REPORT.

STATE ASSESSORS' OFFICE,

AUGUSTA, MAINE, DECEMBER 1, 1911.

To His Excellency, Frederick W. Plaisted, Governor, and the Honorable Executive Council:

GENTLEMEN:—In accordance with the statutes of the State, we herewith submit the Twenty-First Annual Report of the Board of State Assessors with tabulations of statistics received from all municipal boards of assessors, also lists of all corporations on which any taxes have been assessed during the present year.

The total valuation of the cities, towns and plantations, on April first, 1911, amounts to \$404,397,651, showing an increase of \$10,346,243 over the valuation of April first, 1910.

This gain is particularly gratifying, following as it does the phenomenal gain of 1910.

The gain in real estate is \$8,257,294

The gain in personal estate is 2,088,949

\$10,346,243

The following comparative statement is given of the valuation of the counties in 1910 and 1911, exclusive of valuation of unorganized townships.

Counties.	1910.	1911.	Increase.
Androscoggin	\$33,869,611	\$35,562,334	\$1,692,723
Aroostook	24,129,431	24,559,942	430,511
Cumberland	93,152,523	95,729,291	2,576,768
Franklin	10,142,818	10,187,380	44,562
Hancock	19,088,773	19,253,954	165,181
Kennebec	32,890,630	33,670,815	780,185

Knox	15,112,220	15,387,689	275,469
Lincoln	8,122,421	8,548,188	425,767
Oxford	16,683,797	17,630,100	946,303
Penobscot	44,759,703	46,028,447	1,268,744
Piscataquis	7,819,290	8,008,464	189,174
Sagadahoc	12,122,319	11,171,377	* 950,942
Somerset	16,736,286	17,136,123	399,837
Waldo	10,194,874	10,416,781	221,907
Washington	13,079,651	13,587,338	507,687
York	36,147,061	37,519,428	1,372,367

	<u>\$394,051,408</u>	<u>\$404,397,651</u>	<u>\$11,297,185</u>
Sagadahoc decrease			950,942

Net total increase \$10,346,243

* Decrease caused by loss of steamship property at Bath.

Valuation of twenty cities 1911 \$182,262,527

Valuation of twenty cities 1910 177,229,627

INCREASE \$5,032,900

The increased valuation of the cities represents about forty-eight per cent of the total gain.

Number of towns and plantations showing no debt April first 1911, three hundred ten; number of towns and plantations showing no debt April first, 1910, two hundred seventy-four; increase, thirty-six.

Amount of taxes assessed on property in the several cities, towns and plantations for state, county and local purposes, \$9,173,700.

Average rate of taxation \$22.60 per \$1,000.00. Average rate assessed on polls, \$2.68.

Real estate of railroads taxed locally, 1911 \$1,259,415

Real estate of railroads taxed locally, 1910 1,248,475

INCREASE \$10,940

Value of automobiles, 1911 \$1,945,687

Value of automobiles, 1910 1,393,990

INCREASE \$551,697

It is reasonable to anticipate a material gain in this class of property in 1912, on account of the large number of automobiles bought in the state after April first, 1911.

Amount of live stock, 1911	\$15,809,278
Amount of live stock, 1910	15,247,490

INCREASE	\$561,788
----------------	-----------

Pleasing to note in connection with the live stock, is the gain in the number of cows and sheep, there being 3,530 more cows and 4,883 more sheep, on April first, 1911, than on April first, 1910.

Amount appropriated for schools, 1911...	\$1,361,287
Amount appropriated for schools, 1910...	1,208,811

INCREASE	\$152,476
----------------	-----------

Amount appropriated for highways and bridges, 1910	\$1,556,315
--	-------------

Amount appropriated for highways and bridges, 1911	1,404,075

Loan and Building Associations	636 72	647 34
	<hr/>	<hr/>
	\$1,775,329 56	\$1,932,747 18

As will be seen there is a material gain in the amount paid by corporations in 1911 as compared with 1910, namely: \$157,417.62. This gain is largely from increased taxes on railroads,

although all corporations show a gain in amount of taxes paid, with the exception of savings banks, and the smaller amount of taxes paid by those institutions does not indicate any diminution in the savings of the people of the state, but is doubtless due to larger investments in securities which are not now taxable.

