**STATE OF MAINE
ONE HUNDRED AND TWENTY-SEVENTH LEGISLATURE
FIRST REGULAR SESSION
JOURNAL OF THE SENATE**

In Senate Chamber
Monday
June 22, 2015

Senate called to order by President Michael D. Thibodeau of
Waldo County.

Prayer by Senator Paul T. Davis, Sr. of Piscataquis County.

SENATOR DAVIS: Good morning. Let us pray. O Lord, as we enter the last days of time here in Augusta I ask that You dwell yourself in all the things that happen here and that the best for the people of Maine be what occurs, according to Your will. Have Your righteousness prevail, righteousness which exceeds all understanding. Let us remember that time is like the morning mist and it is soon passed and we are only here for a short time. Have us conduct ourselves so that long after today's issues are forgotten what we will remember is how well we treated each other. Guide us, Lord, in all the things that we say and do. In Jesus' name. Amen.

Pledge of Allegiance led by Senator Rebecca J. Millett of
Cumberland County.

Reading of the Journal of Friday, June 19, 2015.

Off Record Remarks

Senator **SAVIELLO** of Franklin requested and received leave of the Senate that members and staff be allowed to remove their jackets for the remainder of this Legislative Day.

COMMUNICATIONS

The Following Communication: S.C. 465

**STATE OF MAINE
127TH LEGISLATURE
OFFICE OF THE GOVERNOR**

19 June 2015

The 127th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 256, "An Act to Allow Nonresident College Students to obtain Hunting, Fishing and Trapping Licenses at the Resident Fee and with Resident Privileges."

Some legislation commits the minor, and forgivable, sin of ineptly addressing the right problem. Other legislation commits the major sin of trying to address the wrong problem. Somehow, this bill manages to commit both sins: ineptly addressing the wrong problem. LD 254 seeks to provide nonresident college students with hunting and fishing licenses at the cost of a resident's license; saving nonresident college students roughly \$100. In their zeal to encourage more hunting, supporters of this bill fail to recognize the stark reality that Maine is drawing nigh to a demographic death spiral – we are already experiencing negative population growth. The major sin here is striving for the wrong goal; providing benefits to nonresident students enjoyed by residents of this great State. Rather, we should be encouraging nonresidents to become residents of our State through all means at our disposal.

Not only does this bill miss the point in its objective, but it also suffers in its execution. In order for a nonresident to establish their eligibility for the benefits of being a resident, the Department of Inland Fisheries and Wildlife must verify that the student in question is between 18 and 24 years old and is enrolled full-time at a qualifying educational institution and has been enrolled there for at least one semester prior to applying for a license. The Department need not be conscripted to act as a college registrar in order for nonresident students to save \$100. This simply is not administrable.

For these transgressions, I return LD 256 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage
Governor

S.P. 94 L.D. 256

The Chair noted the absence of the Senator from Penobscot, Senator **CUSHING**, and the Senator from York, Senator **WOODSOME**, and further excused the same Senators from today's Roll Call votes.

The President laid before the Senate the following: "Shall this Bill become law notwithstanding the objections of the Governor? In accordance with Article IV, Part Third, Section 2, of the Constitution, the vote will be taken by the Yeas and Nays. A vote of yes will be in favor of the Bill. A vote of no will be in favor of sustaining the veto of the Governor."

**STATE OF MAINE
127TH LEGISLATURE
OFFICE OF THE GOVERNOR**

19 June 2015

The 127th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 647, "An Act To Require the Department of Health and Human Services To Update Its Rules Governing Services for Children with Cognitive Impairments and Functional Limitations."

This bill requires the Department of Health and Human Services to create a permanent working group made of staff, vendors, and advocates to review and recommend evidence-based services for children served under Section 28 of the MaineCare Benefits Manual.

This bill is unnecessary because the Department already evaluates appropriate evidence-based treatment for children with developmental disabilities. Currently, the federal Substance Abuse and Mental Health Services Administration and the Centers for Medicare and Medicaid Services approve one evidence-based treatment, ABA therapy, for children with Autism Spectrum Disorder. As the federal government changes its treatment recommendations, so, too, does the State.

