Highway Fund revenue estimates were revised upward by \$3.1 million for FY20 and by \$0.9 million for FY21 (\$4.0 million for the 2020-2021 biennium). The forecasts for FY22 and FY23 were revised upward by \$0.9 million per year (\$1.8 million for the 2022-2023 biennium).

Fund for a Healthy Maine (FHM) revenue estimates were revised slightly upward for FY 20 but slightly downward for FY21 through FY 23. There were no changes made to the forecast for Tobacco Settlement Payments after significant adjustments were made in the May 2019 forecast. Minor adjustments were made to Fund for a Healthy Maine revenue from the Hollywood Casino Bangor and from income from investments consistent with the larger changes in the forecasts for these revenue sources.

Medicaid/MaineCare Dedicated revenue estimates were revised downward by \$5.7 million for FY20 and by \$3.6 million per year for FY21 through FY23. A one-time reduction of \$2.1 million was made in the hospital tax as a result of two hospitals, in the midst of bankruptcy filings, that have not paid their hospital tax on a timely basis. In addition, while service provider tax revenue is up in the first 4 months of FY20, the increase in revenue is less than budgeted and therefore a decrease in the forecast of \$3.0 million per year was made consistent with actual expected revenue.

Marion Hylan Barr, Director, Office of Policy and Legal Analysis, submitted the written studies report found in the agenda packet.
