PUBLIC DOCUMENTS

OF THE

STATE OF MAINE

BEING THE

REPORTS

OF THE VARIOUS

**PUBLIC OFFICERS
DEPARTMENTS AND
INSTITUTIONS**

FOR THE TWO YEARS

JULY 1, 1926 - JUNE 30, 1928

PUBLIC DOCUMENTS, 1926-28

(Explanatory Note)

Three reports in this volume cover periods in variance with the given biennium. They are as follows:

1. The report of the Attorney General covers the period from 1924 to 1928.
2. The report of the Bangor State Hospital covers the period from 1919 to 1928.
3. The report of the department of Inland Fisheries and Game covers the fiscal year ending June 30, 1928. No printed report was made for the fiscal year ending in 1927.

STATE OF MAINE

Department of the Attorney General.

Augusta. December 1, 1926.

To the Governor and Council of the State of Maine:

In compliance with the provisions of the Revised Statutes, I herewith submit a report of the amount and kind of official business done by this department during the fiscal period of July 1, 1924 to June 30, 1926, together with statistical tables showing the amount and kind of official business done by the various county attorneys for said years, stating the number of persons prosecuted, their alleged offenses and the result.

HOMICIDE CASES. 1924-1926.

STATE V. IVAN DRENOFF.

Respondent indicted January Term, Superior Court, Penobscot County 1925, for the murder of Lena Gurney at Bangor. Plea, same term, guilty. Sentence, Life Imprisonment.

STATE V. CHARLES HENRY FIELDING.

Respondent indicted January Term, Superior Court, Cumberland County, 1925, for the murder of Alphonse Cote at Gorham, November, 1924. Plea, same term, guilty. Sentence, Life Imprisonment.

STATE V. LOTTIE FREEMAN COTE

Indictment found January Term, Superior Court, Cumberland County, 1925, against respondent as accessory before the fact to murder of her husband Alphonse Cote, in November, 1924. Trial same term. Verdict not guilty. Indictment found at next term, as result of testimony at January trial, for accessory after the fact. Plea in abatement filed and case taken to Law Court. Respondent died before argument. Dismissed.

STATE V. POWER.

On the twenty-first day of September, 1922, Frank C. Power was arrested in Rockland by virtue of a search warrant from Rockland Police Court under Revised Statutes, Chapter 127, Section 29. Case tried in Knox County and respondent convicted. Motion and exceptions to Law Court. State v. Power, 123 Maine 223. Writ of error to Supreme Judicial Court from the Supreme Court of the United States filed March 8, 1925, plaintiff claiming violation of the "due process" clause of the constitution. Brief submitted by this department at the October Term, 1925, at Washington, and the Supreme Court sustained the action of the State Court.

STATE V. ALLEN FINNEMORE.

Respondent indicted at April Term, 1925, of Supreme Judicial Court for Aroostook County for murder of his infant child. Committed for observation as to sanity and pronounced sane. Plea of manslaughter accepted. Sentenced, five to ten years.

STATE V. JAMES DOHERTY.

Indictment found against respondent Doherty at the September Term, 1925, of the Supreme Judicial Court, Aroostook County, for murder of James Devaux in a lumber camp. A plea of guilty of manslaughter was accepted and sentence awarded by the court of twelve to eighteen years.

STATE V. CHARLES WILLARD GUPTILL.

Respondent indicted May Term, 1925, of the Supreme Judicial Court, York County, for the murder of Fay C. Tibbetts at Berwick, January 22, 1925. Trial, same term, verdict, guilty. Sentence, Life Imprisonment. Case then taken to Law Court on exceptions by respondent to admissibility of certain testimony. Argued at June Law Term, 1926.

STATE V. ARCHIE L'ITALIEN.

Indictment for murder of David Cheney at Durham on January 27, 1925, found at June Term of Superior Court for Androscoggin County. Trial commenced July 14, 1925, at Auburn. During the trial respondent changed his plea to guilty and was sentenced to life imprisonment.

STATE V. HARRY A. KIRBY.

Indictment returned against respondent at the September Term of Superior Court for Kennebec County, 1925, for the murder at Lake Maranacook, Winthrop, of Aida Hayward in May. In the morning of September 14, 1926, being the date assigned for trial, respondent suicides.

STATE V. NAMAR SHECRALLAH.

Respondent indicted for murder of Nimon Karter by Grand Jury for September Term, 1925, Superior Court, Kennebec

County. Tried at same term. Jury disagreed. Plea of manslaughter offered and accepted. Sentence 10 to 20 years.

STATE V. J. ARTHUR TURNER.

Respondent, an elderly recluse, indicted at September Term Superior Court, Cumberland County, 1925, for murder of young man named Harry MacEwean. Tried at same term. Plea self defense. Verdict, not guilty.

STATE V. DR. CHARLES D. EDMUNDS.

Respondent indicted Superior Court Penobscot County, May Term, 1925. Charge, murder of Anna Vivian Stairs at Bangor, January 14, 1925. Respondent admitted to bail on constitutional ground that proof not evident or presumption great. Case continued because of illness of material witness. Tried January Term, 1926. Jury disagreed. Respondent died before second trial.

The State of Maine during this period has been very fortunate in the character and legal attainments of its sixteen county prosecutors. The work of each county attorney has been careful, painstaking and uniformly successful.

This department has endeavored to obey the spirit as well as the letter of the statute in assisting the various county attorneys, not only in the trial of indictments for murder, but also in all other cases where help was requested or needed.

CIVIL CASES

GRAND FALLS POWER DEVELOPMENT.

Application was made January 15, 1925, by the New Brunswick Electric Power Commission to the International Joint Commission of the United States and Canada for the right to construct dams and waterways for a complete hydro-electric plant at Grand Falls on the St. John River within the province of New Brunswick. Hearings were held during March, April, May and June at Van Buren, Washington and Montreal, before the International Commission, which hearings were attended by the Attorney General.

The State contended that permission to construct a dam at Grand Falls should not be granted unless all possible future damage resulting to citizens of Maine should be paid or secured, nor unless the State should have the right to secure for its own citizens a proportionate part of the power to be developed. The New Brunswick authorities objected to the latter proposition because the dam was to be constructed wholly outside of Maine by New Brunswick capital, and the river would not be raised above the usual spring freshet level. Decree was made in July, however, providing for payment of all damage to riparian owners and further providing that not less than two thousand horsepower should always be available to citizens of Maine.

Work at Grand Falls was commenced August 10, 1926, by a subsidiary corporation of the International Paper Company, known as the Grand Falls Power Company, which assumed the rights and duties of the New Brunswick Commission by consent order of the International tribunal.

JOHN P. AYER CASE.

Petition for mandamus brought by John P. Ayer et als of Portland against Raymond Fellows as Attorney General to compel the Attorney General to approve an organization certificate of "The New England Finance Company", a proposed corporation which in the opinion of the Attorney General was "to derive profit from the loan or use of money" contrary to law.

Hearing was held before Chief Justice Wilson, March 24, 1926, at Portland, and petition dismissed on the ground that the decision of this department was conclusive under the statute, on the question of whether or not such a certificate "conforms" to the constitution and the law.

MAINE MOTOR COACHES, INC.

Petition for mandamus was filed by Maine Motor Coaches, Inc., October 1, 1925, in the Supreme Judicial Court for Penobscot County to compel the Public Utilities Commission to issue a permit to this corporation to enable it to operate passenger motor vehicles over certain defined routes and especially between Bangor and Waterville.

Alternative writ was issued and hearings held before Mr. Justice Dunn, October 11, 1925. Petition denied and exceptions filed, December Law Term. Judgment for the State.

CHRYSLER SALES CORPORATION

v.

WILBUR D. SPENCER, INSURANCE COMMISSIONER.

UTTERBACK GLEASON CO.

v.

WILBUR D. SPENCER, INSURANCE COMMISSIONER.

These two bills in equity filed in the Federal Court at Portland asked for injunctions against the Insurance Commissioner to prevent him from enforcing the statutes relating to unlicensed insurance agents, by prosecuting dealers in Chrysler automobiles. The State contended that the delivery of an insurance policy with each car sold, was a violation of the statute prohibiting the acceptance of insurance risks without a license. Hearings were held before Judge Peters, Hale and Johnson under the Judicial Code and the petition was denied. Appeal was then taken to the Supreme Court at Washington and the case there argued by the Attorney General, October 11, 1926. Decision of the Supreme Court favorable to the State rendered October 25, 1926.

