This Yamaha Music USA award recognizes excellence in music education. Mr. Duras is the only Maine educator to make the 40 under 40 list. Subsequently, this Expression of Legislative Sentiment was **PASSED** in concurrence.

Recognizing:

the Honorable Joe Rafferty, of Kennebunk, Maine State Senator representing Senate District 34, on his retirement from coaching the Kennebunk High School football team after 44 years. He coached the team to a state championship in 1991 and three other state finals, with a 217-184 record overall. We extend our congratulations and best wishes;

(HLS 141)

Presented by Representative SAYRE of Kennebunk.
Cosponsored by Senator INGWERSEN of York, Representative GERE of Kennebunkport, Representative PARRY of Arundel.

On **OBJECTION** of Representative SAYRE of Kennebunk, was **REMOVED** from the Special Sentiment Calendar.

READ.

The SPEAKER: The Chair recognizes the Representative from Kennebunk, Representative Sayre.

Representative **SAYRE**: Madam Speaker, Ladies and Gentlemen of the House, I've prepared some brief remarks with details highlighting each of Coach Rafferty's 217 victories but I will not read them.

In 44 years of coaching, Coach Rafferty took as his watchword not so much the wins and losses; he said, you know, wins and losses, some years you're great and some years you're not and we can all relate to that here in this Chamber. But the question is; is my child happy, are they being treated well, are they being taken care of? And that's how he treated coaching for 44 years. That's how he treated his role as a teacher in serving students and families in Kennebunk. I cannot run into someone in Kennebunk and speak of Coach Raff, Senator Rafferty without hearing something positive about his impact on their family. But more than that, and in addition to that, as a teacher, he was also a union negotiator for over three decades, always standing up for his peers and colleagues in RSU 21.

Here in our community, he has made a tremendous contribution as the chair of the Education Committee. And when I think of Joe, I think that, you know, if you looked up self-effacing in the dictionary, you would see a picture of Joe. But, of course, you won't because he's too modest to allow that to happen. He is someone who very quietly and privately opens his heart, opens his wallet and opens his home to people in our community who are in need. And as a model to me, you know, I consider him a friend, a neighbor, a mentor as well as a Senator. And he is someone who listens first, considers long and only then speaks. I'll close with a quote from a long-time sports official who gave what I think is the highest praise; Senator Rafferty, Coach Raff, is the kind of person you want coaching your child. Thank you.

Subsequently, this Expression of Legislative Sentiment was **PASSED** and sent for concurrence.

Recognizing:

the Honorable Jay McCreight, of Harpswell, who has received the National Distinguished Advocacy Award from the American Cancer Society Cancer Action Network. We extend our congratulations and best wishes;

(HLS 410)

Presented by Representative GOLEK of Harpswell.
Cosponsored by Senator DAUGHTRY of Cumberland.

On **OBJECTION** of Representative GOLEK of Harpswell, was **REMOVED** from the Special Sentiment Calendar.

READ.

The SPEAKER: The Chair recognizes the Representative from Harpswell, Representative Golek.

Representative **GOLEK**: Madam Speaker, Ladies and Gentlemen of the House, I rise today to acknowledge and congratulate an amazing member of Harpswell community and former Member of this Body from 2014 to 2022; the Honorable Jay McCreight. Jay recently earned the National Distinguished Advocacy Award from National American Cancer Society Cancer Action Network. This award was given to her as a result of her contributions to advancing Maine tobacco control policy and, more specifically, her leadership in passing legislation to significantly increase tobacco control funding which brings the level of funding to 100% of the U.S. Center for Disease Control's recommendations for the State of Maine.

I am so lucky to know Jay and I am very proud of her for not only winning this award but for all of the amazing things that she has done for our great State. I urge my colleagues to join me in celebrating all that is great about Jay. Thank you, Madam Speaker.

Subsequently, this Expression of Legislative Sentiment was **PASSED** and sent for concurrence.

Recognizing:

John MacDonald, of Pownal, who is retiring as a Game Warden Corporal with the Maine Warden Service after 25 years of public service. Warden MacDonald started his career in Division A as Deputy Game Warden and worked in both York County and Freeport. As Corporal he managed several technical and public information projects, developed the first wildlife conflict program and served as project manager for the reality television series "North Woods Law." He served on Critical Incident Stress Management teams and as an Emergency Vehicle Operators Course Instructor for the Maine Criminal Justice Academy. We extend our congratulations and best wishes;

(HLS 411)

READ.

On motion of the same Representative, **TABLED** pending **PASSAGE** and later today assigned.

Recognizing:

Hancock Lumber Company, of Casco, which is celebrating its 175th Anniversary. The company was started on October 4, 1848 and has been passed down through 7 generations, and it was recognized by Family Business Magazine as the 71st-oldest family business in the United States. There are currently over 700 employees at 11 lumber yards, 4 sawmills and 6 kitchen design locations throughout Maine and New Hampshire. Hancock Lumber Company is a 9-time recipient of the Best Place to Work in Maine award and is a steward for Maine's forests, producing lumber in an environmentally sustainable fashion. We extend our congratulations and best wishes;

(HLS 412)

Presented by Representative COPELAND of Saco. Cosponsored by Senator BAILEY of York, Senator NANGLE of Cumberland, Representative FAY of Raymond.

On **OBJECTION** of Representative COPELAND of Saco, was **REMOVED** from the Special Sentiment Calendar.

READ.

The SPEAKER: The Chair recognizes the Representative from Saco, Representative Copeland.

Representative **COPELAND**: Thank you, Madam Speaker. I rise to offer congratulations and best wishes to Hancock Lumber. It's pretty incredible that here in Maine, we have a company that's been in existence in the same family for 175 years. In our audience today, we have a family member, Sydney Hancock, who is part of the business these days. There are so many locations and we were so proud in Saco when Hancock opened a location there. And I just want to say that we do recognize Hancock Lumber's 175th anniversary on October 4th. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Raymond, Representative Fay.

Representative **FAY**: Thank you very much, Madam Speaker. One of my earliest memories is of the lumber yard at Hancock Lumber in Casco, going there with my dad when I was three or four years old to buy lumber for a project he was working on at camp. I have a distinct memory of the smell of pine and sawdust in a big red building. I'm 54; I'm only 121 years younger than Hancock Lumber.

