SPECIAL SENTIMENT CALENDAR

In accordance with House Rule 519 and Joint Rule 213, the following items:

In Memory of:

Lee B. Silverman, of Brunswick. After working in feature film development and marketing for United Artists and earning his MBA at Harvard Business School in 1990, Mr. Silverman worked for Goldman Sachs, where he was a vice president in private client services. In 2000, he joined Merrill Lynch as a senior vice president in order to work with his brother and to live in Maine. He was a longtime member of Longwood Cricket Club and the Union Club of Boston, Massachusetts. A conservationist, he helped preserve Pennellville and supported The Brunswick Topsham Land Trust and Maine Coast Heritage Trust. He volunteered in leadership roles for several nonprofit organizations, serving as the second President of the Boston Center for Jewish Heritage and as a board member of the Beacon Hill Civic Association. He also supported the libraries in both Brunswick and Carrabassett Valley and wrote a book entitled "B." Mr. Silverman will be long remembered and sadly missed by his family, friends and community;

(SLS 1513)

On **OBJECTION** of Representative ARFORD of Brunswick, was **REMOVED** from the Special Sentiment Calendar.

READ.

The **SPEAKER**: The Chair recognizes the Representative from Brunswick, Representative Arford.

Representative **ARFORD**: Thank you, Mr. Speaker. I stand to recognize Lee Silverman of Brunswick, who very, very sadly is no longer with us, who passed away late December. And I stand today because this is an individual I have known for almost 30 years. Our children grew up together, our children played sports together and he's someone that I miss. And I want everybody in this House to know what a good, amazing human being he was. And I'm just going to read you from a statement about him.

He graduated first in his class, *summa cum laude*, from Bowdoin in 1986, was a Rhodes Scholar finalist, he studied at the London School of Economics during his junior year abroad, he earned an MBA at Harvard Business School, he went on to

be very successful in the financial world. But you know what? Until I read his obituary, I did not know that about him. That's not who he was. He was an amazing father. That's what I knew about this man, what an amazing Dad he was of his four children. We sat on the sidelines of so many soccer games together. He also did amazing traveling that I didn't know about because he never spoke about his accomplishments. He talked about his family, and he talked with you about what was going on in your life.

And I don't know if it's a good thing or a bad thing that I had to wait to learn in his obituary all these truly amazing things this man has done. But I will say something; any community that has the privilege of having a Lee Silverman in it, a father who is one hundred percent behind the schools and their children and what's happening in the community, any community in Maine that's so fortunate, well, you really couldn't ask for more. And I just had to stand up and tell you all about him. Thank you.

Subsequently, this Expression of Legislative Sentiment was **ADOPTED** and sent for concurrence.

In Memory of:

Beatrice Marie Vlodek, of Waterville. Mrs. Vlodek and her husband Johnny owned and operated the Yardgoods Center, where she was actively involved until her passing. She was a member of the Notre Dame Catholic Church, Corpus Christi Parish and a friend of the Servants of the Blessed Sacrament and the Oratory St. Joseph. Mrs. Vlodek will be long remembered and sadly missed by her family, friends and community;

(HLS 541)

Presented by Representative NUTTING of Oakland.
Cosponsored by Senator CYRWAY of Kennebec,
Representative DEBRITO of Waterville, Representative JULIA
of Waterville.

On **OBJECTION** of Representative ROEDER of Bangor,
was **REMOVED** from the Special Sentiment Calendar.

READ.

The SPEAKER: The Chair recognizes the Representative
from Bangor, Representative Roeder.

Representative **ROEDER**: Thank you, Mr. Speaker,
Ladies and Gentlemen of the House. I did not know Bea
personally, but since 2021, I have delighted in hearing about her
from her daughter, Joyce, every time I stopped into Yardgoods,
the business Bea started with her husband in 1949, on my way
to or from Augusta.

I first heard about Bea when Joyce looked at my legislative
lanyard and said she thought her soon-to-be 100-year-old
mother had written down my name after seeing something on
the news about the Legislature. I asked her if it was good, and
Joyce said, eh.

I heard about Bea, how her life was full of joyful curiosity
about the world, and during that first visit, Joyce asked if my
mother was still with us. When I told her that my Mom had
passed at age 84, Joyce's reply was, wow, so young.

Over the years, I heard so much about Bea every time I
stopped into Yardgoods. And now, the business that Bea built
is a hub of community, always the kind of place where you'll
encounter a friendly face, learn a new skill, find some peace
amongst the bustle of the world or even get asked if you wanted
to be set up with a single dermatologist.

Bea lived a century of quiet strength and deep generosity,
raising her family, building a small business that became part of
Waterville's fabric and showing up for her community every
single day. She reminds us that the truest legacy isn't fame or
power, but a long life, lived with steadiness, love and care for
others. Thank you.

Subsequently, this Expression of Legislative Sentiment
was **ADOPTED** and sent for concurrence.

By unanimous consent, all matters having been acted
upon were **ORDERED SENT FORTHWITH**.