At the request of the Governor and Council, this Department has also attended hearings before the Interstate Commerce Commission, on the petition of the Boston and Maine Railroad Company to abandon portions of its line, and hearings in Boston before the Interstate Commerce Commission on proposed increases of milk rates on New England Railroads.

COLLECTION OF TAXES.

The collection of inheritance taxes is now as formerly one of the most important duties of the department of the Attorney General and to show that this work has been well and thoroughly done, it is only necessary to state that the Assistant in charge of the collateral inheritance tax is Philip D. Stubbs, for many years employed in this same capacity. The amounts collected of course vary, depending as they do on the number of estates

probated and the amounts and relationships involved. The sum of \$506,007.45 on non-resident estates and \$1,554,546.29 on resident estates was collected for the fiscal years of 1924-1926 by Assistant Attorney General Stubbs.

Suit was brought by Deputy Attorney General Sanford L. Fogg of this department against the Grand Trunk Railway Company, in the spring of 1925 to recover a supplemental excise tax for 1923 assessed against this company. As a result, this department recovered for the State on June 1, 1925, the sum of \$20,120.35.

Acting under advice previously given by this department, an excise tax was assessed for the years 1923-1924 against the Canadian Pacific Railway under Revised Statutes, Chapter 9, Sections 26 and 27, as amended. The Railroad Company refused to pay this tax except in part, viz: \$244,384.80, leaving a balance as claimed by the State of \$78,288.37. The Railway Company contended that it did not "operate" within the meaning of the statute that part of the line used under contract with the Maine Central Railroad between Vanceboro and Mattawamkeag. The action brought by this department was reported to the Law Court for determination, resulting in the collection of the amounts claimed with interest for the years 1923-1924, and also effecting payment for the amount assessed for the year 1925.

No extended mention is made in this report of many hearings attended by the Attorney General and the Deputy Attorney General during the two-year period in a consulting and advisory capacity to either the Governor and Council, or the head of some State Department; such as, hearings held by the Chief of the Highway Police on removal of patrolmen; rate hearings before the Public Utilities Commission; road and condemnation hearings before the Highway Commission; hearings of the Industrial Accident Commission on injuries to State employees; appeals and hearings in the Department of State relative to automobile licenses, ballot boxes etc; investigations conducted by the Governor and Council into the affairs of the State Prison; and hearings held by the Governor and Council on removal of sheriffs, and in election contests.

There have been also many and increasing demands made of the Attorney General and the Deputy Attorney General by all

the State Departments for oral and written opinions relating not only to statutory construction, but also to constitutional problems, which require much time and study. This Department has endeavored to be as prompt in its replies as is consistent with careful consideration of the multitude of questions asked. Judge Sanford L. Fogg of Augusta, who has acted for two years as Deputy, has demonstrated his careful and painstaking abilities to the apparent satisfaction of everyone.

The faithful service of Miss L. Mae Richmond who has been connected with the Department of the Attorney General for a period of twenty-one years as Chief Clerk, the service of Miss Marion C. Shirley who is in charge of the clerical work relating to the collection of inheritance taxes, and the service of Miss Flora K. Pierce who now assists in the collection of the taxes on estates, deserve especial mention. The satisfactory conduct of any state department depends in large measure on the faithfulness and ability of those who day after day handle the matters that come to its office, and which are often, erroneously called "routine". If any success has attended the labor of this department during the past two years, the credit is in large measure due to the very efficient work of these earnest servants of the State.

I take this opportunity, therefore, to thank my Deputy and Assistant for their service during my past term, and to also thank these ladies of the Department.

Respectfully submitted,

RAYMOND FELLOWS,

Attorney General.

The following are some of the opinions rendered by the Department 1925-1926 which may contain matter of public interest.

March 19, 1925.

Hon. J. W. Hanson, Adjutant General, Augusta, Maine.

DEAR SIR: Answering your communication of February 28th, we would call your attention to Section 52 of Chapter 174 of the Public Laws of 1923, which provides that:
"All armories, drill rooms, offices, headquarters offices or stables shall be subject always to the provisions of law and to the regulations

prescribed by the proper authorities, and said armories, drill rooms, offices, headquarters offices or stables shall be held for the exclusive use of the national guard unless otherwise authorized by the general regulations for the government of armories prescribed by the armory commission, or by special authority of the chairman of said commission after application in special cases by the municipal authorities in writing. Should any municipal officer use such buildings or stables without authority, or abuse the authority or privilege so granted, they and each of them shall, in each case, be guilty of a misdemeanor and shall be punished as prescribed in this section."

From the foregoing it would appear,

1. That the armory commission has general control over the use and management of property thus provided, and that the municipal officers have no authority to use or lease the same except in accordance with the regulation of the commission or by special authority of the chairman of the commission.

2. The property being provided for a special purpose, namely, for "military purposes", it is our opinion that the armory commission would not be justified in leasing same for other purposes except by special authority of the municipal officers.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

April 8, 1925.

Hon. Fred F. Lawrence, Bank Commissioner, Augusta, Maine.

BROTHER LAWRENCE: "Assuming that a trust company makes a loan to 'A', and 'A' deposits as collateral security therefor the note of 'B', B's note being in turn secured by a real estate mortgage which A assigns to the bank, may the bank deduct A's note in making its tax return, upon the theory that it is secured by mortgage on real estate?"

In answer to the above question submitted by you, the opinion of this department is that the note of "A" should not be deducted. Had the note in question been the note of "B", our answer would be in the affirmative, under the authority of Chapter 10, Section 6, Par. XIII, of the Revised Statutes which expressly exempts from taxation "all loans of money made by any individual or cor-

poration and *secured* by mortgage on real estate situated in this state."

In the example cited by you, A's note is secured by the note of B, and the note of B is in turn secured by mortgage. The mortgage is not the original security for A's note, and the intent of the legislature, as expressed in the statute, was that the exemption should relate only to the original note and security. The law was passed for the purpose of preventing double taxation. See legislative record, 1911.

Under the provisions of Revised Statutes, Chapter 9, Section 71, as amended by Section 137, Chapter 144 of the Laws of 1923, trust companies may only deduct from their assets in their tax returns such notes, secured by mortgage as are exempt in the hands of individuals; and our construction is that this relates only to notes directly secured.

Very truly yours,

RAYMOND FELLOWS,

Attorney General.

April 14, 1926.

Hon. John G. Smith, Bank Commissioner, Augusta, Maine.

DEAR SIR: You have asked this department for an opinion upon the proper construction of paragraph 9, Section 27, Chapter 144 of the Public Laws of 1923, and especially as to the meaning of the words, "net income", as used in said paragraph.

"Net income" of a business or corporation, has been construed to include "the products of the business deducting the expenses only".

"Net income" of a railroad has been construed as meaning "all over and above operating expenses."

In paragraph 6, b, 3, of said Section 27, relating to the obligations of "steam railroads", the legislature inserted the following:

"The 'net income' of a railroad for the purposes of the foregoing paragraph shall be determined after deducting all operating expenses, maintenance charges, depreciation, rentals, taxes and guaranteed interest and dividends paid by or due from it."

Substantially the same provision regarding "net income" appears in paragraph 7, b, 5, of said section relating to "public utility obligations"; and again in paragraph 8, a, 2, of said section 27, relating to obligation of "telephone companies", is contained the same provision.

The legislature having three times in said Section 27 provided how "net income" should be determined, it seems to me to be reasonable to assume that it was the legislative intent to determine the "net income" as it appears in said paragraph 9 in the same manner as is previously provided in paragraphs 6, 7, and 8.

Very truly yours,

SANFORD L. FOGG,

Deputy Attorney General.

July 30, 1925.

Grube B. Cornish, Secretary, State Board of Charities and Corrections, Augusta, Maine.

DEAR MR. CORNISH: Answering your letter of recent date in regard to your guardianship over a ward committed to the School for Feeble Minded, I beg to advise you that the statutes seem to be silent regarding the termination of the guardianship.