Successful businesses adapt. In a competitive marketplace, it takes vision and leadership and a whole lot of listening for a business to thrive. Hancock Lumber has done this for 175 years. It would take a long list to describe all of the big and small ways that Hancock Lumber has positively impacted our communities, customers, employees and local organizations alike. The impact of this Best Place to Work in Maine is particularly felt in my district and in Casco where Hancock Lumber is headquartered. I'm honored to extend congratulations to the entire Hancock Lumber family for the success and longevity and leadership example that they have set. Thank you, Madam Speaker.

Subsequently, this Expression of Legislative Sentiment was **PASSED** and sent for concurrence.

Recognizing:

the Freeport High School Esports Team, which won the Super Smash Bros. Ultimate Esports Maine State Championship. Members of the team include Jayden Lilly, Elijah McClelland, Charlie Mellin and Jared Mckenney and coach Brandon Cass. We extend our congratulations and best wishes;

(HLS 413)

Presented by Representative SACHS of Freeport. Cosponsored by Senator DAUGHTRY of Cumberland.

On **OBJECTION** of Representative SACHS of Freeport, was **REMOVED** from the Special Sentiment Calendar.

READ.

The SPEAKER: The Chair is pleased to recognize the Representative from Freeport, Representative Sachs.

Representative **SACHS**: Thank you, Madam Speaker. I am delighted to welcome Jayden, Elijah, Charlie and Jared today from Freeport High School. They are the Maine Principal Association's State Champions for the Super Smash Bros. Ultimate Esports Maine State Championship. You have to say it that way.

And you might wonder why does the Maine Principal's Association even sponsor the Super Smash Bros. Esports Championship. Well, I will tell you that the global esports market size was valued at \$1.45 billion in 2022, projected to go up to

\$1.72 billion this year and \$6.75 billion by 2030. We should be talking to them right now. Many colleges and universities are adding these to their program, Madam Speaker, and I will say that these fabulous young men, who are too kind to tell me that my favorite character in Smash Bros. is totally lame but their faces certainly said so, they did note the values of being on this team in terms of dedication, practicing strategy, coaching one another mid-session and also after sessions in true teamwork fashion. They have great skills. But their favorite part, they told me, was winning. Because not only did they win the Maine State Champions, they came in fourth in the nation, Madam Speaker, which is something we should all be very proud of. And they have pledged, as they are only three freshmen and one sophomore, to come back every single year and I am going to hold them to it. Thank you, Madam Speaker.

Subsequently, this Expression of Legislative Sentiment was **PASSED** and sent for concurrence.

Came from the Senate with the Minority (2) **OUGHT TO PASS AS AMENDED** Report of the Committee on **CRIMINAL JUSTICE AND PUBLIC SAFETY** **READ** and **ACCEPTED** and the Bill **PASSED TO BE ENGROSSED AS AMENDED BY COMMITTEE AMENDMENT "A" (H-217)** in **NON-CONCURRENCE**.

Speaker TALBOT ROSS of Portland moved that the House **INSIST**.

Representative LIBBY of Auburn **REQUESTED** a roll call on the motion to **INSIST**.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Auburn, Representative Libby.

Representative **LIBBY**: Thank you, Madam Speaker. This bill has been amended to a study and I'd just like to read some testimony from Auburn Police Chief Jason Moen who requested this bill in the first place and I believe one of my good colleagues from Lewiston submitted earlier this session. In his words, the residential training program model is a model that is diminishing across the country. Fifty percent of police training academies across the country are nonresidential programs. Even our own Maine State Police has seen the value of transitioning to a nonresidential training program. They are currently evaluating a nonresidential training program on a group of certified officers that have been hired by the State police and are currently in training.

One could argue that the rural nature of our State requires a residential model for logistical concerns. I understand that some members of the Criminal Justice and Public Safety Committee are concerned that transitioning to a nonresidential training model could necessitate additional staffing concerns for the Criminal Justice Academy and last year, Chief Moen spearheaded an effort with a group of chiefs from Southern Maine and surrounding areas to address those concerns. As a team leader for the Commission on Accreditation for Law Enforcement Agencies, I have traveled the country for the last 15 years conducting dozens of law enforcement accreditation assessments on law enforcement agencies. I have seen this nonresidential training program model be very successful in other parts of the country, especially in the south, where police academies are run by the community colleges in conjunction with training standards and curriculum that are established by the State's training agency or training oversight board. It bears mentioning that when a certified officer from out of State applies for Maine law enforcement certification, a curriculum analysis is conducted by Criminal Justice Academy staff to ensure that the officer's training is comparable with Maine training. It bears no weight whether that officer attended a residential or nonresidential training program, but whether the curriculum and training hours are sufficient to meet Maine training standards.

I sincerely believe that transitioning to a nonresidential training program for full-time law enforcement officers is one way to help alleviate the recruitment crisis currently happening in Maine law enforcement and I would urge you; and I would urge you myself, not just Chief Moen, to vote in favor of LD 673. Again, this has been amended to a study and I think it would behoove us, given chronic shortages in police in our State, to follow my light and defeat the pending motion.

Representative GREENWOOD of Wales moved that the House **RECEDE AND CONCUR**.

The SPEAKER: The Chair recognizes the Representative from Wales, Representative Greenwood.

Representative **GREENWOOD**: As many of you know, I was a County Commissioner for eight years and developed relationships with area chiefs. I, too, was contacted by Chief Moen. One thing I'd like to add from his testimony that the Good Representative from Auburn, Representative Libby, previously read was currently the Basic Law Enforcement Training Program is an 18-week residential program, covering 720 hours of training and curriculum. The Chief believes that the residential aspect of the program serves as a barrier for some prospective candidates for a myriad of reasons, including single

parents who may not have the support system to care for their children while they're attending the academy, parents of special needs children who simply cannot be absent from their children five days a week for the 18 weeks, the younger generation who feels that being away from their support systems may result in feelings of isolation which may encourage them to quit the training program.

