proposed in Part A of LD 390 (Governor's proposed 2018-2019 biennial budget) and LD 1440 (Governor's proposed 2018-2019 Highway Fund biennial budget) as submitted without amendment; and further, that the Legislative Council directs the Executive Director to prepare memos informing the Joint Standing Committee on Appropriations and Financial Affairs and the Joint Standing Committee on Transportation of the Legislative Council's recommendations. Motion by President Thibodeau. Second by Senator Libby. **Motion passed unanimous (7-0-0-3, with Senator Cushing and Representatives Fredette and Espling absent).**

**NEW BUSINESS**

**Item #2: Proposed Cloture Date & Related Schedule for Second Regular Session**

Suzanne Gresser, Revisor of Statutes, presented a recommended schedule that establishes dates and deadlines for events related to cloture for legislator bill requests for the second regular session. Ms. Gresser proposed the following dates relating to the cloture and the Legislative Council action on bill requests:

- September 29, 2017 at 4:00 pm. – Filing Deadline (Cloture)
- Thursday, October 26, 2017 at 10:00 am – Legislative Council meeting for consideration of Legislators' requests
- Tuesday, October 27, 2017 – Notification of Council's action mailed to sponsors
- Tuesday, November 1, 2017 – Deadline for filing appeals

- Monday, December 18, 2017 – "Bill Signing" Day
- Wednesday, January 3, 2018 – Legislature reconvenes

Ms. Gresser explained that the purpose of a bill signing day is to allow the members to meet with their peers to get their bills signed and turned in, which then allows the Revisor's office the opportunity to complete and print the bills so that they are finalized and printed by the time the Legislature convenes in January, thus allowing the committees a prompt start on bills in January.

**Motion:** That the Legislative Council establish the Cloture Date and Related Schedule, as recommended by Ms. Gresser. Motion by Representative Herbig. Second by Senator Mason. **Motion passed unanimous (8-0-0-2**, with Senator Cushing and Representative Fredette absent).

**Item #3: Submission of the Task Force to Address the Opioid Crisis in the State Interim Report**

The Task Force to Address the Opioid Crisis in the State submitted their Interim Report to the Legislative Council for acceptance.

**Motion:** That the Legislative Council accept the interim report of the Task Force to Address the Opioid Crisis in the State. Motion by Senator Libby. Second by Representative Herbig. **Motion passed unanimous (8-0-0-2, with Senator Cushing and Representative Fredette absent).**

## Executive Director's Report July 19, 2017

### 1. RFP for MELD Bill Production System Replacement

We are still reviewing the 4 bids submitted for the MELD Bill Production System Replacement project. The plan is to invite the top 2 bidders to present and provide a demonstration of their proposed systems in mid-August. After these meetings, we will reach a final recommendation to submit to the Council.

### 2. RFP for State House Window Project

We are in the process of putting out an RFP to solicit bids to repair and paint State House windows. This interim's window maintenance project will focus on the South Wing of the State House and the south face of the West Wing. These windows have sustained more severe weathering from their exposure to the sun.

### 3. Copper Reuse Project – Artist Selection Process

The Artist Selection Committee met on June 15<sup>th</sup> and narrowed the field of proposals submitted by artists to four finalists. At its next meeting on September 12<sup>th</sup>, the committee will receive detailed presentations from the four finalists and make a final decision on the artist that will reuse the remaining copper removed from the State House Dome. I would like to note that there no longer is any rough copper remaining for sale however, we still have mementos available should anyone want a piece of history and a remembrance of their time at the State House.

### 4. Drone Day in Capitol Park

Drone Day in Capitol Park, which was recently approved for as an exception to the general policy prohibiting drones in Capitol Park, has been delayed. The State Library has decided to delay Drone Day until next summer. It was originally scheduled for late next month.

# Fiscal Briefing

July 19, 2017

*Prepared by the Office of Fiscal & Program Review*

## 1. Preliminary General Fund Revenue Update

**Total General Fund Revenue - FY 2017 (\$'s in Millions)**

	Budget	Actual	Var.	% Var.	Prior Year	% Growth
June	\$363.1	\$406.0	\$42.9	11.8%	\$369.6	9.8%
FYTD	\$3,403.6	\$3,450.0	\$46.4	1.4%	\$3,366.2	2.5%

General Fund revenue was over budget by \$42.9 million (11.8%) for the month of June and over budget by \$46.4 million (1.4%) for the fiscal year to date. It is important to note that these are **preliminary numbers** as the month of June has not been fully closed.