It is my opinion that the guardianship does not cease by reason of the commitment, but your control over the ward does cease during the time the ward is an inmate of the School for Feeble Minded.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

January 29, 1925.

To His Excellency Ralph O. Brewster, Governor of Maine, and the Honorable Members of the Council.

GENTLEMEN: The Board of Prison Commissioners was established April 6, 1917, under Chapter 195 of the Public Laws of 1917, and was given authority to make and establish rules and regulations, not inconsistent with law, for the direction of all officers of the State Prison, and for the government, discipline,

instruction and employment of the inmates. The Commission was further given the general direction and control of the State Prison, and the right to establish compensation of all officers and employees, subject to the approval of the Governor and Council.

On April 1, 1924, an order was passed in Council, which was approved by Governor Baxter, directing the Prison Commission "to establish a system of pay for the prisoners, the said pay not to exceed fifty cents per day the wages herein provided for, are to be paid out of the receipts from the sale of goods, manufactured in said prison." On October 24, 1924, a supplemental order was passed in Council, and approved by Governor Baxter, whereby the Warden was directed "to take from the receipts and income of the Prison a sufficient sum to pay the prisoners" in accordance with the order of April 1st, "the balance of receipts and income to be transmitted to the State Auditor."

This department has been informed that the manifests for the October, November and December "pay rolls" have been forwarded to the State Auditor, designed to allow a check to be passed back to the Warden covering his payments so made. This pay roll appears to be in the following amounts: October, \$1750.00; November, \$1564.65; December, \$1583.40.

The State Auditor has declined to certify these for payment and has sent them to the Governor and Council without approval, on the ground that Section 97, Chapter 2 of the Revised Statutes, requires "all fees, or other income which may accrue to any institution, department, board or commission of the State shall be paid directly to the treasurer of state", and probably on the further ground that Section 13 of Chapter 142, makes the warden accountable for all moneys granted for its maintenance or derived from the manufacturers or other concerns thereof.

These facts evidently give rise to the following questions submitted by Your Excellency and the Council to this department:

QUESTION 1.

May a prisoner be an employee within the meaning of Chapter 195, Section 3, Public Laws of 1917, and receive compensation?

ANSWER 1.

The answer of this department is in the negative. The statute contemplates the employment of the inmates within the limits

of the State Prison, although the Commission may permit certain able bodied prisoners to work in the construction of highways or other public works. The "employees" of the prison, are appointed and commissioned under the express terms of the act, by the Warden, with the approval of the Commission. The only positive existing statutory authority for employment of prisoners within this State with compensation is the authority granted to county commissioners under Chapter 83, Section 19 of the Revised Statutes, where a reasonable sum may be paid, not to the prisoner, but to the dependent family, after deduction for the prisoner's maintenance. If the legislature intended that an inmate of the State Prison should receive compensation for labor performed while serving sentence, it has failed to say so. The Revised Statutes, Chapter 142, Section 2, provides that "punishment in the State Prison by imprisonment, shall be by confinement to hard labor." The Prison Commissioners have been given no authority by the legislature to make any rules or regulations or to do any acts inconsistent with the existing law.

QUESTION 2.

Can the Governor and Council lawfully authorize the Prison Commission to make payments to State Prison convicts as compensation for labor performed?

ANSWER 2.

For the reasons given to the answer to the preceding question, the answer to this question must also be in the negative. The Governor and Council have no legislative powers, and have no power to authorize payments contrary to the constitution and the existing statutes.

Very respectfully,

RAYMOND FELLOWS,
Attorney General.

February 9, 1925.

Hon. Ralph O. Brewster, Governor of Maine, Augusta, Maine.

DEAR GOVERNOR BREWSTER:

In re transferring certain balances from the State School Fund and the State Equalization Fund into the State Contingent Fund.

Receipt of your request of the 7th, inst., for an opinion relating to the legality of certain balances being transferred from the State School Fund and State Equalization Fund into the State Contingent Fund, is hereby acknowledged.

Our answer is in the negative. Revised Statutes, Chapter 2, Section 85, as amended by Chapter 226, Public Laws of 1917, and as further amended by Chapter 96, Public Laws of 1921, provides that all balances of unexpended appropriations which exist on the first day of January of each year and which are not continued by law shall be transferred and credited to the State Contingent Fund.

In Chapter 123, Section 15, of the Public Laws of 1921, it is provided that "All unexpended balances of the State School Fund or of any funds or appropriations deducted therefrom shall, at the close of the year for which said fund or appropriation is available, be added to the permanent school fund of the State."

Chapter 69, Public Laws of 1921, provides that the State fiscal year shall end June 30, of each year. Construing the foregoing, it is our opinion that unexpended balances of the State School Fund cannot, in any event, be lawfully transferred to the State Contingent Fund prior to the end of the year, June 30th.

Yours very truly,

SANFORD L. FOGG;

Deputy Attorney General.

February 25, 1925.

*To His Excellency Ralph O. Brewster, Governor of Maine,
Augusta, Maine.*

DEAR GOVERNOR BREWSTER: In answer to your request for a construction by this department of Section 59 of Chapter 4 of the Revised Statutes, as amended by Chapter 87 of the Public Laws of 1917, relative to appropriations by cities and towns for advertising, this department makes the following reply:

Section 59, as amended, provides as follows:

"Any city or town may appropriate any sum, not exceeding one mill on a dollar, based on the valuation of the preceding year, to be ex-

pended and used for advertising the natural resources, advantages and attractions of such city or town."

The usual act of incorporation of a city or town provides that certain defined territory, with the inhabitants therein, be incorporated into a city or town by the name designated. The act of incorporation has none of the elements of a contract but it is simply an act of legislation enacted for the public good. The citizens of the city or town, as such, have no power to change even its name. Thus created it becomes an institution of the State, established for a public purpose and for effecting those purposes, it is invested with certain corporate powers, and is charged with corresponding duties; all either expressly or impliedly provided for in the statutes and adapted to their peculiar nature. Within the proper scope of these purposes, powers and duties, its corporate acts bind the corporation. While all others being foreign thereto, are of no binding effect.

Among the corporate powers of a town is the power given by virtue of Section 59 to appropriate money to be expended and used for advertising the natural resources, advantages and attractions of the city or town. It is the opinion of this department that any city or town in Maine may vote to raise and appropriate for advertising any sum not exceeding one mill on a dollar, based on the valuation of the city or town for the preceding year, provided that the money is used for advertising the natural resources, advantages and attractions of the municipality making the appropriation. The agency employed by the town to expend the money appropriated is not material, so long as the money is "used for advertising such city or town." To illustrate, it would not be proper for some Aroostook County town to raise money to advertise the attractions of Cumberland County, nor would it be proper for the town of Kittery to appropriate money for advertising the advantages and attractions of Moosehead Lake region. A description of the sea coast, our farms, our lakes and forests, might, however, be so written that it would advertise the resources, advantages and attractions of, and apply to, each and every town and city in the state. If the advertising circulars contain a general description of the natural resources, advantages and attractions of the state, and *as a matter of fact* the natural resources, advantages and attractions of the

city or town appropriating the money are advertised, or if in the general advertisement the name of the town which has appropriated money and its resources, advantages and attractions are given, it is the opinion of this department that such advertising would come within the purview of the statute.

Very respectfully,

RAYMOND FELLOWS,
Attorney General.

March 26, 1925.

Hon. Ralph O. Brewster, Governor of Maine, Augusta, Maine.

MY DEAR GOVERNOR BREWSTER: Section 20 of Chapter 45, Revised Statutes, provides as follows:

"The officers ordering the commitment of a person unable to pay for his support or becoming unable to pay for his support after commitment, or their successors, or any officer with like power to commit, shall in writing certify that fact to the trustees and that he has no relatives liable and of sufficient ability to pay for his support, and such certificate shall be sufficient evidence in the first instance to charge the town where the insane resided or was found at the time of his arrest for the expenses of his examination and commitment, and to charge the state for the expenses of his support in the hospital, and the treasurer of the hospital shall charge to the state the reasonable expense of his support which shall be paid from the state treasury upon itemized bills therefor audited by the state auditor and approved by the governor and council."

