ONE HUNDRED AND TWENTY-THIRD LEGISLATURE
SECOND REGULAR SESSION
JOURNAL OF THE SENATE

In Senate Chamber
Monday
February 25, 2008

Senate called to order by President Beth Edmonds of Cumberland County.

Prayer by Reverend Linda Hatch of North Windham Union Church, UCC.

REVEREND HATCH: Let us pray. Holy One, we come this morning grateful for this state, its precious and diverse people, and resources. We are grateful for each person here, for individual gifts, and for the sharing of very difficult responsibilities. Guide throughout this day each one here in his or her work with clear thinking, true perspective, caring hearts, and needed strength. May all work flow through patience, understanding, and openness with one another. May ongoing diligence find newness in solving problems and in securing ways to make life better for all people. We take time to remember our service men and women serving this nation in many ways and in difficult and dangerous places. We are grateful for their devotion and courage, yet mindful of their disrupted family lives and relationships. May they find the help and the strength they need this day. Bless each person here with light moments to restore and keep wholeness in this place and an inner peace at the days end with what has been accomplished together and what will move forward into another day. Amen.

Pledge of Allegiance led by Senator Lois A. Snowe-Mello of Androscoggin County.

Reading of the Journal of Thursday, February 14, 2008.

Senate President Beth Edmonds
Senate of Maine

Augusta, ME 04333

Dear Senate President Edmonds,

Attached is the COT legislative report required under 20-A MRSA, chapter 308, Transitional Services Coordination Projects For Handicapped Persons, §7804.

It includes general information regarding the programs sponsored by this legislation and, beginning on Page 11, specific recommendations for serving this population based on the results of these projects.

While we recognize the enormous number of reports and documents you receive serving in the legislature, we hope you will take the opportunity to review this report and to read the included passages written by the youth who we serve. These young people are just a sampling of the nearly 3000 young people with disabilities who benefited from COT programming and training last year.

Good transitions are built on the dreams and hopes of each individual child. The COT works tirelessly to build on that hopeful message and helps each young person become an advocate for themselves and for others as they pursue their goals for the future.

Thank you for taking the time to review this report

Sincerely,

S/Michael Ashmore

Staff to the Interdepartmental Committee on Transition

Reports **READ.**

Senator **DIAMOND** of Cumberland moved the Senate **ACCEPT** Report "B", **OUGHT NOT TO PASS**, in **NON-CONCURRENCE.**

On motion by Senator **ROSEN** of Hancock, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator **DIAMOND:** Thank you, Madame President, men and women of the Senate. This report, obviously, is something the committee weighed heavily, as you can see by the report. The reason that I moved the Ought Not to Pass is because what this bill would do is make a felony of an assault on a firefighter at the scene of a fire or another emergency situation. On the face of it that sounds like it would make a lot of sense. I certainly would not want to have our firefighters not protected. We looked at it a

little more closely and were able to find some things that maybe would suggest that we really don't need this piece of legislation. I understand the attractiveness of supporting it, but let me just share a couple of things with you. First, the fiscal note on this is \$70,000. We spent a better part of three days in my committee, and maybe you have as well, trying to find less than that through cuts. That's not an easy thing to do these days. We have a \$70,000 fiscal note. We also have to realize that under existing statute it's already a crime, against the law, to assault a firefighter and the penalty is up to a year in jail and a \$2,000 fine. If it is an aggravated assault the District Attorney can make it even a higher penalty. The other concern we had is that there aren't that many cases that people can point to that would say this law is even needed. You also need to understand that at a scene of a fire sometimes it's very emotional and it's not unusual for people who own the building or the dwelling want to get back inside to save a pet or for some other reason. If the firefighter resists them from doing that, and there is an altercation of some sort, this bill would make them a felon. When you add all those things up, the \$70,000 fiscal note, not that many cases already that would suggest we even need this, that we already have a statute in place that protects firefighters, I would ask you to support the Ought Not to Pass.

THE PRESIDENT: The pending question before the Senate is the motion by the Senator from Cumberland, Senator Diamond to Accept the Report "B", Ought Not To Pass, in Non-Concurrence. A Roll Call has been ordered. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

On motion by Senator **MARTIN** of Aroostook, Senate Amendment "C" (S-430) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Martin.

Senator **MARTIN:** Thank you, Madame President and members of the Senate. This corrects an error that was in the original bill. This amendment is attached to the bill and not attached to the amendment that is already on the bill. There was some confusion about where this was and where it was supposed to be. This amendment now makes the intention of the bill being followed.

On motion by Senator **MARTIN** of Aroostook, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

On motion by Senator **RAYE** of Washington, Senate Amendment "B" (S-420) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Washington, Senator Raye.

Senator **RAYE:** Thank you, Madame President, men and women of the Senate. The amendment that I am presenting will address a very important flaw in the existing school consolidation law. The law that was passed last year repealed the provisions of existing law which allows a district to dissolve itself and allows a municipality to withdraw from one district to partner with another district. I believe that few of us realized that this was going to be the result of the law that was passed last year. It takes away the ability of municipalities to pick their partner, something which I believe was a core principle of the law that was passed last year. Some towns wish to go into partnerships with districts in an area that makes the most sense for their community and for their students but find themselves trapped, literally trapped, in a district not of their choosing because the larger district that they are in chose to go in another direction. I don't believe that this is a fundamental principle that we would want to embrace as a legislature. I don't think we want to take away that choice. I hope you will join with me in supporting this amendment so that we can restore that element of choice for Maine people.

