uted shall not lapse at the end of any fiscal year but shall be carried forward to be used for the purpose originally intended. (1957, c. 75.)

County and Local Agricultural Societies.

Sec. 17. Stipend; apportionment; qualifications.—There shall be appropriated annually from the state treasury a sum of money not to exceed 2¢ per inhabitant of the state, and an additional sum of money equal to 5% of the amount contributed under the provisions of section 15 of chapter 86, and additional sums of money as provided and limited by the provisions of section 14 of chapter 86, and of section 13 of chapter 87, which shall be known as the state stipend for aid and encouragement to agricultural societies and hereafter designated as the "stipend." One-half of the amounts contributed under the provisions of section 14 of chapter 86 and section 13 of chapter 87 shall be divided for reimbursements in equal amounts to each recipient of the stipend fund which conducts pari mutuel racing in conjunction with its annual fair if said recipient has improved its racing facilities and has met the standards for facility improvements set by the commissioner of agriculture for said recipients. If a recipient has not complied with the individual standards set by the commissioner said yearly reimbursements shall be paid in equal amounts to those recipients which have met such standards. From the state stipend the commissioner may expend annually a sum not to exceed 2% for administrative and inspection services. The balance of this stipend shall be divided among the legally incorporated agricultural clubs, societies, counties and fair associations of the state, hereafter in this chapter designated as "societies," according to the following schedule and method. Said stipend shall be divided pro rata among the legally incorporated societies, not heretofore provided for, according to the amount of premiums and gratuities actually paid in full and in cash or valuable equivalent by said societies upon horses, cattle, sheep, swine, poultry and agricultural and domestic products, but no such society whether specifically mentioned in this chapter or otherwise shall be entitled to any share of the stipend unless it shall have complied with the following requirements, which shall be considered by the commissioner as the basis upon which his apportionment of the stipend shall be made as provided in this section. No premiums or gratuities shall be considered by the said commissioner in apportioning the amount of stipend to which any society is entitled except those offered and paid upon horses, cattle, sheep, swine, poultry, vegetables, grain, fruit, flowers, products derived from horses, cattle, sheep, swine, home canned foods, grange exhibits, farm exhibits, boys' and girls' club exhibits, exhibits of the mechanical arts, domestic and fancy articles produced in the farm home and pulling contests by horses and oxen. No society shall be entitled to any share of the stipend unless it shall have notified the commissioner in writing at least 10 days in advance of the date and place of its annual exhibition. No society, the Maine state pomological society excepted, shall receive from the state a sum greater than that actually raised and paid by the society as premiums and gratuities in the classes herein provided, and in no case shall any society be entitled to any share of the stipend unless it shall have raised and paid in premiums in the classes heretofore set forth at least \$200. No society shall receive any portion of the stipend in excess of \$10,000, except that such limitation shall not apply to any additional stipend provided for by the provisions of section 14 of chapter 86 or the provisions of section 13 of chapter 87. No society shall receive any portion of such stipend unless it shall have regularly entered and displayed in an attractive manner upon its exhibition grounds distinct exhibits or entries of vegetables, fruits, grains or dairy products, or of subordinate and other granges and 4-H clubs, of a quality acceptable to the commissioner or his regularly authorized agent and of varieties known to be common or standard to the county in which such exhibition is held.

In the distribution of such stipend no allowance shall be made or considera-

tion given on account of lump sums, payments or premiums previously arranged and agreed upon by exhibitors and the officers of any society for the presentation and display of any animals or products without regard to competition which may subsequently appear, excepting, however, any special agricultural exhibits of such nature as to preclude their entry in competition.

No stipend shall be paid on premiums or purses offered and paid by any such society at any event held other than during the period at which its annual exhibition is held.

