THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President. I rise in opposition to the motion to Recede and Concur. If we were to adopt this motion, essentially, what we would be doing was, as a Body, would be saying we recognize a problem and what we're going to do is we're going to throw more money at it and we're going to have no reform. No reform, just throw more money at it. I'm sad to say that I think this is often the position we find ourselves in. When we're confronted with a problem in our state, the solution

always seems to be, in government, more money. More money. More taxpayer money. Yet, when we are - when we have ideas come forward to reform the system and to make it work better, those solutions are often completely off the table and we don't get very far with them. You know what? When you're just shoveling more money into a broken system, that doesn't necessarily always fix the problem. In fact, sometimes that makes the problems worse. So we have an opportunity to do both reform and to make more money available to providers. We can do that by rejecting the motion before us today. Thank you, Mr. President.

THE PRESIDENT PRO TEMPORE: The motion in front of the Senate is to Recede and Concur. If you are in favor of it you will vote yes. If you are opposed you will vote no. Is the Senate ready for the question?

The Chair noted the absence of the Senator from Kennebec, Senator **KATZ**, the Senator from Waldo, Senator **THIBODEAU**, the Senator from Cumberland, Senator **BREEN**, and the Senator from York, Senator **CHENETTE**, and further excused the same Senators from today's Roll Call votes.

The Doorkeepers secured the Chamber.

Senator **CARPENTER:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I just want to pause very, very briefly. I think Judge Janelle, Andy Janelle, who I knew back when he was first appointed, I believe he's one of those unique individuals who has been appointed to the bench by - twice by a Democrat, twice by a Republican, and twice by an Independent, and now, as an Active Retired Judge, by a Republican again. Andy Janelle exemplifies the best that there is in public service. He sat in the District Court in York County now for over 30 years, doing terrific work, and he's just one of those people that labor in the vineyards every day to make our government run well, and I was delighted

to have some time to spend with him last week prior to his confirmation. I thank the Judiciary Committee, for their work. Thank you.

Out of order and under suspension of the Rules, the Senate considered the following:

ORDERS

Joint Orders

Expression of Legislative Sentiment recognizing:

Harold Casey, of Surry, SkillsUSA Maine State Director, who received the Outstanding Career and Technical Educator Award in June 2017. Mr. Casey, who achieved his Director Certification in August 2015, champions SkillsUSA programming and services in Maine and demonstrates quality leadership. We extend to Mr. Casey our congratulations and best wishes;

SLS 815

Sponsored by Senator LANGLEY of Hancock.
Cosponsored by Representative: CHAPMAN of Brooksville.

The Joint Order was **READ**.

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Hancock, Senator Langley.

Senator **LANGLEY:** Thank you, Mr. President and men and women of the Senate. It's Champions' Day at the State House. I hope as you've walked through the halls and the Hall of Flags today you've seen all these red jackets and medals hanging around the students' necks. They are the winners from the SkillsUSA Championships that were held in March. We're very, very pleased to have them here in the State House today as they represent, from Presque Isle to Kittery, students who have competed. But, Mr. President and men and women of the Senate, it's my honor and privilege to rise today to recognize a professional accomplishment of Mr. Harold Casey, who is the SkillsUSA Maine State Director. Mr. Casey's involvement started with SkillsUSA in 1989 when he came to work as a colleague of mine in Hancock County Technical Center and he was the school advisor for the SkillsUSA program. We taught together for about 20 years and then he left Hancock County Technical Center and joined Eastern Maine Community College. But he continued on in that role as the Director, State Director. He organizes the statewide competitions held in March every year, which over 700 students compete. The red jackets that you see here today are the gold medal winners who will be representing the very best of what Maine has to offer and they will compete for the national gold medals - for national gold medals in Louisville, Kentucky in June. Men and women of the Senate, these competitions don't happen by themselves. It takes a leader to organize a convention of 700 plus competitors in over 20 skill areas. Now Casey's been doing that for nearly two decades, as he organizes the trip to Louisville for hundreds of our competitors that will be leaving in June.