This bill is yet another unfunded mandate that will result in a report. It accomplishes nothing. For these reasons, I return LD 647 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage
Governor

**STATE OF MAINE
127TH LEGISLATURE
OFFICE OF THE GOVERNOR**

19 June 2015

The 127th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1079, "Resolve, To Support and Encourage the Development of an Adult Family Care Demonstration Project in Washington County."

This resolve directs the Department of Health and Human Services to review residential care facility reimbursement, and create a new level of reimbursement for individuals aging in place at those facilities. The resolve also requires the Department to develop a plan for a demonstration project in Washington County to establish facilities with suite-type settings, and to report back to the Legislature regarding its findings.

The Department is already undertaking work to identify the need and appropriate reimbursement for residential care services across Maine. Indeed, the resolve notes that the Department's review "may include other reviews that the department is currently undertaking" in this exact area. In other words, this resolve is duplicative of work being performed. This resolve will turn into another report gathering dust on the shelf.

It is unclear why the Department, rather than the private sector, is responsible for developing a plan for a suite-style residential care facility in a particular county. There is nothing prohibiting the creation of a suite-style facility today. The Department cannot force any company to participate in such a pilot project, anyway. The private sector is much more nimble and creative than state government, and far be it from me to try to usurp the private sector's role.

For these reasons, I return LD 1079 unsigned and vetoed. I strongly encourage the Legislature to sustain it.

Sincerely,

S/Paul R. LePage
Governor

19 June 2015

The 127th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1123, "An Act To Amend the Campaign Reports and Finances Laws and the Maine Clean Election Act."

This bill seeks to amend the reporting requirements on campaigns for political office. For the most part, the changes are merely form-over-substance changes that do nothing to enhance or strengthen the reporting laws. For example, the bill requires that when prerecorded automated telephone calls and scripted live telephone communications that name a candidate during the 21 days before a primary election or the 35 days before a general election must state both the name (which is already required) and the *address* of the person who made or paid for the calls. Requiring the caller or person who paid for the calls to give an address adds no value to the campaign reporting laws at all.

Similarly, the bill provides that when a political action committee (PAC) is facing a penalty for a failure to file a report or for filing a report late, the statement the PAC provides does not have to be a sworn statement. Rather than focusing on what form the statement should take, the bill should be focused on whether a statement that is less than 24 hours late should result in a penalty at all. For the most part, these changes to the reporting laws are unnecessary changes that add no value.

For these reasons, I return LD 1123 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage
Governor

19 June 2015

The 127th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1129, "Resolve, To Change the Requirements for Nursing Services in Home Health Care."

As promised, I am vetoing all bills sponsored by Democrats, who vote for the job-killing, pro-welfare agenda set by the Maine People's Alliance, but have stifled the voice of the Maine people by preventing them from voting on the elimination of the income tax.

These legislators were elected to serve the people of Maine, but they choose to operate behind closed doors to advance their own partisan agendas. Rather than work with me to at least give the Maine people a chance to vote on lowering or eliminating the income tax, they closed the door. They defend the status quo and they cut the people out of the process.

I will not sit by and watch a handful of Democrats disenfranchise the people they were elected to represent. I want to ensure that each piece of legislation gets the widest possible representation in Augusta.

Therefore, in order for legislation sponsored by Democrats to become law, they will have to follow the procedure for reconsideration of a veto, which requires two-thirds support of the Legislature and a roll call. Instead of allowing them to pass bills out of the public eye and with no accountability, I believe the Maine people deserve to see how their elected officials voted on each piece of legislation.

For this reason, I return LD 1129 unsigned and vetoed.

Sincerely,

The 127th Legislature of the State of Maine
State House
Augusta, Maine

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 401, "An Act To Create Transparency in the Mortgage Foreclosure Process."

As promised, I am vetoing all bills sponsored by Democrats, who vote for the job-killing, pro-welfare agenda set by the Maine People's Alliance, but have stifled the voice of the Maine people by preventing them from voting on the elimination of the income tax.

These legislators were elected to serve the people of Maine, but they choose to operate behind closed doors to advance their own partisan agendas. Rather than work with me to at least give the Maine people a chance to vote on lowering or eliminating the income tax, they closed the door. They defend the status quo and they cut the people out of the process.