A society within the meaning of this section to qualify for a stipend shall mean:

I. A society which has an agricultural display of the products of agriculture, typical of the area at the time the fair is held; (1949, c. 375)

II. A society which pays a minimum of \$300 on premiums, exclusive of those for horse and ox pulling contests; (1949, c. 375)

III. A society which has not less than 10 stockholders or members, or the primary purpose of which is not profit to be distributed to its members or stockholders. (1949, c. 375)

The commissioner may summon before him and examine on oath any officer of an incorporated society or other person whose testimony he shall deem necessary in the proper discharge of his duties, and may require such witnesses to bring before him for examination any books or records in their custody or control which he may deem necessary for his information in the performance of his duties. The commissioner shall apportion annually the stipend due from the state to the societies, including the Maine state pomological society. He shall issue blanks to the proper officers of said societies for such returns as may be deemed necessary for a full and complete knowledge of the work of said societies for each year, and shall certify to the governor and council the amount of stipend due such society, and shall designate to the treasurer of state to whom such moneys shall be paid, but said societies shall not be entitled to such stipend unless they shall make such returns. Neglect or failure on the part of any society to observe any of the foregoing requirements shall be deemed sufficient cause for withholding such society's share of the stipend, and the commissioner is required and directed to authorize payment of stipend only to such societies as have observed all of the said requirements.

The commissioner shall make all necessary rules and regulations to protect the health of domestic animals and poultry, being shown or exhibited, against contagious, infectious and parasitic diseases, and parasitic infestation. No society, association, corporation, group or individual shall be entitled to any state aid or stipend where domestic animals or poultry are shown or exhibited, unless the health status of said domestic animals and poultry satisfy the health requirements of the rules and regulations made by the commissioner. (1959, c. 101, § 3.)

Provided, however, that the conducting of pari mutuel betting by any such society under license of the state harness racing commission, in accordance with the provisions of sections 1 to 22, inclusive, of chapter 86, shall not be deemed cause for withholding such society's share of the stipend. (R. S. c. 27, § 16. 1945, c. 361, § 1. 1947, c. 366, § 2. 1949, c. 89; c. 98, § 1; c. 375; c. 388, §§ 1, 2. 1951, c. 181; c. 266, § 33. 1953, cc. 60, 81; c. 308, § 44; c. 423, § 1. 1955, c. 11. 1957, c. 391, § 1; c. 397, § 26. 1959, c. 101, §§ 1-3.)

Effect of amendments. — The 1955 amendment changed the first paragraph by inserting the present fourth and ninth sentences. It also added at the beginning of the present fifth sentence the words "the balance of".

The first 1957 amendment inserted the second and third sentences of the first paragraph. The second 1957 amendment substituted "additional sums" for "an ad-

ditional sum" and inserted "and of section 13 of chapter 87" in the first sentence of the first paragraph.

It shall be unlawful for any person to drive, truck or otherwise move intra or interstate domestic animals known to be infected with or exposed to any reportable disease, or domestic animals treated with any vaccine or other substance that might make them capable of spreading a disease among susceptible domestic animals. The commissioner or his duly authorized agent may require proper disinfecting of stables and premises by the owner, where condemned diseased domestic animals are found, and may withhold indemnity until he is satisfied that proper cleaning and disinfecting of premises have been completed. The commissioner may require the owner to have such animals tested or examined by a veterinarian at the owner's expense. The commissioner shall release such animals from quarantine only after he is satisfied that such animals are not a disease menace to other domestic animals of the state. Diseased domestic animals brought into the state without a permit may be condemned by the commissioner and slaughtered without indemnity.

All animals showing a positive reaction to the test shall be identified by a "reactor" eartag and brand and shall be slaughtered, except vaccinated animals under 30 months of age.

Officially vaccinated calves, if purebred, shall be properly identified by eartag or registration papers or tattoo number. Grade animals shall be tagged. All officially vaccinated calves must be tattooed with the official state tattoo mark. (1959, c. 239, § 1.)

Such licenses shall be procured annually for a fee of \$1 and shall be renewed on the first day of June of each succeeding year. This section shall not apply to any person who feeds his own household garbage only to swine which are raised for such person's own use.

Garbage, regardless of previous processing, shall, before being fed to swine, be thoroughly heated to at least 212° F. for at least 30 minutes, unless treated in

some other manner which shall be approved in writing by the commissioner or his duly authorized agent.

(1959, c. 239, § 1.)