On further motion by same Senator, Senate Amendment "B" (S-420) **ADOPTED**.

Senator **GOOLEY** of Franklin moved to **SUSPEND THE RULES** for the purpose of **RECONSIDERING** whereby the Senate **ADOPTED** Committee Amendment "A" (S-410) as Amended by Senate Amendment "D" (S-419) thereto.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Mills.

Senator **MILLS:** Thank you, Madame President. Just briefly, I intend to vote against the pending motion and would encourage others to do likewise for two basic reasons. One is that it is my view that this bill has been amended in numerous ways and at present will effectively repeal the law that was passed last Spring. Secondly, in its present form it will relieve school units from having to go through a public referendum on school budgets this coming June. I intend to vote against this bill for both of those reasons. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Lincoln, Senator Dow.

Senator **DOW:** Thank you, Madame President. I'd like to pose a question through the Chair.

THE PRESIDENT: The Senator may pose his question.

Senator **DOW:** Thank you, Madame President. I want to know if this bill somehow preserves all of the unions that come into the new districts, not combining unions. I want to know if it preserves all of the ones that come in from either the towns or SADs and what happens with those unions.

THE PRESIDENT: The Senator from Lincoln, Senator Dow poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from Somerset, Senator Mills.

Senator **MILLS:** Thank you, Madame President. It's my belief that the bill would not permit traditional unions as they have currently existed to continue. There would have to be some measure of further consolidation of services at the union or governance level in order for them to comply with the law. My objection to the bill is that it would permit just exactly that, the

preservation of a union structure, superimposed upon other units that would continue to exist at the local level. You would have school units inside of another school unit and I suggest considerable confusion and more complexity than we have today.

THE PRESIDENT: The Chair recognizes the Senator from Lincoln, Senator Dow.

Senator **DOW:** Thank you, Madame President. I'd like to pose another question through the Chair if I may.

THE PRESIDENT: The Senator may pose his question.

Senator **DOW:** Thank you, Madame President. How does this type of consolidation save anybody any money if it's going to cause a tremendous amount of extra work for new school boards if they have to deal with a dozen, 15, or 20 school union contracts instead of just a handful like they have dealt with before? How is the school board going to deal with five or six different teacher contracts, let alone all the custodians, bus drivers, high tech people, and all of that. To me this is creating a monstrous system. If we put it into place we're going to hear from every new school board in the state very loudly.

THE PRESIDENT: The Senator from Lincoln, Senator Dow poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from Somerset, Senator Mills.

Senator **MILLS:** Thank you, Madame President. It has been reliably reported to me that the Superintendent of the school union that surrounds Bath attended 197 school board meetings in a single calendar year. With the consolidation of that union into a district, they are projecting to save several hundred thousands of dollars a year in school costs in perpetuity.

THE PRESIDENT: The Chair recognizes the Senator from Washington, Senator Raye.

Senator **RAYE:** Thank you, Madame President. I would just like to rise very briefly to say that there are those of us who have been very troubled from the outset by the passage of this law. I know there are some Senators in this Body who would prefer to see it repealed. I would say for those who may be considering voting against this because they prefer that to please think long and hard about that because this is a genuine opportunity to improve this law in a very significant way. It doesn't address every concern that many of us have but it does address a very fundamental concern that I certainly have heard repeatedly in my district and from many of your districts. I think that it is a well-reasoned and well thought out approach. I hope that we will at least move the ball forward as far as this allows. I hope you will join me in supporting the pending motion.

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Damon.

Senator **DAMON:** Thank you, Madame President, ladies and gentlemen of the Senate. In some of the previous questions that were posed to the Body there were some scenarios that would cause one to wonder and to question whether or not the bill that we are about to vote on, with its amendments, is a good thing for

us. One area that strikes me, and that I need to respond to, is the area of negotiation of teachers' contracts. In a union a particular school that is in that community has a school board and that school board, being very close to that school, is able to negotiate with its teachers for a contract, then the town next to it, and the town next to that, presumably. Yet within this bill there is centralized administration; a single Superintendent, a single curriculum coordinator, a single director of transportation, and a single director of special education. There is consolidation, which, after all, was what we were looking for when this bill came to us last year and was what was being proposed to us. Each of those communities can negotiate with, settle upon, and ratify a working agreement with their professional staff or, and I say or because this option applies, they can unify and have a single negotiated contract for all of the schools in that union. That, in fact, has been done. It's been done in a community that I know very well, a community that I grew up in, lived in, and taught in. It was done because they felt that if they, the schools and the communities in that union, felt it was a good thing for them to do. Not because it was forced upon them to do. This allows that very same choice. I would urge you to support the pending motion, the Committee Amendment "A" with its various amendments, because I'm convinced this is the best that we are going to get out of this entire initiative. Thank you, Madame President.

THE PRESIDENT: The pending question before the Senate is Passage to be Engrossed as Amended by Committee Amendment "A" (S-410) as Amended by Senate Amendment "D" (S-419) thereto, and Senate Amendments "B" (S0420) and "C" (S-430). A Roll Call has been ordered. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

The Secretary opened the vote.