Madam Speaker, we are in dire need of law enforcement officers in this State. There is a shortage. This study; again, this bill has been moved to a study asking the Maine Criminal Justice Academy to look at this but this would give an option. It's not putting in law that it's going to be a nonresidential program but at least looking at the options. And I want to thank the Good Representative from Lewiston, Representative Lajoie, for bringing this bill forward. Thank you.

The SPEAKER: The Chair recognizes the Representative from Readfield, Representative Hasenfus.

Representative **HASENFUS**: Thank you, Madam Speaker. Madam Speaker, there was testimony on this bill presented by Jack Peck, who is the Assistant Director of the Maine Criminal Justice Academy, and that testimony has said that a nonresidential law enforcement training program has been presented to the Board of Trustees of the Maine Criminal Justice Academy as a request to study the option by the Maine Chiefs of Police Association in late 2022. After an extensive review, the board found several structural, operational and logistic obstacles that did not warrant further consideration. I think that testimony is clear that the Maine Criminal Justice Academy has already looked into the possibility of a nonresidential law enforcement training procedure and has decided that it is not practical at this time and I do not think that having a study would change that analysis by the experts that we task with developing one of the best criminal justice training curriculums in the country and I will be voting against the motion to recede and concur.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: Thank you, Madam Speaker. I just wanted to stand up as well and say that I oppose the recede and concur motion. I feel that the academy has it right. Thank you.

Representative MILLETT of Cape Elizabeth **REQUESTED** a roll call on the motion to **RECEDE AND CONCUR**.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: A roll call has been ordered. The pending question before the House is to Recede and Concur. All those in favor will vote yes, those opposed will vote no.

On motion of Representative DOUDERA of Camden, the following Joint Resolution: (H.P. 1286) (Cosponsored by Senator CARNEY of Cumberland and Representatives: ARFORD of Brunswick, BELL of Yarmouth, CLOUTIER of Lewiston, DODGE of Belfast, MILLETT of Cape Elizabeth, SALISBURY of Westbrook, ZAGER of Portland, Senator: BEEBE-CENTER of Knox)

**JOINT RESOLUTION RECOGNIZING JUNE 2, 2023 AS
NATIONAL GUN VIOLENCE AWARENESS DAY**

WHEREAS, every day, more than 120 Americans are killed by gun violence and more than 200 are shot and wounded, with an average of more than 17,000 gun homicides every year; and

WHEREAS, Americans are 26 times more likely to die by gun homicide than people in other high-income countries; and

WHEREAS, protecting public safety in the communities they serve is among Legislators' highest responsibilities; and

WHEREAS, support for the Second Amendment rights of law-abiding citizens goes hand in hand with keeping guns away from people who should not have them; and

WHEREAS, gun violence prevention is more important than ever as we see an increase in firearm homicides, nonfatal shootings across the country, increased calls to domestic violence hotlines and an increase in city gun violence; and

WHEREAS, in January 2013, Hadiya Pendleton was tragically shot and killed at 15 years of age, and on June 2, 2023 people across the United States will wear orange to recognize National Gun Violence Awareness Day, Hadiya Pendleton and other victims of gun violence and the loved ones of those victims and to raise awareness about gun violence; and

WHEREAS, the idea of wearing orange was inspired by a group of Hadiya Pendleton's friends, who chose that color because hunters wear orange to announce themselves to other hunters when in the woods and because orange is a color that symbolizes the value of human life; and

WHEREAS, the Legislature is committed to reducing gun violence and encouraging responsible gun ownership to help keep our families and communities safe; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirty-first Legislature now assembled in the First Special Session, on behalf of the people we represent, take this opportunity to recognize June 2, 2023 as National Gun Violence Awareness Day, to honor and remember all victims and survivors of gun violence and to encourage all citizens to support their communities' efforts to prevent the tragic effects of gun violence and to honor and value human lives.

READ.

The SPEAKER: The Chair recognizes the Representative from Camden, Representative Doudera.

Representative **DOUDERA**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. Tomorrow, June 2nd, is National Gun Violence Awareness Day, also called Wear Orange Day. As you heard, it was started 10 years ago after 15-year-old Hadiya Pendleton was shot and killed. Just one week earlier, she had performed with her school at President Obama's second inaugural parade. This day is dedicated to honoring the lives of people in the U.S. affected by gun violence, people like Hadiya, and elevating the voices of those demanding an end to it.

Here in Maine, we're still reeling from the mass shooting last month in Bowdoin, an episode of violence in which four people were killed and three people were injured. Thankfully, that type of gun violence is not common in our State. In fact, Madam Speaker, we're consistently among the safest States in the nation when all categories of violence are combined, and that is good, indeed. But here's the thing; according to the CDC, Maine actually has the highest per capita gun death rate in the northeast. Maine had 12.6 gun deaths in 2021 per 100,000 people. Vermont had 11.9, New Hampshire had 8.3, Connecticut had 6.7, Rhode Island had 5.6, New York had 5.4, New Jersey had 5.2 and Massachusetts had 3.4. Think about that for a minute. Gun deaths per capita in Maine are more than double the per capita rates of New York and New Jersey and more than triple the rate in Massachusetts.

How do we make sense of these two seemingly conflicting sets of facts? The answer lies in our State's high rate of firearm suicide. In 2021, 88.7% of our firearm deaths were suicides. As anyone who's had a suicide in their family knows, this act of violence does not just affect the person who chooses to end their life. I will never forget the day that I came home from high school

to learn that my 19-year-old cousin, Bobby, had taken his life. Suicide affects families, it affects communities, it affects first responders and law enforcement. Some people survive a suicide attempt and they go on to have full and happy lives. But suicide by firearm is almost always fatal.

Madam Speaker, I'm a problem solver, I know you are, too, and I suspect that most people in this room are problem solvers. We know there are solutions, there are measures we can take to end gun violence, but today is not the day to debate them. Today and in the coming days, please take a moment to lift up the lives of people in our country and especially here in Maine who've been affected by gun violence. Wear orange or grab a sticker or a ribbon in the Clerk's office to show that you believe in a future free from gun violence. We can take meaningful action if we work together on this. Let's make that commitment today. Thank you, Madam Speaker.

Subsequently, the Joint Resolution was **ADOPTED** and sent for concurrence.