Every such registration shall expire on the 1st day of January, next after its issue, and shall be granted only to the milk dealer owning or leasing the vehicle or place from which sales or supplies are to be made, and shall not be transferred. Upon receipt of the application for registration, containing the information required, and upon being satisfied that all milk is being produced and handled in accordance with the provisions of section 91 and is from cows free from disease, the said commissioner shall issue to the applicant a certificate of registration, which certificate shall be posted in a conspicuous place in the depot from which sale or supply is made, and the number of the certificate of registration for each wagon or other vehicle shall be placed in a conspicuous place on said wagon or other vehicle. The commissioner may cancel the certificate of any dealer, who, after due hearing on complaint by the said commissioner or his authorized agent, is found to be selling milk produced or handled in violation of the provisions of section 91 or milk from diseased cows. Sec. 259. Repeal, revocation or refusal to issue license; appeal.—The commissioner shall have the power to refuse to issue, to refuse to renew, to revoke or to suspend any license issued under the provisions of sections 258 to 267, inclusive, whenever he determines that any of the provisions of said sections or rules or regulations promulgated or established thereunder have been violated. Any person, firm, corporation, association or society whose license has been so revoked or suspended shall discontinue the packing of sardines until the provisions of said sections have been complied with and a new license issued or the suspension removed. The commissioner may revoke or suspend such license temporarily until there is a compliance with the provisions of said sections as hereinafter provided, or permanently for the unexpired period of such license. On the refusal to issue or to renew and before revoking or suspending any license, the commissioner shall give written notice to the applicant or licensee affected stating that he contemplates refusing to issue or renew said license or the revocation or suspension of the same and giving his reasons therefor; such notice shall appoint a time of hearing before said commissioner. On the date of hearing, the applicant or licensee may present evidence to the commissioner, and after hearing all the testimony, the said commissioner shall decide whether or not the license shall be issued, renewed, revoked or suspended. Any licensee who feels aggrieved or dissatisfied with the decision of the commissioner may appeal from said decision within 10 days to the superior court. (R. S. c. 27, § 199. 1955, c. 174, § 2.)

Effect of amendment.—The 1955 amendment rewrote the first, fourth and fifth sentences, making them applicable to refusal to issue or renew a license, as well as to revocation and suspension thereof, and making other changes.

Sec. 261. Inspection; conformity with food and drug acts; branding of cans; embargo and condemnation of sardines packed in violation of §§ 258-267.—The commissioner shall by adequate inspection, by such methods, including sampling procedures, and at such times including before, during and after packing, as he may from time to time deem appropriate, see that sardines are packed in conformity with the requirements of the federal food and drug act, the laws of this state, including the provisions of sections 258 to 267, inclusive, and the rules and regulations promulgated or established thereunder by the commissioner, and shall determine the grade or quality of each lot of sardines for which he shall have established grades under section 263. He shall make uniform rules and regulations, which shall have the effect of law, for carrying out the provisions of said sections and for insuring sardines are packed in a sanitary environment and manner and for the sanitary storage and condition of packing media and may fix standards of quality in addition to standards fixed by law; and he shall authorize the persons packing sardines in conformity with the requirements of said sections to mark the container of said sardines with a statement certifying that the food contained therein was packed, inspected and passed under the provisions of sections 216 to 228, inclusive. Any sardines falsely marked shall be deemed to be misbranded, and any person, firm, corporation, association or society who shall misbrand or falsely mark any container of sardines or sell or offer for sale such misbranded containers shall be punished by a fine of not more than \$500 for each container thus falsely marked.

Beginning April 15, 1956, every holder of a license issued under the provisions of section 258 shall, before packing sardines in $\frac{1}{4}$ size cans, or in other containers for which grades shall have been established by the commissioner under section 263, have on file with the commissioner of agriculture a code plan satisfactory to the commissioner, which plan shall show the plant where packed, lot and

the calendar year of packing, and may at the option of the licensee show such other information as is desired. Optional coding information may, but need not be included in the plan filed. Said code plan shall define "lot" as not more than the entire output of one packing plant for one day. Said plan shall remain effective until modified or rescinded by said licensee and another approved code plan is filed. After April 15, 1956, no such licensee shall pack, process, manufacture, sell, ship, deliver, consign or have in his possession sardines for which a code plan is required unless said code appears legibly and permanently upon each container and also upon the shipping case containing said sardines.

