**VII. Lawful for interstate shellfish transportation licensee to transport without certificate; definitions of "to ship" and "to transport."** The holder of a current interstate shellfish transportation license authorized in section 53 may transport, but not ship, shellfish beyond the limits of this state without holding a shellfish certificate as provided in this section, provided he does so in accordance with the provisions of section 53.

**A.** The verb "to ship" in all its moods and tenses as used in this section means to send by a common carrier. The verb "to transport" in all its moods and tenses means to carry or send an object from one place to another by any other means other than to ship as here defined.

**VIII. Penalty.** Whoever violates any provision of this section shall be punished by a fine of not less than \$100 nor more than \$200, or by imprisonment for not more than 90 days, or by both. (1959, c. 331, § 1. 1963, c. 411, § 3.)

**Effect of amendment.**—The 1963 amendment, effective January 1, 1964, substituted “commissioner” for “commissioner of agriculture” in the first paragraph, subsection I, subsection II and subsection IV. The amendment also added subsection II-A, including paragraphs A and B thereof, and also added paragraph A, including subparagraphs 1 and 2 thereof, to subsection IV. It also deleted “it is determined by him that” formerly following the word “whenever” near the middle of the first paragraph of subsection IV and made other minor changes.

**Sec. 53. Interstate shellfish transportation license.**—It is unlawful for any person, firm or corporation to ship or transport, or attempt to ship or transport, beyond the limits of this state any soft-shell clams, quahogs or mussels, whether removed from the shell or not, or to cause the same to be done, without having a current license from the commissioner as provided in this section.

**I. **B.** It must contain any other information that may be requested by the commissioner of sea and shore fisheries.

**III. Shellfish must be procured from holder of a shellfish certificate.** It is unlawful for any person, firm or corporation to transport or cause to be transported beyond the limits of this state, any clams, quahogs or mussels, except those which have been procured from the holder of a current shellfish certificate.

**A.** But should the holder of a current interstate shellfish transportation license also hold a current shellfish certificate, then he may procure shellfish from the persons named in his certificate for that purpose.

**IV. Exception for the holder of a wholesale seafood dealer's license.** The holder of a current wholesale seafood dealer's and processor's license may ship, but not transport, clams, quahogs and mussels beyond the limits of the state without having an interstate shellfish transportation license, but not without having a shellfish certificate as provided by section 52.

**A.** The verb “to ship” in all its moods and tenses as used in this section means to send by a common carrier. The verb “to transport” in all its moods and tenses means to carry or send an object from one place to another by any other means than to ship as here defined.

**V. Common carrier and other exceptions.** The provisions of this section do not apply to a common carrier licensed by the interstate commerce commission who is transporting clams, quahogs or mussels in containers labelled in accordance with the provisions of section 56, nor to any person who lawfully possesses them for immediate consumption by himself and his family, nor does this section apply to clams, quahogs or mussels that are being transported through this state under authority of the laws of the United States.

**VI. Penalty.** Whoever violates any provision of this section shall be punished by a fine of not less than \$100 or more than \$200, or by imprisonment for not more than 90 days, or by both.

Suspension in event of shellfish poisoning.** In the event of evidence of shellfish poisoning as provided in section 52, the commissioner shall suspend any or all interstate shellfish transportation licenses in the manner and for the reasons set forth in that section. (1959, c. 331, § 1. 1961, c. 238, § 7. 1963, c. 411, § 4.)

**Sec. 54. Minimum legal size for quahogs.**—It is unlawful for any person to take or have in his possession quahogs which are less than 2 inches in the longest diameter to the amount of more than 10% of any lot.

**I. Definitions.** A lot, as used in this section, means the total number of quahogs in any bulk pile. Where quahogs are in a box, barrel or other container, the contents of each box, barrel or other container constitute a separate lot.

**II. Method of determining tolerance.** The tolerance of 10% must be determined by numerical count of not less than one peck nor more than 4 pecks, taken at random from various parts of the lot, except that the tolerance must be determined by numerical count of the entire lot when the lot contains less than one peck.