Section 21 of the same chapter provides that the trustees of the hospital may, in their discretion, investigate or cause to be investigated, allegations contained in any certificate provided for in Section 20 and if such investigation discloses the fact that any person was or may be liable for the support of the insane person mentioned in any such certificate, the trustees shall collect, by action in the name of the State if necessary, all sums which have been paid by the State to the hospital for board of such insane person, from persons lawfully liable as aforesaid to pay for the support of such insane person. The foregoing is with reference to the support of persons committed charged to the State.

Section 28 of the same chapter has reference to the liability

of towns where the insane person resided or was found, and is as follows:

"The certificate of commitment to the hospital after a legal examination, is sufficient evidence, in the first instance, to charge the town where the insane resided, or was found at the time of his arrest, for the expenses of his examination and commitment to the hospital; and when his friends or others file a bond with the treasurer of the hospital in which he is confined the state shall not be liable for his support, unless new action is had by reason of the inability of the patient or his friends longer to support him; and such action may be had in the same manner, and before the same tribunal, as if he had never been admitted to the hospital."

Section 29 of the same chapter provides that bills chargeable to the state shall be filed with the Governor and Council, and provides a remedy for the towns.

Section 30 of the same chapter, provides for the recovery by the state from persons legally liable for their support.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

July 13, 1925.

Hon. Ralph O. Brewster, Governor of Maine, Augusta, Maine.

DEAR GOVERNOR BREWSTER:

In re Appointment of Commission to confer with United States Battlefield Commission, regarding State of Maine Land and Fort at Petersburg, Virginia.

I have examined the law with reference to this fort and find that by Chapter 174 of the Resolves of 1893 the sum of \$600., was appropriated to be paid out of any money in the state treasury to the treasurer of the First Maine Heavy Artillery Association, the same to be used for the purchase of land and the erection of a suitable memorial tablet on the field of their fatal and now famous charge on 18th, June, 1864, near Petersburg, Virginia.

I also find that Chapter 45 of the Resolves of 1895 provides that the Governor and Council are hereby authorized to accept for the State of Maine from the First Maine Heavy Artillery Association or from Horace H. Shaw, holding title in trust for them, a gift to the State of a lot of five acres of land situated

near Petersburg, Virginia, together with a monument erected on said lot in memory of the six hundred and four members of that regiment who fell charging there June 18, 1864.

I have examined the deed of the property made to Mr. Horace H. Shaw and by him to the State of Maine, Shaw's deed to the State being made in 1895. I do not find any act of the legislature in which power was given to the Governor and Council to appoint a commission for the care or control of this property. In the absence of any legislative act, it is my opinion that the Governor and Council would not have the power to appoint a Commission as suggested in the communication to you.

I am returning the correspondence which you made a part of your inquiry, also copies of the two resolves above referred to.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

July 25, 1925.

To His Excellency, the Governor and Honorable Members of the Executive Council.

GENTLEMEN:

In re Application for Abatement of Taxes by the Biddeford & Saco Railroad Company.

Having considered the question upon which the advisory opinion of the Attorney General is requested, I respectfully submit the following answer.

This tax was assessed by the Board of State Assessors under the provisions of Chapter 9 of the Revised Statutes, as amended. Section 30 of said chapter gives said board power to abate such a portion of the tax, which through error or mistake appears to be excessive, provided the application for such abatement is made within the year for which such tax is assessed.

In this case the application was not made within the specified time, hence the State Assessors cannot grant the desired relief. I fail to find any other provision of statute authorizing the requested abatement or reimbursement. It is, therefore, my opinion

that the relief sought cannot be lawfully granted except by act of the legislature.

Very respectfully,

SANFORD L. FOGG,

Deputy Attorney General.

October 5th, 1925.

To Honorable Ralph O. Brewster, Governor of Maine, Augusta, Maine.

MY DEAR GOVERNOR: The legislature of Maine at its last session duly proposed by resolve to amend Section 17 of Article 9 of the State Constitution, as follows:

"The legislature may authorize, in addition to the bonds hereinbefore mentioned, the issuance of bonds not exceeding three million dollars in amount at any one time payable within fifty-one years at a rate of interest not exceeding four per centum per annum, payable semi-annually, which bonds or their proceeds shall be devoted solely to the building of a highway or combination highway and railroad bridge across the Kennebec River, between the city of Bath, and the town of Woolwich," so that said section, as amended, shall read as follows:

"Sec. 17. The legislature may authorize the issuing of bonds not exceeding ten million dollars in amount at any one time, payable within forty-one years, at a rate of interest not exceeding five per centum per annum, payable semi-annually, which bonds or their proceeds shall be devoted solely to the building of state highways, and intrastate, interstate and international bridges; provided, however, that bonds issued and outstanding under the authority of this section shall never, in the aggregate, exceed ten million dollars; the expenditure of said money to be divided equitably among the several counties of the State. The legislature may authorize, in addition to the bonds hereinbefore mentioned, the issuance of bonds not exceeding three million dollars in amount at any one time, payable within fifty-one years, at a rate of interest not exceeding four per centum per annum, payable semi-annually, which bonds or their proceeds shall be devoted solely to the building of a highway or combination highway and railroad bridge across the Kennebec River between the city of Bath and the town of Woolwich."

See Chapter 71, Resolves of 1925.

During the same session, two thirds of the legislature concurring, the following amendment to Section 17 of Article 9 of the Constitution was also proposed by resolution.

"Section seventeen of article nine of the constitution, as amended

by article forty-three of the constitution, is further amended by striking out all of said section and inserting in the place thereof the following, so that said section, as amended, shall read as follows:

Sec. 17. The legislature may authorize the issuing of bonds not exceeding sixteen million dollars in amount at any one time, payable within forty-one years, except that all bonds issued under authority of this resolve during and after the years nineteen hundred twenty-five shall be payable within fifteen years, at a rate of interest not exceeding five per centum per annum, payable semi-annually, which bonds or their proceeds, shall be devoted solely to the building of state highways and interstate, intrastate and international bridges; provided, however, that bonds issued and outstanding under the authority of this section shall never, in the aggregate, exceed sixteen million dollars, which bonds issued during or after the year nineteen hundred twenty-five shall be serial and when paid at maturity, or otherwise retired, shall not be re-issued; the expenditure of said money to be divided equitably among the several counties of the state."

See Chapter 118, Resolves of 1925.

Each of these resolves provided that the inhabitants of the state should give in their votes upon the amendment proposed on the second Monday in September next following the passage, and each of the resolves provided that the amendment, if approved by a majority of the inhabitants voting, should become a part of the constitution on the date of the proclamation by the governor. In accordance with these two resolves, a special election was held upon September 14, 1925, on which date the inhabitants of Maine overwhelmingly adopted and approved each of the two foregoing proposed constitutional amendments. The fact that each of the amendments were so favored by the citizens of Maine, was made known by the Governor in his proclamation dated October 1, 1925, on which date each became "a part of the constitution".

In answer to your inquiry relative to the construction of these two amendments, this department makes the following reply:

An amendment is *proposed* by the legislature and *adopted* by the people. The legislature can only propose. The people adopt or reject the amendments as proposed by the legislature. The question is, what is the effect of these two proposals so adopted by the people? These proposals have two distinct purposes. First, an increase in the limitation of the borrowing capacity of the state for the construction of roads and bridges in general;

and second, the issuing of bonds for the construction of a particular bridge across the Kennebec River at Bath, Maine. One of the adopted paragraphs provided for no increase in the general borrowing capacity but was proposed solely to permit an issue of bonds for the construction of the Kennebec Bridge, so-called. The other proposal related only to the increase of the borrowing capacity for general highway and bridge purposes.

It is obvious that the legislature proposed and the people adopted changes in the constitution, permitting the legislature to increase from ten million to sixteen million of dollars the bonded debt for the construction of highways and bridges; and in addition thereto to provide specifically for the issuance of bonds not exceeding three million dollars, the proceeds from the sale of which to be used in the construction of a bridge at Bath. The intent of both the legislature and the people becomes plainly apparent when it is remembered that Section 17 of the constitution, as it existed prior to the date of the proposed changes by the legislature, provided only for the issuance of bonds not exceeding ten million dollars for the building of state highways and bridges. It was desired to increase this amount by one resolve, and to add to it the right of the legislature to issue bonds for the building of a specific bridge by the other. From a legal standpoint there is nothing inconsistent in these two amendments to Section 17, thus proposed at the same session of the legislature, adopted by the people on the same day, and simultaneously proclaimed by the Governor to have become a part of the constitution.

