ANNUAL REPORT

FOR THE

FISCAL YEAR ENDING DECEMBER 30, 1911.

STATE OF MAINE.

TREASURER'S OFFICE,

AUGUSTA, JANUARY 1, 1912.

*To His Excellency, Hon. Frederick W. Plaisted, Governor, and
the Honorable Executive Council:*

GENTLEMEN:—In accordance with Section four, Article five of the Constitution of Maine, I have the honor to herewith submit my report of the receipts and expenditures for the fiscal year ending December 30, 1911, together with a summary of a few other matters which come under my observation, and which are of general public interest.

BONDED DEBT.

The total bonded indebtedness on January 1, 1911 was \$698,000.

Under the law, \$70,000 of the outstanding bonds of the State would have matured in 1911, but \$48,000 of this amount having been previously retired in 1904 and 1905 as provided by Chapter 6, Private and Special Laws of 1903, only \$22,000 was left to be met at maturity, leaving a total bonded indebtedness outstanding (including bonds issued to the Agricultural College aggregating \$218,300, and to the Maine Insane Hospital for \$50,000, together with State of Maine bonds due October 1, 1889 amounting to \$700, not presented for payment) on January 1, 1912 of \$676,000.

TEMPORARY LOAN.

When I entered upon my administration there was a temporary loan existing of \$300,000 which became due on January 20, 1911.

Owing to the large deficit and the financial condition of the Treasury it became necessary to renew this loan which is still outstanding and bears interest at rate of three and one-half per cent.

TAXES.

As provided by Chapter 9, Section 44 of the Revised Statutes, as amended by Chapter 226 of the Public Laws of 1909, all tracts of land upon which the taxes remain unpaid are advertised to be sold at public auction.

Under this Statute there were only four parcels upon which the taxes for 1909 remained unpaid, aggregating in amount \$27.99, and is the smallest number of tracts offered for sale since 1854, the date of the first land sale held by the Treasury Department.

Two of these tracts having been bid in at the sale left only the sum of \$16.90 to be collected, which is considered of unusual importance owing to the method in this State of assessing and collecting wild land taxes.

The total amount of State, County and Forestry District taxes assessed for the year 1909 was \$242,664.92.

All State taxes assessed against the several cities, towns and organized plantations, with the exception of Sandy River Plantation, for the year 1910 have been adjusted in full.

SCHOOL FUNDS.

The regular School and Mill Fund is derived from a tax of one and one-half mills on the total valuation of the State, six per cent. interest on the permanent school fund, and one-half the amount received by the State from the tax on Savings Banks and Trust and Banking Companies.

The Common School Fund is based on a tax of one and one-half mills upon the total valuation of the State, and is distributed to the several cities, towns and plantations as provided by Chapter 177 of the Public Laws of 1909; one-third according to the number of scholars therein, as the same shall appear from the official returns to the State Superintendent of Public Schools for the preceding year, and the remaining two-thirds according to the valuation thereof as the same shall be fixed by the Board of State Assessors, for the preceding year.

The School Equalization Fund is authorized under Chapter 192 of the Public Laws of 1911, and provides that the Treasurer of State shall immediately after the first day of July, nineteen hundred and eleven, and annually thereafter, deduct the sum of twenty-seven thousand five hundred dollars from the state school funds and the same shall be set aside and denominated the school equalization fund which shall be used for the purpose of aiding those towns wherein a rate of taxation considerably in excess of the average rate for the state fails to produce a school revenue sufficient to secure a reasonable standard of educational efficiency.

Any portion of these several funds not expended during the financial year shall at its close be added to the permanent school fund.

The following table shows the number of scholars and the amount distributed to the several cities, towns and plantations for the past ten years, together with the total amount of State Tax assessed.

UNIVERSITY OF MAINE OR AGRICULTURAL COLLEGE FUND.

From the sale of land scrip apportioned to the State of Maine by the United States Government entitled "An Act donating Public Lands to the several States and Territories which may provide Colleges for the benefit of Agriculture and Mechanic Arts," approved July 2, 1862, there was issued to said college an unnegotiable bond in the sum of \$118,300, which should constitute a perpetual fund, upon which interest at rate of five per cent. should be paid semi-annually.

No portion of said fund, nor the interest thereon, shall be applied, directly or indirectly, under any pretence whatever, to the purchase, erection, preservation, or repair of any building or buildings.