In August of 2015, Mr. Casey successfully completed the final requirements of the SkillsUSA process for Director Certification. Mr. Casey is among an elite group of his peers in this accomplishment and has paved the way for the professional development of participation of his colleagues. He is an exemplary role model in the SkillsUSA organization, has demonstrated this by successfully managing a SkillsUSA State Association in which he has been awarded a Certified State

Director. The certification process is defined by program competencies that represent a body of skills considered vital to the effective management of an association. Areas of concentration include membership involvement, conference management, communication, image and media, industry partnerships, personnel management, operations management. Assessment of competence included a portfolio presentation and interview process by examination team. The team included key stakeholders in the SkillsUSA organization who reviewed Mr. Casey's credentials, conducted an extensive interview, and deemed the candidate competent. SkillsUSA recognizes how critical the State Association Directors are to the health and effectiveness of the organization. Mr. Casey champions SkillsUSA and CTE programming and services in Maine, delivers the message and mission through quality leadership. In addition, because the educational contributions at local, state, and national levels, as well as the significant educational positions held by Mr. Casey, he was presented the Outstanding - the National Outstanding Career in Technical Educator Award in 2017.

Now, it sounds like he's a one-man show. Men and women of the Senate, he is not. What Mr. Casey also does is brings in a student-led organization. Sits on top, oversees, but these conferences and the organization are student run. So, we've been colleagues for a long time, so I don't brag about him too much. I'm so pleased that he is here today and, frankly, he didn't know I was doing this to him today. So this is kind of a surprise to him as well. So he's here with all of the students that you see and there are some in the House as well. So this is a very well-deserved recognition. Thank you very much, men and women of the Senate.

The Joint Order was **PASSED**.

Sent down for concurrence.

THE PRESIDENT PRO TEMPORE: The Chair is pleased to recognize in the rear of the Chamber and in the balcony Harold Casey of Surry and the Maine SkillsUSA students who will be representing Maine at the National Competition in June. They are the guests of the entire Senate. Would they please all rise and accept the greetings of the State Senate.

**STATE OF MAINE
OFFICE OF THE GOVERNOR
AUGUSTA, MAINE**

6 April 2018

The 128th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 128th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 389, "An Act To Promote Access to Financial Institutions by Entities That Are Authorized under State Law."

This bill would allow a credit union organized under the laws of the State of Maine to obtain private share insurance in lieu of share insurance provided by the National Credit Union Administration (NCUA). The intent of the bill is to expand the availability of financial services for marijuana-related businesses and their employees.

When I took the oath of office as Maine's Governor, I swore to uphold the Constitution of the United States and the Constitution of the State of Maine. Marijuana remains illegal under federal law and I cannot in good conscience support this bill because it would serve to facilitate illegal activity.

It has not become easier for financial institutions to work with marijuana businesses. The current U.S. Attorney General recently rescinded Obama-era guidance that provided financial institutions some protection from prosecution when offering marijuana-related accounts. A privately-insured marijuana credit union would operate under this threat of federal criminal prosecution. This is an inappropriate level of risk for a state-chartered financial institution. Federal prosecution of the credit union, or its members, could end with the failure of the institution.

Currently, Maine credit unions with NCUA insurance are co-regulated by state and federal authorities, who examine credit unions for safety and soundness and compliance with applicable laws. The NCUA has strong and tested federal liquidation authority to protect credit union members in the event of a credit union failure, which would not be available to members with a privately insured credit union.

Further, there is no guarantee that a credit union with private share insurance would be able to operate in Maine. Credit unions need a Master Account at the Federal Reserve Bank in order to gain access to the federal payments system. Without access to a Master Account, a financial institution is unable to conduct the business of banking. A marijuana-focused credit union organized in Colorado attempted to gain access to the federal payments system two years ago, only to be denied a Master Account on the grounds that its plans to handle marijuana proceeds would violate federal law. It was only after the credit union changed its business model to exclude deposits from marijuana growers and retailers that it was allowed access to a Master Account. LD 389 is unlikely to solve the problem marijuana businesses have in accessing financial services. It is clear that a true solution to the problem resides with the federal government.

For these reasons, I return LD 389 unsigned and vetoed. I strongly urge the Legislature to sustain this veto.

