SENATE PAPERS

The following Joint Resolution: (S.P. 651)

JOINT RESOLUTION MEMORIALIZING THE PRESIDENT OF THE UNITED STATES AND THE CONGRESS OF THE UNITED STATES TO ADEQUATELY FUND THE LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM

WE, your Memorialists, the Members of the One Hundred and Twenty-fifth Legislature of the State of Maine now assembled in the Second Regular Session, most respectfully present and petition the President and the Congress of the United States as follows:

WHEREAS, the Low-income Home Energy Assistance Program is a necessary federal program that was created in 1981 to replace a patchwork of federal energy assistance programs that arose from the energy crisis of the 1970s, and since that time this program has helped the people of Maine who need fuel assistance; and

WHEREAS, Maine, one of the most oil-dependent states in the nation, has received \$39,981,695 to fulfill its program obligations, down from \$56,600,000 last year; and

WHEREAS, approximately 64,000 families in Maine receive aid through the Low-income Home Energy Assistance Program, with an average benefit last year of \$804, and 53% of the households served include low-income senior citizens or persons with disabilities; and

WHEREAS, the decrease in funding will disproportionately affect the New England states, which are already facing a 25% increase in the cost of home heating oil this year, and these states have a dire need to have the funding restored; and

WHEREAS, the Low-income Home Energy Assistance Program is crucial to those Maine families who are relying on the federal program to help with weatherization costs for their homes and with winter fuel bills, and this reduction in funding is a devastating blow to people already hit hard by the recession; now, therefore, be it

RESOLVED: That We, your Memorialists, respectfully urge that legislation be enacted by the Congress of the United States to restore funding in the 2013 fiscal year budget to at least \$4,700,000,000, as provided in the 2011 fiscal year budget; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Barack H. Obama, President of the United States, the President of the United States Senate and the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

READ.

The **SPEAKER**: The Chair recognizes the Representative from Newcastle, Representative McKane.

Representative **McKANE**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. I know I speak for the entire Damariscotta community and for Lincoln County of how proud we are of our little hospital, which really isn't so little anymore and doesn't seem like a rural hospital because it does everything. It has grown over the years, has huge community support as a focal point in the district. It employs a lot of people in our district and they have once again, and they've done this before, but once again have shown that they are a leader in Maine's health care network. So congratulations to Miles Hospital.

Subsequently, the Sentiment was **PASSED** in concurrence.

READ.

Representative PLUMMER of Windham moved that the House **ACCEPT** the Majority **Ought Not to Pass** Report.

The SPEAKER: The Chair recognizes the Representative from Windham, Representative Plummer.

Representative **PLUMMER**: Thank you, Mr. Speaker. This bill, along with a companion bill, that would have made it a crime to not report a missing child received a lot of comment and a lot of consideration. In the end, one of the bills was voted unanimously Ought Not to Pass and this bill had a 12-1 Report, Ought Not to Pass. There are numerous problems including the Constitution and the constitutional guarantee that people are not required to testify against themselves. We reached this conclusion after extended work session. Nobody expressed that they wanted an individual to get away with harming a child, but this bill did not seem to fix this problem. The committee very strongly urged a vote of Ought Not to Pass on this bill. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Augusta, Representative Blodgett.

Representative **BLODGETT**: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. I would be that 1. I rise today to ask you to please vote no on the Majority Report of Ought Not to Pass and to vote yes on the Minority Report as amended, LD 1634, "An Act To Establish Certain Crimes Relating to Missing or Deceased Children." Before submitting this bill, I heard from more than 100 citizens and constituents to submit this bill, as I'm sure many of you heard the same thing. Thousands of our constituents cannot be wrong and that is who we work for and who elects us. Representative Olsen and I made the final cut.

This bill, my original bill, was that to make it a Class C crime to not report a child missing and to also make it a Class C crime of somebody that knew that this child was missing or deceased

was to report that. I spoke with many people on this bill, one of which was the police chief from Waterville, Police Chief Massey, who is in favor of a strict crime as you could get under the law in this case. This bill gives children a voice. No, this may not be a perfect bill, but this is a start. There is no crime at this time to not report a child missing or deceased. I met with the Criminal Law Advisory Commission and they stated that there was no crime at this time for this, for a child being missing.

Some people stated that this was a knee-jerk reaction to the Caylee Anthony case in Florida. Well, actually it may have brought it to our immediate attention, but this is for all children and to give them a voice in our court system, not just on a telephone pole. A specific crime for a specific child and that child could be one that you know. Ayla Reynolds would think that it is important enough. What was decided was that a letter to the Attorney General to form a force on what could be done. Well, I think our constituents and we know what should be done, and they expect us to do the right thing and to make this important to our state and to our children. It's not about us today and how we feel. It's about our constituents and the children. In Florida, that proposal right now has passed and it goes to the governor at the present time to be signed.

In closing, I ask that you please vote down the pending motion so that we can all have the opportunity to voice our individual opinions on this very important bill and to vote for the Minority Report, Ought to Pass as Amended. Thank you.

The SPEAKER: The Chair recognizes the Representative from Portland, Representative Haskell.

Representative **HASKELL**: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. I'm on the Ought Not to Pass on this bill. This is one of those bills in our committee where we look for a button that says "Reluctantly Ought Not to Pass" because we'd like to find an opportunity to be able to resolve what are very difficult situations. However, this bill imposes a series of concerns which, in the opinion of those folks who were on the committee, can't be overcome.

First of all, in the State of Maine, there are very few mandatory reporting crimes and those are mostly by mandatory reporters like physicians, teachers, etcetera. In this case, we are making it illegal not to do something. That is a huge step. Our criminal code is filled with laws about what you do do, not what you do not do. One of the concerns about this is the negative unforeseen consequences which might occur with a bill like this. For instance, would a parent, a neighbor, an aunt, someone who thought that they ought to be looking out for this child be concerned about calling and reporting it because they might be accused of a crime? For instance, if a few days later somebody said, "You know, I think I saw something, maybe I ought to call and give the police some information," but they hesitate to do that because they say "Wow, I didn't call in the first 48 hours, maybe I'm going to be convicted of a crime." If in any case information was withheld, that would be far more harmful to that one child than the passage of this bill. This does place an undue or has the potential to place an undue burden on concerned caregivers who are extremely likely to act responsibly. That was the position of the DAs when they came forward on this bill. The reality is anyone who covered up a crime, they are unlikely, very unlikely to be influenced by a reporting law if they were the one who covered up the crime.

The other issue, which they are facing in the notorious case that we've all heard so much about, is the constitutional bar on self incrimination. If you were the person who committed that crime and you reported it, you couldn't be taken to court for your failure to report that. That wouldn't have been a consideration because that would have been self incrimination. So I think it's

important that this is not solving a problem. It would feel good. We'd all like to feel better about this, but we truly can't legally feel better about this. We have statutes in the State of Maine regarding endangering the welfare of a child and that would be endangering the welfare of a child. This is not something that's happened here in this state. As a matter of fact, it's the other way around. In this state people feel very comfortable picking up the phone and saying "Something isn't right. I need your help." So I urge you to support the Majority Ought Not to Pass Report. Thank you.

Representative BLODGETT of Augusta **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought Not to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The **SPEAKER**: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought Not to Pass Report. All those in favor will vote yes, those opposed will vote no.
