COMMUNICATIONS

The Following Communication: S.C. 258

**STATE OF MAINE
ONE HUNDRED AND TWENTY-EIGHTH LEGISLATURE
COMMITTEE ON EDUCATION AND CULTURAL AFFAIRS**

March 29, 2017

The Honorable Michael D. Thibodeau
President of the Senate of Maine
128th Maine State Legislature
State House
Augusta, Maine 04333-0003

Dear Mr. President:

In accordance with 3 M.R.S.A., Section 157, and with Joint Rule 505 of the Maine Legislature, the Joint Standing Committee on Education and Cultural Affairs has had under consideration the nomination of Dr. Robert G. Hasson, Jr. of South Portland, for appointment as the Commissioner of the Department of Education.

After public hearing and discussion on this nomination, the Committee proceeded to vote on the motion to recommend to the Senate that this nomination be confirmed. The Committee Clerk called the roll with the following result:

YEAS	Senators	3	Langley of Hancock, Maker of Washington, Millett of Cumberland
	Representatives	9	Kornfield of Bangor, Daughtry of Brunswick, Farnsworth of Portland, Ginzler of Bridgton, McCrea of Fort Fairfield, Pierce of Falmouth, Sampson of Alfred, Stewart of Presque Isle, Turner of Burlington

ABSENT 1 Rep. Fuller of Lewiston

Twelve members of the Committee having voted in the affirmative and zero in the negative, it was the vote of the Committee that the nomination of Dr. Robert G. Hasson, Jr. of South Portland, for appointment as the Commissioner of the Department of Education be confirmed.

S/Brian D. Langley
Senate Chair

S/Tori P. Kornfield
House Chair

READ and ORDERED PLACED ON FILE.

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Langley.

Senator **LANGLEY:** Thank you, Mr. President. Mr. President, I'd like to rise and speak a little bit to the nomination of Dr. Robert Hasson for the position of Commissioner of Education for the State of Maine. Yesterday we had a packed committee room of well-wishers and supporters and people who came out to lend their support to the nomination of Bob Hasson. We, as a committee, were so pleased with this choice, the Governor's choice, for this position. We've had a chance to work with Bob over the past number of years in his role with the Maine School Management Association, so he was not an unfamiliar entity to us. In his role as Acting Commissioner, we've had great relationships and he's committed to Maine students. What I most like about Bob is that he has worked every level in education and started out as kindergarten teacher, and is probably like 6' 10", so you can imagine a kindergarten having your teacher, you know, towering over you. Bob has often talked about what it took to kneel down and help put on mittens and boots and that sort of thing. So anyone who has done a tour of duty, I think, at that level really understands kids. So on behalf of the committee, we find him extremely knowledgeable and a gentleman at all times. There has never been any encounter where he wasn't as pleasant as could be. We look forward to working with him over the next year and a half. Thank you, men and women of the Senate.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Millett.

Senator **MILLETT:** Thank you, Mr. President. I just would like to join my good colleague from Hancock County in expressing pleasure in receiving the nomination of Dr. Hasson from the Chief Executive. We did, indeed, have a packed room yesterday, filled with really great, positive, optimistic energy and we heard testimony in support of his nomination, which included the words like intelligent, passionate, committed, patient, respectful, and, very importantly, an inclusive leader. So I look forward to working with Dr. Hasson and support my good colleagues.

The President laid before the Senate the following: "Shall the recommendation of the Committee on **EDUCATION AND CULTURAL AFFAIRS** be overridden?"

In accordance with 3 M.R.S.A., Chapter 6, Section 158, and with Joint Rule 506 of the 128th Legislature, the vote was taken by the Yeas and Nays.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

ROLL CALL (#52)

YEAS: Senators: None

NAYS: Senators: BELLOWS, BRAKEY, BREEN, CARPENTER, CARSON, CHENETTE, CHIPMAN, COLLINS, CUSHING, CYRWAY, DAVIS, DESCHAMBAULT, DIAMOND, DILL, DOW, GRATWICK, HAMPER, JACKSON, KATZ, KEIM, LANGLEY, LIBBY, MAKER, MASON, MILLETT, MIRAMANT, ROSEN, SAVIELLO, VITELLI, VOLK, WHITEMORE, WOODSOME, PRESIDENT THIBODEAU

EXCUSED: Senators: DION, HILL

No Senator having voted in the affirmative and 33 Senators having voted in the negative, with 2 Senators being excused, and none being less than two-thirds of the Membership present and voting, it was the vote of the Senate that the Committee's recommendation be **ACCEPTED** and the nomination of Dr. **Robert G. Hasson, Jr.** of South Portland for appointment as the Commissioner of the Department of Education was **CONFIRMED**.

