Advertised meetings, as provided by law, have been held in the various counties during the years 1933 and 1934, and in addition, the writer has made personal investigations in a large number of the communities, where values and methods of arriving at values have been closely studied. The members of the Board of Equalization have given valuable assistance in many instances where inspections have been necessary. A decided effort, on the part of those charged with the activities of this Bureau, has been made during the past two years to gain all the information possible in relation to valuations in municipalities and in wild lands.

Local assessors each year appear to require more and more attention from this office, as local conditions become more and more complicated. The problems of these local men are numerous and serious, but with characteristic courage, combined with a high regard for public service, they have accomplished much for which the communities may be thankful.

The State Tax Assessor has attended meetings of the National Tax Association, and served as President of the New England Tax Officials Association. The Maine Municipal Officers and Assessors Association's annual meeting, held October 24 and 25, 1934, appeared to be unusually interesting and was well attended. From these three groups assembled, much information was acquired by the State Tax Assessor, which has proven to be of value in the administration of the tax affairs of the State.

As the tax burdens grow, greater service from the tax department is demanded. The people in every part of the State are giving thought and study to tax problems, which indicates a healthy interest in public affairs; and we, in common with other citizens, await with interest the report of the Special Tax Commission.

Respectfully submitted,

(Signed)

FRANK H. HOLLEY,  
*State Tax Assessor*