We call attention to the fact that on September first, 1911, of the seventy national banks doing business in Maine, forty-two of that number conducting savings departments had on deposit \$18,362,898.07, paying no tax.

Every county in the state has been visited during the season by members of the Board of State Assessors, holding meetings which have been generally attended by local assessors, and much value seems to be the result of closer connection and acquaintance between the Board and local assessors.

While it seems to be difficult to break away from long established custom in placing a low value on property for purposes of taxation, still there seems to be a material advancement toward the letter and purpose of our constitution calling for the assessment of taxes according to the just value of property, and certainly there seems to be no valid reason why all property should not bear its rightful share of the burden of taxation.

WILD LANDS.

The Legislature of 1911 made an appropriation of \$10,000.00 for the use of the Board during 1911 and 1912, in continuing the examination of the unorganized townships, known as the "wild lands."

In carrying on this work, four townships were selected in each of three counties, Aroostook, Washington and Somerset, and in each case complete reports and maps have been made, and are on file in this office.

The twelve townships show an acreage of 296,594, against 287,652 as previously listed, a gain of 8,942 acres.

The cost of this work is a trifle in excess of one and a half cents per acre.

An itemized account of expense incurred in the wild land exploration follows.

EXPENSES.

REPORT OF THE DELEGATES TO THE FIFTH
ANNUAL CONFERENCE OF THE INTERNATIONAL
TAX ASSOCIATION.

JANUARY 15, 1912.

To the Governor and Council:

As delegates and representing the State of Maine in the fifth annual session of the National Tax Conference held at Richmond, Virginia, September 5-8, 1911, we submit the following brief report:

The Conference was held in Jefferson Hotel with large attendance. Twenty-two states and one province were represented by members of permanent or special tax commissions, state boards of equalization, or other administrative taxing officials.

The attendance was thoroughly representative of all sections of the country, delegates being present from points as remote as Oregon, Washington, Manitoba, Texas, Florida, Maine, Vermont, Minnesota, Nebraska, Wisconsin and Kansas.

A number of addresses were made, discussing subjects of present day interest, well designed to show how tax laws may be improved. Several of the addresses described important changes made in the tax laws of the different states during the year, which have not had time enough elapse as yet since their enactment to demonstrate to what extent they have been of benefit in securing results along the line of equity in the tax levy where tried. They are mentioned in this report to show the results of papers and discussions presented at former sessions of this Conference.

Among the reports presented by investigating Committees, those of most general interest were the reports on substitutes for the personal tax, on rules for real estate assessment, and on the administration of tax laws; as these papers are published in book form and copies will be available for each state, we

omit them in full in this report. One of the most interesting and instructive sessions was devoted to an informal round-table discussion of administrative problems which gave opportunity for the exchange of practical experiences by taxing officials from all parts of the country. This session, in our judgment, was one of the most profitable and practicable of the entire session, as they were the expressions of practical men dealing with taxation in a concrete form; that of actual experience showing the effects and defects of workable tax laws, bringing together as it did men who were engaged in the real every day application of tax laws to the valuation and assessment of taxes. The criticism we would make of the Conference is that of failure, up to this time, to unite on a broad plan of uniformity of tax laws throughout the entire country, for the taxation of certain kinds and classes of taxable property, such as steamboats, sailing vessels, and all other property of this nature, uniform in its character, so as to prevent the constant tax dodging that is constantly going on by shifting from one state to another as their hailing port, and using the opportunity to trade with local assessors to fix a value for taxable purposes, frequently not more than 10% of its actual value. It appears to your representatives there can be no sound argument or valid reason why we should not have a uniform law for the taxation of all property of this character throughout the entire country, and until this Tax Conference recognizes and advocates laws along these lines it will have failed to take the first steps towards correcting many of the weaknesses and the source of common abuses in our tax laws, and one of the great embarrassments that the assessors have to contend with in their efforts to perform their very important duties. As this Tax Conference has held five annual sessions, it would appear that it is now time for it to get to the every day practical side of the tax problem, which can only be worked out in a practicable form, step by step. At the same time we recognize fully the value and benefit already resulting from the work of this Conference up to this time; the bringing together from all parts of the country students of economics and men of practical experience and sound judgment will result eventually in a new adjustment of tax laws along equitable, workable lines, that will be more nearly fair to all interests and all classes of property alike.