Also as provided by Chapter 105 of the Resolves of 1887 the Treasurer of State was authorized and directed to receive from the Maine State College of Agriculture and the Mechanic Arts (now University of Maine), in trust, the sum of \$100,000 bequeathed to said college by Abner Coburn.

An unnegotiable bond for this amount was issued bearing interest at rate of four per cent. and payable semi-annually, said bond maturing in 1917.

MAINE INSANE HOSPITAL.

The sum of \$50,000 was bequeathed to above Hospital by Abner Coburn in 1887, and under Chapter 70 of the Resolves of 1887, the Treasurer of State issued an unnegotiable bond for this amount bearing interest at rate of four per cent. and payable semi-annually, bond maturing in 1917.

PERMANENT SCHOOL FUND.

The money received from the Land Agent, derived from the sales of land appropriated for the support of schools, constitutes the "Permanent School Fund," and a sum equal to six per cent. of the amount of such fund is annually appropriated to the support of common schools and distributed among the several cities, towns and plantations according to the number of children therein between the ages of five and twenty-one.

On the first day of January, 1912, the fund amounted to \$470,382.84.

HOULTON ACADEMY.

This fund of \$2,000 is held in trust for the use and benefit of said Academy from funds arising from the sale of timber and lumber, the Legislature appropriating same for educational purposes.

Under this Resolve, Chapter 370 of the Laws of 1864, interest at rate of six per cent. is payable annually to the trustees.

SCHOOL DISTRICT NO. 2, MADISON.

This fund of \$1,000 is derived from a bond of the State of Maine, which by Resolve of March 25, 1863, the Treasurer of State was directed to receive from Mahlan D. Spaulding, of Boston, the coupons thereon to be paid to the legal agent of the District as they became due, and at maturity of said bond five per cent. of the amount to be paid annually for all time to come.

JOSEPH H. WILLIAMS LEGACY.

This legacy from Joseph H. Williams to the State, amounting to \$1,000, for the benefit of the Maine Insane Hospital, was accepted by the Legislature under Chapter 220, Resolves of 1897, and a sum of money, not less than forty dollars, must be appropriated from time to time by the Legislature, and paid annually to the trustees of said Hospital.

HELEN A. GILMAN LEGACY.

This legacy of \$1,000 was bequeathed to the State by Helen A. Gilman, to be held in trust for the promotion of the pleasure and comfort of the patients in the Maine Insane Hospital at Augusta, upon the condition that a sum not less than fifty dollars a year should be appropriated by the Legislature to be expended annually.

This amount, together with the condition as set forth in said will, was accepted by the Legislature under Chapter 131, Resolves of 1905, interest at rate of five per cent. being payable to the Trustees of said Institution.

LANDS RESERVED FOR PUBLIC USES.

This fund is received from the Land Agent, being the amount collected by him on account of sales of timber and grass on reserved lots in unincorporated townships, and paid into this Department from time to time as provided by Chapter 7, Section 15 of the Revised Statutes.

When any township or tract is organized as a plantation, the interest on the fund belonging to said plantation is paid annually from the Treasury, upon authority from the Governor and Council, to be applied for the support of schools according to the number of scholars in each school.

When any such township is incorporated as a town, said fund belonging to it is to be paid over by the Treasurer of State to the Treasurer of the trustees of the ministerial and school funds therein, to be added to the funds of the corporation, and held and managed as other school funds of that town are required to be held and managed.

This fund now amounts to \$356,504.00.

PENOBSCOT INDIAN FUND.

The amount to the credit of this fund is \$72,328.48. \$50,000 of said sum was received from sale of four townships of land purchased by the State of said tribe in 1833, to which have since been added receipts from leases of the shores of several islands in Penobscot River now occupied by the tribe.

PASSAMAQUODDY INDIAN FUND.

This fund is derived from proceeds of sales by the Land Agent of timber and grass on Indian Township since 1853, and now amounts to \$36,914.09.

HEBRON ACADEMY.

Under Chapter 278, Resolves of 1868, the sum of \$1,000 was appropriated to be held in trust by the Treasurer of State for the use and benefit of said Academy.

Interest at rate of six per cent. is payable annually to the trustees of said Academy, providing it has been open for instruction under the direction of said trustees, for at least two terms of ten weeks each in the year preceding any claim made under the resolve:

And provided further, that if the trustees of said Academy shall fail to maintain instruction therein for the period of two consecutive years, the grant herein made shall become forfeited.

NELLIE F. SHAW FUND.

Under the will of Nellie F. Shaw, of Boston, the sum of \$5,000 was left to the Maine Industrial School for Girls, to be known as the Nellie F. Shaw Fund.

