REPORT.

STATE ASSESSORS' OFFICE,

AUGUSTA, MAINE, December 1, 1914.

To His Excellency, William T. Haines, Governor, and the Honorable Executive Council:

GENTLEMEN:—In accordance with the statutes of the State, we herewith submit the Twenty-Fourth Annual Report of the Board of State Assessors, including tabulations of statistics returned to us by all municipal boards of assessors throughout the State, as made by them on April first, 1914, and lists of all corporations on which taxes have been assessed during the present year.

There is also included as required by statute, the state valuation of the real and personal estate of all cities, towns, and plantations, and the real estate of all unincorporated townships within the State, as fixed by this Board, as the basis on which state and county taxes are to be computed during the years 1915 and 1916.

The total valuation of the cities, towns and plantations on April first, 1914, as made and returned by the local boards of assessors is \$439,529,158, representing an increase of \$9,503,696 as compared with similar returns made on April first, 1913.

The following comparison is given of the counties in 1913 and 1914, exclusive of the unorganized townships:

We have held regularly advertised meetings, in accordance with the statute, in all the counties of the state during the year, endeavoring to meet at such places as will best convene the assessors in each county, so far as possible.

In addition, we have visited many other cities and towns, for the express purpose of informing ourselves as fully as possible, in regard to actual conditions, and the changes which take place from year to year.

The growth of the state in valuation, as indicated by both real estate and personal property, is continuous and healthy, and further substantial gains may be confidently expected.

Pleasant relationship with the local boards of assessors throughout the state, have been maintained during the year, and the assistance and coöperation given by them, is sincerely appreciated by the members of this Board.

NEW ENGLAND TAX CONFERENCE.

As mentioned in our last report, the Fourth Annual Conference of the Association of New England State Tax Officials, was held at the State House on December 3 and 4.

This Conference was attended by tax officials from each of the New England States, and by local assessors, and members-elect of the Legislature of 1915.

Two sessions of December 3 were devoted to matters of special interest to Maine, at which the following topics, opened respectively by Clement F. Robinson of Portland, W. J. Thompson of South China, Charles F. Sweet of Bangor, and George Pottle of Lewiston, were discussed, "Possible legislation regarding classification of intangible personal property," "Taxation of interest bearing deposits in national banks," "Taxation of automobiles," and "The general situation in Maine." The general discussion which followed was participated in by many, and we can but feel that pleasure and profit combined, must be the results of such an earnest gathering.

The sessions of Thursday evening, and Friday forenoon, were followed with close interest until the moment for final adjournment, and no doubt existed in the mind of any one in attendance in regard to the value of this Association to each of the New England States.

RECOMMENDATIONS.

We make the following suggestions and recommendations to the Legislature of 1915:

- (1) Legislation requiring the filing of the annual cut of timber on all unorganized towns.
- (2) The appropriation of \$10,000 for each of the years 1915, and 1916, to continue the examination of "Wild Lands."
- (3) Such legislation as may be deemed expedient, in order that interest bearing deposits in national banks, may be treated on a basis similar to deposits in savings banks and trust companies.
- (4) Legislation for the classification of intangible personal property, for purposes of taxation.
- (5) A uniform rate of poll tax.
- (6) Investigation of laws similar to those of New Hampshire, regarding exemption of property from taxation by vote of cities and towns.
- (7) Investigation regarding taxation of poultry, farming utensils, etc., now exempt by statute.

WILD LANDS.

By chapter 325, resolves of 1913, the sum of \$10,000 was appropriated by the Legislature, for exploration of wild lands during the years of 1913 and 1914.

In 1913, eighteen towns were explored on the St. John and Allagash Rivers, including their tributaries, by R. E. Mullaney of Bangor, and C. E. Packard of Guilford, and \$3,885.73 was paid in 1913, according to summarized report of expenditures appearing in our report of that year.

This work has been continued in 1914, by R. E. Mullaney of Bangor, C. E. Packard of Guilford, C. W. Edgerly of Old Town, W. M. Viles of Flagstaff, B. F. Beal of Phillips, and J. A. Loblely of Bangor, working in the following counties: Aroostook, Penobscot, Piscataquis, Hancock, Somerset and Franklin, exploring a total of twenty-five towns. A summarized report of expenditures in 1914 follows.

The new valuation of unorganized towns, just completed for 1915, and 1916, also valuation of cities, towns and plantations, has been made with the sole purpose of adjusting inequalities, so far as we have been able to bring about this result, using to the extent of our ability, the information at our disposal, and we sincerely trust, that to some degree at least, we may have been successful.

REPORT OF THE DELEGATES TO THE EIGHTH
ANNUAL CONFERENCE OF THE NATIONAL TAX
ASSOCIATION.

December 15, 1914.

