Off Record Remarks

Senate called to order by President Elizabeth H. Mitchell of
Kennebec County.

Prayer by Reverend Linda Peyton, Nursing Home Chaplain,
Episcopal Diocese of Maine.

REVEREND PEYTON: I first want to thank you for your service. These aren't easy times, as you know. Exciting times but not easy. All of us in leadership positions are holding more and more people and stories in our hearts, people who are hanging by threads and those threads are fraying. Hold them gently and gracefully. Let us pray.

Oh God, whose energy we may know as the life force that courses through our veins as we travel our earthly paths, the love force that molds and remolds our hearts at every intersection, may we travel ever more mindfully these months and days, whether within these halls and chambers or out about our home territories. These are months and days given to us by the citizens of this state, in trust of our leadership abilities and sensibilities, to make a difference in their lives, easing burdens and opening vistas, creating workable solutions. These months and days froth with hardships, challenges, and decisions we must face together. May we do so weaving the way forward with grace, dignity, charity, and vision. We ask, gracious spirit, that You gift us with the stillness within, that we may be able to distinguish between what is personal and what is not and allow for the whispers of wisdom to be heard; that You charge us with courage as elected leaders to act out of integrity and service and not from places of arrogance or fear; that You challenge us with hospitality that welcomes into our midst not just the stranger or the one nobody wants to touch but also the strange ideas and unusual ways of looking at issues that just might lead us to doorways we had not noticed; that you dare us with vision and creativity, that we may see our complex struggles and challenges in a far large context and discover interconnections of seemingly disconnected pieces and stories; that you tease us with humor, especially when we become mired in frustration, that we do not take ourselves too seriously, and in those playful moments, that we might find patience with ourselves and those that we work for and with. Most of all that You gather within us tenacious hope that opens to us the unimaginable and inspires us to fortitude and ultimately to gratitude. Amen.

WE, your Memorialists, the Members of the One Hundred and Twenty-fourth Legislature of the State of Maine now assembled in the Second Regular Session, most respectfully present and petition the Secretary of the Navy as follows:

WHEREAS, the USS John F. Kennedy, CV-67, is a decommissioned supercarrier of the United States Navy and named after the 35th President of the United States, John F. Kennedy; and

WHEREAS, the late President Kennedy was a beloved figure not only in Maine and New England, but throughout the Nation; and

WHEREAS, after nearly 40 years of service in the United States Navy, the USS John F. Kennedy was officially decommissioned on August 1, 2007; and

WHEREAS, the United States Navy is willing to give the ship to a nonprofit organization pursuant to federal laws and regulations as long as the nonprofit organization has the support of a host city; and

WHEREAS, the USS John F. Kennedy Museum Committee, also known as "JFK for ME," is a nonprofit organization in Maine established for the sole purpose of obtaining ownership of the USS John F. Kennedy and relocating it to the City of Portland; and

WHEREAS, those retired vessels have served as successful tourist attractions and places for public use and enjoyment such as museums, historic sites, conference centers and similar uses; now, therefore, be it

**JOINT RESOLUTION MEMORIALIZING THE MAINE
CONGRESSIONAL DELEGATION TO OPPOSE LOW-LEVEL
FLIGHTS IN WESTERN MAINE**

WE, your Memorialists, the Members of the One Hundred and Twenty-fourth Legislature of the State of Maine now assembled in the Second Regular Session, most respectfully present and petition the Maine Congressional Delegation as follows:

WHEREAS, the Massachusetts Air National Guard proposes to change the use of low-level training flights in the military operations airspace area in western Maine, known as "the Condor airspace"; and

WHEREAS, the Massachusetts Air National Guard's proposal will allow for low-altitude combat simulation flights within the Condor airspace and the proposal has been met with opposition by the residents near the flight paths, as well as concerned citizens throughout the State; and

WHEREAS, the major problems are the low altitude of the jets, the potential of an increase in flights, the existing small private aircraft flights in the area and the increased noise levels

that will disturb agriculture and wildlife, the serenity of the area and the quality of life for both residents and tourists; and

WHEREAS, the Massachusetts Air National Guard's draft environmental impact statement for these flights is incomplete and fails to meet minimum standards for adequate research and publication, containing errors, omissions and unsupported conclusions related to flight safety, environmental damage and quality of life; and

WHEREAS, specifically, recent economic reports and recommendations on "quality of place" and the effect of low-level aircraft flights have not been addressed by the draft environmental impact statement; and

WHEREAS, another issue is that noise data for F-18, F-22 and F-35 aircraft are omitted from the draft environmental impact statement, despite the likely use of the airspace by these significantly louder aircraft, and independent analysis of the noise data has not been completed; and

WHEREAS, no meaningful mitigation measures have been considered or suggested to protect the people and environment regarding these concerns and the State would have no binding control over low-level flight activity; and

WHEREAS, the Penobscot Nation, a federally recognized sovereign Indian tribe, has serious concerns about the effects of this proposal, and the approximately 47,600 acres of tribal lands affected by the proposed expansion of military training flights are lands that were recovered by the Penobscot Nation under the terms of the federal Maine Indian Claims Settlement Act of 1980, 25 United States Code, Sections 1721 to 1735; and

WHEREAS, this proposal may result in unintended restrictions on the uses of the tribe's lands and resources, which may constitute a violation of the Maine Indian Claims Settlement Act of 1980, and an executive order of the President of the United States and federal law require that all federal agencies formally consult with federally recognized Indian tribes when their proposed actions potentially affect such tribes, and to date the Massachusetts Air National Guard has not initiated the required consultation process; and