The Secretary has so informed the Speaker of the House of Representatives.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the Chamber Dr. Hasson. Would he please rise and accept the congratulations of the State Senate.

All matters thus acted upon were ordered sent down forthwith for concurrence.

Senator **CYRWAY:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I'm proud to speak this morning on behalf of the Waterville Senior High School Boys Hockey Team which has recently won the Class B Championship, State Championship. This is their second consecutive State title, proving the Panthers are the powerhouse of Maine hockey. Their team motto this season was "One Team, One Goal". Their goal was to win the championship and each member of the team put in the work necessary to make the goal a reality. When the score was tied in the championship game, the team persevered and they were able to step up when it mattered most and won the game with a score of 7 - 4. Not many teams can say they won a State Championship and even fewer can say they won back-to-back State Championships. I'm very proud of this group of student athletes. These young men and their coaching staff have worked extremely hard to get where they are and, hopefully, may have three in a row next year. It is my pleasure to congratulate them in front of this Body. Thank you, Mr. President.

Senator **WHITEMORE** of Somerset moved the Senate **ACCEPT** the Majority **OUGHT NOT TO PASS** Report.

On motion by Senator **MIRAMANT** of Knox, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Knox, Senator Miramant.

Senator **MIRAMANT:** Thank you, Mr. President. Men and women of the Senate, I find some of the bills that go through here are hard to fit within the committee process. There are a lot of details. We bring all the information. We're busy with the process. This bill keeps coming back session after session, not because it's something that won't go away that should but because it's something that I don't think gets fully explained, gets the hearing that it should, and because of the large number of folks who have a big financial benefit in it and their system not changing. It doesn't make them wrong or bad. They're making money and they want that. They like it. So they find the negatives and they focus on that. They're the last ones to speak. This year we had the added inconvenience for the folks that we're going to come and speak about the bill, the weather didn't cooperate. So we had that little period where some things were postponed. Some people who were going to come, just couldn't make it. I know that this should be a study. It has been argued that we don't give enough detail in presenting the bill. The broader picture of it comes from the fact that the last time it was said that we gave too much detail. If we take and study this and get a good bunch of people with interest from every side, we take experts like I have in my own community who have written a book about this and who are glad to communicate all the things that he's found in his research, the support for his research, I think this is going to help Maine in so many ways. It helps in providing lower interest loans. Why should we charge a student twice what we charge most people for a loan, for their student loan, when it's guaranteed by the government? It can't fail and they couldn't declare bankruptcy even if they wanted to because those laws were changed. There is no risk, but they're paying twice what I

can borrow to buy a car for. How is that helping our children? That's what a State Bank can fix. It can be run by a group of people to get the best benefit. In the only other example in our country that does it, they've returned \$350 million to the state over ten years. They returned an interest rate that is, right now, 17 times what we're getting on giving money to big banks around the country and world. There are so many reasons for this. I know it's going to lose today. I want to plant a seed that we get support for looking at this thoroughly and bringing one of the best things I can find this session to improve the economy of Maine, because we're dragging after 2008 everywhere. We're slow to recover and it's not fair to our people. They're suffering at every end. This is one little piece of the puzzle that can start to turn that around. Thank you. I'd love for it to pass. I'm not unrealistic, but thanks for listening.

THE PRESIDENT: The pending question before the Senate is the motion by the Senator from Somerset, Senator Whittemore, to Accept the Majority Ought Not to Pass Report. A Roll Call has been ordered. Is the Senate ready for the question?

S.P. 96 L.D. 308
(C "A" S-6)

On motion by Senator **DIAMOND** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator **DIAMOND:** Thank you, Mr. President. Ladies and gentlemen of the Senate, just quickly. Thanks to the committee that worked on this bill, it simply enforces, reinforces, the position the State has taken that says that automobile insurance's premiums cannot be increased based strictly on one's age at the upper end of the age level. That is 65 years old. It's a great bill. I think it protects senior citizens from being unjustly taken advantage of with premiums strictly because of their age and, again, I thank the committee for their hard work in bringing this forward.