Sincerely,

S/Paul R. LePage
Governor

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President. I rise to encourage the Body to overturn the Governor's veto on this legislation. I just want to very briefly speak to one item that's mentioned in the Governor's veto letter. We had a long debate about the policy, this proposal, when it first came to us. But there's a suggestion in the veto letter that the bill may be unconstitutional and I just want to say, with much respect for the Chief Executive, I think his reading of the Constitution is a little different than mine. You know, in our State Constitution our powers, as a Legislature, are defined very broadly. Our powers are defined - you know, Article IV, Part 3, Section 1 of the State Constitution says the Legislature shall have full power to make and establish all reasonable laws and regulations for the defense and benefit of the people of this state not repugnant to this Constitution nor to that of the United States. That's how our powers are defined in the State Constitution. It's very broad. It essentially says we can set policy on any matter we choose so long as it's not expressly prohibited in the Constitution elsewhere. But in the United States Constitution it's the exact opposite for Congress. In the United States Constitution, in Article 1, Section 8, there's a very specific list of enumerated powers that we give to Washington D.C. and if it's not on that list the Tenth Amendment of the Constitution says the powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively or to the people. Now, in the Chief Executive's veto letter he suggests because cannabis is illegal on the federal level, therefore, we have no jurisdiction and we should not be setting policy on this, that that is somehow unconstitutional. But that is a complete misreading. The Tenth Amendment says very differently. This is absolutely, that something is within our jurisdiction as the State of Maine to set policy on and, you know, some might say, 'Well, you know, the - what about the commerce clause in the U.S. Constitution? The interstate commerce clause gives the federal government authority.' But we're talking about State chartered credit unions doing business with State businesses who only do business with Maine people. That is intra-state commerce. Intra-state commerce is our prerogative here in the State Legislature. So, I think that we had the debate on the policy of this proposal before. I think that this Body agreed that this is good policy and I just say this is absolutely within our constitutional authority and I hope that we overturn the Governor's veto. Thank you very much.

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Kennebec, Senator Cyrway.

Senator **CYRWAY:** Thank you, Mr. President Pro Tem. Ladies and gentlemen of the Senate, I just wanted to clarify that my colleague said that it was unconstitutional - it wasn't unconstitutional, but we do have a case where the federal government claimed that marijuana is not medicine. In *Gonzales v. Raich* in 2005 the United States Supreme Court held that the federal government has the constitutional authority to prohibit marijuana for all purposes. So I wanted to stand for correctness. Thank you, Mr. President Pro Tem.

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President. I'll be very brief. You know, there's a reason - when alcohol was prohibited there was a constitutional amendment passed in order to do it because the federal government, in the innumerate powers under Article 1, Section 8, has no authority to prohibit things like this. That's why a constitutional amendment had to be passed for alcohol prohibition and actually we, thankfully, not too many years later, came to our better senses and passed another amendment to repeal that authority. There was never a constitutional amendment passed to give the federal government this authority over cannabis. They simply don't have it and under our State and federal constitution, when there is - when Washington D.C. seeks to operate with a power that we have not given to them, State power comes first. Thank you.

The President Pro Tempore laid before the Senate the following: "Shall this Bill become law notwithstanding the objections of the Governor? In accordance with Article IV, Part Third, Section 2 of the Constitution, the vote will be taken by the Yeas and Nays. A vote of yes will be in favor of overriding the veto of the Governor. A vote of no will be in favor of sustaining the veto of the Governor."

The 128th Legislature of the State of Maine
State House
Augusta, ME

Dear Honorable Members of the 128th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1279 "An Act to Ensure Patient Protections in the Health Insurance Laws."

Once again, the Legislature is second-guessing the federal government by passing this bill to embed provisions of the Affordable Care Act that it favors in Maine law. However, as long as the ACA is still the law of the land, this bill has no practical effect. I will not sign a bill into law based on speculation. The unintended consequences could be as disastrous to Maine as the ACA has been at the federal level. Moreover, I see no fiscal analysis to indicate the true cost of the bill if it were to go into effect in the absence of the ACA.

Without knowing what economic and federal regulatory conditions will drive health policy in the future, I will not limit the discretion of policy makers.

For these reasons, I return LD 1279 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage

READ and ORDERED PLACED ON FILE.

The accompanying Bill:

An Act To Ensure Patient Protections in the Health Insurance Laws

S.P. 431 L.D. 1279

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President. I'm having a little bit of déjà vu, you know, because this is the second bill I think we've had come before us on a veto, another bill seeking to preserve in State law the - some of the mandates of Obamacare, which have driven up the cost of insurance for Maine people and people across America. I don't think that we want to be enshrining in State law these failed Obamacare mandates. This does not help people get more access to insurance. It drives up the cost of insurance and it gives people less choice. So I hope

that we will sustain the Chief Executive's veto on this and thank you very much, Mr. President.

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Cumberland, Senator Carson.