WHEREAS, communication between the Massachusetts Air National Guard, the citizens of the State and the Governor of Maine has been incomplete and the Massachusetts Air National Guard has been unresponsive to questions and requests for information; and

WHEREAS, important environmental issues in the State have not been properly addressed, such as how these flights will affect endangered and protected species, such as the Barrow's Goldeneye duck and the American Bald Eagle; and

WHEREAS, the impact of the flights on the locations of present and future wind energy sites has not been properly addressed and the safety of the aircraft flying out of local airports has not been properly addressed; now, therefore, be it

RESOLVED: That We, your Memorialists, on behalf of the people we represent, take this opportunity to express our dissatisfaction with the present notification and hearing process for low-level flights over the western portion of our State and we urge the Maine Congressional Delegation to request that any action by the Federal Aviation Administration be delayed until the draft environmental impact statement is complete and addresses all the above identified concerns; and be it further

RESOLVED: That We call upon the Maine Congressional Delegation to urge the Federal Aviation Administration to hold a public hearing on this proposed airspace change and to request the Massachusetts Air National Guard to withdraw proposals to modify the Condor military operating areas until the previous requests are implemented; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Massachusetts Air National Guard and to each Member of the Maine Congressional Delegation.

JOINT RESOLUTION IN SUPPORT OF THE NEW ENGLAND SECONDARY SCHOOL CONSORTIUM

WHEREAS, the New England Secondary School Consortium is a multistate partnership to promote and advance higher educational aspirations, performance and attainment among the adolescents of Maine, Connecticut, New Hampshire, Rhode Island and Vermont and it has been and will continue to be a force for enhancing the quality of Maine's system of public secondary education; and

WHEREAS, Maine must transform its educational policies, assessment practices, teaching strategies, professional development and state and local leadership to ensure that its students will not only be competitive with their peers across New England and the globe, but that every student graduates prepared for success in the colleges, careers and communities of the 21st century; and

WHEREAS, the New England Secondary School Consortium is fostering a coordinated regional effort to build broad-based support for its major initiatives among educators, policy makers and business leaders, while also engaging parents and community members in the educational process through school involvement, positive messaging, community outreach and cross-state networking; and

S.P. 579 L.D. 1501

Majority - **Ought Not to Pass** (8 members)

Minority - **Ought to Pass as Amended by Committee Amendment "A" (S-361)** (4 members)

Tabled - February 9, 2010, by Senator **DAMON** of Hancock

Pending - motion by same Senator to **ACCEPT** the Majority **OUGHT NOT TO PASS** Report

(In Senate, February 9, 2010, Reports **READ**.)

On motion by Senator **RAYE** of Washington, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Franklin, Senator Gooley.

Senator **GOOLEY**: Thank you, Madame President. I would just like to say something about this particular legislation. It is about the light capital or the maintenance surface treatment known as MST. It is severely underfunded. This LD proposes to generate funding, surplus funds, to help put more paving on Maine roads. It is the right thing to do. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Damon.

Senator **DAMON**: Thank you, Madame President. Ladies and gentlemen of the Senate, as has been mentioned, the light capital program of the Highway Fund Budget that deals with the maintenance of our roadway, the MST, is severely underfunded. In past sessions of this Body we have worked to try to solve that underfunding problem with a sustainable effort to no avail and so the problem continues about not being able to take care of our roads. This bill, though well intentioned, does not do that and it was recognized that way by a certain majority of the Transportation Committee. What it intends to do is to take money that has been budgeted for one thing and move it to an area that has a deficiency, that is the maintenance surface treatment. If we have a surplus, unexpended revenues in a particular account, this bill proposes to put those towards that end. It's a good deal. It's something, however, that we already do. The committee has recognized that whenever there are surpluses at the end of a budget year, whether they come from personal services or whether they come from any of the other categories within the budget, they will be used for either capital, that's roads and bridges, or they will be used for maintenance surface treatment, which is what this bill suggests. The fact of the matter is, ladies and gentlemen, that this bill is not necessary. It is already practiced. We are already squeezing every last penny that we can from a penny pie that is really too small. I would urge that the chamber vote on the recommendation of the committee, that is Ought Not to Pass. Thank you, Madame President.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Courtney.

Senator **COURTNEY**: Thank you, Madame President. Men and women of the Senate, I appreciate the opportunity to speak on this bill. I think this is part of a more comprehensive plan from this side of the aisle to put forth commonsense solutions to try to solve these problems that we have without raising the gas tax. We heard a moment ago that money has been in the budget for one thing and used for something else, alluding that this money has been budgeted. This bill very clearly distinguishes it would be excess revenues that would be used not currently budgeted revenues. Obviously when you are on this side of the aisle you know how to count pretty well and we know the outcome of this. Having said that, I think that by bringing this issue forward we've already had somewhat of a victory because this Transportation Budget that was submitted by the Chief Executive already does half of what we were trying to do on an annual basis last year, which we were unable to do. At least 300 of the 600 miles are going to receive the surface maintenance treatment. I hope that we will continue to find ways to work together. I would encourage you to defeat the pending motion, but I understand the ultimate outcome. We will continue to put forward commonsense idea so that we can, hopefully, come up with solutions by working

together that will be better than either of us thought we could come up with in the beginning. Thank you, Madame President.

THE PRESIDENT: The pending question before the Senate is the motion by the Senator from Hancock, Senator Damon to Accept the Majority Ought Not to Pass Report. A Roll Call has been ordered. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

The Secretary opened the vote.