THE PRESIDENT: The pending question before the Senate is Enactment. A Roll Call has been ordered. Is the Senate ready for the question?

PAPERS FROM THE HOUSE

Joint Resolution

The following Joint Resolution:

H.P. 855

JOINT RESOLUTION RECOGNIZING MAINE'S CREDIT UNIONS

WHEREAS, Maine's credit unions are member-owned and member-operated financial cooperatives with an unwavering commitment to serving the needs of their members and communities. The nonprofit structure of credit unions provides each member with an equal voice and representation in the operations of the credit union. Serving members in all 16 Maine counties and in every community, Maine's credit unions are focused on the needs of their member owners with the primary purpose of benefiting the more than 685,000 Maine consumers who use credit unions; and

WHEREAS, the economic benefit that Maine's credit unions provide to Maine consumers is approximately \$45,000,000 annually, as a result of lower and fewer fees on products and

services, lower interest rates on loans and higher interest rates on savings; and

WHEREAS, Maine is ranked as the nation's 5th strongest credit union state based on the percentage of population that uses a credit union, a position Maine has held for 14 consecutive years, and credit unions serve more than half the residents of the State; and

WHEREAS, the 2,250 full-time and part-time employees of Maine's credit unions and the more than 1,000 unpaid volunteers who serve on credit union boards and committees demonstrate the core credit union values, philosophy and mission of people helping people by contributing to the communities they serve, not just with financial services but by fostering a spirit that strengthens communities; and

WHEREAS, since 1990 Maine's credit unions and their members have raised \$7,200,000 to help end hunger in Maine, including a record-setting \$674,193 in 2016. One hundred percent of all money that is raised through the Maine Credit Unions' Campaign for Ending Hunger stays in Maine and goes directly to assist thousands of Maine families and individuals who otherwise would go hungry. In addition to contributing thousands of dollars to food pantries in communities across the State, Maine's credit unions also help to provide funds for statewide initiatives to help end hunger, such as being the primary source of funding for the State's first Food Mobile, which has delivered more than 5,200,000 pounds of food to food pantries in every Maine county since 2005; and

WHEREAS, in partnership with the Good Shepherd Food Bank, Maine's credit unions, as major supporters of the Backpack Program and the School Pantry Program, have demonstrated a renewed commitment to ending childhood hunger. The support of Maine's credit unions has helped these programs to grow to serve more than 120 schools and more than 3,500 students weekly and to provide significant help to the one in 4 Maine children who might otherwise go hungry; and

WHEREAS, in 2016 Maine's credit unions contributed more than \$1,700,000 to a variety of causes and organizations, including financial literacy programs such as Youth Financial Fitness Fairs, which were delivered to a record-setting 6,904 high school students during the past school year, the Maine children's cancer program, the Red Cross, Special Olympics and countless organizations in communities across Maine. In the past 14 years, Maine credit unions have contributed more than 430,000 volunteer hours, including nearly 41,000 hours last year, to their communities, an effort that makes a significant and positive impact not only on the organizations that receive this assistance but also on the people who are served by and benefit from the services and resources that they provide; and

WHEREAS, since 1921 Maine's credit unions have been contributing to the betterment of the lives of thousands of Maine people, who have been helped to achieve financial success and stability. Throughout Maine, credit unions continue to play a vital economic and socially responsible role in the lives of individuals and remain a local, significant and stable presence in the communities they serve; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Twenty-eighth Legislature now assembled in the First Regular Session, take this opportunity to recognize the Maine Credit Union League and Maine's credit unions for their positive contributions and the significant role they have played in the lives of Maine citizens and their communities for more than 95 years. Maine is a better place because of the service, dedication and contributions of Maine's credit unions; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Maine Credit Union League and its member credit unions.

Senate at Ease.

The Senate was called to order by the President.

THE PRESIDENT: The Chair would call Members' attention to a House Paper that was Passed earlier today. It was Supplement 3, a Joint Resolution recognizing Maine's Credit Unions. The Chair recognizes the Senator from York, Senator Deschambault.

