For the payment of bounties to soldiers, the Legislature, by resolve approved February 3, 1864, authorized the Treasurer to procure a temporary loan for the sum of \$500,000, or so much thereof as might be wanted—and by virtue of said resolve the sum of \$499,500 was procured, and the whole amount was reimbursed within the time specified in the resolve.

To make provision for the several acts of the Legislature granting bounties to soldiers, and for the payment of aid to families of volunteers for the year 1863, and also for the payment of the temporary loan authorized by resolve of February 3d, the Legislature, by resolve approved March 19, 1864, authorized the Treasurer, with advice of the Governor, to procure a loan or loans for the sum of three millions of dollars, or so much thereof as might be needed—and under the above authority, the Treasurer, by public advertisement for proposals and by subsequent sales as the result of advertising, has disposed of six per cent. bonds of this State, reimbursable in twenty-five years from the first day of June, 1864, to the amount of \$2,765,000, the Treasurer receiving, premium included, the sum of \$2,768,417.44, leaving a balance of said loan unsold of \$235,000. The same resolve authorized the Treasurer to make a temporary loan for any part of the \$3,000,000, and renew the same for a period not exceeding twelve months, to be reimbursed from the sale of bonds authorized by the resolve—and under this provision loans were made from time to time to the amount of \$1,301,932, of which \$1,101,932 has been paid, leaving

a temporary loan now outstanding of \$200,000, which will be payable during the month of February, 1865. To meet this temporary loan when due, the balance of the \$3,000,000 bonds will be available.

On the first day of January, 1864, the public debt of this State was \$2,422,000. Of this sum \$50,000 became due in 1864, and was paid at maturity. During the year 1864 the debt has been increased by the issue of the twenty-five year bonds to the amount of \$2,765,000, leaving the present public debt \$5,137,000. Of this debt \$37,000 matures in 1865, and will be paid at maturity.

The large increase of the public debt has grown out of the payment of bounties to volunteers, the sum of \$2,987,168.16 having been paid for that purpose during the year 1864.

In addition to the public debt, for which State bonds have been issued, there is a floating debt estimated at \$110,000 due cities, towns and plantations for bounties to volunteers, advanced by them under an act approved February 24, 1864.

It will probably be necessary during the year 1865 to extend the credit of the State still further by borrowing for the purpose of refunding to cities, towns and plantations the amount advanced by them for bounties under previous calls, and also to provide for the payment of bounties under the call of December 19, 1864. At present it is impossible to state the amount that will be required to meet this last call.

In the State tax to be assessed for the year 1865, provision must be made for the expenditures of the year 1866, which will be the ordinary civil expenditures, aid to families of volunteers, interest on the public debt, and for the payment of so much of the public debt as falls due that year. To meet these necessary expenditures, and to provide for contingencies, I recommend an assessment of ten mills on the dollar of the valuation of 1860, as the amount of the State tax for 1865.

The Committee on Finance of the last Legislature had under consideration the subject of a sinking fund for the gradual extinction of the public debt, but no definite action was taken. It was evident to all that the debt must be increased, but to what extent could not then be ascertained. The expression of that Committee was in favor of the creation of such a fund, but they thought the question had better be postponed until the meeting of the present Legislature, when they would be able to act more advisedly on

the matter, as the enlargement of the debt would then be apparent to all.

I would therefore recommend to the Legislature that measures be taken for the formation of a sinking fund, looking to the gradual payment of so much of the public debt as was incurred for war purposes. The Treasurer suggests no definite plan, but feels assured the Legislature will readily devise ways and means to accomplish the object.

The amount apportioned to the several cities, towns and plantations on account of school fund for the year 1864 was largely reduced from previous years, occasioned by the remitting of one half of the bank tax, and by a number of the banks surrendering their charters under the act of March 26, 1863. During the year 1862, the sum of 79,455.00 was received from the several banks in this State on account of their semi-annual bank tax, and in 1864 only the sum of \$34,432.78 was received. This sum will be still further reduced for the year 1865, as many of the banks now doing business under State laws, will surrender their charters and commence banking under the national banking law.

The Land Agent has paid into the treasury during the year 1864 the sum of twenty thousand dollars, and was received at the following dates :

January 4, . . . . .	\$1,647 36
May 4, . . . . .	2,000 00
May 16, . . . . .	6,049 82
July 4, . . . . .	3,852 04
September 5, . . . . .	1,000 00
December 1, . . . . .	2,603 44
December 31, . . . . .	2,847 34
	<hr/>
	\$20,000 00

Of the above sum, \$2,855.36 was received on account of lands reserved for public uses, \$4,815.48 on permanent school fund, and \$12,329.16 on general account.

During the year just closed there has been received into the treasury by deposits and allotments from officers and soldiers in the service of the United States from this State, the sum of \$204,335.16, and during the same period the sum of \$184,137.95 has been paid out. This shows a large decrease in the amount re-

ceived from this source ; to be accounted for partly by a discontinuance of the allotments, and from the expiration of the term of service of the three years volunteers.

Under the present law in relation to aid granted to families of volunteers, claims to the amount of \$553,690.81 have been presented to the Governor and Council for aid furnished during the year 1863. These accounts have all been audited, and the sum of \$523,899.58 allowed on the same. For the detail of these claims and allowance, a table is herewith annexed arranged by counties, giving the amount claimed by, and allowed to, each city, town and plantation in this State.
