## LINCOLN COUNTY TRUST COMPANY

The following is taken from the report of Hon. Walter S. Glidden of Bath, made July 20, 1926, for the receivers of the Lincoln County Trust Company:

"The liquidation of the bank having progressed to a point where it was manifest that a statutory assessment of 100% would have to be made upon its stockholders, the Receivers on December 15, 1925 petitioned the court to order such an assessment and to authorize the receivers to enforce the stockholders liability thereto. After public notice and personal notice by registered mail to each stockholder, and a hearing, an assessment of 100% was ordered by the court January 6, 1926. Of the five hundred shares of stock issued and outstanding, 231 were held by members of the firm of Burgess, Lang & Company, all of whom, individually and as a co-partnership, are in bankruptcy. Proof of claim upon said stock assessment was duly made against all of them, and, although the allowance thereof was opposed, said claims have been approved by the Referee of the Bankrupt Court in Massachusetts. What will be received from the bankrupts' estates is problematical, but it is doubtful if it will exceed 5%. Against the remaining 269 shares of stock we have collected in cash \$12,300.00, and have recovered judgment against two other stockholders in respect of 139 shares. Both of these stockholders have gone into bankruptcy. As to one bankrupt owning 129 shares we anticipate the recovery of a substantial dividend, possibly 80%; but the other bankrupt shows no assets. Upon the remaining 7 shares of stock it is doubtful if anything can be collected, the owners being financially worthless.

"The receivership has now reached the point where, before attempting to pay any further dividends to depositors in the savings department, it will be necessary to make an allocation of the segregated and unsegregated assets and to determine what proportion of the expenses of the receivership are chargeable against each class of assets. It seems impracticable to attempt this until we know, at least approximately, what can be realized

from the stock assessment, and this will depend largely upon what can be realized from the bankrupt estates above referred to. As soon as this can be determined the receivers propose to apply to the court for instructions as to such allocation of assets, and will then be in position to pay a fourth dividend. If substantial recovery is had from the bankrupt estates we hope to be able to pay an additional 5% to the savings depositors, making total dividends of 95%, and possibly from five to eight per cent. to the depositors in the commercial department. It may even be that we shall be able to pay savings depositors 100%. It should be understood, however, that our views on these questions are merely estimates."

### BANK MERGERS

In 1925 the Casco Mercantile Trust Company acquired the capital stock of the South Berwick Savings and Trust Company and taking over the assets and liabilities of the South Berwick bank proceeded to establish a branch bank which was officially opened for business October 1, 1925, authority having been given by the Bank Commissioner.

On July 13, 1925 the Hallowell Trust and Banking Company took over the assets and liabilities of the Hallowell Savings Institution and the affairs of the two banks were merged as of that date.

### BATH LOAN AND BUILDING ASSOCIATION

On April 21, 1926 the directors of the Bath Loan and Building Association joined with the Bank Commissioner in an application to the Chief Justice of the Supreme Court for liquidating the affairs of the Association. This action was taken following a conference held by the Bank Commissioner and officials of the Association at which it was deemed inexpedient by reason of depreciation in value of its assets and the general impairment of its earning capacity for the Association to continue business. A hearing on the application was held May 10, 1926 and the Bath Trust Company was appointed Receiver to liquidate the affairs of the Association under direction of the Court.

## "BLUE SKY" DEPARTMENT

Under the statute requiring the registration of dealers in securities in this State, 269 applications were received during the calendar year 1925, 248 applications being granted, 5 refused and 16 withdrawn or abandoned.

## SMALL LOAN AGENCIES

Licenses were issued to 27 loan agencies in 1925. At the present time there are 24 licensed agencies loaning approximately \$400,000 in amounts of \$300.00 or less to each borrower.

While these agencies are not under the direct supervision of this Department, the Commissioner is authorized to investigate their loans and business for the purpose of discovering alleged violations of the law.

JOHN G. SMITH,

Bank Commissioner.