The SPEAKER: The Chair recognizes the Representative
from Readfield, Representative Hasenfus, who wishes to
address the House on the record.

Representative **HASENFUS**: Readfield or Winthrop,
they're one and the same, they're both my homes. And it is with
great pleasure that I would like to speak today for the Winthrop–
Monmouth–Hall-Dale–Kents Hill Ramblers for bringing home
the first State Championship back to Winthrop in 25 years.

Some of the members won't remember, although I'm sure
they've had plenty of stories, that it was their parents who
brought back the last gold ball to Winthrop. And the game was
an incredible game, but I still remember the first drive where we
were playing; I say 'we' because, of course, it's my *alma mater*
and I have memories with Coach Stoneton and Coach Parks
when they first took the helm nearly 20 years ago of this team.
And so, the game was great, we kicked the ball off, Winslow took
the ball in a double wing; I hate the double wing, it's a miserable
offense, but for some teams, it works. And they drove it down,
a slow drive, all the way down the field and scored. I couldn't
help but think of Boothbay and all those battles that Winthrop
has had with Boothbay over the years and that expletive double
wing. But, the Ramblers crashed their ends, followed the pulling
guard and smashed that double wing back to where it came from
and the game ended 41-14, in large part due to the excellent
receiver core and passing from Jacob Fife. It was a magnificent
game to watch, when our receivers were going out, running
great routes, getting perfectly thrown balls and making those
touchdowns.

I commend you all on this State Championship, and
speaking as an alumni, as the child of an alumni, it means so
much to our community to have the gold ball back in Winthrop.
We were all in that huddle with you, singing Bula-Bula after that
awesome State Championship victory in Lewiston. And it is with
great pleasure to present this Sentiment and give a warm and
loud Rambler pride once again from the Maine House Chamber.

Thank you, Mr. Speaker. And remember your
accomplishments, because it's something to be proud of the rest
of your life. Congratulations.

On motion of Representative DILL of Old Town, the following Joint Resolution: (H.P. 1466) (Cosponsored by Senator TIPPING of Penobscot and Representatives: ARATA of New Gloucester, CRAY of Palmyra, HEPLER of Woolwich, ROBERTS of South Berwick)

JOINT RESOLUTION RECOGNIZING SEPTEMBER 20, 2026 TO SEPTEMBER 26, 2026 AS FRONTOTEMPORAL DEGENERATION AWARENESS WEEK

WHEREAS, the Association for Frontotemporal Degeneration reports that frontotemporal degeneration is a terminal and incurable neurodegenerative disease affecting the frontal and temporal lobes, causing impairments to speech, personality, behavior and motor skills, and that it takes an average of 3.6 years from the start of symptoms to get an accurate diagnosis, with an average life expectancy of 7 to 13 years after the start of symptoms; and

WHEREAS, frontotemporal degeneration may strike people between the ages of 21 and 80, with the largest percentage of those affected being between 45 and 64, and is the most common form of dementia for people under 60 years of age, rendering people in the prime of life unable to work or function normally; and

WHEREAS, frontotemporal degeneration imposes average annual costs associated with care and living with the disease that are approximately double those of Alzheimer's disease and is identified in the National Plan to Address Alzheimer's Disease as a related dementia and included as part of the vision of a nation free of Alzheimer's disease and related dementias; and

WHEREAS, it is imperative that there be greater awareness of this serious disease, and more must be done to increase activity at the local, state and national levels; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirty-second Legislature now assembled in the Second Regular Session, on behalf of the people we represent, take this opportunity to recognize September 20, 2026 to September 26, 2026 as Frontotemporal Degeneration Awareness Week.

The SPEAKER: The Chair recognizes the Representative from Old Town, Representative Dill.

Representative **DILL**: Thank you, Mr. Speaker. Mr. Speaker, Colleagues of the House, I'd like to talk briefly today about my neighbor, Pam Wells. Pam was a forester and small woodlot owner along with her husband, Bryan, who's here in the Gallery today, and they won several awards for their stewardship. She was also an accomplished nature photographer. I remember a few summers ago, Pam spent several hours a week sitting on a log in my backyard, photographing the escapades and growth of a fox family living under my neighbor's shed.

Pam was also an active walker, walking around the block at least daily. Until one day, I noticed her with her new puppy, Rosy; then it was at least twice a day she had to walk around the block. Not only did she like to walk, but she loved to talk. Every time I was in the yard, she and Rosy would stop by for a chat, Rosy would sit there patiently staring at me until Pam would reach into her pocket, hand me a dog treat to give to Rosy. Then Rosy was happy and we'd finish our chat.

