Second. In the case of articles labeled, branded, or tagged so as to plainly indicate that they are compounds, imitations, or blends, and the word "compound," "imitation," or "blend," as the case may be, is plainly stated on the package in which it is offered for sale: *provided*, that the term "blend" as used herein shall be construed to mean a mixture of like substances, not excluding harmless coloring or flavoring ingredients used for the purpose of coloring and flavoring only, and whose presence is declared upon the label; *provided further*, that nothing in this chapter shall be construed as requiring or compelling proprietors or manufacturers of proprietary goods which contain no unwholesome added ingredient to disclose their trade formulas except in so far as the provisions of this chapter may require to secure freedom from adulteration or misbranding.

For the purpose of this chapter an article of food in package form if sold at a greater price than five cents, shall also be deemed to be misbranded if the quantity of the contents be not plainly and conspicuously

## PACKING OF APPLES.

Standard barrel for apples.  
1913, c. 156, § 1.

—standard bushel box defined.  
—proviso.

Standard grades established.  
1913, c. 156, § 2.

SEC. 24. The standard barrel for apples shall contain seven thousand cubic inches; *provided, however*, that a barrel of the following dimensions when measured without distention of parts: length of stave, twenty-eight and one-half inches; diameter of head, seventeen and one-eighth inches; distance between heads, twenty-six inches; circumference of bulge not less than sixty-four inches outside measurement, shall be a lawful barrel. The standard bushel box for apples shall contain two thousand three hundred and fifty cubic inches; *provided, however*, that a box eighteen inches by eleven and one-half inches by ten and one-half inches, inside measurement, without distention of parts, shall be a lawful bushel box.

SEC. 25. The standard grades for apples when packed in closed packages shall be as follows:

First. Fancy, shall consist of apples of one variety above the average size and color for the variety, and none smaller than two and one-half inches in diameter, sound and free from worm holes, bruises, scab or any other defect that materially injures the appearance or useful quality of the apples, and shall be properly packed in clean, strong packages.

Second. Number one, or class one, shall consist of well matured apples of one variety of normal shape and good color for the variety, not less than two and one-quarter inches in diameter, sound and free from all defects such as worm holes, bruises, scab or any other defect that materially injures the appearance or useful quality of the apple, and shall be properly packed in clean, strong packages.

Third. Number two, or class two, shall consist of well matured apples of one variety, not less than two inches in diameter, of medium color for the variety and normal shape. Apples two and one-quarter inches in diameter or less, must be sound. Apples more than two and one-quarter inches in diameter may have one defect such as a worm hole or a bruise if the skin is not broken and shall be properly packed in clean, strong packages.

Fourth. Unclassified. Apples not conforming to the foregoing conditions as to variety, size and other conditions, shall be classed as Unclassified.

Size of package, name of owner, etc., to be on outside of package.  
1913, c. 156, § 3.

SEC. 26. Every closed package of apples which is packed, sold, distributed, transported, offered or exposed for sale, distribution or transportation in the state by any person shall have affixed in a conspicuous place on the outside thereof a plainly printed statement clearly and truly

stating the size of the package in terms of standard bushel box or standard barrel, the name and address of the owner or shipper of the apples at time of packing, the name of the variety, the class or grade of the apples contained therein, and if the apples were grown in Maine that fact shall be plainly designated.

SEC. 27. No person shall, within this state, pack, sell, distribute, transport, offer or expose for sale, distribution, or transportation, apples which are adulterated or misbranded within the meaning of sections twenty-eight and twenty-nine of this chapter.

SEC. 28. For the purpose of sections twenty-four to thirty-two, both inclusive, of this chapter, apples packed in a closed package shall be deemed to be adulterated if their measure, quality, grade or purity do not conform in each particular to the claims made upon the affixed guaranty.

SEC. 29. For the purpose of sections twenty-four to thirty-two, both inclusive, of this chapter, apples packed in a closed package shall be deemed to be misbranded:

First. If the package fails to bear all statements required by section twenty-six.

Second. If the package bears any statement, design or device regarding such article or its contents which shall be false or misleading in any particular, or *which* is falsely branded in any particular.

SEC. 30. The commissioner of agriculture, in person or by deputy, shall have free access, ingress and egress, at all reasonable hours to any place or any building wherein apples are packed, stored, transported, sold, offered or exposed for sale, or for transportation. He may also, in person or by deputy, open any box, barrel or other container, and may, upon tendering the market price, take samples therefrom.

SEC. 31. Whoever adulterates or misbrands apples within the meaning of sections twenty-eight and twenty-nine, of this chapter, or whoever packs, sells, distributes, transports, offers or exposes for sale, distribution or transportation, apples in violation of any provision of sections twenty-four to thirty-two, both inclusive, of this chapter, shall be punished by a fine not exceeding one hundred dollars for the first offense, and by a fine not exceeding two hundred dollars for each subsequent offense.

SEC. 32. No person shall be prosecuted under the provisions of the eight preceding sections when he can establish a guaranty signed by the person from whom he received any such article, to the effect that the same is not adulterated or misbranded, within the meaning of sections twenty-eight and twenty-nine, designating it. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of such article to said dealer, and in such case said party or parties shall be amenable to the prosecutions, fines and other penalties which would attach, in due course, to the dealer under the provisions of the eight preceding sections.

#### PROVISIONS FOR ENFORCEMENT.

SEC. 33. The commissioner of agriculture shall make uniform rules and regulations for carrying out the provisions of this chapter. He may also fix standards of purity, quality or strength when such standards are not specified or fixed by law, and shall publish them together with such other information concerning articles of agricultural seed, commercial feeding stuff, commercial fertilizer, drug, food, fungicide and insecticide as he may deem to be of public benefit.

SEC. 34. When the commissioner of agriculture becomes cognizant of the violation of any provision of this chapter, he shall cause notice of

SEC. 35. The commissioner of agriculture shall diligently enforce all provisions of this chapter, and shall be entitled to, and shall receive the assistance of the attorney general and of the several county attorneys. He may recover the penalties imposed for violations of this chapter in an action of debt brought in his own name, the venue to be as in other civil cases, and if he prevails in any such action, shall recover full costs; or he may prosecute for violations hereof by complaint or indictment, and such prosecution shall be commenced in the county in which the offense was committed *or in cases arising under the first twenty-one sections of this chapter, in any adjoining county.*

Note. This distinction exists in the original sections which are here consolidated. The commissioner recommends that the practice be made uniform. The reason for a similar provision in the inland fish and game law does not in his opinion, exist here.

Appointment  
 of deputies.  
 1913, c. 140, § 7.

SEC. 36. He may, with the approval of the governor and council, appoint, and fix the compensation of, a chief deputy and such other deputies as in his judgment are required to assist him, and to enable him to carry out the provisions of all laws, the execution of which is entrusted to him. The chief deputy shall hold office during good behavior, and such other deputies during the pleasure of the commissioner; their compensation and expenses shall be paid from any funds appropriated for the use of the commissioner in the execution of said laws.

When construing and enforcing the provisions of this chapter, the act, omission or failure of any officer, agent or other person acting for or empowered by any corporation, company, society or association, within the scope of his employment or office, shall in every case be also deemed to be the act, omission or failure of such corporation, company, society or association as well as that of the person.

All fines received under this chapter by county treasurers shall be paid by them to the commissioner of agriculture; and all money received by the commissioner of agriculture under this chapter shall be paid by him to the treasurer of state, and the same is hereby appropriated for the purposes of this chapter.

and drugs. Payments of said appropriation shall be made quarterly upon the warrants of the governor and council. The commissioner shall annually publish *in the reports or bulletins of the station* a classified account of all receipts and expenditures under this section.