The objection raised in the public press, that the resolution printed as Chapter 118 of the Resolves of 1926 struck out all of the matter contained in resolution printed as Chapter 71 of the Resolves of 1925, is groundless, because both resolves were adopted by the people at identically the same time. "A constitution is to be interpreted by the spirit which vivified and not by the letter which killeth", and it should be construed in the same manner and spirit in which it was produced. The effect of the adoption of Chapter 118 could not be to strike out Chapter 71 because the people by their votes then adopted Chapter 71. In the one instance the only matter adopted was the authorization of three million for the Kennebec Bridge, and in the other the

change from ten million to sixteen million. The clause "striking out" appearing in Chapter 118 of the Resolves of 1925 necessarily refers to Section 17 as it existed previous to the day of adoption of Chapters 118 and 71, and which had fixed a limit of ten million for general highway construction.

The clear and apparent reason for the form of these separate resolves is that the legislature did not desire to unfairly present to the people one resolve containing both proposed constitutional changes, and therefore, made the two proposals in such a manner that the people might adopt or reject either or both. If any evidence were needed, beyond the resolves themselves, to establish this fact, one has to turn to Chapter 89 of the Special Acts of 1925, which provides for building a bridge between Bath and Woolwich,—the act being contingently effective on adoption by the people of the resolve authorizing bonds for the same,—and to Chapter 203 of the Public Laws of 1925, which provides for an additional issue of bonds for general highway construction,—if the people shall approve the proposed constitutional change of "ten to sixteen".

It is true that the resolution printed as Chapter 118, in proposing the amendment of ten to sixteen used the words "further amended", but this phrase was never used or adopted by the people as referring to Chapter 71 providing for the bridge bonds, because under our system of voting, it is humanly possible to determine only that Resolution 71 and Resolution 118, voted on together and on the same ballot, were adopted by the voters at one and the same time.

It is the unqualified opinion of this department, for the reasons above stated, that when the polls closed on the date of the special election, the people intended to adopt the two legislative proposals to amend Section 17 of Article 9 of the constitution. These two proposals thus adopted increased the authority for general highway bond issues from ten million to sixteen million, and in addition thereto provided three million for the Bath Bridge,—an authorized total of nineteen millions of dollars for both puposes.

Respectfully,

RAYMOND FELLOWS,

Attorney General.

April 14, 1925.

*Dr. S. E. Vosburg, Supt. Maine School for Feeble Minded, West
Pownal, Maine.*

DEAR DOCTOR:

In re Power of Trustees to Discharge Inmates of the School for Feeble Minded.

We understand that it is the case of Janette Gurney of Augusta, that requires an opinion from this department at this time.

It appears that this girl was committed a few years ago from the Municipal Court of this city to the State School for Girls at Hallowell under the provisions of Section 20 of Chapter 144 of the Revised Statutes, as amended by Chapter 55 of the Public Laws of 1921. Somewhat later, it was determined by the trustees of the Juvenile Institution that this girl was feeble minded and consequently she was transferred by said trustees to the Maine School for the Feeble Minded under the provisions of Section 4 of Chapter 130 of the Public Laws of 1917. The last paragraph of Section 4 provides that upon the delivery of the girl to the officers of the Maine School for the Feeble Minded, together with the original mittimus and certificates therein provided, it shall be the duty of the officers of the Maine School for the Feeble Minded to receive such girl, and thereafter the trustees of the Juvenile Institutions shall cease to have any authority over such girl, and the hospital trustees shall have the same authority over said girl as they would have if she had been originally committed to the Maine School for Feeble Minded.

In Section 50 of Chapter 145 of the Revised Statutes, it is provided that "Any inmate of the school may be discharged by a majority of the trustees or by a Justice of the Supreme Judicial Court, or of either Superior Court, whenever a further detention in such school in their opinion is unnecessary; but any person so discharged who was under sentence of imprisonment at the time of his commitment, the period of which shall not have expired, shall be committed or remanded to prison for such unexpired time."

Chapter 160, Public Laws of 1923, amending Chapter 139

of the Revised Statutes, evidently related to the transfer of insane or feeble minded persons from the various institutions therein mentioned, to the insane hospitals or the school for feeble minded, but does not repeal or modify Section 50 of Chapter 145, Revised Statutes, relating to the discharge of inmates of the said school. It is, therefore, our opinion that an inmate may be discharged in accordance with the provisions of Section 50, Chapter 145, Revised Statutes.

Very truly yours,

SANFORD L. FOGG,
Deputy Attorney General.

July 31, 1925.

*C. F. Kendall, Commissioner, State Department of Health,
Augusta, Maine.*

DEAR DR. KENDALL: Answering your letter of July 28th, in which you ask the opinion of this department whether or not the road side lunch places should be licensed under the provisions of the innholders and victualers law.

The law relating to innholders and victualers is a very old statute and as far as it relates to innholders it concerns those who hold themselves out as furnishing lodging, food and entertainment to all who apply. The victualer is a person who attempts to do all that the innholder can do except furnishing lodging and his business is to furnish such to all who apply.

It is our opinion that the roadside lunch place, tea room etc., many of which are in existence now, do not come within the provisions of the statute to which you refer. As indicative of the construction placed on this innholders and victualers act, we find in the statutes a later law providing that the municipal officers may license persons who desire to maintain a lunch wagon. This latter act being passed in 1909 and is now Section 30 of Chapter 31 of the Revised Statutes. It was evident then that the innholders and victualers law did not apply to the person desiring to conduct a lunch wagon.

In case it is thought wise to have the roadside store placed

within the power of the municipal officers to license, it is my opinion that a special act of the legislature is necessary.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

February 25, 1926.

C. F. Kendall, M. D., Health Commissioner, Augusta, Maine.

DEAR SIR: I am pleased to acknowledge receipt of your letter of February 23rd, in regard to the signing of birth and death certificates.

Section 19 of Chapter 64 of the Revised Statutes, provides that the attending physician, accoucher, midwife or other person in charge, who shall attend the birth of any child, living or stillborn, within the limits of any town or city within this state, shall report to the clerk of such town or city within six days thereafter all the facts regarding such birth, as required by Section 18. From this it is evident that the osteopath, et als, mentioned in your letter can report the facts.

Section 21 of said chapter provides that a physician who has attended a person during his last illness shall within twenty-four hours after the death of said person, make a certificate, etc. It will be noticed that a physician must make a certificate.

As far as I have been able to ascertain our court has never decided as to whether or not one practicing chiropractic or osteopathy can properly be called a physician. It has been held in other states that the word "physician" in the statutes with reference to the practice of medicine does not include an osteopath, as osteopathy teaches neither therapeutics, materia medica, surgery, nor bacteriology, but rests entirely upon the manipulation of the body for the cure of the disease.

Consequently there is some doubt as to the right of the osteopath, et als, to sign death certificates.

Section 24 of said Chapter 64, provides that whenever any deceased person did not have the attendance of a physician in his or her last sickness, the town clerk may issue and sign a certificate of death upon presentation of such facts as may be obtained from relative or persons in attendance on said deceased

person during his last sickness or present at the time of death.

It is my opinion that in order to avoid any question as to whether or not the requirements of the statute have been fulfilled as regarding the certificate of death, it would be advisable, where chiropractor or osteopath is in attendance during the last sickness and at the decease of a person, to have the clerk make and sign the certificate in accordance with the provisions of Section 24.

Very truly yours,

SANFORD L. FOGG,

Deputy Attorney General.

September 16, 1926.

C. F. Kendall, Commissioner, Health Department, Augusta, Maine.

DEAR SIR: In answer to your inquiry of September 9th, regarding quarantine regulations, I am pleased to inform you that it is my opinion that a person who has actual notice of the quarantine and leaves the house or place of quarantine, violates the law, and action can be taken against such person under the provisions of law relating to quarantine.