I will not sit by and watch a handful of Democrats disenfranchise the people they were elected to represent. I want to ensure that each piece of legislation gets the widest possible representation in Augusta.

Therefore, in order for legislation sponsored by Democrats to become law, they will have to follow the procedure for reconsideration of a veto, which requires two-thirds support of the Legislature and a roll call. Instead of allowing them to pass bills out of the public eye and with no accountability, I believe the Maine people deserve to see how their elected officials voted on each piece of legislation.

For this reason, I return LD 401 unsigned and vetoed.

Sincerely,

S/Paul R. LePage
Governor

READ and ORDERED PLACED ON FILE.

The accompanying Bill:

An Act To Create Transparency in the Mortgage Foreclosure Process

The 127th Legislature of the State of Maine
State House
Augusta, Maine

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 895, "Resolve, Directing the Real Estate Commission To Convene a Stakeholder Group on Real Estate Licensure Requirements."

This resolve directs the Real Estate Commission to convene a stakeholder group to review Maine's real estate sales agent licensure requirements to determine if additional classroom hours should be required for licensure, and also whether the Commission should be responsible for tracking continuing education classes taken by sales agents.

The sales agent license is a two-year entry level license that requires 55 hours of classroom time and a passing exam score. The classroom education is supplemented by on-the-job training before the agent moves on to higher licensure. In 2013, the Real Estate Commission looked at whether to increase the required classroom time, and concluded that doing so constituted an unnecessary barrier to employment. Instead, it decided that it would increase education requirements for brokers, who are responsible for training the entry-level sales agents.

Real estate sales agents do not have continuing education requirements, and so it makes absolutely no sense to review any process for tracking those professionals' continuing education hours for them. Additionally, the Office of Professional and Occupational Regulation does not track any licensees' continuing education hours. As professionals, licensees are expected to track their own hours, which may then be audited.

For these reasons, I return LD 895 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage
Governor

State House
Augusta, Maine

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1057, "Resolve, To Review and Report Recommendations on the Safety of Motorized Farm Rides Provided for a Fee to the Public."

This bill directs both the Fire Marshal and the Chief of the Maine State Police to convene a group of stakeholders to review how best to ensure the safety of those who go on hayrides. It also requires them to write a report on the findings of the group that must be submitted to two legislative committees by February 1, 2016.

As I write this letter, the illegal drug epidemic is as bad as it has ever been and is getting worse. Also, the Department of Public Safety, the agency targeted by this resolve and the state department tasked with stopping illegal drugs from coming into our state, is understaffed.

I have tried to explain to members of the Legislature that resolves that mandate DPS to complete reports often actually harm the public safety of the State of Maine. If this bill becomes law, resources that could be used to address the most pressing public safety concerns facing our state will instead be used to address a public safety concern that is plainly not as serious as the issue of illegal drugs destroying the lives of thousands of Maine citizens.

For these reasons, I return LD 1057 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage

Augusta, Maine

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1125, "An Act To Expand Public Access to Epinephrine Autoinjectors."

This bill allows for businesses and organizations to have epinephrine autoinjectors, which may be administered by nonmedical personnel, to persons believed to be suffering anaphylaxis, a potentially life-threatening allergic reaction. The lack of limitation in this bill is staggering. For example, a restaurant could get an autoinjector, and an employee could stick it into a passerby outside the restaurant who might be suffering a severe allergic reaction. An organization with no physical space, like a "youth sports league," could get an autoinjector, which presumably would be kept by a coach working with the league.

There is nothing in the bill to prevent that individual from using the autoinjector on someone outside of a league sporting event. I am concerned about nonmedical personnel injecting people with epinephrine. There are contraindications to administration of epinephrine based on medical history, such as cardiac disease, but that medical history will be completely unknown to the person sticking the needle in.

I appreciate that this bill attempts to allow, but not require, regulatory oversight of this program by the Department of Health and Human Services. After all, the Department does not regulate the use of pharmaceuticals, with the exception of vaccines. The Department does not have the expertise to oversee this program, and so I cannot, in good faith, direct the Department to do so. If the Legislature is comfortable with the lack of limitation in this bill, and the fact that this administration will not oversee this initiative, then so be it.

