SECOND REGULAR SESSION  
JOURNAL OF THE SENATE**

In Senate Chamber

S.P. 764

Ordered, the House concurring, that when the Senate and House adjourn, they do so until Tuesday, March 3, 2020 at 10:00 in the Morning.

**READ and PASSED.**

Senate called to order by President Pro Tem James M. Hamper of Oxford County.

---

Prayer by Senator Shenna L. Bellows of Kennebec County.

**SENATOR BELLOWS:** Thank you. This prayer was shared with me by Rabbi Erica Asch of Temple Beth El. It's not my own or original prayer but I think it's really apt for the work we have before us. A Prayer for Our Country.

Every inch of America is sacred, from sea to shining sea. There is much to be done in our time, the sort of hard work on which God smiles because it is done for the sake of the dignity and well-being of all God's creatures. Together, let us work to preserve and make manifest that values upon which our democracy was founded. The task of all people of faith is to call governing authorities to fulfill God's purpose of bringing about justice, mercy, and peace. Individually and as a nation, may we heed our obligations to each other as we navigate the tensions of building a just society. Rather than a politics of divisiveness, may we move our country toward a politics of empathy. May we use our power well so we do great things for all God's creatures, all those made in God's image who yearn for equal place at America's table. If we do all this, may grace and peace be ours in abundance. May we be a beacon and a blessing to the world. Amen.

Pledge of Allegiance led by Senator G. William Diamond of Cumberland County.

WILD AND SCENIC RIVER IN THE NATIONAL  
WILD AND SCENIC RIVERS SYSTEM**

WHEREAS, the York River, located in southern Maine, with watershed lands in the towns of Eliot, Kittery, South Berwick and York, was evaluated for inclusion in the National Wild and Scenic Rivers System; and

S.P. 762

**JOINT RESOLUTION  
MEMORIALIZING THE NATIONAL OCEANIC AND  
ATMOSPHERIC ADMINISTRATION TO CONSIDER THE  
SAFETY OF THE MEN AND WOMEN WORKING  
IN MAINE'S LOBSTER INDUSTRY**

**WE**, your Memorialists, the Members of the One Hundred and Twenty-ninth Legislature of the State of Maine now assembled in the Second Regular Session, most respectfully present and petition the National Oceanic and Atmospheric Administration as follows:

**WHEREAS**, the men and women who work in the Maine lobster industry are constantly at risk of injury and loss of life; and **WHEREAS**, the safety of these workers must be the primary concern of all government agencies that regulate the ocean; and **WHEREAS**, the Maine lobster industry has made many changes to help protect the right whale; and

**WHEREAS**, no right whales have been killed by Maine lobster gear and deaths in 2019 were predominantly by ship strikes in Canadian waters or in one instance due to Canadian fishing gear entanglements; and

**WHEREAS**, the National Oceanic and Atmospheric Administration has stated that right whales likely are not traveling in the waters in which Maine lobster fishing occurs; and

**WHEREAS**, the proposal to modify the existing Atlantic Large Whale Take Reduction Plan developed by the National Oceanic and Atmospheric Administration will not save any right whales in Maine waters but will put the lives of workers in the Maine lobster industry at great risk; and

**WHEREAS**, the lobster industry is one of Maine's core traditional natural resource industries and has employed generations of Maine's citizens; and

**WHEREAS**, the lobster industry contributes \$1.5 billion to Maine's economy and entire communities depend upon the work that the lobster industry provides; now, therefore, be it

**RESOLVED:** That We, your Memorialists, respectfully urge and request that the National Oceanic and Atmospheric Administration take the lives of the men and women of the Maine lobster industry into account in the agency's decision making and understand that the agency's proposed changes to the Atlantic Large Whale Take Reduction Plan will not save one right whale in Maine waters but will put many human lives in danger; and be it further

**RESOLVED:** That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Donald J. Trump, President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, to Dr. Neil Jacobs, acting Under Secretary of Commerce for Oceans and Atmosphere, and to each Member of the Maine Congressional Delegation.

The Joint Resolution was **READ**.

**THE PRESIDENT PRO TEM:** The Chair recognizes the Senator from Knox, Senator Miramant.

Senator **MIRAMANT:** Thank you, Mr. President. Men and women of the Senate, thank you for being part of this Resolution. As we move forward on marine issues, in my role as Chair of the Marine Resources Committee in the State and as a Commissioner on the Atlantic States Marine Fisheries Commission, we work hard to protect the resources of the oceans to protect our lives on this planet and one of the ways we do that is making sure that the different fisheries can thrive and continue to sustain. We're down to 400 white whales, more or less. It changes daily. We have a problem about figuring out how to protect those last 400 from extinction. But one thing we have no evidence of is that within 3 miles of the coast of Maine that we are hurting any of the white whales and we have no evidence of it and we can't get anyone to listen to us. So, NOAA is moving ahead with rules that would affect our fishermen drastically, dramatically, and inappropriately. They're suggesting that we go to different numbers of traps on a trawl and other measures that could become unsafe for our fishing folks out there within these 3 miles and then transitioning to less drastic measures as we move out into open ocean. The point is that when someone comes up with a solution that has no proof that it's part of the problem, they walk away saying, 'We did something great. We solved the problem. Let's move on.' This part of their suggestion that we need to do a lot more within 3 miles is one of those maneuvers. Everybody will feel great and they'll walk away and we won't have identified the real source that's hurting our white whales, which we believe we know and it's not the coast of Maine. So, we're sending this message to say strongly we want you to protect the last white whales. We want them to start to thrive and that there to be a healthy pod of whales everywhere we look. But this isn't going to do it. Sit down, find a real solution to a real problem, and we'll support you 100%, and we've offered them suggestions through the Department of Marine Resources that we believe are good ones. So this is to wake them up and say do it right because we want you to do it before they're all gone. Thank you.

The Joint Resolution was **ADOPTED**.

Sent down for concurrence.

The President Pro Tem requested the Sergeant-At-Arms escort the Senator from Aroostook, Senator **JACKSON**, to the rostrum where he resumed his duties as President.

The Sergeant-At-Arms escorted the Senator from Oxford, Senator **HAMPER**, to his seat on the floor.

The Senate was called to order by the President.

---

**THE PRESIDENT:** The Chair would like to say I've actually had the honor and privilege to serve with Senator Hamper for a number of years, both in the House and the Senate and on the Labor Committee, and I think he just did an excellent job. Really quite concerning, what a great hammering skills he has. I don't know if I can top that but I certainly think that the entire Chamber deserves a round of applause and appreciation for his service.
