Bureau of Taxation—Property Division,  
Augusta, Maine, December 1, 1940.

*To His Excellency, Lewis O. Barrows, Governor, and the  
Honorable Executive Council:*

*Gentlemen:*

In accordance with the Statutes of the State, we herewith submit for your consideration the Fiftieth Annual Report of the Bureau of Taxation—Property Division, including tabulations of statistics returned to us by all municipal boards of assessors throughout the State, as made by them on April first, 1940, and lists of all corporations on which taxes have been assessed during the present year.

The total valuation of the cities, towns and plantations on April first, 1940, as made and returned by the local boards of assessors is \$583,907,658, representing an increase of \$3,059,627 as compared with similar returns made on April first, 1939.

The following comparison is given of the counties in 1939 and 1940, exclusive of the unorganized townships:

## EXPENSE ACCOUNT OF WILD LANDS

Summarized expenditures of the Bureau of Taxation—Property Division for the period from July 1, 1938 to June 30, 1940, under resolve, chapter 116, Acts and Resolves of 1919 (as amended by C. 216, P. L. 1931), appropriating money for the purpose of obtaining information in regard to wild lands for the purposes of taxation.

Appropriation for July 1, 1938 to June 30, 1939	\$20,000.00	
Transferred to General Funds of the State . . . .	2,500.00	
		\$17,500.00

Unexpended balance . . . . .	3.94	
	\$17,500.00	\$17,500.00

Appropriation for July 1, 1939 to June 30, 1940	\$18,000.00	
Paid James W. Sewall, Forester, time and cash paid to crews engaged in exploring wild lands, also for making report and plans on same . . . . .	\$17,985.29	
Unexpended balance . . . . .	14.71	
	\$18,000.00	\$18,000.00

This Bureau is governed in its work relating to state valuation in the five hundred four municipalities by Section 8, Chapter 12, Revised Statutes which reads as follows:

“The Board of State Assessors shall equalize and adjust the assessment list of each town by adding to or deducting from it such amount as will make it equal to its just value.”

This equalization procedure is under the law a duty of

the Board of Equalization composed of three men with the State Tax Assessor as Chairman. Whenever after careful investigation and a reasonable survey, we find towns which appear to be valuing their property in excess of the just value, it becomes the duty of the Board to deduct from their local list such amount as will make it equal to its just value and by the same token if we find towns after a similar investigation and survey that are carrying values substantially under the just value, then we are obliged to add to their local list such amount as will make it equal to its just value.

State Valuation figures arrived at by this method are of course for state tax purposes and it is upon the basis of these figures that certain roads and school funds are distributed. Therefore, it becomes increasingly necessary from year to year to see to it that no towns are overburdened with an excessive state valuation and also that no towns are forcing their fair share of the state tax load upon other communities by a low state valuation. Equality is one of the cardinal principles of taxation. Absolute perfect equalization can probably never be attained but those employed in this Bureau who are given the task of surveying and analyzing town valuations have made great strides in arriving at a reasonable equalization program. With a meagre personnel and with an inadequate appropriation it must necessarily take longer to make an accurate analysis of valuations in the more than five hundred municipalities in Maine than it would take had we a larger organization, and it has been impossible to divide the state into property assessment districts as was apparently intended by the legislative act passed in 1939 entitled "An Act to Provide for Tax Equalization." We do feel nevertheless that curtailed as our program has been that we shall eventually reach the goal of reasonable equalization.

A decided cooperative spirit among practically all the local assessors has manifested itself when they clearly understand the purpose of the equalization provisions and from this group of officials we have received much assistance in carrying forward the program of fairly distributing the tax burden of Maine among its various municipalities.

*Board of Emergency Municipal Finance*

Under Chapter 284 of the Public Laws of 1933 as amended, the State Tax Assessor is Chairman of the Board of Emergency Municipal Finance. This new assignment has greatly increased the burdens placed upon the head of the Bureau of Taxation. Twelve municipalities are now being operated under the supervision of this Board and it seems that within a very few weeks several others will be added to the list. In many cases, circumstances over which citizens and the municipal officers apparently have little control are forcing organized towns and cities to seek state supervision as provided in this act. Should the load be increased by any substantial number of towns coming within the scope of this act, it would appear that some increase in personnel will be required.

*Deorganization*

Chapter 73 of the Public Laws of 1937 is another new duty given to the State Tax Assessor, and provides that when organized places surrender their charters and revert to wild land area that he shall be charged with the duty of final settlement of their affairs. There are several deorganized places which were in a serious condition when deorganization obtained. Much time and care is necessary in liquidating their assets such as tax liens, tax deeds, town owned property, etc. This duty has made a serious inroad into the time of the State Tax Assessor which heretofore could be given to the regular duties of the office, and it now appears that there will be more towns asking for the privilege of surrendering their charters. Hence, more work.

*Potato Tax*

The potato tax has been somewhat more expensive to administer because of a great increase in truck shipments. It is much easier from a standpoint of administration to make a reasonably accurate check on car shipments than it is on shipments by truck. Nevertheless it appears that administrative costs have been kept within the bounds of

reason and that our procedure in the collection of the potato tax has been constantly improving. Our receipts from the potato tax for the year 1938-39 were \$95,098.31, and for the year 1939-40, \$105,585.31.

### *Gasoline Tax*

The gasoline tax continues to show an increase from year to year and administrative costs have been kept at the minimum. While it may be possible that some amendments to our gasoline tax laws may be desirable yet it appears that this division has been proceeding in an orderly manner and when one realizes that approximately six million dollars are collected and approximately two hundred thousand dollars are refunded to innumerable users of gasoline which is by law exempt, it seems that we have been unusually fortunate in having no disturbances in this division.

### *Wild Land Unit*

The equalization program is being emphasized in the ten million acre wild land area of this state which is assessed direct by this office. We are constantly cruising lands in such volume as our appropriation allows for this purpose. Owners of land have generally shown a desire to cooperate with us. Probably our greatest problem from the standpoint of valuation is the so-called stripped land or land where the marketable crop has been greatly depleted by timber operations. It would appear that this type of land both in the unorganized territory and in the organized towns should be given some attention and serious study by the Legislature with the hope that the owners may carry this land over a period of years without an investment at the end of the carrying period far in excess of the value of the crop.

### *Taxes on Real Estate*

The State Tax Assessor re-affirms belief in a reduction of taxes on real estate. This opinion has been expressed in

nearly every report which has emanated from this office during the term of the present incumbent.

A very definite acquaintance gained over a period of years with the real estate situation in Maine leads us to believe that relief must come to this type of property owners soon, if we wish to avoid conditions which appear to be intensely serious. It is probably true that the farmers and real estate owners generally are carrying much more than their fair share of the public load as prescribed under our present tax structure.

To a hard-working office force who seem to have the best interests of the state at heart constantly, the State Tax Assessor acknowledges his indebtedness and to the other two members of the Board of Equalization who with their advice and counsel have helped to solve problems, a similar acknowledgment is made.

Respectfully submitted,

(Signed) FRANK H. HOLLEY,  
*State Tax Assessor.*
