During 1931, we have sent death transcripts to other states whose residents have died in Maine.

The first of every month during 1931 we have forwarded to Congressmen, Carroll L. Beedy, Donald B. Partridge, John E. Nelson and Donald F. Snow, the names and addresses of all mothers in their district giving birth to children during the preceding month, that they might receive the Child Welfare Literature, published by the U. S. Department of Labor.

Including our index cards, births, marriages and death records, we have over 65,000 cards to file during the year.

The following table exhibits the population of the several counties in 1890, 1900, 1910, 1920 and 1930 and the estimated population for 1931.