For these reasons, I return LD 1125 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1310, "An Act To Amend the Community-based Renewable Energy Program."

The Community-based Renewable Energy Program is a good example of poorly designed energy policy. In 2009, the Legislature enacted the program that requires that the Public Utilities Commission (PUC) approve contracts of 10-cents per kilowatt for 20 years for qualifying renewable projects. The wholesale rate for electricity in Maine is roughly 5 to 6 cents per kilowatt, so the subsidy is roughly a premium of 50 percent. As the PUC testified if the program was expanded to 100MW from the current level of 50MW and fulfilled solely with wind projects it

would annually cost ratepayers between \$15 and \$18 million, or more than \$300 million over the lifetime of the contracts.

Instead of coming to the obvious conclusion that this pilot program was arbitrary, inflexible, costly, and an abysmal failure, the Legislature has determined that the State should actually try to get more above-market contracts. The bill expands the program by only counting the "net-capacity" within the 50 MegaWatt cap rather than the "installed capacity" under current law. This would allow more projects to make money off of ratepayers. The bill also makes the PUC scramble to get more projects approved for above market contracts prior to the expiration of the program at the end of the year.

It is unbelievable to me that this is the only substantive energy bill that has emerged from the Legislature when our energy challenges are a significant economic barrier and cost to struggling Maine families.

For these reasons, I return LD 1310 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Dear Honorable Members of the 127th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1335, "An Act To Amend the Election Laws."

This bill makes substantial changes to the election laws. A couple of the most objectionable parts of this bill, however, are based on the assumption that most people are dishonest. For example, this bill adds a restriction that a registrar may not serve during an election when an immediate family member of the registrar is a candidate for federal office. It also makes it a violation of law to communicate in the voting place via text messages or emails. Since most people with character have the ability to do an honest job, regardless of whether their family member(s) are candidates for public office, and since we live in an internet age where legitimate polling data can be communicated electronically, I disagree with this bill's premise.

In addition, the bill unnecessarily extends numerous deadlines. More time is given for candidates withdrawing from political races; more time is allowed for when municipal clerks must file a voting place report; and the filing deadline for a declaration of write-in candidacy is almost doubled. There is simply no need for these time extensions.

For these reasons, I return LD 1335 unsigned and vetoed. I strongly urge the Legislature to sustain it.

(In Senate, June 19, 2015, Reports **READ**.)

Senator **CYRWAY** of Kennebec moved the Senate **ACCEPT** the Minority **OUGHT NOT TO PASS** Report, in **NON-CONCURRENCE**.

On motion by Senator **PATRICK** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Willette.

Senator **WILLETTE:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I'm basically going to read to you a speech that was similar to the one that I gave during the public hearing for a different bill but it applies to this one as this bill is a conglomeration of a couple of different bills. Having served on the VLA Committee, I'm well aware of the deliberations pertaining to gaming, but I'm currently more impressed and enlightened on where the gaming policy for the state of Maine is heading. In the 126th the decision to hire independent consultants to conduct a market analysis regarding the feasibility of expanding gaming in Maine was, perhaps, the boldest move since the initial inception of licensed gaming that began in Maine over nine years ago in Bangor, Maine. I'm encouraged the White Sands Report clearly quantifies the current regional gaming market's capacity for additional commercial casino gaming in Maine. It allows for all gaming facilities to sustain their market share where wagering is conducted statewide. The White Sands Report should finally invalidate the whispering in the halls that additional gaming in Maine is not possible. I admire and respect the Maine tribes and have supported their gaming legislation as VLA Committee member and on the Floor of the House. My Senate district includes the Houlton Band of Maliseet and I have always enjoyed and respect my interactions and conversations with Chief Brenda

Commander and Representative Henry Bear. Chief Commander has been before the VLA Committee on several occasions, patiently stating her case for investing capital, generating desirable employment, and enhancing tourism dollars for the Houlton region and the entire state. Would a potential Maliseet tribal casino in Houlton be the panacea, the cure all, or the single restorative effort for the region's economic recovery? No, but it's a shot in the arm, a stimulus that will attract ancillary businesses to locate and create additional livable wages. All reports signify Canadian tourism dollars will be attracted to the tribal casino in Houlton if that were to see the light of day. L.D. 1446 exempts the Maliseet facility from a statewide referendum but would require a favorable referendum vote by Aroostook County.