SEC. 40. Any sums of money appropriated to carry out the provisions of chapter forty-seven relating to the duties of the state sealer of weights and measures, shall be added to the funds appropriated *under the preceding section* and to carry out the *first twenty-one sections* (provisions) of this chapter, and expended as a part thereof; or any funds appropriated to carry out the provisions of *said sections* of this chapter, may be expended in carrying out the provisions aforesaid, relating to the duties of the state sealer of weights and measures.

Method of  
expending  
appropriation.  
1913, c. 140, § 8.

Note. This section makes a distinction in the use of the appropriations, between chapter 119 of Laws of 1911 and the sections relating to the packing of food and the packing of apples. If the principle of the section is right, no good reason for the distinction seems to exist; it probably arose from the enactment at different times, of the laws upon closely related subjects, which the commissioner has grouped together in this chapter.

SEC. 4. Any person, firm, corporation, association or society who shall sell or deliver milk or cream to any person from a wagon or other conveyance, depot or store, or who shall sell or deliver milk to a hotel, restaurant, boarding-house or any public place, shall be considered a milk dealer within the meaning of this section, and shall on or before the first day of April in each year register with the commissioner of agriculture, furnishing such information as may be required, upon blanks issued and furnished by the commissioner to such persons as may request the same. Every such registration shall expire on the first day of April, next after its issue and shall be granted only to the milk dealer owning or leasing the vehicle or place from which sales or supplies are to be made, and shall not be transferred. Upon receipt of the application for registration, containing the information required, the commissioner shall issue to the applicant a certificate of registration, which certificate shall be posted in a conspicuous place in the store or depot from which sale or supply is made, and the number of the certificate of registration for each wagon or other vehicle shall be placed in a conspicuous place on said wagon or other vehicle. Any dealer who neglects or refuses to register with the commissioner of agriculture, or to post certificates of registration in the store or depot from which sale or supply is made, or to post the number of the certificate of registration on the wagon or other vehicle from which sale or supply is made, as provided in this section, forfeits fifty dollars to be recovered in an action of debt, to be prosecuted in the name of the state by the county attorney for the county in which such violation has occurred; but the provisions of this section shall not apply to milk or cream delivered to a creamery or butter or cheese factory.

SEC. 5. The mayor and aldermen, selectmen, assessors, city marshal, chief of police and constables in every city and town shall make complaint and prosecute all violations of the preceding sections, and promptly enforce all laws against illegal sale and transportation of dairy products. One-half of the penalty shall go to the town in which the offense is committed and the other half to the complainant.

SEC. 9. All measures, cans or other vessels used in the purchase or sale of milk or cream, (except glass bottles and jars sealed in accordance with the provisions of sections fourteen and fifteen,) shall be tried and proved by the standard mentioned in the preceding section, by the sealer of weights and measures of the city or town in which the person, firm or corporation purchasing or selling such milk or cream resides or has a place of business. The sealer of weights and measures shall, agreeably to such standard, plainly stamp thereon the quantity which such measures, cans or other vessels hold, together with the year in which such measures, cans or other vessels are sealed. Whoever, by himself, clerk, servant or agent, sells by measure any milk or cream by any other than the measure so tried, sealed and marked, shall forfeit for each offense the sum of ten dollars. If such pests are found therein, the owner of the stock shall take such measures to destroy the same as the state horticulturist shall prescribe, and no certificate as aforesaid shall be given until the said horticulturist has satisfied himself that all such pests have been suppressed.

SEC. 4. SEC. 5. All nursery stock shipped into this state from any other state, country or province shall bear on each box or package a certificate that the contents of said box or package have been investigated by a duly authorized inspecting officer, and that said contents appear to be free from all dangerous insects and diseases. Note. Philip D. Phair, Esq., of Presque Isle, suggests that the last sentence of section 27, beginning "No person shall be charged as acceptor of a bill of exchange, etc.," properly belongs in the statute of frauds, chapter 114, and thinks that the change would be of advantage from every point of view.

Reference to the revision of 1871 shows that section 27 was in that revision a consolidation of three distinct acts,—section 10 of chapter 32 of the revision of 1857, P. L. 1867, chapter 80, and P. L. 1868, chapter 152, section 1. The suggestion of Mr. Phair has much force, and the commissioner calls the attention of the legislature thereto.

## CHAPTER 40.

## AUCTIONS AND AUCTIONEERS.

SEC. 1. The municipal officers of any town may license any legal voter thereof, by a writing under their hands, to be auctioneer for one year, in every town in their county; and shall record every such license in a book kept by them for that purpose. Upon receipt of such license, such auctioneer shall pay two dollars to the treasurer of said licensing town for said town, and may be exempted from the deduction of two and one-half per cent from the gross amount of sales provided in section three. (a)

SEC. 2. If such officers, after written application to them for a license, unreasonably refuse or neglect to grant it, the applicant, by giving them ten days' notice and a bond to pay all costs arising thereafter, may appeal to the county commissioners, who, after a hearing of the parties, may grant the license if they judge it reasonable.

SEC. 3. Every person licensed shall keep a fair and particular account of all goods and chattels by him sold, stating of whom received, and the price for which the same were sold; and unless otherwise authorized, if said goods are sold voluntarily for the benefit of parties residing out of the state, he shall deduct two and a half per cent from the gross amount of the sales for the use of the town where the sale is made, and pay the same to the treasurer thereof within ten days after the sale; and in default thereof, he shall be fined not less than fifty, nor more than three hundred dollars, and shall forfeit his license.

SEC. 4. No auctioneer shall allow any person, not a legal voter in the town from which he received his license, to act for or under him in any sales at public auction, under a penalty of fifty dollars for each offense; and any person so acting is subject to the same penalty.

SEC. 5. If an auctioneer receives goods for sale at public auction, of any servant or minor, knowing him to be such, or sells goods, before sunrise or after sunset, at public auction, he forfeits not less than fifty, nor more than one hundred and seventy dollars for each offense; but the municipal officers of any town may license any duly licensed auctioneer specially, to sell after sunset upon payment of a sum not exceeding twenty dollars.

SEC. 6. A parcel of real estate lying partly in one town and partly in another, may be sold by an auctioneer of either; but if an auctioneer sells or offers to sell real or personal property at public auction in any other towns than those authorized by his license, or if any person sells without a license, he forfeits not exceeding six hundred dollars; *provided, however*, that any person, employed by the owner of blooded animals may sell the same, as auctioneer, at public auction, whether licensed by municipal officers or not.

SEC. 7. If the tenant or occupant of any building, having actual possession and control thereof, knowingly permits any person to sell any goods or chattels at public auction contrary to this chapter, in such building, or in any apartment, or yard appurtenant thereto, he forfeits not more than six hundred, nor less than one hundred dollars.

SEC. 8. Nothing in the preceding sections extends to sales made by sheriffs, deputy sheriffs, coroners, constables, tax collectors, executors or administrators, or any other person authorized to sell goods, chattels or lands, by order of any court or judge of probate.

SEC. 12. All persons, both principals and agents, who shall by circular, handbill, newspaper or in any other manner, advertise any such sales as those referred to in the preceding section, before proper licenses shall be issued to the vendor, shall be punished by fine not exceeding fifty dollars or imprisonment not exceeding sixty days, or by both such fine and imprisonment.

SEC. 13. Every itinerant vendor, whether principal or agent, before commencing business, shall take out a state license and local licenses in the manner hereinafter set forth, but nothing herein contained shall affect the right of any municipal officers to make such regulations relative to itinerant vendors as may be permissible under the general law or under any municipal charter.