We herewith submit a list of subjects discussed and by whom presented, also the resolutions adopted, some of which have already been enacted into laws by the last session of the Maine Legislature, which will be in force in our State the present year of 1912 to demonstrate their usefulness. It is neither practicable nor desirable to place in this report in detail the papers and discussions which were presented at the Conference, all of which can be obtained in book form of Hon. Allen Ripley Foote, President, Columbus, Ohio, or Arthur C. Pleydell, 29 Broadway, New York City.

RESOLUTIONS ADOPTED.

IMPROVEMENT OF LOCAL ASSESSMENTS.

WHEREAS, The present administration of the general property tax, from which seventy-five per cent of the state and local revenue is derived, is unsystematic, antiquated and unequal, and substantial improvement can be secured by improving the ordinary local assessment work,

Resolved: (1) That there should be such a readjustment of local assessment systems as will insure to local assessors better pay for their work; (2) That where practicable local assessment districts should be sufficiently large to justify the employment of the whole time of a competent assessor; (3) That a central supervisory board which will assist and supervise local assessors either directly, or through a district supervisor, can secure great improvement in the original assessment work and minimize inequalities.

METHODS OF ASSESSING REAL ESTATE.

Resolved, That as steps towards an equitable and scientific assessment of real estate, we earnestly recommend that the method of assessment in rem be extended to all districts in all states; the preparation and use of tax maps in each taxing district; the separate assessment of land and buildings and the use of standard units of measurement as a basis of valuation for both land and buildings to assist the assessor in the exercise of his judgment, such standards of value to be determined for each locality by its officials, with the greatest possible co-operation of its citizens, having due regard to local conditions.

COLLECTION AND PUBLICATION OF STATISTICS.

WHEREAS, Statistical comparison and the determination of the economic effects of taxation are impossible without complete and comparable statistics of state and local revenues:

Resolved, That provision should be made in every state for the collection and publication of statistics of assessment, taxes and other public revenue.

COMMITTEE ON PUBLIC SERVICE CORPORATIONS.

WHEREAS, The taxation of public service corporations in the several states exhibits a total lack of uniformity in the methods and underlying theory,

Resolved, That the Conference requests the International Tax Association to appoint a committee to consider the subject of the taxation of public service corporations.

HOME RULE IN TAXATION.

Resolved, That it is inexpedient for the Conference to express any opinion upon the subject of local option or home rule in taxation and therefore, without expressing any opinion upon this subject, the officers of the Association, be and hereby are, instructed to omit from subsequent proceedings of the Association the resolution dealing with separation of sources and home rule adopted at the Conference of 1907.

RECOMMENDATION ADOPTED.

The following recommendation, made by the President in his annual address was unanimously adopted.

“That your Executive Committee be authorized and directed to examine the text of all proposed taxation constitutional amendments, and of all taxation measures, submitted to it for that purpose by members in any state, and, if found satisfactory, to approve the same in the name of the Association, or, if not satisfactory, to recommend such changes as will make them satisfactory, such action to require an affirmative vote of not less than two-thirds of all members of the Executive Committee.”

Respectfully submitted,

O. GARDNER.

EDWARD W. WHEELER.