Senator **CARSON:** Thank you, Mr. President. Ladies and gentlemen of the Senate, the three provisions of the Affordable Care Act which this piece of legislation seeks to put into Maine law are to require coverage of dependent children if a policy, health insurance policy, otherwise covers children up to age 26. It keeps those young people in their early 20s who are still dependent of their parents, who may be at Community College or in school or in a job but are not making enough money to be able to afford health insurance on their own, on their parent's policy. The second piece is that it prevents health insurance companies from declining or cutting off people because of a pre-existing illness. Ladies and gentlemen of the Senate, we all know people who, but for that provision of the Affordable Care Act, would not have health insurance, people who need it. The third piece is eliminating lifetime limits. If you have a serious illness, like cancer, a heart bypass with complications, you need not to face lifetime limits on your insurance coverage so that, if you have to spend more money, you choose between putting food on the table, paying your rent or your mortgage, or paying your medical bills. This is not a partisan issue. This is about putting into Maine law common sense protections with respect to health insurance and healthcare coverage for the men and women and young people of the State of Maine. Please follow my light and let's do what is right for the people of Maine on health insurance. Thank you, Mr. President.

THE PRESIDENT PRO TEMPORE: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President. You know, to respond to that, let me hit a few points. Well, first of all, let me say on this mandate that individuals to age 26, insurance plans must cover individuals to the age of 26 if on their parent's plan. There is no reason, there is no reason why, in private contracting and private arrangements, that insurance companies, and if there is a real consumer demand for this, there's no reason why that can't be offered. There's nothing in law saying that this cannot be offered. That can certainly be offered. Of course, if people want that, they'll have to pay more for insurance for it. But right now we are mandating it so people have to pay to more for insurance for it, their premiums are going up, rather than having the choice whether or not that's something that they want to pay extra for or not. That's what these policies do. Now, in regards to pre-existing conditions, I think we can all recognize there are complicated problems with pre-existing conditions. I think there's a desire of every single member of this Body, and I think every single person who's on every side of the issue on the federal level, around tackling the problems of pre-existing conditions. In fact, when there was debate on the federal level about repealing parts of Obamacare that always seemed to be the thing that was completely off the table on even touching. So I don't think that there's any imminent danger of that piece of Obamacare, or the Affordable Care Act, being repealed. That's - I don't see any conversation about that taking place on the federal level. Personally, I think that there are certainly ways that that could be improved, to fix that piece, but those conversations don't even

seem to be happening. So there's no danger of people with pre-existing conditions suddenly having this policy changed on them and the rug being pulled out from under them. If that's all this legislation did then maybe we could talk about this, but this puts into place some very troubling mandates from Obamacare that drive up people's insurance premiums, and that's not something that we should be putting into State law.

The President Pro Tempore laid before the Senate the following: "Shall this Bill become law notwithstanding the objections of the Governor? In accordance with Article IV, Part Third, Section 2 of the Constitution, the vote will be taken by the Yeas and Nays. A vote of yes will be in favor of overriding the veto of the Governor. Augusta, Maine

Dear Honorable Members of the 128th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1735, "An Act To Authorize Regional Medical Control Committees to Have Access to Maine Emergency Medical Services Data for Purposes of Quality Improvement."

Under current law, data collected by Maine Emergency Medical Services allows identifying information of persons receiving emergency medical treatment to be released for purposes of research, public health surveillance and linkage with patient electronic medical records. Prior to any release of data, the Director of Emergency Medical Services, the Medical Direction and Practices Board, and the Emergency Medical Services Board must review the data and approve the release of the data. These are essential safeguards to prevent the release of confidential patient information from entering the public domain.

This bill strips away the three-step approval process under current law. Maine Emergency Medical Services would have no way of ensuring that protected, private, patient information would continue to be protected and private. I am very concerned that without adequate safeguards, confidential patient information will be released into the public domain.

For these reasons, I return LD 1735 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Dear Honorable Members of the 128th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 1656, "An Act To Allow Free Admission to the Maine State Museum."

I veto this bill not because I disagree with its goal, but because legislation is not necessary. At the public hearing on the bill, the Director of the State Museum acknowledged that he already has the authority to waive admission for veterans' entry to the Museum but is simply choosing not to do so. I believe he has made the wrong decision and I encourage the Board of the State Museum to review that decision. However, it is the purview of that Board to determine whether or not that can be accomplished with truly no cost to the Museum or the state as this bill has represented by containing no appropriation. I do not believe the Legislature should get into the habit of micromanaging every

policy or minor decision of the Museum or other quasi-governmental entities without including funds for lost revenues.

Further, I find it hard to reconcile that the State Museum regularly advocates for more funding to grow its collection, expand and upgrade storage and launch new programming but suddenly the Museum represents that it can absorb incremental costs with no problem.

The Museum ought to waive entrance fees for veterans who have served this country because it is the right thing to do to honor our nation's heroes. They have that authority already and I believe they should do it without the Legislature intervening.

For these reasons, I return LD 1656 unsigned and vetoed. I strongly urge the Legislature to sustain it.