SEC. 14. Every itinerant vendor desiring to do business in this state shall deposit with the secretary of state the sum of five hundred dollars as a special deposit, and after such deposit, upon application in proper form and the payment of a further sum of twenty-five dollars as a state license fee, the secretary of state shall issue to him an itinerant vendor's license, authorizing him to do business in the state in conformity with the provisions of this chapter for the term of one year from the date thereof. Every license shall set forth a copy of the application upon which it is granted. Such license shall not be transferable nor give authority to more than one person to sell goods as an itinerant vendor, either by agent or clerk or in any other way than in his own proper person, but any licensee may have the assistance of one or more persons in conducting his business, who may aid that principal but shall not act for or without him. such town, as a further local license fee for such sale in such town, a sum to be computed as provided in the following section. A receipt for said local license fee when paid shall be indorsed by said collector on the back of such state license, which shall remain on file with such collector so long as such sale shall continue or such goods be kept, exposed or offered for sale in such town. Every application for a local license shall be signed by the holder of the accompanying state license and shall specify the kind and line of goods then in stock in such town, the name of the town from which said goods were last shipped, and the name of the town in which said goods were last exposed or offered for sale. Such local license fee shall be computed and collected in each town respectively, in which said goods shall be successively offered or exposed for sale.

SEC. 17. The collector of taxes for any town upon receiving an application in due form as provided in the preceding section, accompanied by such applicant's state license shall forthwith give notice thereof to the assessors of said town. Said assessors, or a majority of them, shall as soon as practicable examine the stock of goods described in such application, and shall compute and certify to said collector the amount of said applicant's local license fee for such intended sale in said town which shall be a percentage on the full value of said stock of goods equal to the rate per cent of the last preceding taxation in said town. The payment of said local license fee to said collector shall authorize such applicant who has complied with all other requirements of law to sell within the limits of said town, such goods, wares and merchandise as are described in his application, and for that purpose to carry in stock in said town, goods only of the kind or line specified in his application, and not to exceed in amount at any one time the valuation on which his local license fee for such town was computed, and to continue in force so long as such licensee shall in good faith continuously keep, offer and expose for sale the same kind or line of goods specified in his application, except that such license and authority shall in any event terminate and expire on the first day of April next following the date of application. Any itinerant vendor, who after applying or paying for a local license shall increase his stock kept, offered or exposed for sale in the town for which such local license fee was paid above the valuation on which such local license fee was computed, without first making seasonable written application to the collector of such town for a supplemental license for such excess of stock shall be fined not less than twenty, nor more than fifty dollars, and for each day such excess of stock is kept, offered or exposed for sale without payment of local license fee therefor shall be fined not less than twenty, nor more than fifty dollars, and forfeits his state license. Supplemental licenses shall be applied for, and the fees therefor shall be computed, certified and collected in the manner provided for local license fees.

SEC. 18. Whoever as proprietor or clerk, having in his care, custody or keeping, any goods for the sale of which a local license is required, neglects or refuses to file the application for local license required by law, or whoever makes a false or fraudulent representation or statement in any application for a local license, shall be fined not less than twenty, nor more than fifty dollars for each day such goods are kept, offered or exposed for sale. The penalties provided herein are not to be construed as substitutes for payment of local license fees.

ipal officers shall grant permits therefor; and unless so regulated by vote, residents of the town may take clams without written permit. But without permit, any inhabitant within his own town, or transient persons therein, may take clams for the consumption of himself and family. This section does not apply to hotel keepers taking clams for the use of their hotels, nor does it interfere with any law relating to the taking of shell fish for bait by fishermen. Whoever takes clams contrary to municipal regulations authorized by this section, shall, for each offense, be fined not more than ten dollars, or imprisoned not more than thirty days. This section shall not be construed to effect the repeal of chapter three hundred and seventeen of the private and special laws of the year nineteen hundred and three, nor of any law applicable to a particular locality enacted by the legislature in the year nineteen hundred and five; but any town to which *any* (such) special law applied may in addition have all the advantages of this section, if such town shall so vote.

SEC. 39. In all contracts relating to the sale of clam bait, fresh or salt, by the barrel, and clam bait barrels, such barrel shall be twenty-five and one-fourth inches long and fifteen and one-half inches head diameter, outside measure. Whoever violates this provision shall be liable to a penalty not exceeding fifty dollars for each offense.

SEC. 40. The canning, packing and barreling of clams, either fresh or in salt, and the digging of clams for the purpose of canning, packing or barreling, between the first day of June and the fifteenth day of September following, is hereby prohibited under a penalty of one dollar a bushel in the shell. But this section shall not apply to the barreling of clams in the shell for consumption in this state.

SEC. 41. The shipping or transportation of clams in any manner beyond the limits of the state, between the first day of June and the fifteenth day of September following, except clams which had been canned, packed or barreled between the fifteenth day of September and the first day of June, is hereby prohibited under a penalty of three dollars for each bushel so shipped or transported.

SEC. 42. Any inhabitant of the state, with consent of the adjacent riparian proprietors, may plant oysters below low water mark in any navigable waters, in places where there is no natural oyster bed; enclose such grounds with stakes, set at suitable distances, and extending at least two feet above high water mark, but so as not to obstruct the free navigation of such waters; and have the exclusive right of taking such oysters. Whoever trespasses on such enclosure or injures such oyster beds, is liable in an action of trespass for all damages; and if he takes any oysters therein without the consent of the owner, he shall forfeit not less than twenty, nor more than fifty dollars, or be imprisoned not exceeding three months.

SEC. 43. The commissioner of sea and shore fisheries may from time to time, as his judgment may determine, select proper locations below low water mark on the coast of Maine for the propagation of oysters and quahaugs, and between high and low water mark for the propagation of clams, cause the same to be properly stocked with oysters, quahaugs, and clams, and erect proper and sufficient marks or bounds to indicate the locations thus made. But this section shall not be construed to authorize the taking of flats, which by the colonial ordinance of sixteen hundred and forty-one are possessed by the adjacent upland owners, without the consent of such owners and the payment of proper damages to such owners for such taking.

SEC. 44. No person shall dig, fish for, take or carry away any oysters, quahaugs or clams within any location so selected, for a period of three years after such location was stocked as aforesaid, without the permission in writing of the commissioner of sea and shore fisheries; nor shall

any person wilfully injure, deface, destroy or remove any such bounds or marks, nor tie or fasten any boat or vessel thereto.

SEC. 45. Whoever violates any provision of the two preceding sections shall be punished by a fine not exceeding one hundred dollars or by imprisonment not exceeding sixty days, or by both fine and imprisonment.

Penalty.  
1909, c. 265, § 3.

SEC. 46. No person shall catch, buy or sell, expose for sale, give away or have in his possession for any purpose any scallops, shelled or in the shell, between the fifteenth day of April and the first day of November of each year. Whoever violates this section shall be liable to a penalty of fifty dollars, and in addition shall pay a penalty of five dollars for each and every gallon or part thereof of shelled scallops, so bought, sold, exposed for sale, given away or in his possession; and shall pay a penalty of five dollars for each one hundred scallops or any part thereof, in the shell, so bought, sold, exposed for sale, given away or in his possession; and any boat with its equipment, engaged and used in such unlawful catching or selling of scallops may be seized and detained by an officer or warden, not exceeding twenty-four hours, in order that it may be attached or taken by due process of law, to satisfy any judgment that may be recovered; but said boat and equipment shall be released at any time on payment of penalty and costs legally due. Scallop gear found on board any boat in close time shall be prima facie evidence of a violation of this section.

extremity of the southern island called Double Head Shots, is hereby prohibited. The use of purse or drag seines within a distance of one-half of a nautical mile from any fish weir in any of the waters of the state east of White Head on the west shore of Penobscot river is hereby prohibited; but such seines may be used for the taking of smelts and for the purpose of taking fish in weirs, but shall not be used in any water in which their use is prohibited by special or general law. Whoever violates any provision of this section shall be liable to a penalty not exceeding five hundred dollars for each offense, to be recovered by complaint, indictment or action of debt.

