WHEREAS, the Honorable Dan A. Gwadosky, of Augusta, passed away on August 10, 2011 at the age of 57, with his loving family at his side, after living a vital and energetic life of commitment to other people and to the State of Maine; and

WHEREAS, as the Speaker of the House, Mr. Gwadosky's goals were to reform the legislative institution and build a new sense of civility, cooperation and common purpose in the House of Representatives, which he did during a difficult transitional period; and

WHEREAS, in 1997, Mr. Gwadosky was elected Maine's 46th Secretary of State, serving for 8 years and helping to bring his office into the digital age and serving as President of the National Association of Secretaries of State from 2002 to 2003; and

WHEREAS, the untimely passing of the Honorable Dan A. Gwadosky has saddened not only those whose lives he touched, but the entire State of Maine; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Twenty-fifth Legislature now assembled in the First Special Session, on behalf of the people we represent, take this opportunity to honor the memory of Dan A. Gwadosky and his commitment, dedication and work for the people of the State of Maine; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to Cheryl Gwadosky and her family.

READ.

The SPEAKER: The Chair recognizes the Representative from Eagle Lake, Representative Martin.

Representative **MARTIN**: Thank you, Mr. Speaker. Mr. Speaker, Members of the House. About a month ago, many of us attended a memorial service and celebration of the life of Dan Gwadosky at the Augusta Civic Center. For those of us who have known Dan, frankly, from the years that he decided to run for the Legislature, it was a great loss and certainly not something that we expected. As a result of cancer, his life came to a quick halt.

Dan had a love for politics and served 18 years as a member of this body, both as assistant majority leader, majority leader, and subsequently replaced me as Speaker of the House. After he left, he then became Secretary of State and after fulfilling that responsibility, went and was appointed as director of lottery and alcoholic beverages for the state where he served his last years in public service. For those of us who knew Dan and worked with him, there was never a dull moment, and if it was dull, it quickly became undull, which is not a proper word to use but it just reminded me of his ability to make you laugh and to make you at the same time understand that there was an issue to be dealt with, but also understand that it was important to keep it on the light side when possible. There was never a time when Dan was without words or a time when he couldn't come to arriving at a solution for a particular problem because he worked hard at it and loved the work that he did. I could tell you many, many stories, and some of which I cannot repeat, of the years that we served together and worked in the Speaker's office or any other offices he occupied.

Just to illustrate how dedicated he was to public service, when the Appropriations Committee was meeting at the end of the session, I believe two days before we were to adjourn, there was an issue that arose and remember now that he passed away in August and in late June he was with us in the committee answering the questions as if nothing was wrong with his life or his health. That's the way he was and that's the way he worked throughout his career. What amazed me the most about Dan was his ability to deal with every person of any persuasion, Democrat, Republican, Independent or someone who agreed or disagreed with him, he was able to come to common ground and get to deal with the issue. There is absolutely no question that we will miss him in public service in this state, but we need to remember that we had him with us, so he devoted a great deal of his public life working for the state, sometimes leaving his family at home, even though he probably really didn't want to do that and probably would have rather been in Florida or along the coast riding in his convertible. Certainly I think it's clear to me that he leaves a tremendous legacy for both of his children, Josh and Jessica, and it's clear to me that they will forever remember as long as they live the devotion that he had to this state, his community and to all of us. So I am pleased to be able to say a few words here today in his memory and I am pleased also that we have with us his wife Cheryl with us and his sister Bonnie, who have been his life friends and his sister, of course, who was always the one I would call if I thought I had a problem with the majority floor leader. So it really is a pleasure for me to say a few words about him and I'm just sorry in many ways that he's not here to hear some of those words today.

Subsequently, this Joint Resolution was **ADOPTED**.
Sent for concurrence.

By unanimous consent, all matters having been acted upon were **ORDERED SENT FORTHWITH**.

SPECIAL SENTIMENT CALENDAR

In accordance with House Rule 519 and Joint Rule 213, the following items:

Recognizing:

Marc Miclon, of Buckfield, and the Oddfellow Theater, in Buckfield, for their providing entertainment to the Buckfield area the past 14 years. Mr. Miclon is the owner of Oddfellow Theater, a 150-seat live venue, where he began hosting improvisational comedy shows on the stage. He also had many musical acts perform, and one of his first guests was Ray LaMontagne, who won a 2011 Grammy award for Best Folk Album, and who performed in Buckfield at least two dozen times. Mr. Miclon never accepted money for his acting in his own act, the Early Evening Show, which he modeled on the Tonight Show. We send Mr. Miclon our appreciation for his years of contributions to the community;

(HLS 762)

Presented by Representative HAYES of Buckfield.
 Cosponsored by Senator PATRICK of Oxford.