On motion of Representative RANA of Bangor, the following Joint Resolution: (H.P. 1283) (Cosponsored by Senator DUSON of Cumberland and Representatives: ABDI of Lewiston, DANA of the Passamaquoddy Tribe, DHALAC of South Portland, Speaker TALBOT ROSS of Portland, Senators: BALDACCI of Penobscot, HICKMAN of Kennebec)

**JOINT RESOLUTION RECOGNIZING MAY 2023 AS
ASIAN AMERICAN, NATIVE HAWAIIAN AND

WHEREAS, the Asian American, Native Hawaiian and Pacific Islander community is an inherently diverse population, composed of more than 45 distinct ethnicities and more than 100 language dialects, and its members have different experiences, histories and cultures; and

WHEREAS, within the Asian American, Native Hawaiian and Pacific Islander community there is intersectionality among those who are multiracial, adopted and first generation; and

WHEREAS, the story of Asian Americans, Native Hawaiians and Pacific Islanders in the United States is an inextricable part of the history of the United States; and

WHEREAS, the first Asian communities to settle in the State were Chinese families in the late 1850s; and

WHEREAS, in the 1970s and 1980s, many Cambodian, Laotian and Vietnamese families immigrated to the State, escaping the upheaval of the Vietnam War and escaping persecution and the Cambodian Genocide conducted by Pol Pot and the Khmer Rouge; and

WHEREAS, the numbers of people who identify as Asian in the State have increased significantly each decade, doubling from 1990 to 2000, increasing by 33% from 2000 to 2009 and increasing by 23.8% for those who identify as Asian alone and by 82.2% for those who identify as Asian in combination from 2010 to 2020; and

WHEREAS, Asian Americans, Native Hawaiians and Pacific Islanders are playing a significant role in the State's labor force and are employed in all sectors of the State's economy, including work in high-tech industries, service industries, the financial sector, government, health care, biomedical research, public schools and higher education, and Asian Americans, Native Hawaiians and Pacific Islanders in the State have high civic participation and voter turnout rates; and

WHEREAS, Asian Americans, Native Hawaiians and Pacific Islanders have made significant contributions to the United States at all levels of the Federal Government and in the United States Armed Forces; and

WHEREAS, the month of May was selected to honor Asian Americans, Native Hawaiians and Pacific Islanders because the first Japanese immigrants arrived in the United States on May 7, 1843 and the first transcontinental railroad was completed on May 10, 1869 with substantial contributions from Chinese immigrants; and

WHEREAS, nationwide, there was a 167% increase in hate crimes against Asians from 2020 to 2021; and

WHEREAS, there remains much to be done to ensure that Asian Americans, Native Hawaiians and Pacific Islanders have access to resources and a voice in the government of the United States and the State and continue to advance in the political landscape; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirty-first Legislature now assembled in the First Special Session, on behalf of the people we represent, take this opportunity to recognize May 2023 as Asian American, Native Hawaiian and Pacific Islander Month and pay tribute to the contributions of generations of Asian Americans, Native Hawaiians and Pacific Islanders who have enriched the history of the State and the United States.

READ.

The SPEAKER: The Chair recognizes the Representative from Bangor, Representative Rana.

Representative **RANA**: Thank you, Madam Speaker. Madam Speaker and Distinguished Members of the House, I rise today in recognition of the great contributions Asian-American, Native Hawaiian, and Pacific Islander communities have made to our nation and to our beloved State of Maine. I stand proudly before you as the sole member of the Asian-American community to serve in the 131st Legislature. While I am grateful to be here now, I look forward to the day when I will stand before you with a strong contingency of fellow AANHPI House Members.

While I know today is the first day of June, I was unable to attend our Session day on Tuesday and missed reading my sentiment before May came to an end. The month of May was chosen to celebrate AANHPI Heritage Month for several reasons, including to commemorate the first Japanese who came to the United States in May of 1843 and to mark the May 1869 completion of the transcontinental railroad which involved the labor of many of our first immigrants from China. The first Chinese person arrived in Maine in 1858 with a small, informal Chinatown forming around 1916 in Monument Square, mainly lasting until around 1953. It wasn't until the 1960s, after the passage of the Immigration Reform and Naturalization Act, that the Asian population in Maine began to increase significantly. In the 1970s and '80s, many Cambodians, Laotians and Vietnamese families arrived in Maine, escaping the fallout of the Vietnam War and persecution on their homelands for a safe, prosperous future in our great State. Many Cambodian families also came to the State escaping the atrocities of genocide, to raise their children and build their homes here. Many Asian-Americans have a story of hardship that led to their journey stateside. British rule of India lasted nearly 100 years. The results of the reign were economic and social destabilization. The partition of India, Pakistan and Bangladesh resulted in the separation of communities and division of families. Every south Asian family has a partition story that details the loss of home. That's the root of my family's story as well. My parents came as immigrants from south Asia with hope in their hearts to raise a family and build a community here in Maine, in part to mend their fractured ancestral past. My father moved to Maine in the early '90s from Boston to leave the city life behind and connect with nature, build a business with his wife and raise his children here.

Born and raised in Maine, my Asian-American identity is rooted in the collective choices my parents made and their chosen home in this great State.

I would be remiss not to recognize the rise of hate crimes directed at Asian-Americans over the years. Nationwide, hate crimes targeting Asian origin people increased 167% from 2020 to 2021. While national headlines of these tragedies have shed light on these disturbing occurrences, we must address the fact that members of the Asian-American community in Maine have suffered as well. According to the FBI Hate Crime Bureau, seven hate crimes against Asian-Americans were reported in Maine in the past 10 years. Five of our own faced these heinous crimes in the past two years alone. Last year, in March 2021, a Portland man was accused of attacking an Asian-American woman and her 12-year-old daughter. In March of this year, Portland police warned community members that a group of men were targeting local Asian families and burglarizing their homes. While it is important to recognize the wrongdoings to the Asian community, this is also a moment to celebrate and honor the contributions that the AANHPI have made to this country. Contributions that are not limited to economic and scientific advancement but food, music, dance and art. From the diverse cuisine from across the Asian continent to the exciting colorful melodies of Bollywood. Today, let's gather in recognizing all those who continue to make our State a great place to live, including our neighbors from the AANHPI communities. Thank you, Madam Speaker.