SEC. 48. No salmon, shad or other migratory fish shall be taken or fished for within five hundred yards of any fishway, dam or mill race; nor in the Penobscot river between the mouth of the Kenduskeag stream and the water works dam at Treat's falls on said river, nor between the Augusta highway bridge over the Kennebec river and the Augusta dam; nor in Mill river, a tributary of Georges river, in Thomaston, Maine, between said Georges river and the old dam at head of tide waters in said Mill river; nor any salmon five hundred feet above Ferry point bridge on the St. Croix river in Calais, between the first days of April and November, except by the ordinary mode of angling with single hook and line or artificial flies; nor shall hook and line or artificial flies be used at any time within one hundred yards of any fishway, dam or mill race; but this section shall not apply to the taking of alewives by the town of Warren in the Georges river, and by the town of Waldoboro in Medomak river, under the authority granted said towns by a private and special law of Massachusetts, passed the sixth day of March, eighteen hundred and two, and amendments thereof, passed by the legislature of this state; nor shall it apply to the taking of alewives by the town of Woolwich in Nequasset stream; fly fishing shall be allowed up to the bridge across the Denny's river at Lincoln's mill, but not between said bridge and Lincoln's mill dam. This section shall not apply to the Laconia falls and the Lower falls, so called, of the Saco river, located at Biddeford and Saco; and upon the first three days of each week, from the first of June to the first of September of each year, all persons may dip for salmon, shad and alewives at the falls last named above. Any person may take any salmon, shad or alewives in the waters of Orange river, in the town of Whiting, in the county of Washington, up to one hundred and thirty yards of the fishway at the lower dam in said river, subject, however, to all the laws of the state, and laws regulating the taking of such fish in said river. The penalty for any violation of this section is of not more than fifty, nor less than ten dollars for each offense, and a further fine of ten dollars for each salmon and one dollar for each shad so taken.

SEC. 49. No person shall set any net or seine within one thousand feet of the mouth of any weir under a penalty of fifty dollars for each offense.

SEC. 50. The owner or person in charge of any weir is hereby permitted to use nets and seines in such weir.

SEC. 51. From the fifteenth day of July to the first day of April following, there shall be a close time for salmon during which no salmon shall be taken or killed in any manner, under a penalty of not more than fifty, nor less than ten dollars, and a further penalty of ten dollars for each salmon so taken or killed. *Provided, however,* that between the fifteenth days of July and September it is lawful to fish for and take salmon by the ordinary mode, with rod and single line, but not otherwise. But any person may take salmon by weirs on the Saint Croix river below the breakwater at the ledge between the fifteenth day of May and the first day of September.

SEC. 52. Between the first day of April and the fifteenth day of July there shall be a weekly close time of forty-eight hours from sunrise on each Saturday morning to sunrise on the following Monday morning, during which no salmon, shad, alewives or bass, shall be taken. During the weekly close time all seines, nets and other movable apparatus shall be removed from the water. Every weir shall have, in that part where the fish are usually taken, an opening three feet wide, extending from the bottom to the top of the weir, and the netting or other material which closes the same while fishing, shall be taken out, carried on shore and there remain during the weekly close time, to the intent that during said close time the fish may have a free and unobstructed passage through such weir or other structure, and no contrivance which tends to hinder such fish shall be placed in any part thereof. If the enclosure where the fish are taken is furnished with a board floor, an opening extending from the floor to the top of the weir is equivalent to one extending from the bottom to the top. The penalty for the violation of this section is twenty dollars for each offense. This section does not apply to the Kennebec, Androscoggin or Penobscot rivers or their tributaries, or to the Saint Croix river below the breakwater at the ledge. *Provided, however*, that the weekly close time on the Damariscotta river below the bridge at Damariscotta shall be from sunset on each Saturday night to twelve o'clock on the following Sunday night.

SEC. 53. No smelts shall be taken or fished for in tidal waters, except by hook and line, between the first days of April and October, under a penalty of not less than ten, nor more than thirty dollars for each offense, and a further penalty of twenty cents for each smelt so taken, and all weirs for the capture of smelts shall be open and so remain, and all nets used in the smelt and tomcod fishery shall be taken from the water on or before said first day of April under a penalty of not less than twenty, nor more than fifty dollars, and a further fine of five dollars for each day that any such weir or net remains in violation of the law. But weirs with catch pounds covered with nets, the meshes of which are one inch square in the clear, or greater, and weirs with catch pounds covered with nets which are erected and used for the catching of herring are not subject to this section. But no smelts caught in such weirs after the first day of April, shall be sold or offered for sale in this state, nor shall smelts caught in any manner between the first day of April and the first day of October following be offered for sale, sold or shipped from the state under a penalty of twenty-five dollars for each offense; *provided, however*, that dip nets may be used between the first day of April and the first day of May, and all smelts caught by dip nets between said days may be lawfully offered for sale and sold in this state; *provided, further*, that this section does not apply to smelts taken in the Androscoggin river above the Merrymeeting bay bridge, or in Narraguagus bay or river between the first days of October and November, nor to smelts taken in the Penobscot river and its tributaries between the first and thirtieth days of April, nor to smelts taken in Casco bay between the fifteenth day of September and the first day of October, nor to smelts taken in Franklin bay between the first day of April and the first day of May, nor to smelts taken in Little Kennebec bay, so called, or in Narraguagus bay or river, in the county of Washington, between the first day of April and the twentieth day of May, nor to smelts taken in West bay and West Bay stream, so called, in the town of Gouldsboro, Hancock county, nor to smelts taken in Tunk stream and Parritt and Whitten stream, so called, in the town of Steuben in Washington county, between the first day of April and the first day of May, nor to smelts taken in Passamaquoddy bay, St. Croix river and Cobscook bay and the coves and inlets tributary to these bays between the first day of September and the first day of October.

SEC. 54. No person shall take any smelts by means of purse, or by drag seines of any kind, in the tide waters of Narraguagus river or bay, so called, in the county of Washington, under a penalty of fifty dollars for each offense, to be recovered by complaint or indictment, one-half to the use of the complainant, and one-half to the inhabitants of the town in which said offense is committed, for the benefit of schools.

SEC. 55. No smelts shall be taken or fished for in the tidal waters along the coast of Maine within one-half mile of the coast line at mean high water mark starting from Cape Small Point on the west bank of the Kennebec river and continuing easterly along the coast of Maine to Owls Head in Penobscot bay, except by hook and line or weirs or set nets through the ice, under penalty of not less than ten, nor more than fifty dollars for each offense, to be recovered by complaint or indictment, one-half to the use of the complainant and one-half to the county where the proceedings are commenced. (a)

SEC. 56. No net, the meshes of which are smaller than one inch square in the clear shall be used in any waters frequented by migratory fishes, except the Saint Croix river, between the first days of April and October, under a penalty of not more than twenty, nor less than ten dollars for each offense; but this section shall not apply to dip-nets.

SEC. 57. No weir, hedge, set net or any other contrivance for the capture of fish, which is stationary while in use, shall extend into more than two feet of water at ordinary low water, under a penalty of not more than one hundred, nor less than fifty dollars, and forfeiture of all apparatus and material so unlawfully used. This provision applies to any seine or drift net which is at any time attached to a stationary object, but not to fykes or bag-nets used in the winter fishery for smelts and tom-cods, nor to any implements lawfully used above the flow of tide, nor to any portion of Penobscot river, bay or tributaries, nor to the Saint Croix river five hundred feet above Ferry's point, in Calais.

SEC. 58. The limit of depth prescribed for weirs in the preceding section shall be measured at the entrance of the weir, *provided* that no part of the weir known as the leader, is in more than two feet of water at low water mark. Weirs may exceed the limit of two feet in depth, measured as aforesaid, under the following conditions; first, the distance from the before mentioned two feet limit to the entrance of such weir shall not exceed one hundred feet; second, no such weir shall obstruct more than one-eighth of the channel, except that in the Cathance, Abbagadasset and Eastern rivers, such weirs may extend twenty-five feet beyond the one-eighth aforesaid, *provided* such extension shall not exceed one-fourth of the width of the channel in the Abbagadasset and Eastern rivers; third, every such weir shall be stripped so as to render it incapable of taking fish between the fifteenth day of June and the fifteenth day of August of each year; but these conditions apply only to weirs that exceed the aforesaid limit of depth. The standard for low water mark on the Kennebec river, is in all cases the nearest bench mark of the new United States coast survey, allowance being made at the various points for the difference in time. The provisions of this and the preceding sections do not apply to weirs built for the purpose of taking herring, or other salt water fish.

