**STATE OF MAINE
ONE HUNDRED AND NINETEENTH LEGISLATURE
FIRST REGULAR SESSION
JOURNAL OF THE SENATE**

In Senate Chamber
Thursday
March 4, 1999

Senate called to order by President Mark W. Lawrence of York County.

Prayer by Reverend Victor Stanley of the First Baptist Church in Gardiner.

REVEREND STANLEY: Gracious God, we humbly bow in Your presence this morning as we seek Your blessing upon this State of Maine. We come from a variety of backgrounds, occupations, and religious traditions. Yet we share in common our desire to make Maine the best it can possibly be. We pray for the people of Maine. The children, most of whom are in educational settings this morning, open their minds and help them to learn more than facts and figures. Help them to learn and experience the joy of learning. We pray for the thousands of women and men who are hard at work making our State productive and prosperous. Give them strength, courage and a vision for the future. We pray for the Senior citizens of our State, those who are enjoying retirement and those for whom growing old offers nothing golden. We pray for those who have special needs, the ill, the physically challenged, and the poor. And we pray for one another, the people in this room this morning. May Your blessing rest upon us all. Amen.

Doctor of the day, Harry Grimmnitz, M.D., Readfield.

Joint Resolution

The following Joint Resolution: H.P. 1157

JOINT RESOLUTION MEMORIALIZING CONGRESS TO PASS THE PRESCRIPTION DRUG FAIRNESS FOR SENIORS ACT

WE, your Memorialists, the Members of the One Hundred and Nineteenth Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the President of the United States and the United States Congress, as follows:

WHEREAS, the elderly of the United States are 14% of the population and consume 30% of the prescription drugs and Medicare does not cover the cost of prescription drugs except in a very few cases; and

WHEREAS, the House Government Reform and Oversight Committee conducted studies in 20 congressional districts in 1998 and discovered there are vast differences between prices that pharmaceutical companies charge their favored customers, such as HMOs, large hospitals and the Federal Government, and the prices they charge uninsured senior citizens; and

WHEREAS, older Americans, who are often on fixed and limited incomes, pay on the average nearly double the price for prescription drugs that the favored customers of the pharmaceutical companies pay; and

WHEREAS, there is now before Congress legislation that would address this inequity by protecting the elderly from drug price discrimination and making prescription drugs available to Medicare beneficiaries at substantially reduced prices; and

WHEREAS, the Prescription Drug Fairness for Seniors Act, sponsored by Representative Tom Allen of the First District in Maine and cosponsored by countless others, would not establish new federal bureaucracy but would utilize an existing pharmacy distribution system; and

WHEREAS, this important legislation would ensure that no older American would need to choose between buying food or medicine or paying basic Bills or choosing to live in pain and anxiety; now, therefore, be it

RESOLVED: That We, your Memorialists, request that the President of the United States and the United States Congress work together to pass this important and far-reaching legislation that would help the elderly and, in turn, all Americans; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable William J. Clinton, President of the United States; the President of the United States Senate; the Speaker of the House of Representatives of the United States and to each Member of the Maine Congressional Delegation.

JOINT RESOLUTION - relative to Memorializing Congress to Protect and Preserve Social Security

S.P. 517

Tabled - February 25, 1999, by Senator **PINGREE** of Knox.

Pending - motion by President **LAWRENCE** of York to **ADOPT**

(In Senate, February 25, 1999, on motion by President **LAWRENCE** of York, **READ.**)

On motion by Senator **PINGREE** of Knox, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT:** Thank you, Mr. President, men and women of the Senate. This is one of several Memorializations that will be coming before us that I've seen on the calendar and seen from my perch in the Legislative Counsel. Frankly I can't remember everything that was written in this particular Memorial, it's rather long and it has a lot of words contained therein. I just wanted to state for the record that I will be voting for this. Not because I agree with every word in the Memorialization, but because I believe in the basic principle that we ought to protect and preserve Social Security. It's important to do so now when we're looking at a variety of options of modifying Social Security. We could quibble about the words in this. I could ask the Secretary to read it to refresh our memory. We could quibble about the words contained in it. But frankly, we're not the United States Congress. I'm not sure how I'll be voting on subsequent Memorializations to Congress that will be coming before us. But on this one, in the interest of moving the issue ahead and not acting like the United States Congress and debating endlessly about every issue, particularly one as this one does, which does relate to the issue at hand before this Legislature but is asking us to impose on the work of another legislative body duly elected to which we have sent four able people. I will be voting for this and wanted to state for the record that again, though I may not agree with every word contained herein, I'll be supporting the concept contained here which is essentially asking the United States Congress to be very judicious in their thinking while they consider the hugely important issue of reforming Social Security. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Mills.

Senator **MILLS:** Men and women of the Senate, I too will be voting to support the Resolution. I share some of the sentiments from the Senator from Oxford in that perhaps we have other business to do then to try to do the business of Congress as well. Never the less, I think that the Resolution has some significance as much perhaps for what it doesn't say as for what it does. It is drafted in such a way that it does not enter the rather controversial issue of whether the Social Security trust fund itself ought to be investing in the stock market. We have this very interesting national dialog going on now between Allen Greenspan and the President and the Administration over whether that's a good idea or bad idea. I think that there are very complex ramifications flowing from that. It doesn't enter into the notion of whether we ought to be adding money, perhaps to set up individual accounts. All it says, and the reason I'm supporting it is because it says something that's very, very important and that is, if the basic problem with the Social Security system is that we don't have enough premium dollars. I don't think this is to be regarded as really an investment or a tax. It's really a premium for a certain menu of insurance protection that protects us all. I think that if the problem at hand is that we don't have enough premium dollars going into the system to pay for the benefits that will be coming out of the system in the year 2032 and beyond, then perhaps the worst thing we could do right now is to reduce

the premium contribution and set up some other competing system within Social Security. I rather think that the Resolution, lengthy as it is, says that, and only that, and is a valuable message to deliver to our four members of Congress. Thank you, Mr. President.

