FOR THE
FISCAL YEAR ENDING DECEMBER 31, 1914.

STATE OF MAINE,

TREASURER'S OFFICE,

AUGUSTA, January 1, 1915.

To the Legislature of Maine:

Pursuant to the requirements of the Constitution of this State I herewith respectfully submit my annual report of the Receipts and Expenditures of the State Treasury for the fiscal year ending December 31, 1914.

BONDED DEBT.

On January 1, 1914 the total bonded debt of the State was \$569,000.

Complying with Section 30 of Chapter 130 of the Public Laws of 1913, providing for an issue of State Highway Bonds, there were advertised and sold on July 1, 1914 coupon bonds aggregating \$500,000, bearing date of July 1, 1914 and maturing serially from one to forty years with interest at the rate of four per cent. per annum, payable semi-annually, principal and interest both being paid from fees received by the Secretary of State for the registration of automobiles. These fees for 1914 amounted to \$192,542.14.

The entire issue was awarded to Messrs. E. H. Rollins & Sons of Boston and Harvey Fisk & Sons of New York, jointly, at 101.319.

During the year \$7,500 of the issue of 1913 became due and was paid at maturity, leaving the bonded indebtedness of the State, therefore, on December 31, 1914 \$1,061,500, as follows:

One unnegotiable bond issued to the State College of Agriculture and the Mechanic Arts (now University of Maine) constituting a perpetual fund derived from the United States Government,	\$118,300.
One unnegotiable bond to secure a legacy left to the State College of Agriculture and the Mechanic Arts (now University of Maine) by the late Abner Coburn, due in 1917,	100,000.
One unnegotiable bond to secure a legacy left to the Maine Insane Asylum (now Augusta State Hospital) by the late Abner Coburn, due in 1917,	50,000.
State of Maine Coupons never presented for payment,	700.
State Highway Loan as provided by Chapter 130 of the public laws of 1913,	792,500.

The following tabular statement shows the outstanding State Highway Loan Bonds issued under Chapter 130 of the Public Laws of 1913, which reads in part as follows:

"The treasurer of state is hereby authorized under the direction of the governor and council to issue from time to time serial coupon bonds in the name and behalf of the state not exceeding two million dollars in amount outstanding at any one time, payable at the state treasury within forty-one years from the date of issue at a rate of interest not exceeding four per centum per annum, interest payable semi-annually and signed by the treasurer of state, countersigned by the governor and attested by the state auditor with the seal of the state affixed. The coupons attached to said bonds shall bear the facsimile of the signature of the treasurer of state instead of his original signature; and such bonds and coupons shall be of such form and upon such terms and conditions not inconsistent herewith as the governor and council shall direct. Said bonds and the proceeds thereof shall be designated as the state highway loan and shall be deemed a pledge of the faith and credit of the state.

The state auditor shall keep an account of such bonds showing the number and amount of each, the date of countersigning, the date when payable, and the date of delivery thereof to the treasurer of state, who shall keep an account of each bond,

showing the number thereof, the name of the person to whom sold, the amount received for the same, the date of sale, and the date when payable.

The treasurer of state may negotiate the sale of such bonds by direction of the governor and council, but the amount of such bonds originally issued in any one year shall not exceed the sum of five hundred thousand dollars, and none of such bonds shall be sold for less than its par value, nor shall any such bond be loaned, pledged, or hypothecated in behalf of the state. The proceeds of the sales of such bonds shall be held by the treasurer of state and paid by him upon warrants drawn by governor and council for the purposes of this act. The commission with the approval of the governor and council shall divide the expenditure of the money raised from the sales of such bonds in such manner as will carry into effect the provisions of this act and conform to the constitution of the state; and so much thereof as may be necessary to carry out the provisions of this act is hereby appropriated.

All fees received by the secretary of state under section twenty-one of chapter one hundred sixty-two of the public laws of nineteen hundred and eleven shall be delivered to the state treasurer each calendar month and shall be appropriated and used in the following order, namely: First, to pay interest due on all bonds issued under this act; second, to create such fund to meet maturing bonds as the governor and council may deem necessary; third, to apply the balance to the fund for maintenance and administration as hereinafter provided."

TAXES.

All State taxes assessed against the several cities, towns and organized plantations for the year 1913 has been paid in full.

CONCLUSION.

I have compiled and added to my report for the year 1914 an entirely new tabulation, being Table No. 4, showing the disbursements made to the several cities, towns and organized plantations during the year.

This itemized ledger account should interest every individual tax payer in the State, and should also prove of much value to the several town officers to whom is entrusted the receipt and expenditure of public funds.

As stated in my last annual report, the business of the Treasury Department has increased very rapidly during the past few years without adequate provision being made to meet it, and the incoming Legislature will be asked to make an appropriation for "Salary of Clerks in the Treasury Department" sufficient to provide for enough clerical assistance to promptly dispatch all business within regular business hours.

Some months between six and seven thousand checks have been drawn during the month, and this item alone has more than doubled the clerical work pertaining to it.

I would also recommend that an appropriation of \$2,500 be made to provide for steel filing cases in the upper vault to replace the pasteboard boxes and wooden shelves now in use.

The gross amount of receipts from all sources for the year just closed was \$6,353,367.12, and the amount of cash on hand at the beginning of the year was \$649,303.96, making a total amount of available cash for the year of \$7,002,671.08.