SEC. 59. All boats, implements and materials used and all fish taken in violation of the two preceding sections are liable for forfeiture,

SEC. 60. Whoever shall construct, set, maintain or use any net, weir, seine or other device, in the waters of the Damariscotta river, northerly of the bridge between the villages of Newcastle and Damariscotta, for the purpose of taking or catching alewives, or whoever shall take or

catch any alewives within said limits, except by hook and line, shall be punished by a fine of two hundred dollars for each offense; all nets, weirs, seines or other machines or devices, prohibited as aforesaid, shall be deemed forfeited and contraband, and any member of the fish committee of the towns of Newcastle and Nobleborough finding them in such use, may destroy them. But nothing in this section shall be construed to abridge or effect in any manner, the rights and privileges now held by law, by said towns of Newcastle and Nobleborough in the alewife fishery in the said Damariscotta river.

SEC. 61. From the first day of April to the fifteenth day of July in each year, all persons are hereby prohibited from fishing with nets, seines, traps, weirs, or any other contrivance, in that part of Pemaquid river which lies between Pemaquid falls and a line drawn west from the site of the old Pemaquid fort, and no contrivance of whatever name or nature shall be used for the purpose of taking eels from said river at any time of the year, with the exception that eels may be taken with spear, for the term of ten years from the twelfth day of February, nineteen hundred and five. Any person violating any provision of this section shall be subject to a fine of one hundred dollars, and forfeiture of all boats, nets and apparatus used in such illegal fishing.

Note. Unless the exception as to taking eels with spears is extended by the legislature, it will have expired when the revision becomes effective and should be omitted.

SEC. 62. All fishing for alewives at or about Pemaquid falls below the mill dam, shall be restricted to four days in each week, and the fishing season shall be from the first day of April to the fifteenth day of July of each year, for the term aforesaid, and all fishing shall be under such regulations and further restrictions as the fish committee of the town of Bristol shall decide upon.

SEC. 63. No person not authorized by the fish committee of the town of Bristol, shall be allowed to catch or disturb any alewives in Pemaquid river above the flow of the tide, and no person unless authorized by said fish committee, shall set traps, or use any other contrivance, for catching eels, or any other fish, that shall in any way interfere with the passage, either way, of alewives old or young; whoever violates this section shall be subject to a fine of twenty-five dollars and one dollar for each fish so taken or destroyed.

## GENERAL PROVISIONS.

SEC. 64. No person shall cast or deposit upon the shores, or release and deposit in the bays, harbors or rivers of this state any dead fish, or fish that have been smothered or injured so that they will die. ## WOOD AND BARK.

SEC. 1. Towns may, by ordinance, regulate the measure and sale of wood, coal and bark therein, and the location of teams hauling the same; and may enforce it by reasonable penalties. All cord-wood exposed for sale shall be four feet long including half the scarf, and well and closely laid together; a cord of wood or bark shall measure eight feet in length, four feet in width, and four feet in height, or otherwise contain one hundred and twenty-eight cubic feet; and the measurer shall make due allowance for refuse or defective wood, and bad stowage.

SEC. 2. If any fire-wood or bark, brought into any town by land, is sold and delivered, unless otherwise agreed to by the purchaser, before it is measured by a sworn measurer, and a ticket signed by him and given to the driver, stating the quantity that the load contains, the name of the driver, and the town in which he resides, such wood or bark is forfeited, and may be libeled and disposed of according to law.

SEC. 3. All cord-wood, brought by water into any town for sale, shall be corded on the wharf or land, on which it is landed, in ranges making up in height what is wanting in length; then it shall be so measured and a ticket given to the purchaser, who shall pay the stated fees; and no such wood shall be carried away by any wharfinger or carter, before it has been so measured, under a penalty of one dollar for every load.

SEC. 4. Persons, carrying fire-wood from a wharf or landing for sale, shall be furnished by the owner or seller with a ticket stating the quantity, and the name of the driver; and if such fire-wood is carried away without such ticket, or any driver refuses to exhibit such ticket to any sworn measurer on demand, or does not consent to have the same measured, when in the opinion of the measurer the ticket certifies a greater quantity of wood than the load contains, such wood shall be forfeited, and may be seized and libeled by said measurer according to law.

SEC. 5. When any wood, bark or charcoal, sold by the cord, foot or load, is so stowed as to prevent the surveyors from examining the middle of the load, and it appears on delivery, that it was stowed with a fraudulent intent of obtaining payment for a greater quantity than there was in fact, the seller or owner thereof forfeits ten dollars to the county.

SEC. 2. Whoever fraudulently and wilfully takes and converts to his own use, either by himself or by another in his employment, any such log, mast or spar, lying as aforesaid, for the purpose of being driven to a market or place of manufacture, is guilty of larceny and shall be punished accordingly. (a)

SEC. 3. In prosecutions under sections one and two, if such log, mast or spar is found in the possession of the accused partly destroyed, partly sawed or manufactured, or with the marks cut out or altered, not being his property, it is presumptive evidence of his guilt; and the burden of proof is then on him; and whoever is guilty of the offense described in either section is also liable to the owner, in an action of debt, for double the value of the log, mast or spar so dealt with.

SEC. 6. Any person, whose timber in any waters of the state is so intermixed with the logs, masts or spars of another, that it cannot be conveniently separated for the purpose of being floated to the market or place of manufacture, may drive all timber with which his own is so intermixed, toward such market or place, when no special and different provision is made by law for driving it; and is entitled to a reasonable compensation from the owner, to be recovered after demand therefor on said owner or agent, if known, in an action on the case; he has a prior lien thereon until thirty days after it arrives at its place of destination, to enable him to attach it; and if the owner cannot be ascertained, the property may be libeled according to law, and enough of it disposed of to defray the expenses thereof; the amount to be determined by the court hearing the libel.

SEC. 8. The owner of said timber may enter on said land and remove it at any time before forfeiture, having previously tendered to the owner or occupant thereof, a reasonable compensation for all damages occasioned by the lodging, remaining or removal of said timber, and the expense of advertising it; but if the timber is removed by the owner, or otherwise, without such tender, the owner of the land may recover, in an action of trespass, the damages aforesaid. sealer himself has reasonable cause to believe that a weight, measure or balance used in the sale of any commodity within his city or town is incorrect, the said sealer shall go to the place where such weight, measure or balance is and shall test the same, and mark it according to the result of the test applied thereto; and if the same is incorrect and cannot be adjusted, the said sealer shall attach a notice thereto, certifying that fact, and forbidding the use thereof until it has been made to conform to the authorized standard. Any person using a weight, measure or balance after a sealer has demanded permission to test the same, and has been refused such permission shall be liable to a penalty of not less than ten, nor more than one hundred dollars.

SEC. 21. All weights, measures and balances that cannot be made to conform to the standard shall be stamped "condemned" or "CD" by the sealer, and no person shall thereafter use the same under the penalties provided in the case of the use of false weights and measures.

The possession or use by any person of any false weight, measure or other apparatus for determining the quantity of any commodity or article of merchandise is presumptive evidence of knowledge by such person of the falsity of such weight, measure or other apparatus. Every sealer of weights and measures who has reasonable cause to believe that a weight, measure, scale, balance or beam has been altered since it was last adjusted and sealed shall enter the premises in which it is kept or used and shall examine the same.

Note. The commissioner has consolidated R. S. c. 44, § 18 with § 7, added to P. L. 1911, c. 82 by P. L. 1913, c. 116, § 2. The first sentence of section seven is more comprehensive than the first sentence of section eighteen of chapter 44; the commissioner has therefore adopted the amendment as the form for the first sentence of the consolidated section and has omitted the word "knowingly" in the second line.