Beginning April 15, 1958, the commissioner may issue a certificate for each lot of sardines, as defined in the applicable code plan on file with him, stating the fact of his inspection, the date of inspection, the code, the number of containers in the lot, the number of cans inspected, and the quality or grade of said lot, which said certificate shall be prima facie evidence of the facts therein stated. Certificates shall be issued only to those packers who make written request to the commissioner, which requests must state that the applicant applies for certificates for the entire seasonal output of the year in which the application is made, or for the entire output of the balance of such season if the application is made after the season has begun, and such application shall include all plants operated by the individual, corporation or company making the application.

The commissioner shall select and employ an assistant chief of the division of inspection for sardines. He shall also employ subordinate inspectors, sufficient in numbers, so that adequate inspection can be performed; and it shall be the duty of said inspectors to make adequate and uniform and impartial inspection of all the places, shops and factories in the state, wherever sardines are packed for sale, and for this purpose such inspectors shall have free access, ingress and egress at all reasonable hours to any sardine packing plant, may open any case or container and may, upon tendering the market price, take samples therefrom.

The assistant chief of the division of inspection for sardines shall vigilantly enforce all the provisions of sections 258 to 267, inclusive, and all provisions of the law and all regulations relating to sardine packing.

During the packing season, he shall not be assigned to perform or perform any inspection work, other than that pertaining to the packing of sardines.

Whenever the commissioner or any duly authorized agent of the commissioner has reasonable cause to believe that sardines are packed in violation of any of the provisions of sections 258 to 267, inclusive, or regulations promulgated under authority of said sections or that the finished product does not meet the standards and requirements of such sections and regulations, the commissioner or any duly authorized agent of the commissioner may detain or place an embargo upon such sardines by marking or tagging the same, giving notice that such sardines were packed in violation of the provisions of sections 258 to 267, inclusive, and that they have been detained or embargoed, and warning all persons not to remove or dispose of the same by sale or otherwise until permission for removal or disposal is given by the commissioner or the court. It shall be unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission.

The commissioner or duly authorized agent of the commissioner detaining such sardines shall promptly petition the judge of a municipal court or the superior court within whose jurisdiction the sardines are detained for a libel for condemnation of such sardines, the procedure of which shall conform, as nearly as may be, to the procedure for libelling intoxicating liquors.

If the court finds that the sardines were packed in violation of sections 258 to 267, inclusive, or regulations issued thereunder, it shall enter a decree that they shall be destroyed at the expense of the claimant thereof, under supervision of the commissioner, or any of his duly authorized agents, and all court costs and fees, and storage and other proper expenses shall be taxed against the claimant; provided that when the sardines can be brought into conformity with the provisions

of sections 258 to 267, inclusive, by proper labelling or by other process, the court, after such costs, fees and expenses have been paid, and a bond to the commissioner or his successors in office, in such sum as the court may direct, with good and sufficient sureties, conditioned that such sardines shall be so labelled or processed, has been approved by the court, may order that such sardines be delivered to the claimant thereof for such labelling or processing under the supervision of the commissioner or any duly authorized agent of the commissioner. The expense of such supervision shall be paid by the claimant. Provided further that when the product is not in conflict with the laws of a foreign country to which it is intended for export, and is labelled on the outside of the shipping package to show that it is intended for export, the court, after the costs, fees and expenses have been paid, and a bond to the commissioner or his successors in office in such sum not less than twice the value of such goods as the court may direct with good and sufficient sureties, conditioned that such fish shall be exported to a foreign country, to be named therein, with whose laws such fish are not in violation and shall not be re-imported into the United States by any person whomsoever, may order such fish to be redelivered to the claimant for export under the supervision of the commissioner or any of his duly authorized agents. (R. S. c. 27, § 201. 1951, c. 266, § 37. 1953, c. 171, § 2. 1955, c. 174, §§ 3, 4. 1957, c. 92, § 1.)

