REPORTS FROM EXECUTIVE DIRECTOR AND COUNCIL OFFICES

Executive Director's Report

Grant Pennoyer, Executive Director, presented the following report.

1. Updating Card Readers and New Access Cards

The new card readers are still pending delivery. Mr. Pennoyer will provide an update of the timing of the transition when he finds out. Once determined, we will process the new cards and distribute them. We are still hoping to make the transition to the new card readers and new cards in December before the start of the Second Regular Session. For those card holders that have not received their new card before the actual transition, we will have the replacement cards available in the Legislative Information Office before security screening so that any card holder that hasn't received their new card can have a new card available to go through the priority screening lane. We will be collecting all old cards after the transition.

2. NCSL Job Classification and Compensation Study

During the week of November 13th to the 17th, NCSL conducted interviews with many individual staff to learn more about the various positions in the Legislature to supplement the information from the surveys filled out by legislative staff. NCSL will be conducting additional analyses on the Legislature's positions and reviewing market information on salaries before formulating their recommendations for their report, which is scheduled to be released by March 15, 2018.

Fiscal Report

Chris Nolan, Director, Office of Fiscal and Program Review, presented the following report.

General Fund Revenue Update

Total General Fund Revenue - FY 2018 (\$'s in Millions)

	Budget	Actual	Var.	% Var.	Prior Year	% Growth
October	\$303.8	\$302.9	(\$1.0)	-0.3%	\$291.2	4.0%
FYTD	\$1,197.8	\$1,230.6	\$32.8	2.7%	\$1,195.6	2.9%

General Fund revenue was under budget by \$1.0 million (0.3%) for the month of October and over budget by \$32.8 million (2.7%) for the fiscal year to date. Individual income tax revenue was over budget for the month by \$5.8 million and over budget for the fiscal year by \$24.5 million. Withholding payments and estimated payments continued to be strong in October. Sales and use taxes for October (September sales) were under budget by \$0.1 million for the month but over budget by \$3.8 million for the fiscal year. Corporate income tax revenue was under budget by \$0.9 million in October but over budget by \$9.4 million for the fiscal year to date. Transfers for tax relief programs were over budget (less transferred than budgeted) by \$0.7 million in October largely due to the timing of BETR transfers. Cigarette and tobacco taxes were under budget by \$1.5 million in October and by \$8.2 million for the fiscal year to date.

1. Highway Fund Revenue Update

Total Highway Fund Revenue - FY 2018 (\$'s in Millions)

	Budget	Actual	Var.	% Var.	Prior Year	% Growth
October	\$28.3	\$28.3	\$0.0	0.1%	\$28.3	0.1%
FYTD	\$115.4	\$114.2	(\$1.2)	-1.0%	\$115.8	-1.4%

Highway Fund revenue was on budget for the month of October but under budget by \$1.2 million (1.0%) for the fiscal year to date. The fiscal year to date negative variance continues to be the result of fuel tax payments received in June that were expected in July.

2. Cash Balances Update

The average balance in the cash pool for October was \$1,142.1 million, down slightly from September's average of \$1,143.5 million but well above both last year's average balance for October and the ten-year average for the month. General Fund internal borrowing from other funds was not needed in October. The average Highway Fund balance of \$21.7 million in October decreased from August's average of \$29.8 million.

4. December 2017 Revenue Forecast

The Revenue Forecasting Committee met on November 27th to review and update the current revenue forecast to comply with its December 1st statutory deadline. A summary of its preliminary findings follows below. The complete report will be available later this week.

General Fund revenue estimates were revised upward by \$17.9 million for FY18 but downward by \$11.7 million for FY19 (upward by \$6.2 million for the 2018-2019 biennium). The revised forecast increases the overall rate of growth for General Fund revenue for FY18 from -0.2% to 0.3% but reduces the rate of growth for FY19 from 4.7% to 3.8%. The projections for FY20 assume a much smaller overall growth rate of 0.5%, largely the result of Municipal Revenue Sharing returning to the 5% level under current law from the 2% level in place for FY16 through FY19. The growth rate for FY21 is now projected to be 3.6%.

General Fund Summary - Preliminary December 2017 Forecast

Highway Fund revenue estimates were revised downward by \$2.5 million for the FY18 and by \$0.3 million for FY19 (downward by \$2.8 million over the 2018-2019 biennium). The FY 18 reduction was largely the result of fuel tax payments received in June (FY17) that were expected in July.

Fund for a Healthy Maine revenue estimates were revised upward by \$2.7 million for FY18 and by \$3.1 million for FY19 (upward by \$5.8 million over the 2018-2019 biennium). The changes were largely the result of updated national estimates for tobacco settlement payments.

Medicaid/MaineCare Dedicated revenue estimates were revised upward by \$0.9 million per year for FY18 and FY19.
