DAILY KENNEBEC JOURNAL  
AUGUSTA, MAINE

The Senate was called to order by the President.

Comes from the House, having been received by unanimous consent and subsequently referred to the Committee on Legal Affairs.

In the Senate:

Mr. ALLEN of Cumberland: Mr. President and members of the Senate, this bill was introduced, as has been stated, by unanimous consent in the other branch, and the sponsor of this piece of legislation merely asked me, out of courtesy, to call to your attention one or two matters about the bill. He has conferred with the Chairman of the Legal Affairs Committee, and this bill in no way delays our parliamentary procedure. The people in the town of Sebago spent most of their time in town meeting considering the problem of the elementary school situation there and in their neighboring town of Baldwin. A very generous donor is matching their funds for consolidating the schools in that town and it was passed in their town meeting.

Therefore we trust that the Senate will concur with the House in allowing the introduction of the bill at this time and I so move.

Thereupon, the bill was received by unanimous consent, and referred to the Committee on Legal Affairs in concurrence.

Mr. BOUCHER: Mr. President and members of the Senate, having satisfied myself that these are not the racing dogs of Senator Boutin's after wild rabbits, I move this bill be assigned for second reading.

The motion prevailed and the bill was tomorrow assigned for second reading.

Mr. Batchelder of York was granted unanimous consent to address the Senate.

Mr. BATCHELDER: Mr. President and members of the Senate, yesterday I tabled several School District bills and perhaps it might be well that I make some explanation of why it was done. At the present time we have some 70 school bills for consideration before this legislature. Now, these bills call for various amounts of money from \$15,000 up to \$1,000,000. At the present time our Constitution provides for a five percent debt limit for these towns for the various matters they might want to borrow money for. Now, these various bills call for sums anywhere from four percent up to thirty-three percent of their valuation. This is in addition to the present Constitutional debt limit of five percent. The Committee has been more or less disturbed as to how far in these times we should let these towns go in creating these districts and putting the additional obligation on its citizens. For that particular purpose we have some bills before this legislature and possibly there may be money made available by the State to the various towns. Also there is pending in Congress a bill to provide some grants to go back to these towns. I think many towns have created these districts expecting they may have funds available through the Federal government or from the State and possibly would not want to go this far in creating these districts. I am going to move shortly that these bills which I tabled be recommitted back to the Committee on Legal Affairs. There is one town which has articles in

its town warrant which they will vote on at the coming election Monday and I will make a different motion on that bill.

On motion by Mr. Batchelder of York, the Senate voted to take from the table Bill, An Act to Incorporate the Town of Machias School District (H. P. 1900) (L. On motion by Mr. Batchelder of York, the Senate voted to take from the table, Bill, An Act to Create the Town of Orland School District (H. P. 1712) (L. D. 1014) tabled by that Senator on March 10th pending passage to be enacted. On further motion by the same Senator, the Senate voted to reconsider its action whereby the bill was passed to be engrossed, and the bill was recommitted to the Committee on Legal Affairs.

Mr. BATCHELDER: Mr. President, this is a bill which I understand they are to vote on at their town meeting Monday. In this particular bill they are asking to create a district in the amount of \$100,000. At the present time the town has \$799,000 valuation and has a dept at the present time of \$9,000 and their dept limit under the Constitution is \$40,000. If this district is created they would be bonding themselves for an additional amount of 12.51 percent. As I understand it, this town at the present has an item of about \$14,000 set aside for the purpose of this school district and that would automatically bring them under the ten percent debt limit. In view of that fact I think this should pass to be enacted at this time so they may have an opportunity to vote on it next Monday as it is an emergency measure.

This being an Emergency Measure  
A division of the Senate was had.

Twenty-four having voted in the affirmative and none opposed, the bill was passed to be enacted.

On motion by Mr. Varney of Washington, the Senate voted to recede from its former action whereby it assigned for second reading S. P. 194, L. D. 247, bill An Act Relating to Consignment of Fish, Lobsters, and Shellfish and on further motion by the same Senator, the rules were suspended and the bill was given its second reading and passed to be engrossed.

Sent down for concurrence.

On motion by Mr. Boucher of Androscoggin, the Senate voted to take from the table bill, An Act Relating to Compensation for State Board of Arbitration and Conciliation (S. P. 193) (L. D. 246) tabled

by that Senator on March 10 pending passage to be enacted; and on further motion by the same Senator, the bill was passed to be enacted.

On motion by Mr. McKusick of Piscataquis

Adjourned until Tuesday, March 15, 1949 at eleven o'clock in the forenoon.