The estate being subject to a collateral inheritance tax of 5% under the laws of Massachusetts, left a balance of \$4,750 to be deposited with the State of Maine, as provided by Chapter 174 of the Public Laws of 1909.

AUGUSTUS HOPKINS LEGACY.

This legacy amounting to \$1,000, the income only of same to be used in such a way as may seem best for the girls of the Institution, was left to the Maine Industrial School for Girls by Augustus Hopkins, of Gardiner.

The fund is deposited under Chapter 174 of the Public Laws of 1909.

ELIZA MUSTARD LEGACY.

This legacy amounting to \$4,000, the income of which is to be used in helping to meet the current expenses of the Institution, was left to the Maine Industrial School for Girls by Eliza Mustard, of Richmond.

PETER LANE LEGACY.

This legacy amounting to \$1,156.65 was bequeathed to the Maine Industrial School for Girls by Peter Lane, of Leeds, and is deposited under Chapter 174 of the Public Laws of 1909.

ISAAC SANFORD LEGACY.

The sum of \$1,300 was paid into the State Treasury in 1854, under the will of Isaac Sanford; \$700 being bequeathed to State Reform School (now the State School for Boys), and \$600 for the benefit of the indigent blind, and deaf and dumb, all of said beneficiaries to be natives of the State.

As provided by Chapter 197 of the Public Laws of 1856, a sum of money equal to six per cent. of the amount bequeathed to the State Reform School is appropriated annually for the support of the library, said sum to be paid in the month of February.

Chapter 43 of the Resolves of 1911 provides that the Treasurer of the State of Maine and his successor in office be and he hereby is the trustee under the will of Isaac Sanford to keep the legacy of six hundred dollars as provided in said will.

And be it further resolved; that the state shall set apart annually a sum equal to six per centum interest on said legacy, and shall pay such interest, under the direction of the governor and council, as aid towards the education of the deaf, dumb and blind natives of Maine, in institutions established for the education of such persons, provided that if in the future it is deemed inadvisable to continue the payment of such interest, the principal sum and any accrued interest shall be expended as the governor and council shall order.

Whereas, on November 1, 1909, James J. H. Gregory, late of Marblehead, Massachusetts, gave to the State of Maine, an interest bearing, first mortgage bond for one thousand dollars, to perpetuate the memory of his college friend, Marcus Manard Carleton, the interest whereof to be used for the promotion of scientific orcharding in Maine, according to the conditions accompanying the gift;

That the Treasurer of the State of Maine and his successor in office be and he hereby is constituted sole trustee to receive and hold said gift, reinvesting same at maturity forever, and collecting and depositing in some approved savings bank in Maine, the interest on said gift, until the year 1914, in which year, and on every fifth year thereafterward, said treasurer shall pay as directed by the Governor and Council from the interest at that time accrued the sum of two hundred dollars as a premium to the farmer, in Maine, who shall be named by the committee hereinafter provided, as a premium for the most thrifty and well kept orchard of one acre or more of apple trees five years from planting, on his own land, and shall so pay to said committee from the balance of such interest their necessary disbursements for travel in inspecting such orchards and awarding said prize.

At the expiration of five years from 1914, and at five-year intervals thereafter, a like committee shall be appointed to serve as above. Said committee shall visit the orchards entered in the contest for the Carleton prize and report in the month of October to the Governor the name of the winner of said prize and other prizes that may be awarded in this contest, and shall be allowed by the Governor and Council their necessary disbursements as above, provided that, in no year of award shall a greater sum be allowed for disbursements, from this source, than the interest accrued on said gift over and above the sum of two hundred dollars.

That before the month of January next following the season upon which an award is made, the department of agriculture shall mail to the postmaster of each town in the state, to be posted in the post office, a circular giving the conditions of the award, which, in addition to those already prescribed, shall provide that the trees planted may be from any one or more of four standard varieties of trees, the Ben Davis alone excluded.

That, if in the future, it shall be deemed by the department of agriculture inexpedient to continue offering the premiums, the entire amount of interest, as it falls due shall be collected by said treasurer and forthwith paid to the University of Maine to be devoted to the aid of poor and deserving students therein.

The coupons and interest on this fund are on deposit in the Bangor Savings Bank.

CONCLUSION.

It is with much gratification to me, and I trust to all interested in the prosperity of our State, that I am able to say that during my first year's incumbency as Treasurer, all bills which I have been authorized to pay have been met promptly each month, and that at the close of the year, on December 30th, all warrants drawn by the Governor and Council have been paid in full.

