REPORT.

STATE ASSESSORS' OFFICE,
AUGUSTA, MAINE, December 1, 1909.

To His Excellency, Bert M. Fernald, Governor, and the Honorable Executive Council:

GENTLEMEN:—In compliance with the statute, we herewith present the nineteenth annual report of the Board of State Assessors for the year 1909, which contains tabulations of all statistics for the year received from the several municipal boards of assessors in the State and also schedules of all corporations upon which taxes have been assessed during the present year.

The total valuation of the cities, towns and plantations as certified to this Board by the municipal assessors for 1909 is \$374,025,322, an increase of \$9,126,608 over the amount returned in 1908. The average annual increase during the past ten years has been \$8,633,353. The gain in real estate valuations amounts to \$8,041,084 and in personal property \$1,085,524. Of the valuation subject to local taxation, real estate represents, approximately, 78 per cent and personal property 22 per cent.

We give the total local valuation by counties for 1908 and 1909, the valuation of the unincorporated townships not being included.

	1908.	1909.
Androscoggin	\$31,015,158	\$31,849,532
Aroostook	19,451,198	20,758,963
Cumberland	86,034,465	88,617,608
Franklin	9,330,567	9,521,083
Hancock	18,530,111	18,747,893
Kennebec	31,824,566	32,511,560

Knox	\$14,782,622	\$14,816,023
Lincoln	7,726,499	7,893,824
Oxford	15,568,664	15,797,843
Penobscot	41,513,526	43,028,322
Piscataquis	7,207,224	7,450,922
Sagadahoc	11,333,836	11,331,788
Somerset	15,433,168	15,981,088
Waldo	10,014,711	10,054,733
Washington	12,669,506	12,700,306
York	32,462,893	32,963,834
	<hr/>	<hr/>
	\$364,898,714	\$374,025,322

The total valuation of the twenty cities of the State in 1908 was \$164,196,566 and for 1909 \$168,365,829, an increase of \$4,169,263.

The total amount of taxes assessed upon property is \$8,098,775 and upon polls \$527,435. The average rate of taxation in the cities, towns and plantations is \$21.65 upon each \$1,000 valuation. The average rate in 1907 was \$22.08 and in 1908 \$20.83. The average amount assessed upon each poll is \$2.70.

The total amount of municipal indebtedness is \$8,197,886, which is equal to \$21.91 on each \$1,000 valuation; in 1906 it was \$22.22; 1907, \$21.66; 1908, \$20.84. Of this municipal debt \$5,803,772 represents the amount owed by the twenty cities, or nearly two-thirds of the total amount. The average debt of the twenty cities is, approximately, 3 1-2 per cent of the valuation. A large majority of the towns and plantations are entirely free from debt. In numerous cases the municipal indebtedness represents the ownership of public utilities which are profitably managed and yield an income considerably above the interest charges, so that the municipal debts in Maine are only in comparatively few cases a heavy burden upon the taxpayers.

The amount appropriated for maintenance of highways and bridges is \$1,562,418, an increase over 1908 of \$139,731. The amount appropriated for schools is \$1,520,069, a decrease of \$125,240 from amount appropriated in 1908. The increased amount of the State school fund available for the present year has, however, more than offset this reduction in amount raised

locally for support of common schools. By the provisions of chapter 177, Public Laws of 1909, an additional tax of one and one-half mills on the dollar hereafter will be annually assessed upon all the property of the State for the support of the common schools, to be apportioned and paid by the State Treasurer to the several municipalities, and the Act provides that any sum thus received by any municipality shall be deemed to be raised by such municipality as part of the amount (80 cents per capita) the city or town is required to raise under section 13 of chapter 15, Revised Statutes, as amended by chapter 128, Public Laws of 1909.

CORPORATION TAXES.

The following comparative table shows the amount assessed for the years 1908 and 1909 upon the several classes of corporations:

	1908.	1909.
Railroads	\$638,214 04	\$593,148 95
Street Railroads	19,370 29	21,437 67
Telephone Companies	45,692 53	48,532 05
Telegraph Companies	2,573 75	2,109 94
Express Companies	16,231 68	16,346 26
Palace Car Companies.....	1,196 79	1,620 16
General Franchise Taxes.....	286,165 00	316,665 00
Savings Banks	470,815 26	471,173 73
Trust and Banking Companies	87,351 26	94,507 41
Insurance Companies	114,470 58	115,286 82
Loan and Building Associa- tions	402 31	414 49
	<hr/>	<hr/>
	\$1,682,483 49	\$1,681,242 48

As will be seen there is a slight decrease from 1908 in the total amount of corporation taxes assessed.

