Chapter 37-B.**Atlantic States Marine Fisheries Compact.**

Sec. 1. Governor to execute compact with other states.—The governor of this state is authorized and directed to execute a compact on behalf of the state of Maine with any one or more of the states of New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia and Florida and with such other states as may enter into the compact, legally joining therein in the form substantially as follows:

Atlantic States Marine Fisheries Compact

The contracting states solemnly agree:

Article I.

The purpose of this compact is to promote the better utilization of the fisheries, marine, shell and anadromous, of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of the physical waste of the fisheries from any cause. It is not the purpose of this compact to authorize the states joining herein to limit the production of fish or fish products for the purpose of establishing or fixing the price thereof, or creating and perpetuating monopoly.

Article II.

This agreement shall become operative immediately as to those states executing it whenever any 2 or more of the states of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia and Florida have executed it in the form that is in accordance with the laws of the executing state and the congress has given its consent. Any state contiguous with any of the aforementioned states and riparian upon waters frequented by anadromous fish, flowing into waters under the jurisdiction of any of the aforementioned states, may become a party hereto as hereinafter provided.

Article III.

Each state joining herein shall appoint 3 representatives to a commission constituted and designated as the Atlantic states marine fisheries commission. One shall be the executive officer of the administrative agency of such state charged with the conservation of the fisheries resources to which this compact pertains or, if there be more than one officer or agency, the official of that state named by the governor thereof. The second shall be a member of the legislature of such state designated by the commission or committee on interstate cooperation of such state, or if there be none, or if said commission on interstate cooperation cannot constitutionally designate the said member, such legislator shall be designated by the governor thereof; provided, that if it is constitutionally impossible to appoint a legislator as a commissioner from such state, the second member shall be appointed by the governor of said state in his discretion. The third shall be a citizen who shall have a knowledge of and interest in the marine fisheries problem to be appointed by the governor. This commission shall be a body corporate with the powers and duties set forth herein.

Article IV.

The duty of the said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell and anadromous, of the Atlantic seaboard. The commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the aforementioned states.

To that end the commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislatures of the various signatory states legislation dealing with the conservation of the marine, shell and anadromous fisheries of the Atlantic seaboard. The commission shall, more than one month prior to any regular meeting of the legislature in any signatory state, present to the governor of the state its recommendations relating to enactments to be made by the legislature of that state in furthering the intents and purposes of this compact.

The commission shall consult with and advise the pertinent administrative agencies in the states party hereto with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable.

The commission shall have power to recommend to the states party hereto the stocking of the waters of such states with fish and fish eggs or joint stocking by some or all of the states party hereto and when 2 or more of the states shall jointly stock waters the commission shall act as the coordinating agency for such stocking.

Article V.

The commission shall elect from its number a chairman and a vice chairman and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry the provisions of this compact into effect and shall fix and determine their duties, qualifications and compensation. Said commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place but must meet at least once a year.

Article VI.

No action shall be taken by the commission in regard to its general affairs except by the affirmative vote of a majority of the whole number of compacting states present at any meeting. No recommendation shall be made by the commission in regard to any species of fish except by the affirmative vote of a majority of the compacting states which have an interest in such species. The commission shall define what shall be an interest.

Article VII.

The fish and wildlife service of the department of the interior of the government of the United States shall act as the primary research agency of the Atlantic states marine fisheries commission cooperating with the research agencies in each state for that purpose. Representatives of the said fish and wildlife service shall attend the meetings of the commission.

An advisory committee to be representative of the commercial fishermen and the salt water anglers and such other interests of each state as the commission deems advisable shall be established by the commission as soon as practicable for the purpose of advising the commission upon such recommendations as it may desire to make.

Article VIII.

When any state other than those named specifically in article II of this compact shall become a party thereto for the purpose of conserving its anadromous fish in accordance with the provisions of article II the participation of such state in the action of the commission shall be limited to such species of anadromous fish.

Article IX.

Nothing in this compact shall be construed to limit the powers of any signatory state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any signatory state imposing additional conditions and restrictions to conserve its fisheries.

Article X.

Continued absence of representation or of any representative on the commission from any state party hereto shall be brought to the attention of the governor thereof.

Article XI.

The states party hereto agree to make annual appropriations to the support of the commission in proportion to the primary market value of the products of their fisheries, exclusive of cod and haddock, as recorded in the most recent published reports of the fish and wildlife service of the United States department of the interior, provided no state shall contribute less than \$200 per year and the annual contribution of each state above the minimum shall be figured to the nearest \$100.

Budgets shall be recommended by a majority of the commission and the cost thereof allocated equitably among the states in accordance with their respective interests and submitted to the compacting states.

Article XII.

This compact shall continue in force and remain binding upon each compacting state until renounced by it. Renunciation of this compact must be preceded

by sending 6 months' notice in writing of intention to withdraw from the compact to the other states party hereto.

Article XIII.

The state of Maine enters into an amendment of the Atlantic States Marine Fisheries Compact with any one or more of the states of New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, South Carolina, Georgia and Florida and such other states as may become party to that compact for the purpose of permitting the states that ratify this amendment to establish joint regulations of specific fisheries common to those states through the Atlantic states marine fisheries commission and their representatives on that body. Notice of intention to withdraw from this amendment shall be executed and transmitted by the governor and shall be in accordance with article XII, which shall be effective as to this state with those states which similarly ratify this amendment. The states consenting to this amendment agree that any 2 or more of them may designate the Atlantic states marine fisheries commission as a joint regulatory agency with such powers as they may jointly confer from time to time for the regulation of the fishing operations of the citizens and vessels of such designating state with respect to specific fisheries in which such states have a common interest. The representatives of such states on the Atlantic states marine fisheries commission shall constitute a separate section of such commission for the exercise of the additional powers so granted provided that the states so acting shall appropriate additional funds for this purpose. The creation of such section as a joint regulatory agency shall not deprive the states participating therein of any of their privileges or powers or responsibilities in the Atlantic states marine fisheries commission under the general compact. (1959, c. 363, § 22.)

Sec. 2. The governor, by and with the advice and consent of the council, shall appoint a citizen as a 3rd commissioner who shall have a knowledge of and interest in the marine fisheries problem. Vacancies occurring in the office of such commissioner from any reason or cause shall be filled by appointment by the governor, by and with the advice and consent of the council, for the unexpired term. The commissioner of sea and shore fisheries as ex officio commissioner may delegate, from time to time, to any deputy or other subordinate in his department or office, the power to be present and participate, including voting as his representative or substitute at any meeting of or hearing by or other proceeding of the commission.