The county commissioners, at the expense of their several counties, shall erect and forever maintain therein, at such place or places remote from electrical disturbances as the public convenience requires, a true meridian line to be perpetuated by stone pillars with brass or copper points firmly fixed on the tops thereof, indicating the true range of such meridian; and shall protect the same and provide a book of records to be kept by the clerk of courts, or by a person appointed by them nearer to such structure, and accessible to all persons wishing to refer thereto.

SEC. 30. When such meridian lines have been established and completed every land surveyor shall, at least annually, before making any survey, test and verify his compass, or other instrument using the magnetic needle, by the meridian line so established in the county where his surveys are to be made, and shall enter the declination of such needle from the true meridian in the book mentioned in section twenty-eight, together with the style and make of such instrument and its number, if any, and the date and hour of observation, and subscribe his name thereto for future reference; and shall insert corresponding entries as to date and declination, in his field note books, which field note books shall also show dates at which his surveys are made. Neglect or refusal to comply with this section shall render such surveyor liable to a penalty of twenty-five dollars for each neglect, to be recovered on complaint in the county where any survey is made, half to the complainant and half to the county. They shall be under the care and custody of the clerk of courts, who shall keep a suitable book for the record of comparisons, and they shall be accessible to any person for comparing any tape, chain, or other linear measure. SEC. 33. When such meridian line or standard of length is established, repaired or rebuilt in any county, the governor with the advice and consent of the council shall appoint a competent commissioner, not necessarily a resident of this state, to inspect and verify the same. Such commissioner shall in case of a meridian line verify the same by astronomical observation, and in his report shall give an accurate description of such structures, its latitude and longitude, and the declination of the needle at the time; and in case of a standard of length shall give a description of the structure, its location and exact length as determined by comparison with some authentic standard from the United States Bureau of Weights and Measures. All such reports shall be full and accurate and be deposited in the office of the secretary of state, and a certified copy shall be filed and recorded in the office of the clerk of courts in the county where such structure is situated. Such commissioner shall receive from the state such just compensation as the governor and council shall allow.

## CHAPTER 48.

## PROVISIONS RELATING TO LABOR.

## STATE BOARD OF ARBITRATION AND CONCILIATION.

SEC. 1. The state board of arbitration and conciliation as heretofore established shall consist of three members appointed by the governor, with the advice and consent of the council, from time to time upon the expiration of the terms of the members now serving, for terms of three years. One member shall be an employer of labor or selected from some association representing employers of labor, and another shall be an employee or an employee selected from some bona fide trade or labor union and not an employer of labor. (a). Vacancies occurring during a term shall be filled for the unexpired term. The board shall hold a meeting on the third Wednesday of September in each year and shall organize by choosing from its members a chairman and secretary. It shall be the duty of the board to endeavor to settle disputes, strikes and lockouts between employers and employees. The board shall from time to time make such rules of procedure as it deems necessary, and shall annually, on or before the first day of December, make a report to the governor and council, which shall be incorporated in and printed with the biennial report of the department of labor and industry.

SEC. 2. Whenever it appears to the mayor of a city or the selectmen of a town that a strike is seriously threatened, or (a strike) actually occurs, he or they shall at once notify the state board of arbitration and conciliation and such notification may also be given by the employer or employees actually concerned in the strike or lockout. If, when such strike is threatened or actually occurs, it appears that as many as ten employees are directly concerned therein, the state board of arbitration and conciliation shall, as soon as may be, communicate with such employer and employees and endeavor by mediation to obtain an amicable settlement or endeavor to persuade such employer and employees to submit the matter in controversy to a local board of arbitration and conciliation or to the state board. If the matter be submitted, the board to which it is submitted shall investigate such controversy and ascertain which party is mainly responsible or blameworthy for the existence of the same, and the board may make and publish a report finding such cause and assigning such responsibility or blame. The state board shall, upon request of the governor, investigate and report upon any controversy if in his opinion it threatens to affect the public welfare.

SEC. 3. In any controversy where not less than ten employees are directly concerned the board shall, upon application as hereinafter provided, and as soon as practicable, visit the place where the controversy exists and make careful inquiry into its cause, and the board may, with the consent of the governor, conduct such inquiry beyond the limits of the state. The board shall hear all persons interested who come before it, advise the respective parties what ought to be done or submitted to by either or both to adjust said controversy, and make a written decision thereof, which shall at once be made public, shall be open to public inspection, and shall be recorded by the secretary of the board; said decision shall for six months be binding on the parties who join in the application or until the expiration of sixty days after either party has given

SEC. 4. The application (for such inquiry) may be signed by the employer or by a majority of the employees in the department of the business in which the controversy exists or by their duly authorized agent or by both parties, and, if signed by an agent claiming to represent a majority of the employees, the board shall satisfy itself that he is duly authorized to do so. The application shall contain a statement of the matter in controversy and a promise to continue in business or at work without any strike or lockout until the decision of the board, if (such decision is) made within three weeks after the date of filing the application. The secretary of the board shall forthwith after such filing cause public notice to be given of the time and place of hearing on the application, unless both parties join in the application and present therewith the written request that no public notice shall be given. If such request is made, notice shall be given to the parties in such a manner as the board shall order, and the board may give public notice notwithstanding such request.

SEC. 5. The board may summon as witnesses any operative or any person who keeps the record of wages earned in the department of business in which the controversy exists and may require the production of books which contain the record of wages paid. Summonses may be signed and oaths administered by any member of the board. Witnesses summoned by the board shall be allowed the same fees as are paid to witnesses in the supreme judicial court; these fees together with all necessary expenses of the board shall be paid by the treasurer of state on warrants drawn by the governor and council.

SEC. 6. The parties to any controversy described in section three may submit such controversy to a local board of arbitration and conciliation which may be either mutually agreed upon or may be composed of three persons, one of whom shall be designated by the employer, one by the employees or their duly authorized agent; the third, who shall be chairman, by the other two; such board shall have all the powers exercised by the state board, and its decision shall have the same effect as that of the state board. The decision of said board shall be rendered within ten days after the close of any hearing held by it and shall at once be filed with the clerk of the municipality where the controversy arose, and a copy thereof shall be filed with the secretary of the state board by the clerk of the said municipality. Each of said arbitrators shall be entitled to receive three dollars for each day of actual service, to be paid by the treasurer of state on a warrant drawn by the governor and council.

SEC. 7. If an employer, during the continuance of a strike among his employees, or during the continuance of a lockout or other labor trouble among his employees, publicly advertises in newspapers, or by posters or otherwise, for employees, or by himself or his agents solicits persons to work for him to fill the places of strikers, he shall plainly and explicitly mention in such advertisements or oral or written solicitations that a strike, lockout or other labor disturbance exists. The provisions of this section shall cease to be operative when the state board of arbitration and conciliation shall determine that the business of the employer, in respect to which the strike or other labor trouble occurred, is being carried on in the normal and usual manner and to the normal and usual extent. Said board shall determine this question as soon as may be, upon the application of the employer.

SEC. 8. Whoever, whether a person, firm, association or corporation, violates the preceding section shall be punished by a fine of not less than twenty-five, nor more than fifty dollars.