Senator **DESCHAMBAULT:** Thank you, Mr. President. Mr. President and ladies and gentlemen of the Senate, I just would direct your attention to Supplement 3 and read what it says about what I consider a really good Mainer. On this day the Maine Credit Union, it is my distinct honor to speak about John Murphy, the President and CEO of the Maine Credit Union, who is retiring after having served 44 years with Maine's credit unions. I will digress a little to tell you that, not only am I a consumer and a customer of financial institutions, I am a proud member of the Credit Union and that distinction of being a member. John began his career when he was 18 years old, I was going to say the year, but we'll let that go, with the Maine Credit Union League Service Corporation, which is now known as Synergent. He worked in the print shop at the time, at age 18, when there were just eight employees in the whole organization. By the late 1980's he had risen to the level of Vice President of the corporate services, having exhibited the leadership qualities we've known to love and unparalleled work ethic. In 1992 John became President and CEO of both the League and Synergent. John's leadership has produced a ripple effect felt far beyond the organization. He has led Maine Credit Union initiatives such as the development of shared branching and the Surf ATM Network. Today, Maine's shared branching and Surf ATM Networks are larger than those offered by any single bank in Maine. Credit union memberships in Maine has grown to over 685,000 members. That's a 90% increase during his tenure. Synergent has grown to provide services to over 200 credit unions in 13 states. Just as important, and maybe more important, on the local level John has furthered the education and community involvement of Maine's credit unions from identifying financial literacy opportunities throughout the state to the credit union's campaign for ending hunger. Communities across Maine have benefited from these initiatives. Since its inception in 1990, \$7.2 million has been raised by the Ending Hunger Campaign and is distributed directly to food pantries in our local towns and cities in Maine. John has also supported the development of the Credit Union Promise Program. This is an innovative product that has helped Mainers buy homes and saving Mainers millions in fees which would have been spent had they gone to a bank. Today Maine's credit unions make more loans to more consumers than any single bank in the state. Through recessions, dramatic changes in technology, and political shifts, not many companies can say that they have had the same leader for 25 years. John Murphy, thank you for your decades of service, not only to the Maine Credit Union League and Synergent, but to furthering the credit union movement and to truly living the credit union motto of "People Helping People". Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Jackson.

Senator **JACKSON:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I, too, wanted to thank John Murphy for his service to the credit unions and to all the people in the State of Maine. You know, I recognize very much that I'm a working class person that has grown up in a working class community in Northern Maine. When I was very young, living in St. Francis in the St. John Valley, a small building, that's still there today, across from the Catholic Church and driving by that time-after-time. The day that I asked my parents what that was and they said it was a credit union. I didn't really understand what that was. I mean, I heard of banks and things like that, but I didn't really understand what a credit union was. It didn't seem to have an awful lot of activity at that time. Certainly, as time went on, there was more credit unions in the St. John Valley, but that one still remained not as frequently used, but as I became a high schooler, as I became a young adult, we noticed more and more people using that credit union in St. Francis. It's still there today and it's grown expediently as have most of the credit unions, if not all the credit unions, in the St. John Valley. What I've seen, and what I've personally witnessed, is many people, myself included, have gone into those credit unions, and that little one in St. Francis, Maine, and got our first loan for our first vehicle, or maybe got our first loan for our first logging tractor or cable skidder. I've been there. I've witnessed it. I've certainly felt it and know first-hand, face to face, discussions for the first time trying to get out on your own, trying to make a living with someone that was, you know, local, who understood, who understood that, you know, many times logging or farming is not an industry that shows great income all the time. You know, there's periods in the year where you're not making any money because of the weather, the seasons, and having someone that understood those situations at a credit union was just unbelievably helpful and heartfelt for so many people that I know. So when you look at John's term throughout there, you see that that change was throughout his leadership. That change from a credit union that people didn't really understand, didn't go to, to where now it's probably, in my area, the preferred way of, you know, getting your first loan, getting your home owner's loan, and, certainly, getting your small business loans. Without that how many people, in certainly my area and I believe throughout the state, wouldn't have had that opportunity. So it really does personally mean a lot to me, what he's brought to the credit unions throughout the state. Like I said, my own history throughout there with some good ideas I've had and certainly some bad ones, but, regardless of the fact, they always were willing to listen to someone that didn't think that they were going to have maybe a fair shot in other places. I honestly do appreciate that. Since then, John, anytime that I've called them about an issue here in the Legislature or something that, you know, was happening in the St. John Valley, they always called you back. That type of service I'm sure we ask for throughout the entire Credit Union League and it's made, you know, in my opinion, such a great difference. So I honestly do, I hate to see him go. I certainly appreciate everything he's done and I'm really glad that I've had a chance to stand up today and tell you how much I appreciate him.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Volk.