Actual notice is the test, whether such notice be given orally, in writing or by placard.

Very truly yours,

SANFORD L. FOGG,

Deputy Attorney General.

March, 19, 1925.

State Highway Commission, Augusta, Maine.

GENTLEMEN: In answer to your letter of March 12th, regarding the taking of gravel from shores of Grand Lake near "Peter Dana's Point", so-called, in the Indian Reservation, there appears to be no direct authorization by statute regarding this matter, but Section 46 of Chapter 14 of the Revised Statutes, provides that:

"The governor and council may, at the expense of the state, and for the benefit of the Passamaquoddy Tribe, lease or sell the whole

or any part of the Indian Township, on such terms as they deem just, and all sums received from such leases or sales shall be credited to the funds of said tribe."

We have no doubt that under this provision of statute, the Governor and Council would have the right to grant the State Highway Commission the right to take gravel from this Point, fixing the compensation therefor at whatever would seem right and credit the amount received to the funds of the tribe.

We would suggest that in case you desire to secure this gravel, you make application to the Governor and Council who evidently have authority in the premises.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

April 27, 1925.

Earl L. Russell, Esq., 85 Exchange St., Portland, Maine.

DEAR SIR: The State Highway Commission has handed this department your letter of April 10th, and also the petition of Marcia Moses to the State Highway Commission. We understand from the Commission that the petition relates to the change of grade of a third class highway, and relates to the assessment of damages.

Section 5 of Chapter 25, Revised Statutes, classifies highway in three general classes. First, State highways, second, aid highways, and third, third class highways, which shall mean all other highways not included in the two classes above mentioned, that is, state and state aid highways.

Section 13 of Chapter 25, Revised Statutes, provides for the assessment of damages with reference to the location and alteration of state or state aid highways, and provides that a person injured by the construction may within six months apply in writing to the Commission setting forth the injury, and the Commission shall thereupon build such way and assess the damages, if any, that have been occasioned thereby etc.

We fail to find any requirement of statute whereby the State Highway Commission is called upon to assess damages relating to the widening or changing of grade of a third class highway.

It is our opinion that damages must be assessed either by the municipal officers or the county commissioners with reference to the construction of such roads.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

May 19, 1926.

State Highway Commission, Augusta, Maine.

GENTLEMEN: In re Farmingdale "Detour Road".

I am pleased to acknowledge the receipt of your letter of the 17th, with enclosures, regarding the policy of the State Highway Commission concerning detour roads around state highway construction work, and the order of the Governor and Council relating to the case of "detours" during 1921.

In your letter you state: "It would seem to me that the commission have perfect authority under the provisions of Section 6, Chapter 25, Revised Statutes, to make and enforce rules and regulations similar to the enclosed." By this you refer to the requirement that the town shall assume and pay one-half the expense of construction and maintenance of necessary detours while state highway construction work is being carried on.

I assume that your understanding is based on the first paragraph of Section 6 of said Chapter 25, Revised Statutes, wherein it is provided that "the commission may from time to time make and shall enforce rules and regulations relating to construction and maintenance of all state and state aid highways".

The foregoing powers of the commission are made "subject to the provisions of this chapter".

It was further provided in the aforesaid section that "the commission may establish detour roads during construction or repair of state or state aid highways, and may authorize the expenditure of such sums as it deems necessary to make the same safe for travel." The authority thus granted was merely permissive related to state aid as well as to state highways.

By Chapter 258 of the Public Laws of 1917, which was amendatory of said Chapter 25, Revised Statutes, the matter of

providing necessary detour roads was made mandatory and limited to state highway construction.

"Whenever it becomes necessary to close a state highway to travel on account of construction, before such state highway is closed the commission shall establish the most practical detour road around the state highway to be constructed, have the same properly signed at all intersecting roads or streets indicating the principal town or city in either direction and cause the detour road to be put in proper condition to withstand the travel and maintained in such condition until the state highway being constructed is open to travel. If the commission neglects to so sign, establish or maintain such detour road the same shall be done by order of the governor and council."

From all the foregoing, it clearly appeared to be the duty of the commission and in case of their neglect, the duty of the governor and council to establish and maintain in connection with state highway construction, a detour road whenever it is necessary to close a state highway to travel on account of such construction.

The detour is evidently considered a part of the state highway construction and that the cost of same may properly be charged as an expense incidental to such construction. I do not find in the statutes any provision whereby a town or city can be charged any part of such detour construction.

It is, therefore, my opinion that the town of Farmingdale cannot lawfully be held, to pay any part of the detour rendered necessary by the closing of the state highway through said town on account of its construction.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

April 9, 1925.

To the House of Representatives of the State of Maine.

In response to your order of April 8, 1925, asking the opinion of the Attorney General as to whether the Governor and Council were legally authorized to adopt a policy by which no state highway shall be constructed in any town unless such town shall in advance agree to bear one-half of the expense of detours as provided in order of the Governor and Council, No. 88, dated March 23, 1921, I hereby submit the following answer.

Section 6 of Chapter 25 of the Revised Statutes, as amended by Chapter 258 of the Public Laws of 1917, and further amended by Chapter 215 of the Public Laws of 1921, provides that:

"Whenever it becomes necessary to close a state highway to travel on account of construction, before such state highway is closed the commission shall establish the most practical detour road around the state highway to be constructed, have the same properly signed at all intersecting roads or streets indicating the principal town or city in either direction and cause the detour road to be put in proper condition to withstand the travel and maintained in such condition until the state highway being constructed is open to travel."

The statute says that the Commission shall establish the most practical detours whenever a state highway is closed, and cause the detour to be put in proper condition to withstand the travel and maintain the same in such condition until the main highway is open to travel. The original act establishing the State Highway Commission, Chapter 130, Section 7 of the Laws of 1913, provided that "the Commission may establish detour roads during the construction and repair of state or state aid highways, and may authorize the expenditure of such sums as it deems necessary to make the same safe for travel."

There is nothing said in the original law, nor does the statutes, as amended, permit the passage of a council order "that no state highway shall be built in any town which will not enter into written agreement with the State Highway Commission for putting detours into suitable condition and for their constant care", as stated in the order of March 23, 1921.

Chapter 25 of the Revised Statutes, as amended, defined and fixes the duties of the Governor and Council and the duties of the Commission, in regard to construction and maintenance of state and state aid highways. The "general policy" is established by the legislature, and it is not the province of the Governor and Council to pass any orders contrary to the constitution, and the laws passed by the legislature.

It might be legal and desirable, for a town to enter into a contract with the Commission to pay a portion of the cost of a certain detour, but it was not the intention of the legislature to limit the building of state highways only to those towns who were willing to enter into an agreement to pay half the cost of any or all detours within the town.

The answer to the question is, therefore, that the Governor and Council were not legally authorized to establish such a general policy.

Respectfully submitted,

RAYMOND FELLOWS,
Attorney General.

July 15, 1925.

S. N. Tobey, Esq., Treasurer, Augusta State Hospital, Augusta, Maine.

DEAR MR. TOBEY: In your letter of July 2nd, you ask for an "opinion regarding the case of Alexander E. Edgecomb, a patient in this institution, who has at a bank in Saco the sum of \$209.00, whether or not, when this money comes into my hands, as treasurer of this institution, I can apply the whole or any part of it to liquidate said patient's board in this institution."

Section 30 of Chapter 145 of the Revised Statutes provides that "the state may recover from the insane, if able, or other persons legally liable for his support, the reasonable expenses of his support in either insane hospital."

Under this statute, you undoubtedly have the right to recover from the insane provided he had money or property for the reasonable expense of his support and maintenance. In view of this provision of the law, it is my opinion that when money belonging to the insane person comes into your hands as treasurer, you can safely apply whatever is necessary of the same to liquidate the patient's board in the institution.

In cases where the insane person has quite an amount of property, I think it would be perhaps best that a guardian should be appointed and it would then be his duty to look after the payments to the hospital for the expenses and care of his ward.

Trusting that the foregoing will give you the information you desire, I am,

Yours very truly,

SANFORD L. FOGG,
Deputy Attorney General.

July 15, 1925.