Subsequently, the Joint Resolution was **ADOPTED** and sent for concurrence.

On motion of Representative WHITE of Waterville, the following House Order: (H.O. 27)

ORDERED, that Representative Caldwell Jackson of Oxford be excused May 11 for personal reasons.

AND BE IT FURTHER ORDERED, that Representative H. Sawin Millett Jr. of Waterford be excused May 18 for personal reasons.

READ.

Representative MEYER of Eliot moved that the House **ACCEPT** the Majority **Ought to Pass as Amended** Report.

Representative JAVNER of Chester **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass as Amended** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Chester, Representative Javner.

Representative **JAVNER**: Thank you, Madam Speaker, Men and Women of the House. This is a bill that takes \$3 million of our hard-earned taxpayer dollars and hands it to a nonprofit. As we were told in the work session, they are not operating at a loss, they are simply having to raise more private funds, which is what nonprofits should do. Thank you.

The SPEAKER: The Chair recognizes the Representative from Chelsea, Representative Lemelin.

Representative **LEMELIN**: Thank you, Madam Speaker, and people of the House. Madam Speaker, I would be so grateful if you would put me in touch with the person you have write the title of these bills. It's absolute genius to title this bill "An Act to Improve Women's Health and Economic Security by Funding Family Planning Services." It's just pure genius.

This bill is deceptive, Madam Speaker. It is not about women's health or economic security. It's about the destruction of the family. So, if you were to amend the title of this bill to read 'An Act to Fund the Destruction of the Family,' then it would not longer be deceptive. The ability for a woman to work and be all she can be can never take precedence over the family. A baby's life is more precious than any career move, no matter how we self-justify it.

If we ignore the surface fluff which Members will give and have already given for the fake reasons behind this bill, we can then talk about the real reasons for this bill. Number one, a payback, a thank you. Number two, to advertise for abortions. Although legally, no money from this bill can go towards abortions, specifically, money does go towards birth control and the education of abortions. Now, the most amazing part of this bill is no money is given to Catholic or Christian facilities which actually help to improve women's health and economic security and these facilities actually provide these services where this money is going, those services are not really provided. The difference, though, is these Catholic and Christian facilities which do provide services for women, provide no abortions. Keep in mind also that these great facilities which actually provide these services do not contribute any campaign money to any of the individuals who are sponsoring this bill.

Representative **ROBERTS**: Point of Order.

The SPEAKER: The Chair recognizes the Representative from South Berwick, Representative Roberts.

Representative **ROBERTS**: The Member is questioning the motives of other Members.

On **POINT OF ORDER**, Representative ROBERTS of South Berwick objected to the comments of Representative LEMELIN of Chelsea because he was questioning the motives of other Members of the House.

The SPEAKER: The Chair will remind the Members to not question the motives of other Members or impugn their character.

The Chair reminded all Members that it was inappropriate to question the motives of other Members of the House.

The SPEAKER: The Member may proceed.

Representative **LEMELIN**: So, why is it, Madam Speaker, that the facilities that actually provide the services get no money and the facilities that do not, do? Madam Speaker, you repeatedly boast about equality and equity. So, Madam Speaker, if you truly endorse equality and equity, then we must include all facilities in this bill and not just the ones who provide abortions. These facilities for so-called family member services can do their evil deeds through private funding, private fundraising and the huge profits made through abortions with their parent company. No matter how many stories you hear about the number of women who have used family planning services, I guarantee you family planning services has never improved any woman's health or provided them with any economic security. Thank you.

The SPEAKER: The Chair recognizes the Representative from Presque Isle, Representative Underwood.

Representative **UNDERWOOD**: Thank you, Madam Speaker. The Good Representative who just spoke before us clarified my point that I wanted to inquire about. Thank you.

The SPEAKER: The Chair recognizes the Representative from Eliot, Representative Meyer.

Representative **MEYER**: Thank you, Madam Speaker, Men and Women of the House. For the last decade, our State's family planning providers have experienced flat or declining funding at the State and Federal level. LD 1478 will provide just shy of \$3.4 million of State funding annually to our State's sexual and reproductive health care network consisting of 61 individual sites statewide operated by Maine Family Planning and Planned Parenthood of Northern New England. Mainers turn to family planning providers for affordable, high-quality care including wellness exams, birth control, disease testing and treatment and cancer screenings. These providers see everyone seeking care regardless of ability to pay and in a typical year, \$3-3.5 million in free and deeply discounted care if provided to Mainers in communities Statewide. Rising costs and flat funding in some cases combine to cause some of these providers to reduce the availability of care. No Federal or State grant funds are used by either provider to support abortion care; a fact supported by regular audits conducted by US DHHS.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: Thank you, Madam Speaker. I just wanted to stand up and say that in the nine years that I've been in politics and as a Senator and Representative, I've gotten some phone calls to be invited for improvement of women's health and for family planning. And those places that called me, they showed me their facility and they were very informative of what they're doing and they showed me that they were trying to show hope for these young ladies that were really scared because they were found pregnant and they had reasons that they felt that they didn't know if they should keep it or not, keep the baby. And they took me around and they even showed me, you know, the clothes that they get for babies to take care of them if the young lady that needs those clothes for their baby, they've shown me how they use the ultrasound to hear that heartbeat and they said one out of every two ladies that was even thinking about abortion changed their mind once they heard that heartbeat.

Planned Parenthood, I have never had them invite me anywhere except for thinking about abortion. We are paying \$3.39 million to put towards abortion to kill babies and not give them the chance of even surviving. This is my concern from this bill. I think we are paying for death. When you say one out of two just at the very beginning of just hearing that heartbeat and

we're going to take that away. So, I cannot agree with this bill. I think there are options and I do think that we could put that money to good circumstances and maybe even abortions that are needed medically, situations where there may have been rape or incest or situations that might be something that we can't fathom, but not just on a regular basis for birth control. There are circumstances where maybe the boyfriend abandons the girl, there may be a lot of different choices that that girl and parents have to make, but let's give them that chance. And I think that this is a big concern. So, thank you for listening. I hope that we all can make a motion against this bill and vote no because I believe that something can be better. Thank you.