THE PRESIDENT: A Roll Call has been ordered. The pending question is the Adoption. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

SENATE REPORTS - from the Committee on LABOR on Bill "An Act to Prohibit the Negotiation of Severance Pay Lower than the State Minimum"

S.P. 156 L.D. 476

Majority - **Ought to Pass** (9 members)

Minority - **Ought Not to Pass** (4 members)

Tabled - March 2, 1999, by Senator DOUGLASS of Androscoggin.

Pending - **ACCEPTANCE OF EITHER REPORT**

(In Senate, March 2, 1999, Reports READ.)

Senator DOUGLASS of Androscoggin moved the Senate **ACCEPT** the Majority **OUGHT TO PASS** Report.

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Douglass.

Senator DOUGLASS: Mr. President, women and men of the Senate, Maine protects workers at establishments of one hundred or more employees when the employer relocates or terminates business. These protections are contained in the Severance Pay Law, Title 26, Section 625B. Four exemptions to the Severance Pay Law exists. The first is physical calamity. The second is expressed contract with the employee. Third is in the case that the employee excepts employment at a new location. And, fourth is when the employee has been with the employer for less than three years. This Bill affects agreements as they are exempted from our Severance Pay Law. It clarifies our intent to exempt only those agreements that protect workers at the same level as our state law or greater than the Maine Severance Pay Law. As we know, many of our communities rely on a small number of large employers. They are devastated when these employers leave. The Maine Severance Pay Law was enacted to protect those workers. Many of those employees at those locations invest their entire working lives and careers with one employer. In this day of mergers and acquisitions, the express agreement provision may currently allow severance pay at less than the state minimum. We must not allow this situation to continue. Meeting Maine's Severance Pay Law is the cost of doing business in the State of Maine that must be preserved in our law. We owe this protection to our natural citizens who invest so much in corporate citizens. I urge you to accept the Labor Committee Majority Ought To Pass recommendation.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Mills.

Senator MILLS: Mr. President and women and men of the Senate, I rise in opposition to the pending motion for these reasons. I think it's useful to have this law and I support the policy behind the law fundamentally. I mean the law that we are seeking to Amend, in that when a large company leaves the state there is a provision in the state law that says they have to pay 1 week of pay for each year of service to all the employees who lose their jobs within the year of the wind-down or the closing of the plant. There is an exception and the intent of this Bill is to eradicate that exception. The exception says that if there is a bargaining agreement entered into freely between a bargaining unit, on the one hand, and management on the other and in the course of that collective bargaining the parties agree to a somewhat lesser severance pay standard, perhaps in recognition of retirement benefits or increases in pay or extensions of service or other items that may be on the table. This Bill, if you pass it, will deprive both the union and management of the opportunity to bargain away this right that we have created in the state law. It seems to me that we're over controlling or that the Bill attempts in a way to over control the negotiations between management and labor. There are those who say severance pay simply shouldn't be on the table and we can take it off the table by depriving the parties of the opportunity to contract for alternate provisions. Well what does that do? All it does is move the negotiations to another phase somewhere, to some other issue, to some other concern, some other financial concession. Just seems to me that, while I agree with the intent of the Severance Pay Law, the idea that organized labor with sophisticated representation is somehow incapable of watching out for its own best interests at the negotiation table over an issue like this is over protective

legislation creating something that we might characterize as a "Nanny State", trying to govern and control every aspect of the relationship between labor and management. For that reason I do oppose the pending motion and I ask that we have a Division on the issue Mr. President.

On motion by Senator **RAND** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator LaFountain.

Senator **LAFOUNTAIN:** Thank you, Mr. President. Men and women of the Senate, I too rise today and ask you to support the Majority Ought To Pass Report. What we learned in the Committee process was that the current law has been in effect since 1979. I think that the Committee heard enough testimony about the change in the landscape in the Maine business community, about the number of mergers, acquisitions and buy-outs that we are seeing and the number of industries out there who are negotiating in a late hour essentially with concessionary contracts between management and union and how basically the union is caught in an unfair position of either we move out or you take what we offer. What we're seeking to do here is just provide Maine workers with what we provide everyone else, union or not, and that is the basic severance package which is one week per year. What the Committee heard was some troubling testimony and that was the issue of Kimberly-Clark and what we heard there is that there had been people who had spent their lives working at that plant, one man working 35 years. But as a result of a concessionary contract, he would be receiving 1/2 week per year up to a maximum of 13 weeks. So for a gentleman who had worked 35 years to receive only 13 weeks of severance pay was really a slap in the face. I encourage you to support the Majority.

THE PRESIDENT: Is the Senate ready for the question? A Roll Call has been ordered. The pending question before the Senate is **ACCEPTANCE** of the Majority **OUGHT TO PASS** Committee Report.