On **OBJECTION** of Representative HAYES of Buckfield, was **REMOVED** from the Special Sentiment Calendar.

READ.

The **SPEAKER:** The Chair recognizes the Representative from Buckfield, Representative Hayes.

Representative **HAYES:** Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. A decade and a half, essentially the lifespan of the youngest child, Mike and Kim Miclon have been an asset to my town and the surrounding

community and I really appreciate your indulgence to recognize some of their contributions here this morning. What's different now in Buckfield, Eastern Oxford County, because of Mike and Kim and their family's commitment and their contributions to our community? They spent some time of trying to take an inventory of what I knew on a personal level of what was different. Some of the things that I came up with are real strong bragging points and others are a little bit humorous. You've heard already about Ray Lamontagne, a local musician. You may have heard of the award winning EepyBird group. This is Fritz and Steve, better known as the Diet Coke and Mentos Guys. It's real interesting when you're traveling and that's how people know your home town, because of the guys that drop Mentos into sodas. Well, Mike Miclon has been very connected with these guys and their three boys, all of whom are here today, are in large part responsible for a very vibrant performing arts program at our local high school, so much so that now it's the cool thing to be in the play, it's the cool thing to be on the set crew, and when these folks, when the school community got together to do "The Wizard of Oz" this past spring, everybody was involved. It was fabulous. We would not have that vibrant performing arts program without the commitment that Kim and Mike have made to our town and our community.

We've also become a bit of a destination spot. Buckfield now has an office of tourism and if you show up at the theatre in October, you'll have an opportunity to learn more about how they promote the local area. We also had, at least based on what I've been able to determine, the only waterless synchronized swimming team in the State of Maine. It's hilarious to watch them perform. Buckfield has in fact more jugglers per capita than any other town in the State of Maine, we're just all trying to figure out how to make a living doing it, and we have a tag line that Mike uses consistently. He travels far and wide entertaining. If any of you are going to the Efficiency Maine annual dinner later in October, Mike will be the MC for that event. You'll have a chance to experience his humor firsthand. But basically when Mike ends a show, he ends it with "Buckfield, who knew?" The reason we can say that is because of Mike and Kim and the commitment they've made to our community and their three sons Collin, Shane and Brian, and I thank you so much for allowing us this little bit of time to recognize their contributions.

The **SPEAKER:** The Chair recognizes the Representative from Freeport, Representative Webster.

Representative **WEBSTER:** Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. I would like to take a brief moment to also recognize Mike and Kim and remind you that they are members of the creative economy. They are among the many who bring tourism to the State of Maine, bring vibrancy to our schools, create the creative urge that provides the opportunity for young people to want to solve problems and to contribute to this state, and having had the opportunity to work with Mike and to have seen the Early Show, I can only recommend to you it is time well spent to go and see the show. But who knew? Thank you.

Subsequently, the Sentiment was **PASSED** and sent for concurrence.

Recognizing:

Janie Pitcher, of Etna, on the occasion of her retirement as the Finance and Human Resource Officer for the Town of Hampden after 9 years of exemplary service. Ms. Pitcher started out as a part-time finance clerk and progressed to the position from which she is retiring. She is known for her professionalism

and caring and compassionate manner. Ms. Pitcher has also contributed to the community outside of municipal government. During Operation Iraqi Freedom, she and her husband Pete, a Purple Heart Veteran who served in the Vietnam War, organized a program to send care packages to a Maine unit. We join the Town of Hampden in sending Ms. Pitcher appreciation for her deep commitment to her profession, the community and the State of Maine. We extend our congratulations and best wishes to her on her retirement;

(HLS 787)

Presented by Representative CUSHING of Hampden. Cosponsored by Senator PLOWMAN of Penobscot, Representative RICHARDSON of Carmel.

On **OBJECTION** of Representative CUSHING of Hampden, was **REMOVED** from the Special Sentiment Calendar.

READ.

The **SPEAKER**: The Chair recognizes the Representative from Hampden, Representative Cushing.

Representative **CUSHING**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. One of the great pleasures of our role as legislators is to recognize those who have risen above the requirements of their employment to give greater service to their colleagues, employers, and communities. Today I wish to take a moment to recognize one of those individuals.

