REPORT.

STATE ASSESSORS' OFFICE,
AUGUSTA, ME., December 1, 1907.

To His Excellency, William T. Cobb, Governor, and the Honorable Executive Council:

GENTLEMEN:—In compliance with the statutes of the State, we respectfully submit herewith our annual report for the year 1907, which includes a tabular statement of all statistics contained in the returns received from city and town assessors, and schedules of all corporations upon which State taxes were assessed during the year.

The total valuation of the cities, towns, and plantations for April 1, 1907, as certified by the municipal assessors amounts to \$354,516,848, an increase over the valuation of 1906 of \$14,188,076. This yearly increase is by far the greatest in amount ever returned to this Board. The increase in real estate valuation is \$11,691,409, and of personal estate valuation is \$2,496,669.

The twenty cities of the State which contain approximately forty-five per cent of the total valuation contribute 45.8 per cent of this increase.

The valuation of the twenty cities for 1907 is \$158,820,969
The valuation of the twenty cities for 1906 was 152,320,750

Increase \$6,500,219
The valuation and increase by counties is as follows:

WILD LANDS.

During the year twelve meetings have been held by the Board in the eight counties which contain unincorporated townships of wild land, in conformity with the provisions of section 9 of chapter 8 of the Revised Statutes, and in addition several hearings at the State Assessors' office at the Capitol.

Under the provisions of chapter 93 of the Public Laws of 1907, Registers of Deeds in each county containing wild lands are required to transmit to the Board of State Assessors a certified copy of the record of transfers of wild lands or any portion of such within ten days after such record is made. This requirement of the law is being fully complied with and these records will be of great assistance to the Board in perfecting the descriptions of such tracts and in designating the several owners, and also to a considerable extent in making an intelligent estimate of the just value of the same.

Under the provisions of chapter 242 of the Resolves of 1907, the Board has secured the services of several competent men to make explorations of wild land and as a result has had seven townships explored, containing a total acreage of 149,012 acres. For this service the explorers have been paid a total sum of \$1,302.50. These explorations will be continued more extensively during the coming year. A summarized statement of the expenditures made during the year under the provisions of the Resolve referred to will accompany this report.

During the coming year the Board will hold meetings in every county of the State, which will be attended by the boards of assessors of the cities, towns and plantations of the State, for the purpose of securing information to assist the Board in making the proper equalization which we are required to report as the basis of State and county taxation for 1909 and 1910. These meetings will be most important from the fact that the prosperous conditions which have existed in our State during the past few years have made marked changes in the conditions and property valuations of many of the municipalities so that an extensive inquiry is most essential. The total valuation of the cities, towns and plantations for 1897 as returned by the municipal boards of assessors was \$281,876,801

and for the present year \$354,516,848, a gain of \$72,640,047 in ten years. The increase in the two years past as shown by similar returns is \$25,089,924, a greater gain than has ever been shown in a like period during the history of our State.

The corporation taxes assessed by this Board in 1897 were \$603,918.45 and for 1907 have been \$1,607,986.24, showing that the annual revenue of the State from this source is \$1,004,067.79 greater than it was ten years ago. While we may not expect such rapid progress in valuation and revenue during the next few years, we believe the State will continue to grow and prosper. Our agricultural interests are on a substantial basis and well managed. Our great variety of manufacturing industries are conducted by progressive and farsighted men and our growing financial institutions are now, as in the past, carried on under most careful and conservative management. The past of our State is secure, and the future is full of promise.