In 2013 L.D. 1298, An Act to Authorize the Houlton Band of Maliseet Indians to Operate a Casino in Aroostook County, was introduced and carried over into 2014. Although the bill passed the House with almost two-thirds, it came up short in the Senate and ultimately failed for non-concurrence between the houses. The White Sands Report denotes the following on page 86, if you care to look. It basically says the fiscal note on both L.D. 1298 and 1520, those were the bills back then, notwithstanding distinctions between the demographics of Houlton and Calais, share the same set of generic financial projections. Likely, for many legislators, a strong incentive to push the pause button was provided by a statement common to both fiscal notes. The legislation could have a significant impact on revenues generated by the Hollywood and Oxford Casinos. An assessment of the impact has not been done at this time.

Distinguished members of this Body, through our leadership and in collaboration with the clear and convincing recommendations for expansion from the White Sands Report, an assessment on the impact has been made. I encourage you to follow my light and support economic development for Northern Maine and Downeast Maine. You've got at your desks a handout with my name on it. I encourage you to read that testimony from the town manager of Houlton and there is also a nice blueprint of what the proposed casino might look like. I encourage you to vote against the pending Ought Not to Pass motion. Thank you for your time.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Cyrway.

Senator **CYRWAY:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I rise before you today to discuss L.D. 1446, An Act to Authorize a Casino to Benefit Federally Recognized Indian Tribes in the State. The Joint Standing Committee on Veterans and Legal Affairs worked through a number of bills dealing with the casinos this session. We worked to combine the best parts of those bills into L.D. 1446, which is a committee bill. This bill establishes a competitive bid process for a casino in either Washington County or Aroostook County. The committee felt that in order to be fair, if another casino were to be approved, all tribes should have an equal chance to benefit. Here are some key facts about the bill. The fee to submit a bid is \$100,000. The fee for the operator's license is \$1 million for a five year term with a renewal fee of \$100,000. The bidder must make a minimum \$20 million capital investment in the casino. The distribution of net slot machine revenue for the casino is 46% and the distribution of net table game revenue for the casino is 16%. It will allow up to 250 slot machines for the three years and up to 350 machines after three years of slot machine operation at

the casino. Voters would have to approve the operation of a casino by municipal and county-wide referendum.

I think this issue is very important and should be brought before the chambers for a debate and I urge you to think about what an additional casino would mean for the constituents in your district and vote accordingly. I have a hard time myself. I've never stepped foot in a casino in this state. I've been in one casino, I think, in my lifetime. I'm not much of a gambler. I do see the need for jobs. Being a DARE officer, the alcohol, I kind of cringe a little bit and I cringe about the gambling part of it. I have really fought hard both ways here. I can see the tribes needing a casino, but also it really doesn't give a fair shake for everyone else. I kind of wonder about that. I got it through committee as the chairman. I felt that I voted for it because I wanted to get it to the Senate and also to the House to make the decision and also get it, if it has to, to the people. Thank you for your time. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Patrick.

Senator **PATRICK:** Thank you, Mr. President. Ladies and gentlemen of the Senate, colleagues and friends, I stand in opposition to this motion. As the good Senator said, we worked on this bill several times. To preface my remarks, if any of you know me, I've been here since 2000 and I have always supported a tribal casino. They were the first ones, back in, I think, 1980 to try to expand casino gaming in Maine. I kind of wish they had because probably the issue would be dead now. The White Sands Report, you're going to hear a lot about that between now and the end of the session. To me, the White Sands Report only has as much validity as the side of the issue that they're on. We did hire them because I think trying to find a neutral party to deal with gaming in itself is pretty hard. I think they did a good job as far as trying to be as neutral as they can, but they are in the business for big gaming. The one thing that I will agree with them on, I always knew that there was the ability to have more casino gaming in Maine, depending on where it is and how much cannibalization we wanted to do. I will say that I'm a little bit perplexed at the report that was moved because actually it was a 12-1 report that came out of committee. In fairness to the good Representative, Representative Bear was on the committee. We actually told him we were going to kill his bill and we were going to use the process to come out with a committee bill so that we could take ownership on it. We worked hard and diligently on it, to come up with a process, which is a competitive bid process, that at least two tribes had to bid on it. It doesn't say that all the tribes can't bid on it, but it says at least two tribes have to take ownership. The dispensing of the funds can be with all the tribes.