Janie Pitcher began her tenure with the town of Hampden as a part-time finance clerk, but quickly proved her value and willingness to help. She moved into the role of finance and human resources officer, and in doing so, built a system that provided the checks and balances necessary for good municipal financial management. Her diligent efforts on behalf of the community were instrumental in creating a financial accounting and recordkeeping system for the community that has resulted in unqualified audit opinions for the town and a stable fiscal basis for the community. Her work in human resources has helped the town's employees during the highest and lowest points in their lives and she has performed this work in a professional but caring and compassionate manner. Janie always performed her work for the town with the belief that the residents were valuable customers and should be treated with efficient service and respect. Her contributions continue beyond her employment with the town, not only because of the system she developed but because of her training of her successor. In addition, as was pointed out in the sentiment, Janie is also a worker on projects outside of municipal government as she has done during Operation Iraqi Freedom with her husband Pete and others, organizing care packages to send to units that were shipped from Maine. They have collected these donations for these packages from employees in the town office in Hampden, but much of the cost of assembling these packages was borne solely by she and her husband. She cared deeply, very deeply that is for the men and women overseas and wanted them to know there are people back home that cared and who remembered. The town of Hampden was fortunate to have her services. Janie Pitcher is a shining example of good government and is such a credit to her community, her family, and the State of Maine. Thank you, Mr. Speaker.

Subsequently, the Sentiment was **PASSED** and sent for concurrence.

In Memory of:

the Honorable Philip Roy Bennett, Jr., of Caribou, former Member of the House of Representatives and prominent member of his community. Mr. Bennett was born in Caribou and was a

graduate of Caribou High School, class of 1962. He received his Bachelor of Science degree from Fort Kent State Teachers College and taught school in Caribou for a number of years. He was also a freelance court reporter, owning and operating Bennett Legal Transcript Services. Mr. Bennett represented Caribou in the Maine Legislature for 3 terms, from 1975 to 1978 and 2003 to 2004. He also served on the Caribou City Council for 25 years, serving as Mayor of Caribou for 6 terms. Mr. Bennett served as a reserve police officer with the Caribou Police Department as well as a deputy sheriff with the Aroostook County Sheriff's Department. We acknowledge Mr. Bennett's deep commitment to his community and to the State. He will be greatly missed and long remembered by his loving family, his many friends and those whose lives he touched;

(HLS 781)

Presented by Representative MARTIN of Eagle Lake. Cosponsored by Senator JACKSON of Aroostook, Representative EDGECOMB of Caribou, Representative AYOTTE of Caswell, Representative CLARK of Easton, Representative FITZPATRICK of Houlton, Representative LONG of Sherman, Representative THERIAULT of Madawaska, Representative WILLETTE of Mapleton, Representative WILLETTE of Presque Isle, Senator SHERMAN of Aroostook.

On **OBJECTION** of Representative MARTIN of Eagle Lake, was **REMOVED** from the Special Sentiment Calendar.

READ.

The **SPEAKER**: The Chair recognizes the Representative from Eagle Lake, Representative Martin.

Representative **MARTIN**: Thank you, Mr. Speaker. Mr. Speaker, Members of the House. The sentiment that you have before you clearly lays out Phil Bennett's life representing the people of Caribou as a teacher and as a legislator, and he served three terms in this body with me and was always very active in the community as well. Last week, he passed away at a young age and it was rather unfortunate but those things, basically, life, we never know what it brings to all of us. But he was one heck of an individual and served the people of Caribou extremely well.

Subsequently, the Sentiment was **ADOPTED** and sent for concurrence.

PETITIONS, BILLS AND RESOLVES REQUIRING REFERENCE

Pursuant to Joint Order

Commission to Reapportion Maine's Congressional Districts

Bill "An Act To Reapportion the Congressional Districts of the State" (EMERGENCY)

(H.P. 1195) (L.D. 1590)

Sponsored by Representative FOSSEL of Alna.

Submitted by the Commission to Reapportion Maine's Congressional Districts pursuant to Joint Order 2011, H.P. 1186.

Under suspension of the rules, the Bill was given its **FIRST READING WITHOUT REFERENCE** to a committee.

Under further suspension of the rules, the Bill was given its **SECOND READING WITHOUT REFERENCE** to the Committee on **Bills in the Second Reading**.

Representative FREDETTE of Newport **PRESENTED House Amendment "C" (H-681)**, which was **READ** by the Clerk.

The SPEAKER: The Chair recognizes the Representative from Newport, Representative Fredette.