The business of the Department has increased very materially during the past year, due in a large measure to the payment of bills directly from the State Treasury which were formerly paid by the several Departments and some of the Institutions.

The urgent need of more clerical assistance is recommended in order to conduct the business of the Department with its usual promptness and satisfaction.

I have inaugurated many changes in the system of accounting, especially in the Banking, Corporation and Wild Land Departments.

I wish to call particular attention to the change made in all checks issued from the Department as bearing the name of the appropriation from which the payment is made. Prior to my administration there appeared to be general dissatisfaction,

especially among the several town officers all over the State, when checks were received by them giving no information whatever for which they were drawn. Under the present system this annoyance has been entirely eliminated.

These changes which have been made during my term have been adopted only after consultation with experts in this particular channel and careful study of the requirements of the Department, and it is believed that the new system facilitates the handling of the business, and places the entire Departmental work upon a more modern and businesslike basis than ever before.

The transactions passing through the Department during the year 1911 amounted to nearly nine and one-half millions of dollars, and to accomplish the task of introducing a new method of handling this vast amount, without detriment to certain details necessary and required by law, and at the same time adopting a plan which would simplify rather than complicate in its administration has been found rather a difficult problem to solve.

As the law creating the office of State Auditor provides that he shall submit his report to the Legislature biennially, and there being no regular session this year, I take pleasure in herewith including in my report a statement from his Department.

Very respectfully,

JAMES F. SINGLETON,
Treasurer of State.