Effect of amendments. — The 1955 amendment repealed the former first paragraph of this section and enacted the present first, second and third paragraphs in place thereof. It also added the last three paragraphs. The 1957 amendment rewrote the third paragraph.

Sec. 262. Fees; disposition.—Each packer shall pay monthly, not later than the 10th day of each month, 3¢ per case on the amount of sardines packed during the previous month, toward the cost of maintaining the inspection provided for in section 261 and as a part of the fee for obtaining and retaining his license. The inspection fee herein provided for may be increased by the commissioner after consultation with the sardine industry advisory board to an amount not to exceed 5¢ per case, in the event the fee of 3¢ per case is not adequate to cover the cost of such inspection, but such increased fee shall be reasonable and shall cover as nearly as may be possible the cost of such inspection. All license fees and all money received under the provisions of sections 258 to 267, inclusive, by the commissioner shall be paid by him to the treasurer of state and the same are hereby appropriated for carrying out the provisions of sections 258 to 267, inclusive, and for no other purpose. (R. S. c. 27, § 202. 1945, c. 78, § 1. 1953, c. 171, § 3. 1957, c. 92, § 2.)

Neither the word "sardine" nor the word "sardines" shall appear on the case or on the cans.

Sardines which are officially designated as substandard grade, for which a

certificate is issued, shall not be sold in the United States, its territories or possessions, unless each can in the lot has the words "substandard grade, good food — not high quality" so placed as to be easily seen when the name of the product or pictorial representation thereof is viewed, and appear conspicuously enough to be seen under ordinary conditions of purchase. The words "substandard grade, good food — not high quality" shall be printed in 2 lines across the cover of all cans in letters not less than $\frac{1}{8}$ of an inch in height and be enclosed in lines which are not less than $\frac{1}{32}$ of an inch in width. The commissioner may establish official grades for sardines packed within the state and may from time to time modify such grades. Such grades may specify among other things, the number of fish per container, the amount, quality and nature of the packing medium or fill, the quality, appearance, odor, character, taste and texture of the fish packed, the style of pack, their workmanship and their arrangement in the container, the quality of the substances contained in the container, the size and type of the container, the tolerances allowing for reasonable variation from grades. The commissioner may also establish and promulgate regulations for the marking, branding or labelling of sardines, and the use of grades established by him. Such grades shall not be lower than the standards set out in sections 258 to 267, inclusive. The commissioner may also promulgate regulations providing that products that do not meet such standards may be sold if labelled "herring."

Before establishing, amending or modifying any such grades, the commissioner shall hold public hearings in such places within the state as shall be reasonably convenient for the packers. Notice of such hearing shall be sent by registered mail to holders of licenses issued under section 258, and notice of such hearings shall also be advertised for 3 successive weeks prior thereto in a newspaper or newspapers of general circulation within the county where the hearing is to be held. commissioner and his successors in office conditioned that such fish shall be exported to a foreign country to be named therein with whose laws it is not in conflict, and shall not be reimported into the United States by any person. (R. S. c. 27, § 203. 1945, c. 78, § 2; c. 376. 1949, c. 248, §§ 2, 3. 1951, c. 63, §§ 1, 2. 1953, c. 171, §§ 4, 5, 6, 7. 1955, c. 174, §§ 5-8; c. 208. 1957, c. 92, § 3. 1959, c. 243, § 1.)

Effect of amendments.—The first 1955 amendment revised sentences in the first three paragraphs and added the last three paragraphs. The second 1955 amendment added a sentence in the first paragraph. The 1957 amendment, which became effective on its approval, March 29, 1957, rewrote the former first six paragraphs which now appear as the first five paragraphs.

The 1959 amendment repealed the former sixth paragraph and inserted in lieu thereof the present sixth, seventh and eighth paragraphs.

Effective date.—The 1959 act amending this section became effective on its approval, April 29, 1959.