Representative FREDETTE: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. I first would like to thank the Speaker for the opportunity to serve on this commission. I'd like to thank the members of the commission that spent many days and nights this summer working on this task force. In particular, the people in this body, Representative Les Fossel, Representative Rich Cebra, Representative Henry Beck, Representative John Martin, and Representative Joan Welsh that worked very hard on this task and ultimately is coming forward today with a unified plan to seek its adoption here, Mr. Speaker.

I would just like to say in beginning that Maine is not Washington, D.C. In Washington, D.C., we see a paralysis on many issues including fighting multiple wars on multiple fronts, economic conditions of near stagflation that don't get properly addressed, and a budgeting process that is done by continuing resolutions rather than setting priorities of dealing with priorities and a proper debt process to deal with those priorities. Here in Maine, we have been able to work together as a consensus within both bodies and the Governor's office to pass a budget by a two-thirds, to pass regulatory reform, LD 1, by two-thirds, and I ask this body today to pass this bill which is a unified plan to redistrict our two Congressional seats by a two-thirds vote. And I don't think that's insignificant in this day and age that we're able to do that and that we as a body are able to do that.

We are here today because of a case brought before in the federal courts called *William Desena & Sandra Dunham versus the State of Maine*, and in that case, essentially what we determined was is that there needs to be one person and one vote, which essentially means that we have two Congressional Districts and that the bottom line is that we need to have equality in the number of voters in both of those districts. The plan that we put forth today, Mr. Speaker, does that and so I think we've accomplished the task that the federal court has designated for us. It eliminates multiple concerns that we had in terms of the process going forward. We had possible federal action that could have been taken had we not been able to reach a consensus in the federal courts, we had possible state court action in the State Supreme Court had we not been able to reach a consensus, and

we had a possible statewide resolution which could have also added some uncertainty to this process. And so I think that both parties have stepped forward and have stepped up to reach an agreement which provides a plan which meets constitutional statutory standards. The plan has only a deviation of one. It splits only one county. It does not split any towns. It meets compactness and contiguous tests, and it's something that both parties have reached as a consensus. I think that that is a terrific accomplishment of both parties. I want to congratulate the leadership of both the House and the other body and the Governor's office and the people on the commission, and I would ask that the people in this body today follow my light and support this amendment. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Eagle Lake, Representative Martin.

Representative MARTIN: Thank you, Mr. Speaker. I join in the words of the Representative from Newport, Representative Fredette, in urging everyone in this body to support the amendment that you have before you. Amendment "C" solves the problem of the bill, solves the problem of House Amendment "A" and no need for me to offer House Amendment "B." And so all in one amendment we are able to solve the issue before us and to bring this matter to a close. It's been an interesting summer. We met more times than perhaps some of us wanted to, but eventually it got to a successful, in a way I want to say victory for the people of Maine, so that we don't have to bring this any further through the courts or any other process. It could have been, I think, a very awful process and as some of us talked, especially the Representative from Newport, Representative Fredette, I think on Thursday or Friday of last week, are we going to have a train wreck or not, and in the end we came together and that, I think, proves the ability of people working together if they want to get there and so I urge your unanimous support for the amendment.

The SPEAKER: The Chair recognizes the Representative from Waterville, Representative Beck.

Representative BECK: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. I oppose adoption of House Amendment "C." I, too, thank all the fellow members of the commission for their work, but I oppose this change to Maine's Congressional District lines because a formal plan to move Waterville and Winslow to a new Congressional District never received a formal public hearing. It would not be, I don't think, a violation of the court's order or a train wreck to have held a formal public hearing on this plan. I am also most concerned that the Waterville/Winslow area will lose a federal Congressional District office in downtown Waterville, which provides service to thousands of residents in Kennebec and Somerset Counties. Thank you, Mr. Speaker.

Subsequently, **House Amendment "C" (H-681)** was **ADOPTED**.

Under further suspension of the rules, the Bill was **PASSED TO BE ENGROSSED as Amended by House Amendment "C" (H-681)** and sent for concurrence.

By unanimous consent, all matters having been acted upon were **ORDERED SENT FORTHWITH**.

At this point, the Speaker recognized the Representative from Auburn, Representative BOLDUC, and he was added to the quorum call of the First Special Session of the 125th Legislature.

Representative PLUMMER of Windham moved that the
House **ADHERE**.

The SPEAKER: The Chair recognizes the Representative
from Windham, Representative Plummer.