*Hon. Charles E. Gurney, Chairman, Public Utilities Commission,
Augusta, Maine.*

DEAR BROTHER GURNEY: In your letter of July 14th, referring to Chapter 167 of the Public Laws of 1925, you ask whether: "Section 6, which requires the keeping of accurate records and other statistics of operation, becomes effective at once, or whether it, like the provisions 'applying to registration of motor vehicles and trailers' enumerated from Section 7 to 14, does not become effective until January 1st, 1926?"

Section 16 of said Chapter provides "this act shall apply to registration of motor vehicles and trailers for the year nineteen hundred and twenty-six and for subsequent years, but not for the year nineteen hundred and twenty-five."

The provisions of the act relating to registration are contained in sections subsequent to Section 6, consequently, it is my opinion that the provisions of Section 6, became effective July 11th.

Had it been the legislative intent to apply the provisions of Section 16 to Section 6, it is fair to infer that the usual words would have been used, "This act shall not take effect (or become effective) until January 1, 1926."

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

April 27, 1926.

*Hon. Charles E. Gurney, Chairman, Public Utilities Commission,
Augusta, Maine.*

DEAR SIR: I am in receipt of your favor of the 15th, inst., in which you ask for an interpretation of certain provisions of Chapter 211 of the Public Laws of 1923, as amended by Chapter 167 of the Public Laws of 1925, in respect to the following:

"'A' is employed in a mill ten miles from his home. He is the owner of a seven passenger Buick. On days when the mill is operating he goes to his work taking with him as fellow passengers six of his neighbors who are fellow workmen in the same mill. They pay him for such service a price agreed upon,

arrived at by estimating the cost of operating the car for that distance. This would necessarily vary with the rising and falling prices of oil and gasoline. This car is not open to the public generally, unless it be required to be available, to the public by reason of the fact that he is operating under Chapter 211, which is precisely the point we desire to have you rule upon. The man publishes no schedules indicating time of departure or arrival or price for the journey, although it is a fact that he runs regularly over the same route on every day that the mill is in operation and on some Sundays when repair work on the mill is needed to be done, his time of departure and arrival being governed by the mill schedule, etc."

You especially ask "under such circumstances, does he come within the provisions of Chapter 211 of the Laws of 1923, as amended, and does he require from this Commission a certificate permitting the operation of a car as aforesaid?"

There is no intimation in the law itself nor in the legislative proceedings for its enactment, which clearly indicates the legislative intention. I do not find that the courts have ever passed upon this or a similar case. From the facts as stated, it appears that the owner of the car primarily operates same for his own use in his business and only carries his neighbors as an accommodation, they paying therefor their part of the exact cost.

There appears to be no indication that the owner thus operating the car does so at a profit, nor does he accept the public generally as passengers; it further appears that he runs his car only when the mill is in operation and that his time of departure and arrival is governed by the mill schedule. He is not a common carrier of passengers, because to constitute himself a common carrier, "it is necessary that he hold himself out to the public as engaged in the business of carrying passengers."

"The fact that the owner of a private automobile hires it to certain friends but not to everybody does not indicate that his automobile is devoted to the business of a common carrier."

Section 1, Public Laws of 1923, Chapter 211, provides "the public utilities commission shall have jurisdiction over every person, firm or corporation operating any motor vehicle upon any public street or highway for the carrying of passengers for hire etc."

It is my opinion that it was the intention of the legislature in this enactment to make it apply to him and him only who operates his car primarily for the carriage of passengers for hire, in other words, as a common carrier who obligates himself to "serve all without discrimination".

It has been held that the test in determining who are passengers, "is whether the person desiring passage in good faith offers himself for the purpose of being carried as a passenger, and whether he is as such accepted and received by the carrier who undertakes to transport him."

The facts as disclosed in this case do not appear to meet the requirements of this test because,

(1) The person operating the car is not a common carrier.

(2) The arrangement between the parties interested appears to be of a reciprocal nature.

They are in the nature of companions, co-workers, rather than as carrier and passengers. The legislature evidently intended to protect the public by requiring the carrier operating a motor vehicle to secure insurance or a surety bond which shall indemnify the insured against any legal liability for personal injury, etc., caused by the use or operation of the motor vehicle described in the insurance contract and also a certificate permitting the operation of said vehicle.

In my opinion it was not the intention of the legislature to subject the person you mention to the expense necessarily incurred in procuring the insurance contemplated in the act, his undertaking evidently being for accommodation and without profit. Of course, the meaning of this act is a question of fact for your Commission.

Yours very truly,

SANFORD L. FOGG,

Deputy Attorney General.

October 23, 1926.

Mr. Horatio D. Crie, Director, Sea and Shore Fisheries Commission, Rockland, Maine.

DEAR MR. CRIE: Section 21 of Chapter 45 of the Revised Statutes permits the Commissioner, in his discretion, on sufficient

evidence, to restore a license revoked by him, and if he refuses the license may be restored by the court on proper evidence. Section 17 of the same chapter, however, as amended by Chapter 98 of the Laws of 1921, expressly states that any person, firm or corporation that violates any of the provisions of that section, or is convicted of any violation of any law relating to lobsters, shall not be entitled to a renewal for a period of one year. It is my opinion that Chapter 98 of the Laws of 1921 would control, as it is the later statute. The legislature evidently intended that no person should have a renewal of the license for at least one year if he had been convicted of the violation of any law.

Yours very truly,

RAYMOND FELLOWS,

Attorney General.

February 25, 1925.

Hon. Frank W. Ball, Secretary of State, Augusta, Maine.

DEAR SIR:

In re Short Term Registration of Motor vehicles to Non-residents as Provided in Section 34, Chapter 211, Public Laws of 1921.

The first inquiry propounded by you is:

"Acting under this provision can the secretary of state issue more than one short term registration to a non-resident in a calendar year?"

Our answer is in the negative, because no authority in the statute referred to is given the secretary of state to issue more than one short term registration in any one year.

Second inquiry:

"If the Secretary of State either rightfully or through error should issue more than one short term registration, as above stated, could the amounts paid for both of the short term registration be applied to the annual registration, providing the owner of the motor vehicle desired at a later period to take out an annual registration?"

Our answer to this question is likewise in the negative for the following reasons:

- a. Only one short term registration can rightfully be issued.
- b. The statute in providing for the payment of the difference between the fee for the short term and the fee required for the

annual registration uses the word "registration" instead of the word "registrations", thus indicating one and not two or more is meant.

Yours very truly,

SANFORD L. FOGG,
Deputy Attorney General.

April 13, 1925.

Hon. Frank W. Ball, Secretary of State, Augusta, Maine.

DEAR SIR: In answer to your question regarding the license required of a show known as a Wild West Show, I beg to advise you that in my opinion it was the intention of the legislature in enacting the act relating to travelling circuses to include what is commonly called wild west shows, which have many of the characteristics that circuses have, such as feats of horsemanship, a tent and many times a ring and presenting performances of such a character that can take place within a circle.

It is my opinion that you will be justified in requiring the show in question to pay a license in accordance with the provisions of Chapter 136 of the Public Laws of 1923.

Yours very truly,

SANFORD L. FOGG,
Deputy Attorney General.

December 17, 1925.

Hon. Frank W. Ball, Secretary of State, Augusta, Maine.

MY DEAR MR. BALL: There seems to be considerable doubt and difference of opinion in many parts of the State as to the meaning and application of Chapter 62 of the Public Laws of 1925, relating to primary elections, especially referring to the manner and time of making enrollment and the duties of boards of registration concerning same.

It has been suggested that, as it is a State-wide matter, this department file with you an opinion stating our understanding of enrollment requirements.

Sections eleven, twelve, thirteen and thirty-eight of Chapter 6 of the Revised Statutes are amended by Chapter 62 of the Public

Laws of 1925. The only radical or material changes made by the new law are;

1. Providing for uniform enrollment in all cities, towns and plantations, thereby making it necessary for the legally qualified voters to be enrolled before voting at a primary election.

2. Requiring such enrollment to be with a board of registration instead of with city or town clerks. (In towns and plantations the municipal officers act as such registration boards.)