The most important is in the taxes upon railroads. This assessment was based upon the gross transportation receipts for the year ending June 30, 1908. As is well known, there was a considerable decrease in railroad earnings as compared with the amount reported June 30, 1907.

The taxes upon savings banks show only a slight increase for the year above the assessments in 1907. While the amount of

the deposits, surplus and undivided profits of these institutions as reported on the last Saturday of October, 1909, which is the primary basis of the assessment, is nearly \$2,000,000 greater than the amount reported on the last Saturday of October, 1908, there is only a nominal gain in the amount of their taxes. Under the provisions of chapter 49 of the Public Laws of 1909, "All bonds issued after the first day of February nineteen hundred and nine, by the state of Maine, or any county, municipality, village corporation or water district therein, shall be exempt from taxation" and that the amount of such investment by savings banks or by trust and banking companies shall be deducted from the deposits in the same manner as are bonds of the United States.

Since the enactment of this exemption the savings banks have invested more than \$2,000,000 in these securities and thus the gain of taxes has not kept pace with the increase of the deposits of these institutions.

By several legislative acts of the session of 1909, the rate of taxation upon railroads, street railroads, telegraph, telephone, express and palace car companies were increased. These rates will apply to the assessments for 1910 and will undoubtedly result in a material increase of state revenue from the taxes upon corporations.

Under the provisions of chapter 220 of the Public Laws of 1909, the powers and duties of the State Assessors are materially increased. They are required to visit officially every county in the State at least once each year and at other times as may be necessary in the performance of their duties for the purpose of inquiry regarding the methods of local assessment and taxation and to give necessary advice and instruction to municipal assessors as to their duties under the laws of the State. This Act also requires the State Assessors to have and exercise general supervision over the administration of the assessment and taxation laws of the State, and over local assessors in the performance of their duties, "To the end that all property shall be assessed at the just value thereof."

This measure may, perhaps, be criticized as an unnecessary invasion of home rule. Theoretically this criticism may be true, but in practice we believe that it will prove to be a great benefit

to the whole State and will result in a greater uniformity of valuation and assessment, which after all is the most important principle involved in this whole question of taxation.

The constitution of this State provides that "All taxes upon real and personal property shall be apportioned and assessed equally according to the just value thereof." It is a well known fact that the language of the constitution "According to the just value thereof" is capable of more than one interpretation and that it is more or less liberally construed by different boards of local assessors, so that the Act of 1909 referred to contains a specific definition as to the correct interpretation of the language of the constitution; to wit: that "According to the just value thereof" shall be construed to mean "At the just value thereof."

During the year the members of this Board have visited every county in the State and have held meetings which have been attended by nearly every board of municipal assessors in the several counties. These meetings have been of unusual interest for in addition to the inquiries and investigations regarding local assessments, the discussions have considered the new authority and duties conferred upon the State Board by the legislative act of 1909.

We have uniformly urged and shall continue to emphasize the importance of assessors becoming thoroughly familiar with the laws defining their duties, that sufficient examination of all property shall be made, and that the assessment of each parcel of property shall represent, in their judgment, its just value.

The habit of assessing property at a valuation somewhat below what the property is fairly and reasonably worth may not be easily overcome, but we shall strive to bring all local assessments to the basis of a reasonable and just value.

Early in the year, under the direction of this Board, a compilation of the laws of the State relating to taxation so as to incorporate all additional acts and amendments enacted since the revision of the statutes in 1903 was prepared by C. F. Robinson, Esq., of Portland, and a pamphlet edition has been published. A copy has been sent to every local board of assessors in the State and will no doubt be much appreciated as a means of ready reference.

Under the provisions of chapter 100 of the Resolves of 1909, the examination of wild lands has been continued. Fifteen townships have been explored and comprehensive reports submitted to this Board by the surveyors. A summarized statement of the expenditures made under the authority of this Resolve will accompany this report.