The SPEAKER: The Chair recognizes the Representative from Lewiston, Representative Cloutier.

Representative **CLOUTIER**: Thank you, Madam Speaker. I would just say that I am an actual woman and I am a woman whose health and economic security was improved by family planning services. Thanks.

Representative LANDRY of Farmington moved that the House **ACCEPT** the Majority **Ought to Pass** Report.

Representative MASON of Lisbon **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Lisbon, Representative Mason.

Representative **MASON**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. I rise this morning in opposition to the pending motion. This bill will put more regulation on the people of Maine. During the work session on this bill, it was said to take Maine residents six to seven hours online to complete the course. And, Madam Speaker, this can only be done online without a classroom, with no hands-on operating of a boat in water. However, if you want to go boating from another state for the weekend, you can do a quickie course that only takes one to two hours. This also can be completed without any hands-on boating in the water. Also, if you come from another country by sea, there's no course required whatsoever. Madam Speaker, I just don't think Maine is in favor of this type of boater safety course program without requiring at least some type of hands-on training. Please join me in voting in opposition of this motion. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Woolwich, Representative Hepler.

Representative **HEPLER**: Thank you, Madam Speaker. This bill is an act to implement the recommendations of IF&W's report on boater safety education and it comes as a result of a bill that we passed last year, An Act To Improve Boater Safety on Maine Waters. It directed a stakeholder to figure out some clarifications on some of that, one with regard to who was exempt from that. We also clarified and talked about whether this bill, when it goes into effect in January of 2024, will only apply to people born after 1999. We've made some other clarifications that the IF&W committee asked the stakeholder group to do. Thanks.

The SPEAKER: The Chair recognizes the Representative from Dover-Foxcroft, Representative Perkins.

Representative **PERKINS**: Thank you, Madam Speaker. I grew up boating and fishing with my father and my grandfather, everything from where my camp is down on Lake Ontario to the Maine lakes where we had a camp up here at the time and down in Florida with my other grandfather. And I learned more from them giving me control of the boat, being out there with them, than I would or anybody would ever learn from staring at a computer for a few hours. And this bill would take that ability away. You know, you wouldn't be able to give control to your, you know, seven-, eight-, nine-, 10-year-old kid while you're in the boat with them, actually teaching them how to properly use a boat, control a boat or, you know, practice that boater safety. And so, I'm strongly opposed to this bill.

The SPEAKER: The Chair recognizes the Representative from Dexter, Representative Foster.

Representative **FOSTER**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. May I pose a question through the Chair?

The SPEAKER: The Member may proceed.

Representative **FOSTER**: Thank you, Madam Speaker. As I understand this bill, my 40-year-old son who has been driving my boat for; sometimes without my permission; for quite a few years would be required to carry a card saying he had sat down and taken this long computer course before he could drive my boat when he comes up for his July 4th respite and if he didn't have that, he would be in violation and could be ticketed. I'm wondering if that is the case. Thank you. It makes no sense to me.

The SPEAKER: The Member has posed a question to anyone who can answer.

A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass Report. All those in favor will vote yes, those opposed will vote no.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: Thank you, Madam Speaker. Just a question to the Speaker and to the Ladies and Gentlemen of the House.

The SPEAKER: The Member may proceed.

Representative **CYRWAY**: On this Amendment "B" it had an OUI piece and I'm just concerned if we pass this the way it stands, how would this prevent a person that is pulled over that has been drunk driving and then he just makes up a story that he's trying to prevent a crime and whatever and then gets released and not charged. How would that work on passing this bill as is compared to Amendment "A" on Representative Poirier's bill?

The SPEAKER: The Member has posed a question to anyone who can answer. The Chair recognizes the Representative from Portland, Representative Moonen.

Representative **MOONEN**: Thank you, Madam Speaker. I rise to answer the question. This bill would not prevent someone who is pulled over for drunk driving from being prosecuted for OUI. This bill only addresses any evidence that is collected during a sexual assault forensic exam, which presumably would not be happening while someone is pulled over on the side of the road. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: So, Madam Speaker, just to get clarity on this, sexual assault, so they could say that if they're under the influence that they report and they don't get charged for assault? Is that what this is saying? I don't quite understand how this OUI piece still reflects in this.

The SPEAKER: The Member has posed a question to anyone who can answer. The Chair recognizes the Representative from Skowhegan, Representative Poirier.

Representative **POIRIER**: Thank you, Madam Speaker. Just to clarify what this bill actually is. It's for a person who has been sexually assaulted, they've reported it and maybe they've gone to the hospital, maybe they've gone to the police station. Sometimes in those forensics exams there is blood drawn, there are other things taken. If that person is maybe under the influence of drugs or alcohol, this bill makes it so that they can't be charged with that crime because they're actually reporting a sexual assault. The reason why I was on a separate report is because I did not want to include an OUI or DUI in the bill just for my own personal beliefs, regardless if it's a sexual assault situation or not, I was not comfortable being on a bill that basically says it's okay if you drive drunk to report this crime because you've had the crime committed against you because it doesn't need to be reported immediately, if you're drunk, you can wait, you know 12-24 hours to report it, that's okay. That's the main reason why I am on a separate report on this but the concept of the bill itself, I definitely support. Thank you.

The SPEAKER: The Chair recognizes the Representative from Hampden, Representative Haggan.

Representative **HAGGAN**: Thank you, Madam Speaker. I'm on the Majority Report and if I had my way, I would have sided with my esteemed Colleague from Skowhegan. I completely support her stance. Thank you.

Subsequently, under further suspension of the rules the Bill was **PASSED TO BE ENGROSSED as Amended by Committee Amendment "A" (H-251)** and sent for concurrence.

The SPEAKER: The Chair recognizes the Representative from Wales, Representative Greenwood.