I'm a little bit perplexed at this time because I've listened to the debate several times and I actually helped get two bills on Governor Baldacci's desk because at the time I think it was the right thing to do. I have been in casinos. As a matter of fact, I was in one Sunday. The meal was good but the gambling wasn't. I lost \$38.88. I came home with \$12 out of my \$40, but I had fun with it. I learned a lesson because I actually watched a lot of people. If I had my druthers I would never vote for another casino and I would vote to abolish casinos in Maine because they're not economic development. I do think that within the scope of what this bill is asking for, the potential to have one in Washington County or Aroostook County, is actually a good thing. It's not going to help them to do everything they want because we're

looking at something small. I call something with 250 machines more a boutique casino. Most casinos of size usually have between 1,000 and 1,500, and that's kind of the norm in Maine, although the size of the casino in Maine, each entity could have 1,500 slot machines and they only have 800 because there isn't the ability. Given the opportunity to start off with the right size casino in either Calais or Houlton, or wherever it would be in Washington County or Aroostook County, gives them the ability to get a revenue stream that they can, in turn, take and put it into other businesses so they can have an opportunity to grow their business background. This is just the start of something that, I think, will lead to many other businesses either in Washington County or Aroostook County. One thing that I've heard here time and time again is that Washington County and Aroostook County need jobs because the outward migration is terrible and the joblessness in these areas are really high as well. I would like everyone to think long and hard when they cast their vote. This isn't a huge expansion and I will say, if you look at all the paperwork pro and con, that there is a potential of affecting the Hollywood Casino by as much as 10%. I will say that I have debated the numerical equations that the White Sands Report had and you're going to hear me speak at length on some of the possibilities of cannibalization in other areas of the state, but I'm not sure if I actually agree that it's going to be 10% cannibalization from the potential tribal casino. I would ask you to vote against the Ought Not to Pass motion and move onto the Ought to Pass as they did in the eastern end of the building. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Gratwick.

Senator **GRATWICK:** Thank you very much, Mr. President. Ladies and gentlemen of the Senate, I rise in support of the Ought Not to Pass today. Two major reasons, both of which have to do with a poorly written bill and several other observations as well. One, the tribes already are benefiting from the current casinos/racinos because under current law the Penobscot and Passamaquoddy tribes share \$2.4 million from the slot revenues from existing casinos. This was to terminate if the tribes began operating their own casinos. However, under the amendment of 1446, this has been done away with. The tribes are, therefore, not only going to have their own revenues from their racino but they're going to be getting it from the current two existing ones. This seems like a very unequal playing field and I think it's going to result in the fact that no one could do well. Second, the revenue cascade, there will be money coming into the State from this but it's not been agreed where this is going to go to. This is simply going to be "up to the Legislature to decide." I think that's a very unsatisfactory pattern. That means we're going to have three different types of revenue sharing with the State, none of which, I think, are going to work out particularly well. We need an overall policy.

Just in general, I think that Maine, and I think most of us would agree, I think everybody in this room would agree, already has enough casinos for the number of gamblers in the state. This is not a big growth industry here. This does not add to the quality of life. It does not add to our productivity. We have enough here. Second, they are very fragile markets. The current casinos are not being utilized to their fullest extent and they could most easily do that. The larger issue here, of course, is have we been fair to the tribes over the past 14 years? My answer to that is no. We

have to have a much better way to go about it than this. The White Sands group is a pro-industry group. You would not expect them to come up with anything other than the report they came up with. I think Ought Not to Pass is entirely appropriate in this instance. This is going to be one of the very, very difficult issues that will be back to visit us in the future, but I think we owe it to the citizens of Maine to do a better job than this legislation. Thank you, Mr. President.

THE PRESIDENT: The pending question before the Senate is the motion by the Senator from Kennebec, Senator Cyrway to Accept the Minority Ought Not to Pass Report, in Non-Concurrence. A Roll Call has been ordered. Is the Senate ready for the question?