STATE AUDITOR'S REPORT

SHOWING CONDENSED STATEMENT

OF

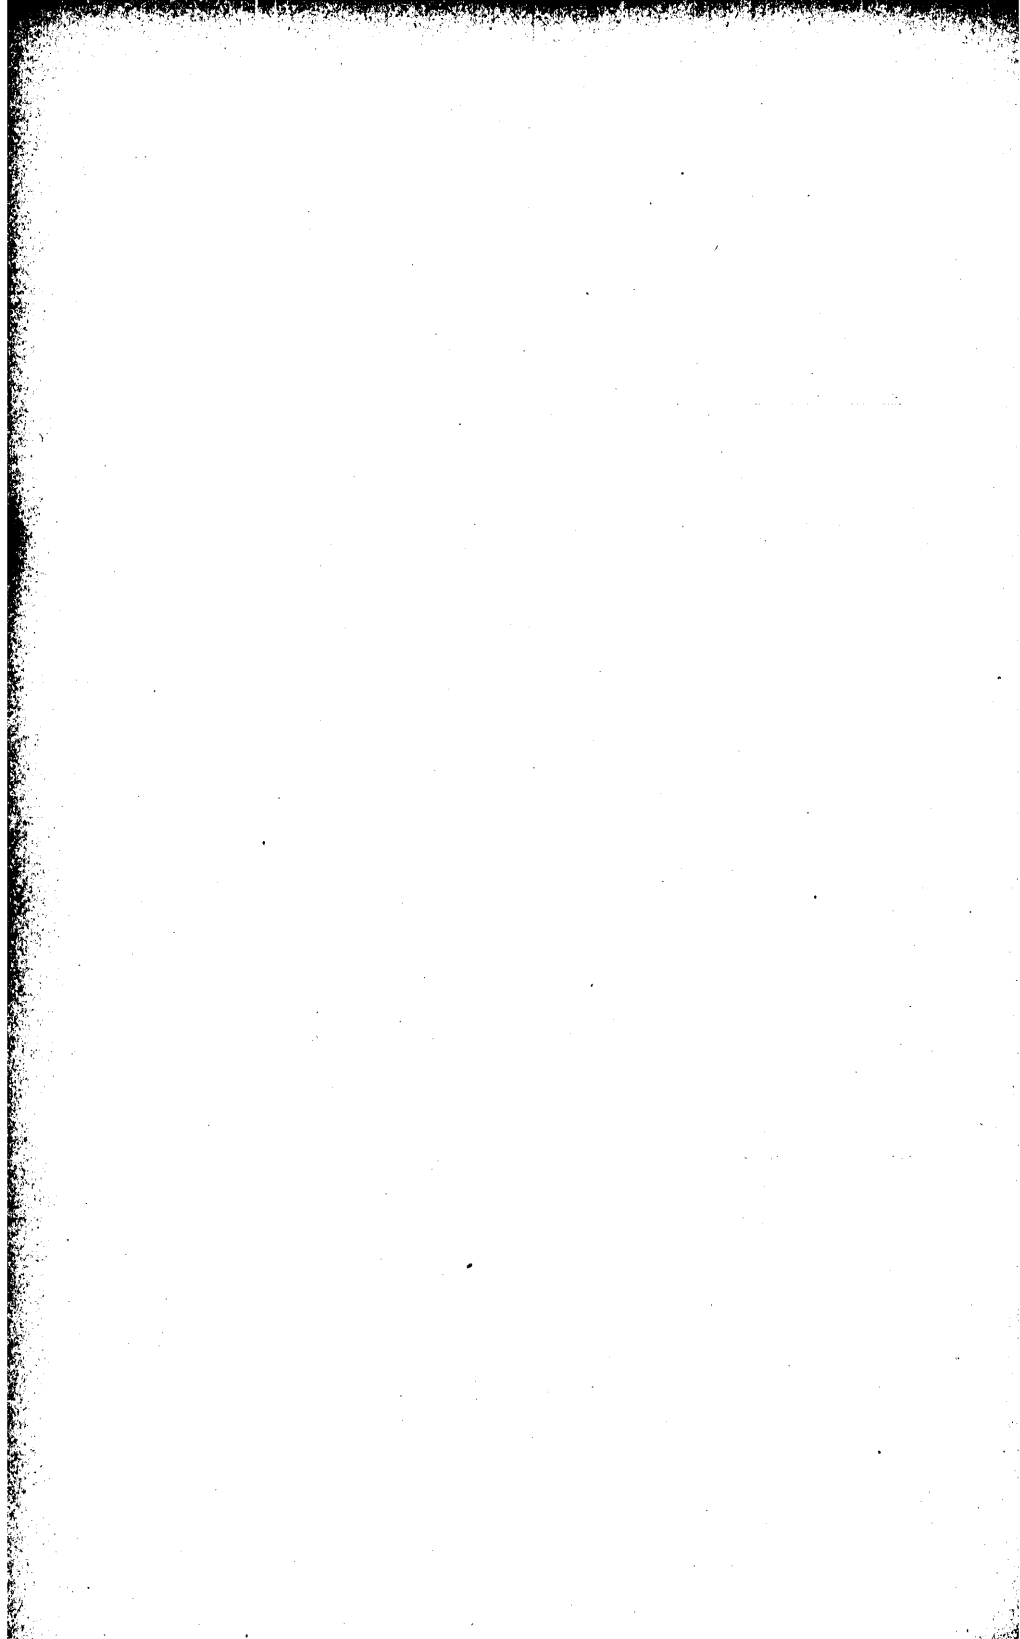

INCOME AND EXPENSES

1911

ASSETS AND LIABILITIES

AS EXISTING ON

JANUARY 1st, 1912.

OFFICE OF STATE AUDITOR.

AUGUSTA, February 14, 1912.

*To His Excellency, Frederick W. Plaisted, Governor, and the
Honorable Executive Council:*

GENTLEMEN:—Inasmuch as the Auditor's regular biennial report will not be issued until 1913, a condensed statement of income and expenses for the year 1911, and assets and liabilities as existing on Jan. 1st, 1912, is herewith submitted.

It will be noted that the net debt has been decreased in the year 1911 by 887,303.17, as against an increase in 1909 and 1910 of \$1,524,664.58. Also that an amount more than this decrease has been applied in payment of outstanding claims existing on Jan. 1st, 1911.

Namely:

Unpaid warrants	\$384,644 75
Unpaid bills	373,165 79
Bonded debt	22,000 00
Jan. 20th, 1912, half temporary loan....	150,000 00

\$929,810 54

Thus proving that the expenses of 1911 paid and accrued, including expense of the Legislature, have been met by the indirect income and 4 mills of the direct tax, 2 mills having been applied to the payment of outstanding claims existing on Jan. 1st, 1911. Also the further fact that had the State stopped business on Jan. 1st, 1912, except for the bonded debt and credits for school fund etc., on which interest is paid, it could have paid with its cash and cash assets on hand every outstanding claim in full, temporary loan included.

This result has been made possible not by figures, figures are merely a record of facts, but by the cordial and practicable co-operation of the Legislature, and the heads of departments and institutions, by the stopping of waste, cutting off extravagance, and running the several departments and institutions with prudent economy, for which due credit should be given.

Very respectfully yours,

(Signed) LAMONT A. STEVENS,
State Auditor.