**III. Exception for permittee.** The provisions of this section do not apply to the possession of seed quahogs under authority of a permit, issued by the commissioner, as provided in section 49.

**IV. Penalties.** Whoever violates the provisions of this section shall be punished by the following penalties:

P. L. 1963, c. 302, substituted “1966” for “1964” at the end of § 3 of c. 354, P. L. 1959, as amended by P. L. 1961, c. 338.

It is unlawful for any person, firm or corporation to buy or take from any person any clams, quahogs or mussels which have been packed, whether or not they have been removed from the shell, for shipment or transportation beyond the limits of the state, or cause the same to be done, unless the clams, quahogs and mussels were packed in a packing house or shucking house certified by the commissioner at the time they were packed.

It is unlawful for any person, firm or corporation to buy, or take from any person any shucked clams, quahogs or mussels for shipment or transportation be-

yond the limits of the state, or to cause the same to be done, unless the clams, quahogs and mussels were shucked in a shucking house certified by the commissioner at the time of the shucking.

**I. Each application must contain the following:

**A.** It must be signed by the applicant.

**B.** It must show the exact location of the flats from which the clams, quahogs and mussels are to be dug.

**C.** It must show the exact location within the state of the packing house where the shellfish will be packed or the shucking house where the shellfish will be removed from the shell.

**D.** It must bear all the names of all the persons who will dig the clams, quahogs and mussels that are to be packed or shucked, and shipped by the applicant beyond the limits of the state.

**II. Issuance of certificate.** The commissioner may issue this certificate if he is satisfied that the packing house or shucking house and premises conform to the sanitary standards recommended by the United States public health service and conform to the laws and regulations of the state of Maine, and if he is also satisfied that the shucked product from the shucking house conforms to the standards of purity and quality recommended by the United States public health service and conforms to the laws and regulations of the state of Maine.

**IV. Authorization of holder.** The certificate entitles the holder to either pack or shuck or both as specified in the certificate, clams, quahogs and mussels for interstate trade at the packing or shucking house specified in the certificate which are dug in the flats specified in the certificate, and are dug by the persons specified in the certificate.

**V. Expiration of certificate.** Shellfish shucking certificates issued under this section expire at midnight on December 31st of the calendar year in which they were issued, unless sooner revoked or suspended.

**VI. Suspension of certificate.** The commissioner may suspend for any period of time any certificates issued by him, or the right to obtain a certificate, whenever he determines that any of the provisions of law or of regulations governing the shipment or transportation of clams, quahogs or mussels, or the provisions of law or regulations governing establishments where the clams, quahogs or mussels are shucked or packed, have been violated.

**VI-A. **Effect of amendment.**—The 1963 amendment, effective January 1, 1964, made this section applicable to packing as well as shucking shellfish, substituted “commissioner” for “commissioner of agriculture”

throughout the section, divided the former first paragraph into the present first and third paragraphs, inserted the present second paragraph, added subsection VI-A, and made other minor changes.

**Sec. 55-A. Intrastate shellfish permit.** — It is unlawful for any person, firm or corporation to shuck any clams, quahogs or mussels for sale to stores, restaurants or other dealer in the intrastate trade, or cause the same to be done, without having a current permit for that purpose from the commissioner.

It is unlawful for any person, firm or corporation to buy or take from any person any clams, quahogs or mussels, removed from the shell for the purpose of serving them in any restaurant or selling them in any store, or to any other dealer in this state, unless the shellfish are in containers marked with the intrastate shellfish permit number under which they were shucked.

**I. Application.** Any person, firm or corporation may make application on blanks furnished by the commissioner for a shellfish shucker’s permit giving authority to shuck and remove clams, quahogs and mussels from the shell for sale to stores, restaurants or other dealer in the intrastate trade. **A.** The commissioner shall adopt regulations, after public hearing, setting forth the minimum standards and requirements consistent with necessary standards for the physical plant and equipment for operation of a shucking house under this section. Notice of the public hearing must be published once at least 7 days before the hearing in the state paper. law or regulations governing establishments where the clams, quahogs or mussels are shucked have been violated.

