An Act Regarding the Matching Funds Provisions of the Maine Clean Election Act

(S.P. 612) (L.D. 1774)  
(H. "C" H-780)

Was reported by the Committee on **Engrossed Bills** as truly and strictly engrossed.

On motion of Representative CAREY of Lewiston, was **SET ASIDE**.

The SPEAKER: The Chair recognizes the Representative from Lewiston, Representative Carey.

Representative **CAREY**: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House, 10-18 is the final vote that we will have unless we do the right thing and vote Ought Not to Pass on this bill, the final vote we'll have on a bill that will significantly harm the Clean Election system. As you know, this will remove at least a million dollars out of the matching funds program, an amount of money that the people saw was important to make this a sufficient and ample opportunity for any of our neighbors who want to run against us to serve here. Mr. Speaker, I ask for a roll call and ask the members of the House to vote with me in insisting that this bill continue to have a solution that the voters of Maine expect. Thank you, Mr. Speaker.

The same Representative **REQUESTED** a roll call on **PASSAGE TO BE ENACTED**.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The **SPEAKER**: The Chair recognizes the Representative from Portland, Representative Russell.

Representative **RUSSELL**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. This is a bill that on one hand does nothing. It strips language that is already ineffective, thanks to the Supreme Court ruling. On the other hand, it guts a system that the people of Maine put in place many years ago. It guts a system that works. It removes a million dollars which is interesting because if you look at the budget report, it actually says there is a savings of \$2.5 million. I'm not quite sure where the rest of the \$1.5 million comes from. And this is the last opportunity to do the right thing. And while we all may philosophically disagree on whether public financing is something that we want to see, the people of Maine have consistently supported this program. It's easy to look back and say, oh well, this was voted on many years ago.

The **SPEAKER**: Will the Representative defer? The House is in order. The Representative may proceed.

Representative **RUSSELL**: Thank you, Mr. Speaker. We may be able to look back and wonder, well, do they really feel that way? Well, we're out collecting Clean Elections checks, those of us who are running clean this year, and people are continually writing us checks every two years, \$5. So if they don't support the program, why do they continue writing \$5 checks? If they don't support the program, why do they continue to check off on the tax returns every year that they want to see this program move forward? Why, because I would argue that the people of Maine genuinely support this program, and, yes, you can go back and you can say we saved it, that's great spin, but let's be honest. We all know this is about gutting the program. Early on this year, some said "Well, maybe this is just going to be a negotiation tool for the budget." I said, "No, I actually think that the majority party wants to eliminate the Maine Clean Election Act." I don't think this is a negotiation tool whatsoever. I think, just like many others believe, that this is part of a strategy to make sure that we're able to keep ourselves in power. Those of us who have access to capital, those of us who can call on lobbyists and corporate interests and special interests, those of us who are already in power have the ability to raise money. We are at a competitive advantage over anyone else who would like to challenge us, and that's the brilliance of the Maine Clean Election Act. It allows people to challenge power. It allows people to run for office.

This was brought to us by the people. Why is it impossible to pass the requalifying option, which is the option that the Clean Elections Commission, the Ethics Commission, recommended that we pass and send it to the people? Why is this bill moving forward through the Legislature without any consideration of what the people of Maine want? There are ample opportunities that

this Legislature has had over the years on things such as term limits, where we sent something back to the people for approval if we changed something that the people brought to us. But no, we chose to take the back route around this. We chose to skirt around the issue. We chose to not face our own people on this issue, and because of that, I don't think this bill should move forward. I find it unconscionable that we would do the exact opposite of what the people of Maine actually asked. So with all due respect, Mr. Speaker, I move Indefinite Postponement of LD 1774 and all its accompanying papers.

The same Representative moved that the Bill and all accompanying papers be **INDEFINITELY POSTPONED**.

Representative **CURTIS** of Madison **REQUESTED** a roll call on the motion to **INDEFINITELY POSTPONE** the Bill and all accompanying papers.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The **SPEAKER**: A roll call has been ordered. The pending question before the House is Indefinite Postponement of the Bill and all accompanying papers. All those in favor will vote yes, those opposed will vote no.

#### **ROLL CALL NO. 254**

SENATE DIVIDED REPORT - Majority (12) **Ought to Pass** - Minority (1) **Ought Not to Pass** - Committee on **INLAND FISHERIES AND WILDLIFE** on Bill "An Act To Allow the Change of Location of a Licensed Large Game Shooting Area" (EMERGENCY)

(S.P. 630) (L.D. 1822)

- In Senate, Majority **OUGHT TO PASS** Report **READ** and **ACCEPTED** and the Bill **PASSED TO BE ENGROSSED**.