3. Making the provisions of said Section 38 applicable to primary elections as well as to political caucuses.

Said Section 38, as amended, provides that "any person who is a legal voter may enroll himself as a member of any political party by filing with the board of registration of voters of the city, town or plantation of which he is a legal voter, a declaration in writing, signed by him, substantially as follows:

"I.....being a legal voter of..... hereby elect to be enrolled as a member of the..... party.

The following statement of name, residence, place of last enrollment, if any, and party of enrollment, if any, is true."

The law does not specify in what manner the voter shall file his declaration, it says in effect that he may enroll himself by filing with the board of registration a declaration in writing signed by him.

It is my opinion that it is not necessary for the voter to appear before the board of registration in order to file his enrollment; he may cause his declaration to be delivered to the board by mail or otherwise, and when the same is received, it becomes the duty of the board to enter his name on the enrollment list, according to his party designation.

The foregoing applies not only to voters who are enrolling for the first time in the precinct or municipality but also to the voter already enrolled who desires to make a new enrollment.

In case of the voter changing his previous enrollment, by making a new one, he will not be allowed to vote at any primary election within the next six months following said enrollment.

From the foregoing, it is evident that a person who is a legal voter may enroll himself as a member of any political party by filing with the board of registration, at any time before the day of a primary election, the aforesaid declaration; voters entitled

to enrollment, may also be enrolled during the primary election after subscribing and making oath before a registration board to the statement as required by Section 39 of Chapter 6 of the Revised Statutes. A suitable number of such statements shall be furnished at each voting place by the city, town or plantation.

In order to avoid possible confusion and delay at the polls, it is advisable for those voters who can conveniently do so, to make their enrollment prior to election day.

Yours very truly,

Sanford L. Fogg,
Deputy Attorney General.

March 23, 1925.

*Rev. E. W. Webber, Superintendent, State School for Girls,
Hallowell, Maine.*

DEAR MR. WEBBER: Section 20, Chapter 144, Revised Statutes as amended by Chapter 130, Section 2, Public Laws of 1917, provides that any girl between the ages of nine and seventeen years, when she is leading an idle or vicious life or is found in manifest danger of falling into habits of vice or immorality may be committed to the custody and guardianship of the officers of the State School for Girls, during her minority unless sooner discharged by process of law.

This Section seems to make it obligatory on the officers of the School to receive the girl committed under this section and retain her during her minority, unless discharged by some legal process, subject, however, to the provisions of Sections 3, 4 and 5 of said Chapter 130, Public Laws of 1917.

Section 3 provides that any incorrigible girl sixteen years of age and over may be transferred to the Reformatory for Women by the Trustees of the School.

Section 4 provides that any girl who is feeble minded when committed or becomes feeble minded after her commitment, may be transferred by the trustees to the Maine School for Feeble Minded.

Section 5 provides that any girl now under the guardianship of the School or who may thereafter be committed there who is insane or who after her commitment becomes insane may be

transferred by the trustees to either of the State Hospitals for the Insane.

Section 23 of Chapter 144 of the Revised Statutes, provides that "on complaint to a Trial Justice or municipal or police court of the county, that a girl of the age herein limited has been guilty of an offense punishable by fine or imprisonment, other than imprisonment for life, such justice or court may so far examine into the case as to satisfy himself whether she is suitable subject for commitment to said school, and if he so decides, he may thereupon suspend the case and certify accordingly, and order her to be committed to the guardianship of said school during her minority, unless sooner discharged by process of law."

Section 24 of the same chapter provides that, "If a girl of the age herein limited is found guilty of an offense punishable with fine or imprisonment, other than imprisonment for life, she may be sentenced in the alternative to the aforesaid school, or if not received therein, or if discharged therefrom for misbehavior, to such punishment as the law provides for like offenses."

Section 25 of the same chapter provides that, "The trustees may refuse to receive any girl committed to said school under the two preceding sections, or may discharge any girl whose continuance, by reason of her vicious example and influence or other misconduct, is in their opinion prejudicial to the school, or who for any reason ought not to be retained therein."

The foregoing seems to be the law applicable to the questions you raise. Girls committed under the provisions of Section 20 of Chapter 144, as amended, would have to be received into the school and there retained until their minority, except that after sixteen, if they become incorrigible, they could be sent to the Women's Reformatory. If they were feeble minded at the time of commitment or became so afterwards, they could be sent at any time to the Home for Feeble Minded. In case of insanity, they could be sent to either of the Insane Hospitals.

In commitments to the school under Section 23 of Chapter 144 of the Revised Statutes, the trustees may refuse to receive a girl and if received may discharge her at any time when it is decided that her continuance in the school, by reason of her vicious example, or influence or other misconduct may be prejudicial to the school.

Trusting that the foregoing may give you the desired information,

I am,

Yours very truly,

SANFORD L. FOGG,
Deputy Attorney General.

TABLE A.

TABLE OF CRIMINAL STATISTICS—1924

The several county attorneys for their several counties made returns for the year ending November 1, 1924, of the following cases, which were entered in the law courts for said year and were disposed of as herein stated.

ANDROSCOGGIN COUNTY.

- State vs. Arthur alias Joseph Louis Laroche.
- State vs. Napoleon E. Martel.
- State vs. Frank Martel.
- State vs. Alphonse Gagne.
- State vs. Edward Gerard.
- State vs. Frank Messier.

AROOSTOOK COUNTY.

- State vs. Richard S. Verecker. Pending.

CUMBERLAND COUNTY

- State vs. George H. Gustin and Geneva Evans. Judgment for State.
- State vs. Lovito Baris. Judgment for State.
- State vs. Eastern Steamship Company. For effect. Judgment for Respondent.
- State vs. Joseph Gallant. Pending.
- State vs. Michael Kane. Judgment for State.
- State vs. Albert S. Conant. Pending.
- State vs. William A. Holland. Pending.
- State vs. Raymond S. Humes. Withdrawn. Respondent committed.
- State vs. Winfield Lamont. Pending.
- State vs. Arthur W. Libby. Pending.

FRANKLIN COUNTY.

State vs. Peter Forgione.

HANCOCK COUNTY.

None.

KENNEBEC COUNTY.

State vs. Lyman F. McCurdy. Judgment for the State.
State vs. Eugene Cline, Aplt. Judgment for the State.
State vs. Paul E. Rodrique, Aplt. Judgment for the State.
State vs. S. B. Ross, Aplt. Judgment for the State.
State vs. Jasper Bumford, Aplt. Judgment for the State.
State vs. Peter Carey, Aplt. Judgment for the State.
State vs. Louis Denis, Aplt. Judgment for the State.
State vs. Will H. Davis, Aplt. Judgment for the State.
State vs. Joseph Bolduc. In Law Court.
State vs. Charles H. Williams. In Law Court.
State vs. Emile Veilleux. In Law Court.
State vs. Arthur B. Winslow. In Law Court.

KNOX COUNTY.

State vs. Theodore Sweetland.
State vs. John Cheimesky.
State vs. Dan Sobel.

LINCOLN COUNTY.

State vs. Norman C. Dodge. Pending.
State vs. Cleveland P. Harvey. Pending.

OXFORD COUNTY.

State vs. Frank C. Brackett.

PENOBSCOT COUNTY.

None.

PISCATAQUIS COUNTY.

State vs. Robert Pease, otherwise known as Bob Pease, John Marshall, William J. Turner, Willard Parent, F. W. Ness and John Lucell. Exceptions of Pease, Parent and Lucell filed and allowed. Transcript of evidence filed. Respondents serving sentence in State Prison pending appeal.

SAGADAHOC COUNTY.

None.

SOMERSET COUNTY.

State vs. Trevor Hower. Appeal dismissed. Judgment for the State.

State vs. David Parent, Aplt. Pending.

State vs. Xavier Talbot. Pending.

WALDO COUNTY.

State vs. Freeman Harvey, Aplt.

State vs. Antonio Forgione, Aplt.

WASHINGTON COUNTY.

State vs. E. Millard Andrews. Filed motion for new trial. Case will be dismissed from Law Court.

YORK COUNTY.

State vs. Emile L. Cote. Judgment for the State.

State vs. John K. Crooker. Exceptions sustained.

State vs. George Papazran.