**A.** The commissioner may also suspend any permits issued under this section under the procedure set forth in section 52, subsection IV, as amended.

**VII. Holder to make reports.** The holder of any permit issued under this section shall make a record of all sales and purchases of shellfish covered by this section on forms supplied by the department and shall file those records with the department weekly. ### License and Permit Suspension.

**Sec. 81. Suspension of licenses, permits and rights.** — The commissioner may suspend any and all licenses and permits issued by him under the authority of this chapter, and the right of any person, firm or corporation to obtain any and all such licenses and permits, subject to the provisions of this section:

**I. Lobster and crab fishing license.** On conviction of a violation of section 73, the commissioner may suspend the offender's lobster and crab fishing license and may suspend his right to obtain such a license for a period not to exceed 3 years.

**II. Length of period of suspension.** On conviction of a violation of any provision of this chapter, except as provided in subsection I, or any regulation pertaining to sea and shore fisheries, the commissioner may suspend any and all of the offender's licenses and permits, and his right to obtain any and all such licenses and permits as follows:

**A.** On the first conviction the suspension may not exceed a period of 6 months from the date of final conviction.

**B.** On the 2nd conviction the suspension may not exceed a period of 9 months from the date of final conviction.

**C.** On the 3rd or subsequent conviction the suspension may not exceed a period of one year from the date of final conviction.

**III. Rules of construction for subsection II.** The following rules of construction apply to subsection II of this section:

**A.** The provisions of subsection II apply whether or not the number of convictions is alleged in the criminal complaint.

**B.** Any conviction which happened 7 years or more prior to the last conviction is not counted in determining the number of convictions for the purposes of subsection II.

**C.** Any conviction of a violation of the Revised Statutes, chapter 38, is considered a conviction for determining the number of convictions for the purposes of subsection II, subject to paragraph B of this subsection. Likewise any conviction of a violation of a rule or regulation authorized by chapter 38 is considered a conviction.

**IV. Suspension for persons adjudged to have committed a juvenile offense.** When a person has been adjudged to have committed a juvenile offense as a result of a violation of any provision of this chapter, or of any

regulation adopted under authority of this chapter, the commissioner may suspend any and all of his licenses and permits, and his right to obtain them, in the same manner as though he were found guilty of the particular violation instead of having committed a juvenile offense.

**V. Hearing may be requested in certain cases.** Any person whose license, permit or right thereto has been suspended under subsections I, II, III or IV may request the commissioner for a hearing.

**A.** At the hearing the person applying for reinstatement of his license, permit or right may present any relevant facts concerning the violations.

**B.** The commissioner may reinstate the license, permit or right after the hearing, or he may shorten the time of suspension if he is satisfied that either procedure would be in the interest of justice.

**VI. Suspension when conviction appealed.** When an appeal has been taken from any conviction of any violation of any provisions of this chapter, or of any regulation adopted under authority of this chapter, the commissioner may suspend, until final court disposition, the license, permit or right thereto of the respondent to conduct the particular activity in which he was engaged at the time of the alleged violation, and the commissioner may also suspend for the same period any and all licenses and permits held by the respondent, and any and all rights he has to obtain such licenses or permits.

**VII. Duty to remove traps, etc., after lobster and crab fishing license suspended.** Any person whose lobster and crab fishing license has been suspended shall within 5 days thereafter remove from the water all his pots, traps, cars or other devices used, or usable, in the catching and holding of crabs or lobsters.

**VIII. Specific violations; penalties.** Whoever engages in any pursuit while his license or permit therefor, or his right to obtain such, is under suspension, or whoever possesses any marine species while his license or permit therefor, or his right to obtain such, is under suspension, shall be punished by a fine of not less than \$50 nor more than \$300, or by imprisonment for not more than 90 days, or by both. (1959, c. 331, § 1; c. 378, § 33. 1963, c. 138, §§ 2, 3.)