TABLED - March 14, 2012 (Till Later Today) by Representative DAVIS of Sangerville.

PENDING - Motion of same Representative to **ACCEPT** the Majority **OUGHT TO PASS** Report.

The SPEAKER: The Chair recognizes the Representative from South Portland, Representative Eberle.

Representative **EBERLE**: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. Some of you might be surprised to find out that Maine has these kinds of facilities, commercial, large game shooting areas, sometimes referred to as canned hunting or captive hunts. Commercial large game shooting areas are defined as enclosed areas in which large game are kept and a fee is charged to pursue and kill, or pursue and attempt to kill, large game. Under this law, large game means domesticated deer, elk, boar and bison. The state has 11 of these types of facilities. A supporter of one of the facilities in the state described it as a place where people who don't like to get their hands dirty and just want to take home a trophy can come and get that trophy. This is not an anti hunting, my position in opposition of the pending motion is not an anti hunting position, and in fact there are many hunters in the State of Maine who disapprove of this kind of facility. The state has a very clear intention with these facilities: when they go out of business, we

will not license any new ones. If one of these businesses fails, it will not be replaced. In this particular case, the business is failing and the owner wants to move it to a different location. This is moving the location of one of these existing facilities which is clearly not in the intention of the state to allow them, if they go under, not to be renewed. If the argument for this change, for allowing this location to change, is for economic development, it is a shameful approach to economic development. It does not represent and is in fact the antithesis of the true, honorable, fair heritage and tradition of hunting in the State of Maine. I ask you to vote with me and oppose the pending motion. Thank you.

The Chair ordered a division on the motion to **ACCEPT** the Majority **Ought to Pass** Report.

The SPEAKER: The Chair recognizes the Representative from Sangerville, Representative Davis.

Representative **DAVIS**: Thank you, Mr. Speaker. This proposal simply moves a business from one location to another. This business has been in the business for at least 12 years. There are a number of these hunting preserves or shooting areas or whatever you want to call it throughout the state. This one moves it from the town of Ripley to the town of Brownville, probably close to 50 miles north. The one in Ripley will be closed. It will not be a shooting area again and the new location will be in Brownville. There are many reasons for this. They have been using, the lodge that they have is in Brownville and they've been hauling their hunters back and forth between Ripley and Brownville. That's true, that is an economic expense. I'm sure all of us can recognize that. There are other reasons for this. I would urge that you vote for this. Thank you.

Representative CUSHING of Hampden **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass** Report.

TABLED - March 15, 2012 (Till Later Today) by Representative CURTIS of Madison.

PENDING - Motion of same Representative to **ACCEPT** the Majority **OUGHT NOT TO PASS** Report.

Representative CAREY of Lewiston **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought Not to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Lewiston, Representative Carey.

Representative CAREY: Thank you, Mr. Speaker. Mr. Speaker, fall in Maine will bring weather permitting beautiful foliage, the smell of apple picking and the disgust of negative ads that we're going to see in a number of federal and state races. These ads, you know them. They're scurrilous, they're misleading and they're divisive. They debase public service, demean the voters' intelligence and test their good will. Federal law for over a decade has tried to address this problem in federal races by requiring a Stand By Your Ad provision. You've seen it. "I'm Olympia Snowe and I approve this message." This bill, the amendment to this bill would simply extend that to state races and ensure that there is no loophole, depending on whether the ad was created by the candidate or by some kind of an outside group. It's that simple. "I'm Mike Carey and I approve this ad." If I'm going to put an ad on TV, I should stand by it. That's all this bill would require. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Auburn, Representative Beaulieu.

Representative BEAULIEU: Thank you, Mr. Speaker. Mr. Speaker, Men and Women of the House. Presently a person that makes an expenditure to finance a communication advocating for or against the candidates through broadcasting stations, cable

television, etcetera, if authorized by a candidate of their political committee, must state that the communication has been authorized by the candidate and further must state the name and address of the person who made or financed the communication. Likewise, if the communication is not authorized by the candidate, the communication must state that it is not authorized by any candidate, and state the name and address of the person who financed or made the communication possible.

The new addition to the law states that for both authorized and unauthorized communications via digital or electronic media, radio or television, the communication piece must include an oral statement by the person paying for the communication, including their name and the fact that they paid for the communication. In addition, any statement using video as part of the media communication must include a visual display of the person in the act of making the statement concerning name and payment.