Sec. 267. Penalty.—Any person, firm, corporation, association or society who shall pack sardines in the state for sale without the license provided for in section 258, or who shall violate any of the provisions of sections 258 to 267, inclusive, or neglect or refuse to comply with any of the provisions required in said sections or in any way violate any of their provisions may be punished by a fine not exceeding \$500 or by imprisonment for not more than 6 months, or by both such fine and imprisonment for each and every offense. (R. S. c. 27, § 205. 1955, c. 174, § 9.)

Effect of amendment.—The 1955 amendment rewrote this section.

Initially 2 members shall be appointed for 1-year terms, 2 members for 2-year terms and 3 members for 3-year terms. All appointments thereafter shall be for 3-year terms except appointments to complete unexpired terms. Members shall serve without pay. The board shall meet with the commissioner at regular intervals to be determined by it, and oftener if called by the commissioner, who shall also call a meeting of the board on written request of 3 members.

The board shall advise the commissioner and the commissioner shall consult with the board on matters of general interest to the sardine industry within the jurisdiction of the commissioner. (1955, c. 174, § 10.)

Packing of Apples.

Sec. 269. Standard grades established.—The grades for apples recommended by the United States department of agriculture and recognized in the central markets of the country as government grades and such other grades or standards as may be promulgated by the commissioner under the provisions of sections 32 to 38, inclusive, are made the official state grades for apples of the state presented for intrastate or interstate shipment. All containers as presented for shipment whether by truck, train or boat shall have written, stamped or attached thereon the provisions required in section 270. (R. S. c. 27, § 208. 1949, c. 312, § 1. 1953, c. 206, § 3. 1957, c. 223, § 2.)

Effect of amendment.—The 1957 amendment made two sentences of the former first sentence and inserted the clause “and such other grades or stand-ards as may be promulgated by the commissioner under the provisions of sections 32 to 38, inclusive,” in the present first sentence.

Sec. 272-A. Advertising.—When apples are advertised for sale by radio, television, newspapers or any other medium in which the price is to be quoted, such advertisement must state the correct grade, size and variety.

No signs, flyers, advertisements or false labels shall be used to sell or offer for sale or expose for sale any apples which do not conform to the standards as established in section 269. When signs, flyers or posters are used to advertise the price of apples, the variety, size and grade must be shown on such signs, flyers and posters. (1957, c. 223, § 3.)

Sec. 273. Sale and movement of apples.—No person, firm or corporation shall within this state sell, distribute, transport, offer or expose for sale, distribution or transportation any apples that do not conform to the apple grades established in section 269. Nothing in this section shall apply to any person, firm or corporation supplying apples consigned to a processing plant for use therein. No provisions of sections 268 to 276, inclusive, shall be construed to prevent a grower or shipper of apples from delivering the same to a packing house for grading or to a processing plant or cold storage plant where apples are stored and prepared for market. Apples which do not meet the established grades or classifications as provided by section 269 may be sold as culls provided the package or container is conspicuously marked with the word "culls". The commissioner shall diligently enforce the provisions of this section and in person or by deputy shall have free access, ingress and egress at all reasonable hours to any place or any building wherein apples are stored, transported, sold, offered or exposed for sale or for transportation. He may also in person or by deputy upon tendering the market price take samples of apples therefrom. (R. S. c. 27, § 212. 1957, c. 223, § 4.)

Effect of amendment. — The 1957 amendment deleted the words "were grown outside of the state, which" formerly preceding the words "do not conform" in the first sentence, made a former proviso of the first sentence into a separate sentence, and inserted the present third and fourth sentences.

Branding of Potatoes.

Sec. 295. Grades.—The official state grades for potatoes shall be promulgated by the commissioner under the provisions of sections 32 to 38, inclusive, and made the official state grades for potatoes of the state presented for intrastate or interstate shipment and all containers as presented for shipment, whether by truck, train or boat, shall have written, stamped or attached thereon the name and address or serial number of the person producing or marketing the product, as well as the name and grade, state or federal, of the product contained therein. No potatoes shall be offered for sale, had in possession for sale, prepared for sale, exposed for sale, sold, shipped, delivered for sale or consigned unless and until said potatoes shall have been graded or packed in conformity with the provisions of sections 295 to 301, inclusive. Potatoes purchased under the government support program shall be exempted from the provisions of sections 295 to 301, inclusive. (R. S. c. 27, § 225. 1949, c. 302, § 1. 1957, c. 104, § 1.)

