REPORT.

STATE ASSESSORS' OFFICE,

AUGUSTA, ME., Dec. 1st, 1905.

To His Excellency William T. Cobb, Governor, and the Honorable Executive Council:

GENTLEMEN:—In compliance with the statutes of the State, we respectfully submit herewith our annual report for the year 1905, which includes a tabular statement of all statistics contained in the returns received from city and town assessors, and schedules of all corporations upon which State taxes were assessed during the year.

The total valuation of the cities, towns and plantations for April 1st, 1905, as certified by the municipal assessors amounts to \$329,426,924, an increase of \$5,730,810 over the valuation of 1904. The increase in real estate valuation is \$4,847,394, and of personal estate \$883,416.

The twenty cities of the State which contain, approximately, forty-five per cent of the total valuation, contribute forty-three per cent of the increase or \$2,464,380, while the towns and plantations containing fifty-five per cent of the total valuation have furnished fifty-seven per cent of the total gain or \$3,266,430.

The cotton mills of the State are assessed upon a valuation of \$10,094,701; woolen mills, \$2,419,305; pulp and paper mills, \$8,385,820; saw mills, \$2,005,143; other mills not classified, \$1,825,525; machinery assessed separately and principally connected with manufacturing plants, \$2,138,144. There is also property exempted from taxation, mainly manufacturing property, valued at \$824,361.

The foregoing valuations of the various manufacturing industries as certified by local assessors are undoubtedly made on a conservative basis and do not fully represent the actual capital

employed in manufacturing, nor do they include the valuation of raw material, goods in process of manufacture or the finished products. These are assessed separately from the land, mills and machinery.

The railroad buildings, land and improvements, outside of the located right of way which are subject to local taxation, are assessed upon a valuation of \$3,583,489, and of street railroads \$737,930.

The property of cities and towns, not including school buildings, is returned at a valuation of \$5,295,356. This property is exempt from taxation.

Money at interest and taxable securities are assessed on a valuation of \$11,889,514, an increase of \$380,565 over amount assessed in 1904.

Stock in trade is valued \$18,001,341, an increase of \$399,855. National bank stock is valued \$7,399,295, and trust and banking company stock \$1,697,325, showing a small increase.

Logs and lumber are valued \$2,876,867, an increase of \$258,119; wood and bark are valued \$357,616; carriages, \$1,228,485; automobiles, \$116,458; and musical instruments, \$2,056,294.

The value of live stock is \$14,114,222, a decrease of \$21,840 from 1904. The average values are somewhat higher, but we regret to record a marked decrease in the number of farm animals.

Comparing with 1904, there is an increase of 453 in the number of horses and colts. Other kinds of live stock show a falling off in numbers as follows: cows, 885; oxen, 802; young cattle, 7,839; sheep, 27,676; and swine, 3,245.

The number of polls assessed is 192,131, and of those exempted from assessment as returned is 13,239, a total of 205,370, an increase of 3,123 above number reported in 1904, which indicates that the population of the State is steadily growing.

The average amount assessed upon each poll is \$2.69. The total amount of taxes assessed upon property for State, county and municipal purposes is \$6,928,127, which is \$268,539 more than the amount assessed in 1904.

The average rate of property taxation is \$21.03 on each \$1,000 valuation. The average rate in 1904 was \$20.57.

The amount appropriated for the maintenance of highways and bridges for 1905 is \$1,330,369, which is approximately \$100,000 more than was appropriated in 1904.

The total amount of municipal indebtedness as returned is \$8,002,558, a reduction of \$434,490 from the amount reported in 1904.

The combined municipal debt is equal to \$24.30 on each \$1,000 of total valuation.

One hundred and forty-four of the municipalities report a decrease of debt; one hundred and three have increased their debt; thirty-four report the same amount of indebtedness and one hundred and ninety are free from debt, a considerable number reporting a surplus over any liabilities.

The board has held during the year twenty-eight sessions in the several counties under the provisions of section 5 of chapter 8, Revised Statutes, as follows: four in Aroostook county; three in Oxford county; two in each of the counties of Hancock, Franklin, Lincoln, Penobscot, Somerset, Washington and York, and one each in Androscoggin, Cumberland, Kennebec, Knox, Piscataquis, Sagadahoc and Waldo counties.