Finally, if a communication is not made by an individual, the statement must be made by a principal officer of the organization or a person with significant decision-making authority for making the expenditure. Aside from raising constitutional questions, members on the Majority Report believe that the requirement to include an oral statement directly from the person who paid for the communication rather than what is presently being asked for in existing law, appeared to be an unnecessary step. In addition, to require that any video used in digital or electronic media presentations include a visual display of the person making the statement seemed an intrusion on privacy rights, and the ability of an individual to make a contribution to a candidate or any political or policy question without having to go beyond their personal choice to become a limited partner in the exchange of political ideas, in some way requiring an individual to assume a more public face against their will, could actually force them to remain silent in the political process, thereby giving up the First Amendment rights.

Finally, when an expenditure for a communication is made by an individual, it has to be a person in the organization with significant decision-making authority, for a statement about the communication is truly asking for less information than is presently available to any interested party right now. The committee did look very long and hard in order to find common ground on this bill. It was brought to our consideration about three or four times. Unfortunately, we were unable to reach this goal. In the final analysis, we voted Ought Not to Pass. We hope you will support this recommendation in your vote today. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Lewiston, Representative Carey.

Representative CAREY: I thank the good chair of our committee. He is correct. This bill came before us three or four times. There was an attempt to see if we could figure out a way to reach that common ground and, as a result, the language of this bill has been worked a tremendous amount. I worked with the Attorney General's office on exactly this question of constitutionality, so I want to share what I've learned on the question of constitutionality.

First, the bill, the Bipartisan Campaign Elections Act in which the Stand By Your Ad exists in the federal level has been challenged at the Supreme Court. Section 4 of the *Citizens United* case, which we all know goes into great depth and looks at the constitutionality, exactly the argument that my good chair has just raised about whether or not that infringes on free speech rights on candidates. They found that it does not. There are two states that I've found – and I'm comfortable that there are more – that go further than where the federal has done and simply expand that to outside groups as this law does, as this

amendment would do. The two states that have done that have gone further than we do in Maine. They have required exactly the type of disclosure of donors that we do not in this bill. So let's kind of pull back and see what this will mean in Maine and we need go no further than last fall's election for the other body in which five members, five candidates, received what would have been advertisement on their behalf. We have since heard in testimony before our committee that many of them did not want that on their behalf. Those ads, in fact, misspelled, mispronounced rather, one of our colleague's names, and for another colleague, had an absolutely horrendous display that was absolutely exactly what's wrong with elections in America today. This would simply say the person who said "I think that's a good idea," that they get up to say to the people of Maine "I think this is a good idea. Vote for my guy, vote for him." That's it. I think this is a good idea. I ask you to support my motion. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Saco, Representative Valentino.

Representative **VALENTINO**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. I rise today to oppose the motion on the floor. I would tend to agree with my good Chair that this may have been an unnecessary step years ago, but I think this is a very necessary step today as the gentleman from Lewiston so aptly said. Last election, over \$100,000 was spent by independent expenditures on a Senate seat. I think \$100,000 on a Senate seat certainly deserves some disclosure here in the State of Maine. This is the first time that we've used the media so much on really statewide elections. A Senator going on TV for a statewide election had really been unheard of before on that, but when you have a lot of money coming into the state I think it's necessary.

I, for one, also feel that many people, when they see an attack ad against the candidate, assume it's done by the opposing candidate. I, for one, would want to make sure that people know that if there's an ad going against my opponent, that I had nothing to do with it. I plan on running a positive campaign. I hope most of you plan on running a positive campaign, and I highly object to the independent expenditures that come in and throw money around and use this to help one candidate by tearing down another candidate. This was an unnecessary step maybe four years ago or six years ago, but this is certainly a necessary step in light of everything that has happened in the United States with the Supreme Court decision and the unbelievable amount of money that's now coming into the State of Maine. I think transparency is always good and this is something that will also help with transparency and it won't put a burden on the candidate, because I don't want people thinking that I'm running negative ads against my opponent because I have no intention of doing that. Thank you.

The SPEAKER: The Chair recognizes the Representative from Farmington, Representative Harvell.

Representative **HARVELL**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House. Ma, ma, where's my pa? Blaine, Blaine, James G. Blaine, continental liar from the State of Maine. In the 1800 election, Jefferson was accused of miscegenation. In the 1824 election, John Quincy Adams was accused of taking a sex slave to Russia for the Czar. Negative campaigning is part of American politics and it has been going on for 200 plus years. Lincoln wrote under a pseudonym until it got him into a duel. Hamilton so insulted Burr that they ended up dueling. The good Representative from Lewiston misses one point: The only reason negative campaigning continues is because it works. The day that it stopped doesn't work; both parties would stop it on a dime. But to imply that the people, after

200 years of being inundated with negative ads, do not understand its process just doesn't pass muster.

The SPEAKER: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought Not to Pass Report. All those in favor will vote yes, those opposed will vote no.