One day in 2024, when Pam stopped to chat, I noticed one side of her face was slightly droopy. She quickly informed me she had frontotemporal degeneration, something, of course, I'd never heard of. She went on to explain it was an incurable neurodegenerative disease affecting the brain's frontal and

temporal lobes. She had had it for a while, but it was now starting to progress, but typically it would be several years. Well, Pam and Rosy continued to walk by my house and would stop to chat. However, it became increasingly more difficult for her to speak as time passed. Then she started walking by with assistance of her friend, or Bryan, because it was getting more difficult to walk. However, we'd still have the same ritual of Pam stopping, only now, I did the talking. Rosy still staring at me until Pam very slowly reaching into her pocket and handing me a dog treat for Rosy. Then, one day, Pam stopped walking by. Unfortunately, instead of years, in Pam's case, it was only a few months. It's a terrible disease. Thank you.

Subsequently, the Joint Resolution was **ADOPTED** and sent for concurrence.

READ.

The SPEAKER: The Chair recognizes the Representative from Eliot, Representative Meyer.

Representative MEYER: Thank you, Mr. Speaker, Women and Men of the House. Maine is proudly a State where people not only choose to live, but choose to stay, to age and to continue contributing to the communities they helped build. We are demographically the oldest state in the nation, with more than one in four of our residents aged 65 or older.

More than 310,000 older Mainers call this State home, and every single day, they make positive, lasting contributions to our economy, our culture and our civic life. According to a 2025 population report from Maine's Office of the State Economist, older Mainers are the only age group in the State that is projected to increase between 2022 and 2032, and the population is projected to increase by 35.6%. These are not simply statistics. It is a reflection of who we are. Maine people are living longer, healthier lives. And as our population ages, we have a responsibility to ensure that our policies, our systems and our communities support aging with dignity, independence and purpose.

Older Mainers have spent decades strengthening this State, raising families, running businesses, volunteering in our schools, serving in our houses of worship and leading in local and State government. They are caregivers, mentors, taxpayers and community anchors. They enrich every corner of Maine, from our smallest towns to our largest cities. And they continue to play essential roles in our workforce, our education systems, our charitable organizations and our civic institutions. Their experience, leadership and commitment are not just a part of our history, they are central to our future.

Recognizing Older Mainers Day is more than a symbolic gesture. It is a statement of our values. It is an acknowledgment that Maine thrives when people of all ages can thrive. It is a reminder that building age-friendly communities strengthens our economy, supports our families and reinforces the social fabric that makes Maine such a special place to live. Today, we honor the contributions of older adults, and we acknowledge the challenges that many face and we recommit ourselves to building a State where every person can age safely, healthfully and with purpose. Thank you, Mr. Speaker.

Subsequently, the Joint Resolution was **ADOPTED** and sent for concurrence.

Dear President Daughtry and Speaker Fecteau:

Pursuant to M.R.S.A. Title 5, section 12023, the Sunrise County Economic Council (SCEC) is pleased to submit the 2024-2025 Quasi-Independent State Entities Report to the Legislature on behalf of the Washington County Development Authority (WCDA). SCEC is a nonprofit organization that works to create jobs and prosperity in Washington County; we are also the economic development arm of Washington County government. We provide staff support for the WCDA and are partnering with the Authority in its effort to redevelop the former U.S. Navy base in Cutler.

The former U.S. Navy Base in Cutler is comprised of roughly 15 acres and five commercial buildings comprising 75,000 square feet. The Authority is working to bring these facilities back to productive use. Most of the Authority's focus in the past year has been related to the assessment and remediation of hazardous substances in the former recreational and administrative buildings. The Authority also made repairs to the other buildings to keep them weathertight.

In 2024-2025, WCDA used procurement by a competitive bid process to secure contractors for the cleanup work and repairs. The Authority made no procurements of over \$10,000 for which competitive procurement was waived. WCDA did not make any contributions greater than \$1,000 or changes to policies and procedures in the past year. Please contact me with any questions or concerns. Thank you.

Sincerely,
S/Charles J. Rudelitch, Esq.
Executive Director

Re: An Act to Implement the Recommendations of the Office of Program Evaluation and Government Accountability and the Government Oversight Committee Regarding Quasi-Independent State Entities

Dear Speaker of the House Fecteau,
Enclosed are the reports required under 5 M.R.S.A. §12023, due February 1, 2026. The reports include: a list of all procurements in 2025 exceeding \$10,000 for which competitive procurement was waived; a list of contributions made in 2025 that exceed \$1,000. Section 12023(2c) requires a description of changes to the written policies and procedures required by Section 12022. There were no changes to the policies and procedures required by this section in 2025, therefore, there is nothing to report.

In 2025, the Maine Turnpike Authority made over \$129 million in payments to approximately 600 vendors. The vast majority of these payments, approximately \$106 million, were for competitively bid products or services or were legally or legislatively required. The Authority sole-sourced approximately \$17.5 million in 2025. Forty percent of the sole-sourced amount is attributed to continued business with Transcore who built our toll system over 20 years ago and continue to maintain that system and a contract with Rock Coast Personnel which provides temporary employee services for toll collection and customer service. Most of the remaining sole-sourced products or services were either proprietary in nature or were procured

under long-term contracts. As these long-term contracts expire, the Authority will seek competitive bids.

Respectfully,
S/Andre Briere, Colonel, USAF (ret).
Executive Director