**Effect of amendments.**—P. L. 1959, c. 378, effective on its approval, January 29, 1960, substituted "adjudged to have committed a juvenile offense" for "found guilty of juvenile delinquency" near the beginning of subsection IV and substituted "having committed a juvenile offense" for "juvenile

delinquency" at the end of that subsection.

Prior to the 1963 amendment, subsection I provided that this section did not apply to suspension of a lobster and crab fishing license for violation of § 73. The amendment also inserted "I" near the beginning of subsection V.

### Evidence, Procedure, County Attorney.

**Sec. 82. Certificate of commissioner or chief warden admissible in evidence.**—A certificate of the commissioner, or of the chief coastal warden, signed by either, stating what the records of the commissioner's office show on any given matter are admissible as evidence in all courts to prove what the records of the commissioner's office are on that matter.

**II. Certificate prima facie evidence of license, permit or right suspension.** A certificate of the commissioner, or of the chief coastal warden,

signed by either, stating that the records of the office of the commissioner show that on a given date a particular person's, firm's or corporation's license or licenses, or permit or permits, or rights thereto, all as described in subsection I, were under suspension, is prima facie evidence of such suspension.

**III. Necessary foundation to admit certificate in evidence.** Any certificate provided for in this section is admissible in evidence, without further foundation, in any court after testimony by any coastal warden that he recognizes the exhibit, and that it is a certificate which he received after requesting the same from the office of the commissioner by telephone or otherwise.

**IV. Section does not apply to proof of regulations.** This section does not apply to the proof of regulations adopted by the commissioner under the authority of section 16 or 17, nor to the proof of regulations adopted by the salmon commission. If the corporation has not appointed such an attorney, it may be served on the secretary of state, provided another attested copy of the complaint and warrant is sent by registered mail, return receipt requested, to the corporation's home office. For service on the secretary of state the returned receipt and the officer's return of service showing compliance with this section constitute sufficient service regardless of the provisions of chapter 53, section 127.

**II. Corporation deemed in court after service.** The corporation is deemed in court and subject to the court's jurisdiction upon return to the court of a warrant served as provided in this section.

**III. Forfeiture for failure to appear; forfeiture deemed conviction.** If the corporation fails to appear in court within 10 days of service of the warrant, court holidays not counted, the court may order any sum of money not exceeding the maximum fine for the alleged violation to be forfeited by the corporation to the use of the state.

**A.** In addition, such a forfeiture is deemed a conviction of a provision of this chapter for the purposes of suspension of licenses, permits or rights thereto.

**IV. Fines and forfeitures collected by execution.** Any fine or forfeiture imposed by the court may be collected by an execution issued by the court against the property of the corporation as in civil actions.

**V. Section does not exempt agents, etc.** This section does not exempt any agent, officer or employee of the corporation from prosecution. (1959, c. 331, § 1.)

**I. Evidence may not be used against witness.** If the witness, after his refusal to answer the question on the grounds of self-incrimination, is compelled to answer, the evidence so given may not be used against him in any criminal prosecution. (1959, c. 331, § 1.)

### Jurisdiction, Search, Seizure, Stopping Persons.

**Sec. 87. Jurisdiction of courts.**—The district court has concurrent original jurisdiction with the superior court in all prosecutions under this chapter. (1959, c. 331, § 1. 1963, c. 402, § 82.)

**Effect of amendment.**—The 1963 amendment substituted “The district court has” within their counties have.”

**Effect of amendment.**—The 1963 amendment substituted “district court in the division nearest to” for “municipal court in the same county” in subsection I, deleted “which is nearest to where the alleged offense was committed” at the end of that subsection and deleted former paragraph A, relating to taking a violator before a trial justice nearer than the municipal court.  
**Application of amending act.**—See note to § 12.

**Sec. 89. Seizure and disposition of equipment and marine species for law violation.**—All fish, shellfish, lobsters and other marine species, and parts thereof, which are taken, caught, bought, sold, shipped, transported or found in the possession of any person in violation of any provision of this chapter, or in violation of any regulation authorized by this chapter, is contraband and is subject to forfeiture to the state in accordance with the provisions of this section and section 90.