Representative **GREENWOOD**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. I read the motion on the board, the Majority Ought Not to Pass Report, on a bill that is entitled "An Act to Protect Maine Citizens from Discrimination by Including Vaccination Status as a Protected Class". According to the Maine Human Rights Commission, protected classes include race, color, ancestry, national origin, sex, sexual orientation, physical or mental disability, religion, age and other categories in certain contexts. This bill would simply add vaccination status to that list. This is to protect an individual's privacy for those that seek employment, housing, education and all other areas where protected people and classes are recognized. When we speak of equal employment

rights as defined by the Maine Human Rights Commission, we speak in two parts; the right to freedom from discrimination in employment and the opportunity for an individual to secure employment without discrimination is declared to be a civil right. Finally, I believe we've reached a point that a vaccination status, for whatever preventative nature is, can and should be protected from any form of discrimination and to protect the privacy of the Maine citizens. For that reason, I will be voting against the pending motion. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: Thank you, Madam Speaker. I feel that this is one of the items that when you talk about discrimination that our soldiers have fought for freedom to make our own decisions and not be discriminated and this is taking that away. Thank you, Madam Speaker.

Representative MOONEN of Portland moved that the House **ACCEPT** the Majority **Ought to Pass** Report.

The same Representative **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Portland, Representative Moonen.

Representative **MOONEN**: Thank you, Madam Speaker. Madam Speaker and Colleagues of the House, in 1971, the Legislature enacted the Maine Human Rights Act in order to, quote; prevent discrimination in employment, housing or access to public accommodations; end quote, on the basis of a protected immutable trait. In 1983, the Legislature added education. But at that time, they did so only on the basis of sex. When they did so, educational institution was defined as any public school or educational program, any public postsecondary institution, any private school or educational program approved for tuition purposes of both male and female students are admitted and the governing body of each such school or program. That definition excluded single-sex schools, which made sense at that time because the only applicable protected class was sex. In the following decades, the Legislature added other protected classes; disability in 1987, national origin in 1989, race in 1991 and sexual orientation in 2005. Despite those changes, the definition of educational institution was largely left unchanged. The result of leaving that unchanged is that current law provides a blanket exemption from our nondiscrimination laws for single-sex schools, not just on the basis of sex but also on the basis of all other protected classes such as race, ancestry, national origin, religion and sexual orientation. While a blanket exemption made sense when the only prohibition on discrimination in education was based on sex, a blanket exemption cannot possibly stand now. And because there are no single-sex schools in Maine, removing the exemption will not interfere with any existing educational program. I urge you to join me in voting Ought to Pass. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Skowhegan, Representative Poirier.

Representative **POIRIER**: Thank you, Madam Speaker. LD 1833 does amend the definition of educational institution in the Human Rights Act. The bill does propose to make any single-sex school, public or private, subject to the Act. In

essence, if this passes, it will basically outlaw same-sex schools as they would be subject to the sexual discrimination part of the bill. Some may believe that there are no schools in Maine that would be affected by this change but I recently found out that there is a private school in the planning process right now to be established to serve males 13-17 years old that are experiencing challenges, whether it be homelessness or problems at home, behavior, that sort of thing. So, if this passes, they would actually be forced to have to revamp their whole plan and include females or be subject to discriminatory laws under this Act. So, that is one reason why I cannot support the pending motion. Also, there's a question of if this were to be enacted, will it ultimately have an effect on current public or private entity schools that have the boarding facilities where people stay on campus. A lot of schools have single-sex dormitories. This could be interpreted to extend to that as well. So, for these reasons, I ask you to follow my light and actually oppose the pending motion. Thank you.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: Thank you, Madam Speaker. I know I'm speaking quite a bit today. I just wanted to mention today that, you know, my mother stayed in a nursing home that was all women in the nursing home. And so, is this going to spread to that eventually and I'm just saying where does it stop. So, I just feel that this is discrimination in itself, this bill. So, I feel that Ought Not to Pass is appropriate. Thank you, Madam Speaker.

The SPEAKER: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass Report. All those in favor will vote yes, those opposed will vote no.

Representative ROEDER of Bangor moved that the House **ACCEPT** the Majority **Ought to Pass as Amended** Report.

Representative BRADSTREET of Vassalboro **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass as Amended** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Vassalboro, Representative Bradstreet.

Representative **BRADSTREET**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. I do rise in opposition to the pending motion. You may ask, this seems pretty minor and innocuous but I'd like to point out it's one of many, many bills that the business community has had to face the last couple of Sessions, and the theory of a death by a thousand cuts certainly applies here.

Already, it's illegal for a prospective employer to ask a job applicant for pay history. That was supposed to have taken care of all the discrimination that we heard about last Session. And yet this one, this particular bill, part of it applies to employers with 10 or more employees, part of it doesn't. It's a little bit confusing for some of the employers who may wish to expand their number of employees, it also requires a lot of paperwork. Even the State Superintendent and Maine School Boards Association testified against the bill. It's going to create a lot of needless paperwork, really unnecessary. There are more detriments to this bill than there are benefits. So, I hope everybody joins me in voting in opposition to the pending motion. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Bangor, Representative Roeder.

Representative **ROEDER**: Thank you, Madam Speaker. I did want to point out the 10 or fewer employees exemption in the amendment and that requires that an employer with fewer than 10 employees must disclose on request to the applicant for an employment opening the range of pay the employer will offer to a successful applicant.

The reason this bill was put in was twofold. One, that during the course of my professional life I've heard time and time again from managers, from prospective employees, from interviewees, from pretty much everybody across the workforce the fact that they were frustrated that there weren't clearer pay ranges in job postings. It is a transparency issue; it is something that streamlines the application process and doesn't waste anyone's time. And we know we're in a workforce crisis right now. The other portion of this is something that is directly related to a case that we have heard a lot about, the Mundell case, in which an employee at Acadia Hospital found out she was making half of what men in the same position were making. And this isn't just about transparency, it's about fairness and we do have little carveouts for our small businesses because that was important to me. Thank you.

The SPEAKER: The Chair recognizes the Representative from Albion, Representative Cyrway.

Representative **CYRWAY**: Thank you, Madam Speaker. I just wanted to bring this up that, you know, we as the State of

Maine have really tried to help the businesses during COVID time. And this is like setting us backwards because what's going to happen is you're going to put a burden on more businesses about their record-keeping and if it doesn't fit, it's going to put a real harder burden on them and they're going to put them out of business. We are trying to get business back, not trying to get rid of business. And I think that this is just one step of getting rid of business. So, let's rethink this and I think that if we can vote Ought Not to Pass and if there is an issue, it seems like there's a different way of doing it. But I was listening to the radio this morning and this is certainly a non-business type bill. Thank you.