Individual income tax revenue was over budget for the month by \$24.0 million and over budget for the fiscal year to date by \$14.5 million (1.0%). Withholding and estimated payments both appear to have been over budget for the month. Sales and use taxes for June (May sales) were under budget by \$0.8 million for the month but over budget by \$4.9 million (0.4%) for the fiscal year to date. Corporate income tax revenue was over budget by \$5.8 million in June and over budget by \$11.1 million (6.8%) for the fiscal year to date.

## 2. Preliminary Highway Fund Revenue Update

**Total Highway Fund Revenue - FY 2017 (\$'s in Millions)**

	Budget	Actual	Var.	% Var.	Prior Year	% Growth
June	\$25.3	\$29.7	\$4.3	17.0%	\$25.7	15.5%
FYTD	\$327.3	\$334.3	\$7.0	2.1%	\$327.4	2.1%

Highway Fund revenue was over budget by \$4.3 million (17.0%) for the month of June and over budget for the fiscal year to date by \$7.0 million (2.1%). It is important to note that these are also **preliminary numbers** as the month of June has not been fully closed. Fuel taxes were over budget for the month by \$3.1 million, some of which could be timing as last month fuel taxes were slightly under budget. Motor vehicle registrations and fees were over budget by \$0.9 million for the month and over budget by \$2.8 million for the fiscal year to date.

## 3. Cash Balances Update

The average balance in the cash pool for June was \$992.7 million, down from May's average of \$1,010.7 million but well above both last year's average balance for June and the ten-year average for the month. General Fund internal borrowing from other funds was not needed in June and not needed for all of FY 2017. The average Highway Fund balance of \$27.8 million in June decreased from May's average of \$42.8 million. This is likely a seasonal impact reflecting the increased activity during the construction season.

**Protocols for Review of Legislative Study Proposals**  
**128<sup>th</sup> Legislature**  
**Legislative Council Meeting**  
**July 19, 2017**

**Background: Requirements Relevant to Studies in the First Regular Session**

Under the terms of the Joint Rules of the 128<sup>th</sup> Legislature, section 353, all joint orders and legislation proposing legislative studies regardless of funding source must be placed on a special study table. The Legislative Council must review proposed studies and establish priorities for allocation of budgetary and staffing resources.

For studies authorized by the Legislative Council, the Legislative Council must provide funds sufficient to enable the committee to reasonably conduct and complete the requirements of the studies.

Also under the Joint Rules, the Legislative Council must adopt a policy relating to preparing study legislation. On January 31, 2017, the Legislative Council unanimously adopted a policy on legislative studies for the 128<sup>th</sup> Legislature. Joint Rules and the related council policy specify the manner of appointment, selection of chair, compensation of members, report date and other relevant as part of study legislation. Copies of the Joint Rules and the adopted policy are in your notebook (see appendices).

**Decision: Suggested Protocol for Authorizing Legislative Studies**

- The Legislative Council will review study requests in LD order grouped by funding source.
- Voting will be by a show of hands, and each Legislative Council member's vote on each bill will be recorded. The record of each vote will be made available for public inspection following the meeting.
- Committee chairs and others are welcome to observe the council's deliberations on the study requests, but discussion of the requests will be confined to council members. However, Legislative Council members may ask questions of committee chairs and other legislators regarding the proposed study if needed.
- The Legislative Council shall specifically review those studies that do not conform to applicable standards and policies approved by the Council. The Council will include as part of its motion to authorize a study acceptance of any non-conforming elements of the study. Floor amendments to authorized studies making Council-authorized changes will be prepared in the name of the Senate Majority Leader, except for studies tabled in the House which will be in the name of the House Majority Leader.

**Issues: Policy Issues Needing Decision**

1. **Number of authorized meetings and meeting location-Recommendation:** Unless otherwise specified by the Legislative Council, the number of study meetings is not to exceed four (4) and meetings are to be held in the Augusta area.
2. **Studies conducted using non-General Fund sources-Recommendation:** When a study committee is required to be funded by outside funds, the study committee may not convene until sufficient funds are received to pay for the study.
3. **Interim committee meetings-Recommendation:** Unless authorized by law or joint order or approved jointly by the presiding officers, joint standing and joint select committees may not meet during the legislative interim.