Representative PLUMMER: Thank you, Mr. Speaker. Mr.
Speaker, Men and Women of the House. The Criminal Justice
and Public Safety Committee put in a long day yesterday
rehashing, in essence, a bill that we had passed initially last
spring and the bill was watered down for fear that we could not
find the funding. Some of us came to realize that that was a
mistake and I do appreciate the people that worked on that bill in
the Criminal Justice Committee and how hard the committee
worked. Some people have called the bill we passed useless. I
don't agree with that. It gave us the foundation for building the

work that we built yesterday. The Criminal Justice Committee delivered a report to this body, which we believe was the best possible bill that we could introduce. It is still the best possible bill that we could introduce and for some reason there are members of the other body who would like to see it, in my words, watered down again, because I do not support watering this bill down. I believe that we must adhere, send it back to the other body and let them vote affirmatively on LD 1589. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Portland, Representative Haskell.

Representative HASKELL: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. I rise in concurrence with the motion just made by the good Representative from Windham, Representative Plummer, and I also would hope that this body would support us in adhering to the work that we did, both the work that we did in the committee. That work was not done callously or slowly or without extreme regard for both sides of the issue around drugs in our culture and drugs in our state, the harm that's been done and that's being done. This bill is consistent with the other serious drugs that are in our code. It is consistent with heroin and methamphetamine and with cocaine, and to think that this drug is less serious than any of those is solely misrepresented by the testimony that we heard yesterday and the information that we received and looked at carefully in our committee, both when the first bill came forward from Representative Berry and when this bill came forward from Representative Damon. I appreciate those bills being brought forward to the committee, but I believe that the action that we took in this body is consistent with the unanimous Committee Report and I urge the adherence of the House to the vote that we took earlier today. Thank you, Mr. Speaker.

Subsequently, the House voted to **ADHERE. ORDERED SENT FORTHWITH.**

The House recessed until the Sound of the Bell.

(After Recess)

The House was called to order by the Speaker.

Emergency Measure

An Act To Criminalize Possession, Trafficking and Furnishing of So-called Bath Salts Containing Synthetic Hallucinogenic Drugs

(H.P. 1192) (L.D. 1589)
(C. "A" H-682)

Was reported by the Committee on **Engrossed Bills** as truly and strictly engrossed.

The SPEAKER: The Chair recognizes the Representative from Bowdoinham, Representative Berry.

Representative BERRY: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. I rise in support of the pending Enactment of this legislation and I do so thinking of one constituent, in particular, and his family who testified yesterday on the bill and the promise that I made to them that we would do not only what is in this bill, which they supported, but also what is not in the bill. Over the next year, we must make sure our courts, treatment providers, law enforcement, corrections, and public health systems all have the resources they need to respond to

this new epidemic. The measures that we enact today will provide very important tools to all of those individuals and stakeholders, but I don't think they'll provide everything that is needed. We protected some things in the budget that will help enormously to provide what is needed. Great strides are being made in educating the public through Healthy Maine partnerships. Great work is being done by the Office of Substance Abuse, by medical practitioners, by law enforcement around our state, and what we do here will help those individuals to do their job. But I think it's safe to say that bath salts are here to stay, at least for now. The test of this coming year will be whether we have the will to address the coming threat on all fronts, including proper education and treatment. Ten years from now I believe we can and should look back on bath salts as we look back today on PCP. We followed through on our actions with robust treatment and education. That day will arrive sooner. So our work today is the first step, it's an important one, there is more to be done and I look forward to tackling those steps with everyone here in January. Thank you, Mr. Speaker.

Representative SANDERSON of Chelsea

The SPEAKER: The Chair recognizes the Representative from Millinocket, Representative Clark, who wishes to address the House on the record.

Representative **CLARK**: Thank you very much, Mr. Speaker. Mr. Speaker, Men and Women of the House. On the record, I'm going to keep you for a little while, ladies and gentlemen. I've been waiting for this for a long time. I want to give you a little report on what's happening in the Katahdin area. If you haven't been reading the papers, we have a new buyer. With the new buyer comes people are being hired as I speak, will go back to work. One hundred and fifty people to start with. We're going to start a number 6 paper machine. We already have contracts with pulp, getting people back into the mills. They have orders come the second in October to ship paper, so on behalf of myself and everybody in the Katahdin area, the people who stuck with me, the lawyers who didn't think it was going to go anywhere. Lawyer people thought the mills were never going to start, but the mills are going to start and I want to thank each and every one of you for being part of it and hope it stays on forever. Thank you very much, Mr. Speaker.

Subsequently, the Committee reported that they had delivered the message with which they were charged.