The SPEAKER: The Chair recognizes the Representative from Turner, Representative Morris.

Representative **MORRIS**: Thank you, Madam Speaker. I also rise in opposition to this pending motion. This bill will make it harder for Maine's small businesses, with more record-keeping required, and I don't really see a need for this bill. I have many small businesses in my community that have more than 10 employees that are still small businesses. This would get them trapped in a labor violation because they failed to disclose what they're going to pay. It's always an agreement between the employer and the employee. There is no need for any additional disclosures. This is an added administrative burden on small businesses. The other thing that is not clear in reading the language of the bill is it says more than 10 employees. We're heading in to summer season, that's when many businesses may ramp up their hiring but most of the year, they have less than 10. All of a sudden in the summer, how is this record going to be continued to be kept if they only have to do it when they have more than 10 but when they fall below 10, they no longer have to do it. This bill is just; it's not a good bill. I would encourage this Body to reject it and vote against this motion. Thank you.

The SPEAKER: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass as Amended Report. All those in favor will vote yes, those opposed will vote no.

(H.P. 486) (L.D. 797)
(C. "A" H-144)

Was reported by the Committee on **Engrossed Bills** as truly and strictly engrossed.

The SPEAKER: The Chair recognizes the Representative from Warren, Representative Pluecker.

Representative **PLUECKER**: Thank you, Madam Speaker. I just wanted to remind the House what we're voting on here. This is giving the opportunity to some Little Leaguers here in the City of Augusta to play on their own fields that they've been playing on for a long time and for CARA; it's named there, the Capitol Area Recreation Association; to own and improve those facilities. So, I really hope we can get together. This has been a unanimous vote out of Committee and I hope we can stay together on this. Thank you.

The SPEAKER: The Chair recognizes the Representative from Augusta, Representative Bridgeo.

Representative **BRIDGEO**: Thank you, Madam Speaker, Members of the House. Just briefly, this facility that we're discussing has been under lease from the State to the Capitol Area Recreation Association, a regional not-for-profit, for almost 50 years now. There's another 50 years on the lease but it is the desire of the Board of Directors of the not-for-profit and the communities that benefit from it that they acquire ownership of it so that they can comfortably go forward with their fundraising, their improvements.

It will mean an awful lot to not just the residents of Augusta but neighboring communities where the kids take advantage of it. It's a fabulous facility. It's just across from the East Side Campus, it's called the Piggery Road, it's developed over the years. Years ago, when my kids were growing up, I mowed lawns and took wrenches to bleachers and, like many other parents, did our best to provide a really wonderful facility.

As the Representative said, this was unanimous out of Committee. It's before us in this fashion because the Constitution ensures that before the State parts with any public lands that it's done by a two-thirds vote. So, I would ask for your blessing on this one and for your support. Thank you very much.

The SPEAKER: The Chair recognizes the Representative from Waterford, Representative Millett.

Representative **MILLETT**: Thank you, Madam Speaker. I thought it would be timely to add my voice to the two previous speakers and make this a tri-partisan message of support. This group has managed the softball fields on the roads across from the East Campus for many, many years. I've had occasion to play on those fields multiple times. Impressed by the dedication of the group and the worthiness of our transferring whole responsibility for those athletic fields to them. I can't say enough about the CARA group and I support the enactment of this Resolve.

In accordance with the provisions of Section 23 of Article IX of the Constitution, a two-thirds vote of all the members elected to the House being necessary, a total was taken. 132 voted in favor of the same and 0 against, and accordingly the Resolve was **FINALLY PASSED**, signed by the Speaker and sent to the Senate.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Kennebunkport, Representative Gere.

Representative **GERE**: Thank you, Madam Speaker. I rise today in support of enactment of LD 2. LD 2 creates the Housing First Program to address the needs of people in Maine who have been chronically unhoused. These are folks who have had ongoing and profound difficulties in maintaining stable housing. The Housing First Program provides funding for the housing and services needed to help these folks stay stably housed and recover from the trauma of long-term homelessness. Housing First is not only the right and compassionate thing to do for Maine, it is also fiscally responsible; saving money on emergency services, providing tools to our shelter system to address the problem of chronic homelessness and helping people stabilize their lives, become their best selves and contribute to their communities.

Madam Speaker, I am grateful for your leadership and for the leadership and collaboration of colleagues on both sides of the aisle in moving this legislation forward. It will allow us to address the deeply troubling and important aspect of our housing crisis that is chronic homelessness. With this legislation, we are exemplifying Maine's motto, Dirigo, and we are leading together. Thank you very much, Madam Speaker.

The SPEAKER: A roll call has been ordered. The pending question before the House is Passage to be Enacted. All those in favor will vote yes, those opposed will vote no.

The SPEAKER: The Chair recognizes the Representative from Portland, Representative Brennan.

Representative **BRENNAN**: Thank you, Madam Speaker, I request permission to speak on the record to the House.

The SPEAKER: The Representative from Portland, Representative Brennan has requested unanimous consent to address the House on the record. Hearing no objection, the Representative may proceed on the record.

Representative **BRENNAN**: Thank you, Madam Speaker, Men and Women of the House. On Tuesday, the House adjourned in memory of Hayden Anderson. Unfortunately, I was not here to speak to the Sentiment that recognized him but for over 10 years, he was my neighbor. But, more importantly, he was the Executive Director of the Maine Humanities Council. In that role, he catapulted Maine to national prominence in art and cultural affairs and he spoke regularly to the importance of culture in the State of Maine. There's not one person in this Chamber, not one person in the State of Maine that didn't benefit from the leadership that he showed on the Humanities Council. I wanted to make sure that we recognized that and knew that. He is a tremendous loss to the State of Maine but especially to his wife, Meredith, to his son, Gus and to his daughter, Lucy. So, I wanted to enter into the record a recognition of the service that he provided to the State of Maine and share the loss of his passing last week. Thank you.

By unanimous consent, all matters having been acted upon were **ORDERED SENT FORTHWITH**.