Effect of amendment.—Prior to the 1957 amendment the official state grades were those recommended by the Bureau of Agricultural Economics of the U. S. Department of Agriculture and such other grades as may be promulgated by the commissioner. The 1957 amendment also inserted the words "state or federal" near the end of the first sentence.

Sec. 296. Branding mandatory. — It shall be unlawful for any person, firm, association, organization or corporation, or agent, representative or assistant to any person, firm, association, organization or corporation to expose for sale, or sell, ship, deliver or consign or have in possession potatoes prepared for market unless such container has been legibly and conspicuously tagged, branded,

labeled or stenciled before being removed from the premises where prepared for market with the name and address of the person or persons responsible for the grading and packing, and the name of the grade, net weight and the word "potatoes." It shall be unlawful for any person, firm, association, organization or corporation or agent, or representative, or assistant to any person, firm, association, organization or corporation to expose for sale or sell at wholesale or retail any potatoes unless the container in which such potatoes have been placed has been legibly and conspicuously tagged, branded, labeled or stenciled with the name and address of the person or persons responsible for the grading and packing and the names of the grade together with the true net contents of said container. Bulk shipments shall be accompanied by 2 cards not less than 4 by 6 inches in size, placed on the inside of car near each door. Likewise cards in size as herein described shall be prominently displayed on all bulk shipments made by truck or other conveyance. Upon each card shall appear the name and address of the consignor, the name of the grade, the name of the loading station, the date of loading and the name and address of the consignee, if known. It shall be conclusive evidence that potatoes are for sale when contained in containers intended for delivery or transit, or when same are exposed for sale, or when the same are in the process of delivery or transit, or are located at a depot, station, boat dock or any place where potatoes are held in storage or for immediate or future sale or transit. (R. S. c. 27, § 226. 1957, c. 104, § 2.)

Effect of amendment. — The 1957 amendment substituted the words "net weight and the word 'potatoes'" for the words "together with true net contents" at the end of the first sentence, deleted the former second sentence relative to color of tags and substituted the present second sentence therefor.

Sec. 297. False or misleading branding.—No person, firm, association, organization or corporation or agent, representative or assistant to any person, firm, association, organization or corporation shall sell, expose for sale or ship for sale potatoes in open or closed packages if the packages containing them or the label on them shall bear any statement, design or device regarding such potatoes which shall be false or misleading in any particular or if such potatoes are packed in such a manner that the face or shown surface shall not be an average of the contents of the package, or if such potatoes fail to meet the minimum grade requirements established as a state grade by the commissioner of agriculture. This provision shall be construed to also prohibit the repeated use of any container or sub-container, bearing any markings required by the provisions of sections 295 to 301, inclusive, or any designation of brands, quality or grade unless all such markings which do not properly and accurately apply to the potatoes repacked or replaced shall first be completely removed, erased or obliterated. Nothing in sections 295 to 301, inclusive, shall be construed to conflict with any Maine or federal law or regulations regarding net weight markings on containers or sub-containers. (R. S. c. 27, § 227. 1957, c. 104, § 3.)

Effect of amendment. — The 1957 amendment inserted the designations following the word "person" at the beginning of the first sentence and added the last clause of the first sentence relative to failure to meet minimum grade requirements.

Sec. 298. Sale without grading by grower.—No provisions of sections 295 to 301, inclusive, shall be construed to prevent a grower or shipper of potatoes from selling or delivering the same within the state unpacked, or selling his crop in bulk, or any part thereof, to a packer for grading, packing or storage within the state; nor shall any provision of said sections prevent any person from manufacturing the same into any by-product, or from selling the same unpacked to any person actually engaged in the operation of a commercial by-products factory for the sole and express purpose of being used within the

state in the manufacture of a by-product for resale. (R. S. c. 27, § 228. 1949, c. 302, § 2. 1957, c. 104, § 4.)

Effect of amendment.—The 1957 amendment repealed the former second paragraph of this section.