The disbursements for the year were \$6,224,625.39 leaving a cash balance on hand at the close of business on December thirty-first of \$778,045.69, the largest amount at the close of any administration for more than thirty years.

It has been the policy during my term of office to distribute the funds of the State as much as possible irrespective of political affiliation of the banking institutions.

At the present time the State has funds on deposit in seventy-three banks: the Augusta Trust Company, Augusta; Merrill Trust Company, Bangor; Portland National Bank, Portland; and the State Trust Company, Augusta, being the active banks, while the rest are known as the inactive or reserve banks.

All deposits have been subject to $2\frac{1}{2}\%$ interest on daily balances, a rate of one-half per cent. more than ever received by any previous administration.

\$220,000, however, has been set aside as a time deposit and placed in the Savings Departments of several of the banks on a 4% basis, an entirely new feature in the handling of State funds.

The accrued interest for the year on both active and time deposits has amounted to \$27,156.91, the largest revenue ever received from this source in any one year, and has more than paid the entire expense of the Treasury and Auditing Departments.

Following is the amount credited to this account for the past ten years:—

1905.....	\$3,980 09	1910.....	\$2,364 27

Respectfully submitted,

(Signed) JOS. W. SIMPSON,

Treasurer of the State of Maine.

Of this amount the court has ordered paid \$32.33, leaving a balance of \$30.19 which according to the schedule of the Receiver, would appear to consist of the following unclaimed deposits:—

AUGUSTUS HOPKINS LEGACY.

This legacy amounting to \$1,000, the income only of same to be used in such a way as may seem best for the girls of the Institution, was left to the Maine Industrial School for Girls by Augustus Hopkins, of Gardiner.

BENJAMIN C. JORDAN FUND.

This fund amounting to the sum of \$1,000 was accepted by the Legislature under Chapter 67 of the Resolves of 1909 for the purpose of encouraging the cultivation of forest trees upon the following condition:

Whereas, on November 1, 1909, James J. H. Gregory, late of Marblehead, Massachusetts, gave to the State of Maine, an interest bearing, first mortgage bond for one thousand dollars, to perpetuate the memory of his college friend, Marcus Manard Carleton, the interest whereof to be used for the promotion of scientific orcharding in Maine, according to the condition accompanying the gift:

That the Treasurer of the State of Maine and his successor in office be and hereby is constituted sole trustee to receive and hold said gift, reinvesting same at maturity forever, and collecting and depositing in some approved savings bank in Maine, the interest on said gift, until the year 1914 in which year, and on every fifth year, thereafter, said treasurer shall pay as directed by the Governor and Council from the interest at that time accrued the sum of two hundred dollars as a premium to the farmer, in Maine, who shall be named by the committee hereinafter provided, as a premium for the most thrifty and well kept orchard of one acre or more of apple trees five years from planting, on his own land, and shall so pay to said committee from the balance of such interest their necessary disbursements for travel in inspecting such orchards and awarding said prize.

That a committee consisting of three men, versed in the science and art of orcharding, shall in July, 1914, be appointed as follows: Two members to be appointed by the Governor, and one, who shall be the chairman, to be appointed by the Commissioner of Agriculture, who shall serve without pay in inspecting the competing orchards, and awarding the premium. At the expiration of five years from 1914, and at five-year intervals thereafter, a like committee shall be appointed to serve as above. Said committee shall visit the orchards entered in the contest for the Carleton prize and report in the month of October to the Governor the name of the winner of said prize and other prizes that may be awarded in this contest, and shall

be allowed by the Governor and Council their necessary disbursements as above, provided that, in no year of award shall a greater sum be allowed for disbursements, from this source, then the interest accrued on said gift over and above the sum of two hundred dollars.

That before the month of January next following the season upon which an award is made, the department of agriculture shall mail to the postmaster of each town in the state, to be posted in the post office, a circular giving the conditions of the award, which in addition to those already prescribed, shall provide that the trees planted may be from any one or more of four standard varieties of trees, the Ben Davis alone excluded.

That, if in the future, it shall be deemed by the department of agriculture inexpedient to continue offering the premiums, the entire amount of interest, as it falls due shall be collected by said treasurer and forthwith paid to the University of Maine to be devoted to the aid of poor and deserving students therein.

The interest on this fund, amounting to \$268.57, is on deposit in the Bangor Savings Bank.

SCHOOL FUNDS.

The regular School and Mill Fund is derived from a tax of one and one-half mills on the total valuation of the State, six per cent. interest on the permanent school fund, and one-half the amount received by the State from the tax on Savings Banks and Trust and Banking Companies.

The Common School Fund is based on a tax of one and one-half mills upon the total valuation of the State, and is distributed to the several cities, towns and plantations as provided by Chapter 177 of the Public Laws of 1909; one-third according to the number of scholars therein, as the same shall appear from the official returns to the State Superintendent of Public Schools for the preceding year, and the remaining two-thirds according to the valuation thereof as the same shall be fixed by the Board of State Assessors, for the preceding year.

Any portion of these funds not expended during the financial year shall at its close be added to the permanent school fund.

The following table shows the number of scholars and the amount distributed to the several cities, towns and plantations for the past twelve years, together with the total amount of State Tax assessed.