## DEPARTMENT OF LABOR AND INDUSTRY.

SEC. 9. A state department of labor and industry shall be maintained under the direction of an officer whose title shall be commissioner of labor and industry, and state factory inspector. He shall be appointed by the governor, with the advice and consent of the council, for a term of three years, and shall hold office until his successor is appointed and qualified. He shall have an office in the state capitol. He shall appoint a deputy who shall be clerk of the department, and deputy state factory inspector, and shall hold office during the pleasure of the commissioner; he shall also appoint a stenographer for the department and a woman factory inspector, and may employ special agents and such other assistants as may be required for the work of the department. The special agents and other assistants shall work under the supervision and direction of the commissioner and shall be paid for their services such compensation as he may deem proper, not exceeding three dollars a day and necessary traveling expenses. All *salaries and other* expenses of the department shall be audited *as salaries and expenses of other state departments* (by the state auditor) and shall be payable upon proper vouchers certified by the commissioner; *provided*, that the amount thereof, exclusive of the salaries of the commissioner, his deputy and a stenographer, shall not exceed for any two years the sum of nine thousand dollars, making the total annual appropriation for the department for all purposes, eight thousand dollars. Any unexpended balance to the credit of the department of labor at the close of any year in which the legislature regularly meets shall be carried over and made available for use in the following year.

SEC. 10. The department shall collect, assort and arrange statistical details relating to all departments of labor and industrial pursuits in the state; to trade unions and other labor organizations and their effect upon labor and capital; to the number and character of industrial accidents and their effect upon the injured, their dependent relatives and upon the general public; to other matters relating to the commercial, industrial, social, educational, moral and sanitary conditions prevailing within the state, including the names of firms, companies or corporations, where located, the kind of goods produced or manufactured, the time operated each year, the number of employees classified according to age and sex, and the daily and average wages paid each employee; and the exploitation of such other subjects as will tend to promote the permanent prosperity of the industries of the state. Witnesses summoned and testifying before the commissioner shall be paid, from any funds at the disposal of the department, the same fees as witnesses before the supreme judicial court. Whoever, being duly summoned under the provisions of this section, shall wilfully neglect or refuse to attend, or refuse to answer any question propounded to him concerning the subject of such examination as provided in this section, or whoever being furnished by the commissioner with a written or printed list of interrogatories, shall neglect or refuse to answer and return the same under oath, shall be punished by a fine of not less than twenty-five, nor more than one hundred dollars, or by imprisonment in the county jail not exceeding thirty days, or by both such fine and imprisonment; *provided, however*, that no witness shall be compelled to go outside of the county in which he resides, to testify. SEC. 12. The commissioner, as state factory inspector, and any authorized agent of the department of labor and industry, may enter any factory or mill, workshop, private works or state institutions which have shops or factories, when the same are open or in operation, for the purpose of gathering facts and statistics such as are contemplated by this section and the two preceding sections, and may examine into the methods of protection from danger to employees and the sanitary conditions in and around such buildings and places, and may make a record of such inspection. Whoever shall refuse to allow the commissioner, or any authorized agent of the department of labor and industry, to so enter, or shall refuse to give the information so desired by said commissioner or authorized agent, shall be punished by a fine not exceeding one hundred dollars, or by imprisonment for not more than ninety days, or by both such fine and imprisonment in the discretion of the court. If the commissioner as state factory inspector, or any authorized agent of the department of labor and industry, shall find upon such inspection that the heating, lighting, ventilation or sanitary arrangement of any workshops or factories is such as to be injurious to the health of the persons employed or residing therein or that the means of egress in case of fire or other disaster are not sufficient, or that the belting, shafting, gearing, elevators, drums, saws, cogs and machinery in such workshops and factories are located or are in a condition so as to be dangerous to employees and not sufficiently guarded, or that vats, pans, or any other structures, filled with molten metal or hot liquids, are not surrounded with proper safeguards for preventing accidents or injury to those employed at or near them, he shall notify, in writing, the owner, proprietor or agent of such workshops or factories to make, within thirty days, the alterations or additions by him deemed necessary for the safety and protection of the employees; and if such alterations or additions are not made within thirty days from the date of such written notice, or within such time as said alterations or additions can be made with proper diligence upon the part of such proprietors, owners or agents, said proprietors, owners or agents so notified shall be deemed guilty of a misdemeanor, and shall be punished by a fine of not less than twenty-five, nor more than two hundred dollars, or by imprisonment not more than thirty days, or by both such fine and imprisonment at the discretion of the court.

SEC. 13. The following terms used in the four preceding sections shall have the following meanings: The word "person" means an individual, corporation, partnership, company or association. The word "factory"

The word "workshop" means any premises, room or place, not being a factory as above defined, wherein any manual labor is exercised by way of trade, or for the purpose of gain in or incidental to any process of making, altering, repairing, ornamenting, finishing or adapting for sale any article or part of an article, and to which or over which premises, room or place the employer of the person or persons working therein has the right of access or control; *provided, however*, that the exercise of such manual labor in a private house, or a private room by the family dwelling therein, or by any of them, or in case a majority of persons therein employed are members of such family, shall not of itself constitute such house or room a workshop within this definition. The aforesaid terms shall have the meanings above defined for them respectively in all laws of this state relating to the employment of labor, unless a different meaning is plainly required by the context.

No statement contained in any such report shall be admissible in evidence in any action arising out of the death or accident therein reported. The term "serious physical injuries," as used in this section, shall be construed to mean every accident which results in the death of the employee or causes his absence from work for at least six days thereafter.

Reports of deaths, accidents and injuries shall be made to commissioner of labor.  
1911, c. 102, §§ 1, 2.

A car which is in use by, or which is in possession of, a railroad corporation shall be considered as a part of the ways, works or machinery of the corporation which uses or has it in possession, within the meaning of clause one of this section, whether it is owned by such corporation or by some other company or person. One or more cars which are in motion, whether attached to an engine or not, shall constitute a train within the meaning of clause three of this section, and whoever, as a part of his duty for the time being, physically controls or directs the movements of a signal, switch, locomotive engine or train shall be deemed to be a person in charge or control of a signal, switch, locomotive engine or train within the meaning of said clause.

SEC. 18. If the injury described in the preceding section results in the death of the employee, and such death is not instantaneous or is preceded by conscious suffering, and if there is any person who would have been entitled to bring an action under the provisions of the following section, the legal representatives of said employee may, in the action brought under the provisions of the preceding section, recover damages for the death in addition to those for the injury.

SEC. 19. If, as the result of the negligence of an employer himself, or of a person for whose negligence an employer is liable under the provisions of section seventeen, an employee is instantly killed, or dies without conscious suffering, his widow or, if he leaves no widow, his next of kin, who, at the time of his death, were dependent upon his wages for support, shall have a right of action for damages against the employer.

SEC. 20. If, under the provisions of either of the two preceding sections, damages are awarded for the death, they shall be assessed with reference to the degree of culpability of the employer or of the person for whose negligence the employer is liable.

The amount of damages which may be awarded in an action under the provisions of section seventeen for a personal injury to an employee, in which no damages for his death are awarded under the provisions of section eighteen, shall not exceed four thousand dollars.

The amount of damages which may be awarded in such action, if damages for his death are awarded under the provisions of section eighteen, shall not exceed five thousand dollars for both the injury and the death, and shall be apportioned by the jury between the legal representatives of the employee and the persons who would have been entitled, under the provisions of section nineteen, to bring an action for his death if it had been instantaneous or without conscious suffering.

The amount of damages which may be awarded in an action brought under the provisions of section nineteen shall not be less than five hundred nor more than five thousand dollars.

SEC. 21. No action for the recovery of damages for injury or death under the provisions of sections seventeen to twenty, inclusive, shall be maintained unless notice of the time, place and cause of the injury is given to the employer within sixty days and the action is commenced within one year after the accident which causes the injury or death. Such notice shall be in writing, signed by the person injured, or by a person in his behalf; but if from physical or mental incapacity it is impossible for the person injured to give the notice within the time provided in this section, he may give it within ten days after such incapacity has been removed, and if he dies without having given the notice and without having been for ten days at any time after his injury of sufficient capacity to give it, his executor or administrator may give such notice within sixty days after his appointment. A notice given under the pro-

visions of this section shall not be held invalid or insufficient solely by reason of an inaccuracy in stating the time, place or cause of the injury, if it is shown that there was no intention to mislead, and that the employer was not in fact misled thereby.