Senator **VOLK**: Thank you, Mr. President. I rise, also, to honor Mr. Murphy. I've gotten to know Mr. Murphy as one of my constituents over the years and it's been a tremendous honor to get to talk with him about a lot of the issues. His work has not gone unnoticed even at the federal level. I actually have a letter here that was written by former Senator Olympia Snowe last summer, in July. I just want to read a couple of excerpts for you. "Under John's leadership Maine's credit unions demonstrated their commitment to helping their members after the devastating 1998 Ice Storm by providing special loan rates and terms to address the unique demands caused by the storms. They offered payment extensions and moratoriums on existing loans and refunded December loan payments that had been made to help ease the financial strain members were facing. As if these benefits were not enough, many credit unions even reached out into their communities to address the devastation caused by the storms by serving as a clearing house for assistance, providing such vital resources as water, food, and generators to those in need." I think it's clear that this is a man who has served this organization and this state with a lot of heart and I just want to thank him and wish him well.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the Chamber President and CEO of Maine State Credit Unions, John Murphy. Would he please rise and accept the congratulations of the State Senate.

Off Record Remarks

Senator **CARPENTER** of Aroostook was granted unanimous consent to address the Senate on the Record.

Senator **CARPENTER**: Thank you, Mr. President. Ladies and gentlemen of the Senate, I want to call the Senate's attention. I was derelict in letting this go by. I thought I might not speak but I changed my mind. Supplement 4, a Joint Resolution recognizing Vietnam Veterans Appreciation Day, March 30, 2017. Just very briefly, I want to just remind the Chamber, members of the Chamber, and people within the sound of my voice of the sacrifice that the thousands of Maine men and women who went off to fight in a conflict that we all, most of us, at the time believed in, never recognizing that we would someday understand the web of deceit and lies by leaders of both political parties in this country that led us into the debacle that, as I said, cost of far more than 58,000 men and women. It was about 10 years after the war that I discovered that within a 10 year period at the end of the war more Vietnam veterans had committed suicide than had died in Vietnam. In the spring of 1971 I went off with a big smile on my face to kill a Commie for Christ, as the expression went back in the day. A fresh faced country boy from Aroostook County. In every way possible, that changed my life forever, in some ways for the better. In most ways for the better, but in some ways not so good. So I just wanted to call the Senate's attention to today as a memorial of that day. Every time I see somebody wearing a Vietnam Veteran's hat or something I always speak to them and thank them for their service. I think that's important. I think that those of us who came home to Maine were blessed that we did not have to receive some of the less respectful treatment that

perhaps elsewhere in the country did. Two things that I want to leave with you: the next time you're in Washington please go to the Wall. The Wall is hard to describe. I didn't think I would like it. It was very controversial, if you recall. It was an Asian woman who designed it. The Wall is mesmerizing. Mesmerizing. I can find the names on there of some people that I knew and you can certainly find some. There are, apparently, 343 names on there from Maine. Many, many Maine boys and girls went off to fight and some never came home physically and some never came home emotionally. I ask you, the next time you're in Washington think of that. Also I think it's important that we speak truth to power in these kinds of things. After Vietnam we promised we would never ever let it happen again. A war built on that kind of deceit. A war with no purpose. A war with no mission. I fear sometimes that we are all too quick to rush off to these events without recognizing. I think we're going to face in the next 20 years an absolute tsunami of problems from the young men and women who went off to Iraq or Afghanistan in terms of medical issues, in terms of emotional issues. We should have learned some things from Vietnam. We did. I'm not sure we learned all that we should have. I thank you very much.

Senator **SAVIELLO** of Franklin was granted unanimous consent to address the Senate on the Record.

Senator **SAVIELLO**: Thank you, Mr. President. I've had the opportunity to welcome home a number of Vietnam veterans and various things. I was lucky I was commissioned in 1972 and the war ended, otherwise I probably would have stamped my ticket to go there. There are two people I want to say thank you and welcome home to. Welcome home, Mike. Welcome home, Brownie.