To the Honorable Governor and Council:

This state was represented at the eighth National Conference on Taxation, held under the auspices of the National Tax Association at Denver, Colorado, September 8 to 11, 1914, by the undersigned delegates appointed by the Governor by virtue of the Resolves of 1913, Chapter 60, and by Hon. E. M. Johnston of the Board of State Assessors. Like the preceding annual Conferences on taxation held under the same auspices, the Conference at Denver was attended by delegates from nearly all the states in the Union, the delegates being about equally divided in numbers between state taxing officials and men not officially connected with state taxing systems. The cumulative effect of the series of conferences is now beginning to be felt in the progress in taxation on reform which the delegates report from their various states; and to attend the conference is a valuable experience for those who are interested in learning both from the papers that are read at the formal sessions and from conversation with the delegates from other states, what is the experience in other states in working out these problems. The delegates from Maine feel that while we in this state have measurably solved many of the questions which still trouble the tax administrators or inhabitants of other states, yet there is much of value to this state to be learned at these conferences.

A subject of particular interest to the delegates from Maine which was discussed at the Conference was Tax Legislation and Important Court Decision of the Past Year, a paper by Hon. M. M. Flannery, of Washington, D. C., Chief of the Tax Division, Bureau of Corporations, prepared in connection with the preparation of the annual Federal Bulletin on this subject. This paper was followed by a Round Table Discussion on Administrative Problems, Work of State Taxing Officials and of State Tax Associations, participated in by representa-

tives from Michigan, California, Maryland, Oregon, Kansas, Colorado, Kentucky, Utah, Idaho, Arizona, Massachusetts, New York and other states.

Another subject to whose discussion an entire session of the Conference was devoted was the Federal Income Tax. Papers having been read by Professor Charles J. Bullock of Harvard University, A. C. Rearick, Esq., of New York City, and Hon. Luther F. Speer, Deputy Commissioner of Internal Revenue, Washington, D. C., in which the nature of the tax, and the present problems of its administration had been brought out, with suggestions for its amendment, discussion participated in by Professor E. R. A. Seligman of Columbia University, Hon. K. K. Kennan of Milwaukee, Wisconsin, who is connected with the administration of the Wisconsin state income tax, Ralph Norton, Esq., of New York, J. S. Wylie, Esq., of New York, and others, followed, in which further criticisms of the law in its details were made, and other features of the act were defended. The principal criticism of the act was of its feature of taxation at the source, the speakers suggesting that the same benefit would accrue, with much less annoyance to the people, if the requirement were merely for returns to be made by corporations and other persons who are now required to deduct the tax before paying over taxable income, which returns would be used for the purpose of checking up the individual returns made by the taxable persons.

A session of the Conference of merely academic interest to the delegates from Maine was given up to the discussion of the Single Tax,—representatives from Winnipeg, Vancouver, and Colorado reporting on the results achieved by the partial application of the Single Tax theory in these localities, and delegates favoring and opposing the Single Tax theory being heard in discussion.

A valuable discussion was of the general subject of the expenditures of tax revenues. Hon. John L. Coulter of Washington, D. C., expert in charge of statistics on Wealth, Debt and Taxation, Federal Census Bureau, gave interesting figures relative to the growth of taxes and public expenditures in recent years; papers were presented on the Work and Possibilities of Public Efficiency Bureaus, by Dr. William H. Allen, of New York City, Director of the Bureau of Municipal Re-

search, and on the proposed radical reorganization of the State Government of Minnesota, by Hon. E. Dana Durand, former Director of the United States Census, now Professor of Statistics, University of Minnesota, and Chairman of Committee in that State appointed to report on this subject to the Legislature and People of Minnesota. At this session of the Conference the Report of the Committee on Increase of Public Expenditures, appointed at the Conference in Buffalo in 1913, was read by the Chairman of the Committee, Hon. Thomas S. Adams, State Tax Commissioner of Wisconsin, and there was a lively discussion of the subject by the delegates present.

A feature of the Conference of particular interest to the delegates from Maine, in view of the Constitutional Amendment adopted here in 1913, was the discussion of the Taxation of Securities, which was opened by Hastings Lyon, Esq., of New York, Counsel to the Tax Committee, Investment Bankers' Association of America.

Other incidents of the Conference were the address of the President of the National Tax Association, Professor F. R. A. Seligman of Columbia University, wherein he outlined the progress in tax reform made during the last few years, and incorporated suggestions for the immediate future; the Report of the Committee appointed at the Buffalo Conference in 1913, on Double Taxation and Situs for Purposes of Taxation, presented by Edmund F. Trabue, Esq., of Louisville, Kentucky, the Chairman; and (of less interest to the delegates from Maine) papers on the Taxation of Express Companies, on the Taxation of Foreign Corporations, on the Taxation of Mines, and on the Taxation of Irrigated Lands.

Before adjourning, the Conference passed by a unanimous vote a number of resolutions, outlining anew some of the suggestions for tax reform which have been approved in previous years, with some additions. The delegates from Maine were obliged to offer their dissent from a proposed resolution favoring the appointment of local assessors by the state government, and this resolution, which had been presented with particular reference to the situation in Western states where assessment is by county officials, was withdrawn from consideration.

It is expected that the Conference to be held in 1915 will convene at San Francisco. The delegates from Maine to the

Conference of 1913 and 1914 would respectfully represent the advisability of this state being represented at that time as it has been at all previous Conferences. Several important Committees appointed at Denver will report at the Conference of 1915; and it is expected that the coming Conference will be the most generally attended of any of the Conferences.

Respectfully submitted,