If a notice given under this section is claimed by the employer to be insufficient for any reason he shall so notify in writing the person giving it within ten days, stating the insufficiency claimed to exist, and thereupon the person whose duty is to give the notice may, within thirty days, give a new notice with the same effect as if originally given.

SEC. 22. If an employer enters into a contract, written or verbal, with an independent contractor to do part of such employer's work, or if such contractor enters into a contract with a sub-contractor to do all or any part of the work comprised in such contractor's contract with the employer, such contract or sub-contract shall not bar the liability of the employer for injuries to the employees of such contractor or sub-contractor, caused by any defect in the condition of the ways, works, machinery or plant, if they are the property of the employer or are furnished by him, and if such defect arose, or had not been discovered or remedied, through the negligence of the employer or of some person entrusted by him with the duty of seeing that they were in proper condition.

SEC. 23. An employee or his legal representatives shall not be entitled under the provisions of sections seventeen to twenty, inclusive, to any right of action for damages against his employer if such employee knew of the defect or negligence which caused the injury, and failed within a reasonable time to give, or cause to be given, information thereof to the employer, or to some person superior to himself in the service of the employer who was entrusted with general superintendence.

SEC. 24. The provisions of the seven preceding sections shall not apply to injuries caused to domestic servants or farm laborers by fellow employees, or to those engaged in cutting, hauling or driving logs. Nothing in said sections shall be construed to abridge any common law rights or remedies which the employee may have against his employer, but a judgment recovered under the provisions of said sections, or a settlement of any action commenced or claim made for death or injury, under the provisions thereof, shall be a bar to any claim made or action begun to recover for the same injury or the same death, under the provisions of the common law or under the provisions of any other statute.

SEC. 25. No person shall, by a special contract with his employees, exempt himself or another person from liability which he may be under to them, for injuries suffered by them in his employment and resulting from the negligence of the employer or such other person, or of a person in his employ.

years of age or over, may lawfully contract for such labor for any number of hours in excess of ten hours a day, not exceeding six hours in any one week, or sixty hours in any one year, receiving additional compensation therefor; but during her minority, the consent of her parents, or one of them, or guardian, shall be first obtained. Nothing in this section shall apply to any manufacturing establishment or business, the materials and products of which are perishable and require immediate labor thereon, to prevent decay thereof or damage thereto.

SEC. 27. Every employer shall post in a conspicuous place in every room where such persons are employed, a notice printed in plain, large type, stating the number of hours' work required of them on each day of the week, the exact time for commencing work in the morning, stopping at noon for dinner, commencing after dinner, and stopping at night; the form of such printed notice shall be furnished by the commissioner of labor, and shall be approved by the attorney general. And the employment of any such person for a longer time in any day than that so stated, shall be deemed a violation of the preceding section, unless it appears that such employment is to make up for time lost on some previous day of the same week, in consequence of the stopping of machinery upon which such person was employed or dependent for employment.

SEC. 28. Whoever, either for himself, or as superintendent, overseer or agent of another, employs or has in his employment any person in violation of the provisions of section twenty-six, and every parent or guardian who permits any minor to be so employed, shall be punished by a fine of not less than twenty-five, nor more than fifty dollars for each offense. A certificate of the age of a minor made by him and by his parent or guardian at the time of his employment, shall be conclusive evidence of his age in behalf of the hirer, upon any prosecution for a violation of the provisions of section twenty-six. Whoever falsely makes and utters such a certificate with an intention to evade the provisions of this chapter relating to the employment of minors, shall be subject to a fine of one hundred dollars.

SEC. 29. Any person, firm or corporation engaged in any manufacturing or mechanical business, may contract with adult or minor employees to give one week's notice of intention on such employee's part, to quit such employment under a penalty of forfeiture of one week's wages. In such case, the employer shall be required to give a like notice of intention to discharge the employee; and on failure, shall pay to such employee, a sum equal to one week's wages. No such forfeiture shall be enforced when the leaving or discharge of the employee is for a reasonable cause. *Provided, however,* that the enforcement of the penalty aforesaid, shall not prevent either party from recovering damages for a breach of the contract of hire.

SEC. 30. No child under fourteen years of age shall be employed or allowed to work in or in connection with any manufacturing or mechanical establishment. No person, firm or corporation shall employ for wages or hire any child under fourteen years of age in any manufacturing, mechanical, mercantile or other business establishment, or in any telephone or telegraph office; or in the delivery and transmission of telephone or telegraph messages during the hours that the public schools of the town or city in which he resides are in session. Whoever, either for himself, or as superintendent, overseer or agent of another, employs or has in his employ any child in violation of the provisions of this section, and every parent or guardian who allows any child to be so employed shall be punished by a fine of not less than one dollar nor exceeding fifty dollars for each offense.

SEC. 31. No child over fourteen years of age and under sixteen years of age shall be employed or allowed to work in any manufacturing or mechanical establishment until he, or some one in his behalf, shall have

produced and presented to the owner, superintendent, overseer or agent of such establishment, a certified copy of the town clerk's record of the birth of such child, or a certified copy of his baptismal record showing the date of his birth; or his passport showing the date of his birth; or an age and schooling certificate duly issued to him as hereinafter provided. No such child between his fourteenth and fifteenth birthdays shall be employed or allowed to work in any manufacturing, mechanical, mercantile or other business establishment, or in any telephone or telegraph office; or in the delivery and transmission of telephone or telegraph messages during the hours in which the public schools of the city or town in which he resides are in session, until he shall have produced and presented to the owner, superintendent, overseer or agent of such establishment an age and schooling certificate duly issued to him as hereinafter provided. No such child between his fifteenth and sixteenth birthdays shall be employed or allowed to work in any manufacturing or mechanical establishment during the hours in which the public schools of the city or town in which he resides are in session, until he shall have produced and presented to the owner, superintendent, overseer or agent of such establishment an age and schooling certificate duly issued to him as hereinafter provided. The employer shall keep on file such birth record, baptismal record, passport or age and schooling certificate in duplicate containing the name of such child, the name of his parents, guardian or custodian, and such data as may be required by the commissioner of labor. Blank employment certificates, in form approved by the attorney general, shall be furnished by the commissioner of labor. One of such certificates shall be delivered to such child and the other be immediately forwarded to the office of said commissioner to be kept on file by him. When such child leaves such employment, the employer shall return to such child the copy of the town record, baptismal record, passport or age and schooling certificate furnished by him as aforesaid, and shall immediately notify said commissioner that such child has left his employ. The commissioner of labor, or any of his assistants, may demand of any employer or corporation the names of all children under sixteen years of age in his employ in the several cities and towns of the state, and may require that the birth record, baptismal record, passport or age and schooling certificate of such children shall be produced for his inspection, and the failure to produce the same shall be prima facie evidence that the employment of such child is illegal. Whoever, either for himself, or as superintendent, overseer or agent of another, employs or has in his employment any child in violation of the provisions of this section, and every parent or guardian who allows any child to be so employed shall be punished by a fine of not less than one nor more than fifty dollars for each offense.

SEC. 32. Age and schooling certificates may be issued by the superintendent of schools of the city or town in which the child resides, or some person designated or authorized in writing by the school committee, and such age and schooling certificate when duly issued shall excuse such child from attendance at public school; but no person shall issue such certificate to any minor then in or about to enter his employment or the employment of a firm or corporation of which he is member, stockholder, officer or employee. The person who issues the certificate in accordance with the provisions of this section is hereby empowered to administer the oath provided for therein, but no fee shall be charged therefor.

SEC. 33. An age and schooling certificate shall not be issued until the child applying therefor, or some person in his behalf, shall furnish satisfactory evidence of the age of the child, which evidence shall be a certified copy of the town clerk's record of the birth of said child, or a certified copy of his baptismal record, showing the date of his birth, or a passport showing the date of his birth, or other document satisfactory to