These meetings have been fully attended by city and town assessors, giving us every opportunity for inquiry, and an examination of nearly every assessment book in the State.

The total amount of corporation taxes assessed by the board during the year is \$1,197,652.50, an increase above the amount assessed in 1904 of \$75,315.67. We append a table showing the amounts assessed against the several classes of corporations for the years 1904 and 1905.

CORPORATION TAXES.

	\$1,122,336 83	\$1,197,652 50

At the last session of the legislature a resolve was passed appropriating the sum of \$2,500 for the year 1905 and a like sum for 1906, to be expended by this board under the direction of the Governor and Council, "in verifying and perfecting as far as practicable a proper description of each parcel or tract of wild land, and the individual or corporate ownership thereof," in unincorporated townships; "also for the employment of a competent person or persons to assist the board in making special explorations in wild land townships to ascertain for taxation purposes their just and fair value."

There are about 450 unincorporated townships in the State containing more than nine millions of acres of wild lands. When we consider that the owners of these townships number thousands; that their titles are largely fractional; that their fractional ownerships are in many instances very small and that the boundaries and actual acreage of the same are in many cases unknown even to the owners themselves, it can be readily understood that the task of securing a proper description of each parcel and tract of wild land and the individual or corporate ownership thereof is a difficult one.

The complete subdivisions of wild lands for purposes of valuation and assessment conforming to separate ownerships presents questions of considerable magnitude, a proper solution of which will involve a large expenditure of labor and money. While a general exploration of a township may give sufficient information upon which to base a reasonable estimate of the value of the township, a subdivision of the land in lots or tracts will require a more careful and detailed examination, in order to estimate the fair and just value of each parcel or tract.

In many cases the division lines have become partially or perhaps wholly obliterated, and a proper exploration or resurvey for purposes of valuation and assessment will require a relocation of the boundaries and an examination of the growth on each lot or tract separately.

One needs only a very limited experience in traversing this vast wilderness to appreciate the magnitude of the task.

No effort, however, will be spared to accomplish as far as possible the purposes of this resolve.

As an essential basis for all subsequent investigations and records under the direction of the Governor and Council, we have undertaken the preparation of plans of uniform scale of

all the unincorporated townships of the State from the latest surveys obtainable. Many of the owners of wild lands have kindly loaned such plans or surveys as they have, from which we are able to make copies, and have freely given information regarding the description and location of their several ownerships. A large number of these plans are now completed, and we shall endeavor to have a plan of every wild land township prepared before the next legislative session in 1907. Under the provisions of the resolve referred to we have already had about 50,000 acres of wild land explored by competent surveyors. These explorations will be continued and extended during the coming years so far as the appropriations will permit.

The city and town assessors in most cases have been very prompt in forwarding their returns containing summaries of the several municipal valuations to this office and in giving this board more detailed information when required to do so. We desire to express to them our thanks for the many courtesies extended to us and the valuable assistance rendered in the discharge of our official duties.

F. M. SIMPSON,
OTIS HAYFORD,
GEORGE POTTLE,

Board of State Assessors.

EXPENSE.

Summarized expenditures of the Board of State Assessors for the year 1905, under resolve, chapter 174, acts and resolves of 1905, appropriating money for the purpose of obtaining information in regard to wild lands for the purposes of taxation.

Paid E. D. Hayford, clerical assistance.....	\$583 32
Frank A. Banks, labor in making plans of wild land townships	200 80
R. E. Mullaney, labor in making plans of wild land townships	167 10
Coe and Pingree for plans furnished and copied of wild lands.....	110 00
Tait Knapp Co. Loose Leaf Binders.....	133 10
R. M. Nason surveying wild land.....	594 00
R. M. Nason for plans of wild lands and labor.	33 00
W. H. Follette for mounting plans on cloth...	68 10
Loring, Short and Harmon for paper for plan books	56 90
Loring, Short and Harmon for draughting tools	138 95
Keuffel and Esser Co. for draughting tools..	36 21
H. R. Taylor for labor and furnishing plans of wild lands	20 00
James Plummer cash paid for abstracts of deeds of wild lands.....	16 20
James Plummer cash paid for four county atlases	13 00
	\$2,170 68
Total amount expended.....	\$2,170 68
Amount unexpended	329 32
	\$2,500 00
Amount of appropriation.....	\$2,500 00
