STATE OF
MAINE

FINANCIAL
REPORT

For Period
July 1, 1945 to June 30, 1946

DEPARTMENT OF FINANCE
Bureau of Accounts and Control

H. H. HARRIS, ACTING STATE CONTROLLER

H. H. HARRIS
ACTING STATE CONTROLLER

State of Maine
Department of Finance
Bureau of Accounts and Control
Augusta, Maine

December 12, 1946

To Governor Horace Hildreth and
Members of the Executive Council

Gentlemen:

We submit herewith the annual report of the State Controller showing the financial condition of the several funds of the State of Maine as of June 30, 1946, and their financial operations for the year ended June 30, 1946.

This report is presented in compliance with Section 30, Chapter 14 of the Revised Statutes of 1944.

A handwritten signature in cursive script, appearing to read 'H. H. Harris'.

Acting State Controller

ERNST & ERNST

To Governor Horace Hildreth and
Members of the Executive Council:

We have examined the balance sheets of the various funds of the State of Maine as of June 30, 1946, and the statements of revenue and expenditures and unappropriated surplus for the fiscal year then ended, as prepared by the Acting State Controller for publication as required by Section 31, Chapter 14, of the Revised Statutes of 1944. In connection therewith we have reviewed the system of internal control, accounting procedures, and the available interim reports of the State Auditor and, without making a complete detailed audit of all transactions, have examined or tested accounting records of the State and other supporting evidence, by methods and to the extent we deemed appropriate.

Our examination is not entirely completed, and will not be until we have had the opportunity of reviewing the State Auditor's reports on his examination of the accounts which is now in progress.

In our opinion, subject to the foregoing limitation, the balance sheets and related statements of revenue and expenditures and unappropriated surplus present fairly the financial position of the various funds of the State of Maine at June 30, 1946, and summarize its financial and other transactions for the year then ended, in conformity with generally accepted governmental accounting principles.

A handwritten signature in cursive script that reads "Ernst & Ernst".

Portland, Maine, August 23, 1946.

GENERAL COMMENTS ON MAINE'S OPERATING FUNDS

Proceeds of Bond Issues Included in Revenues
\$227,157

Summary:

During the period ending June 30, 1946, the revenue of the State still continued to show an increase over the previous year. Expenditures were more than the previous year but the State as a whole shows an excess of revenues over expenditures of \$2,057,257, which is lower than last year by \$1,054,384.

The Liquor profit continued to rise and increased by approximately \$470,000 over the previous year and set a new record profit of \$7,177,496. Gasoline Tax also showed a substantial gain of \$1,426,206 over the previous year. Motor Vehicle and Drivers' Licenses also showed an increase.

There was a general increase in expenditures over the previous year with Highways and Bridges showing the largest increase amounting to \$1,657,972. The second largest increase was in Health and Welfare and Charities, amounting to \$990,155. Grants to Cities and Towns for Educational purposes increased \$958,000 over the previous year. All other accounts showed small increases so that the total increase for the year amounted to \$4,534,826.

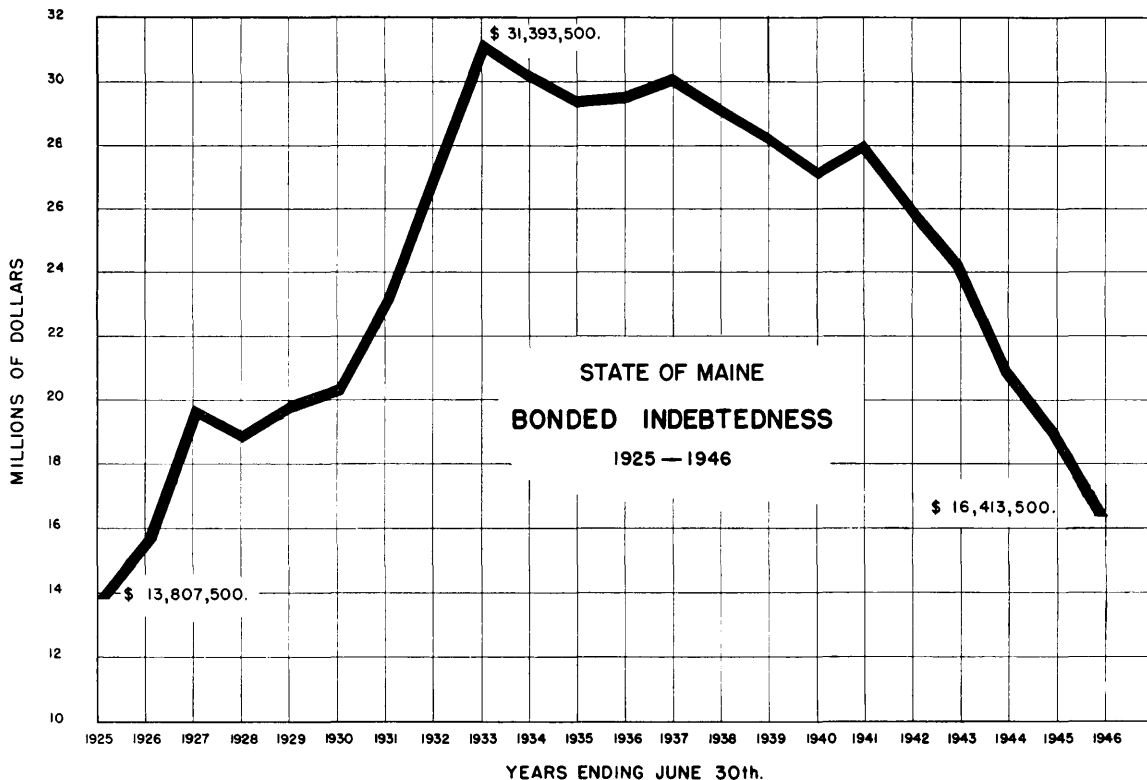

State Indebtedness:

The bonded indebtedness was reduced to \$16,413,500 or a reduction of \$2,639,000. This is the lowest figure since 1925.

There were \$600,000 4% bonds of the Waldo-Hancock Bridge called and refunded at 7/10% interest. This will result in a saving to the taxpayers of \$162,765. There was also called \$750,000 of Maine War Bonds.

At the year end the State had invested \$8,890,259 of short term United States Government bonds, thus producing revenue from excess cash.

Investments in U.S. Government Bonds

Earmarked Revenues:

A number of revenues were changed by law so that they do not accrue to the departments, but go to the General Fund to be available for general appropriations. The largest of these were in the Education Department and Cigarette and Racing revenues.

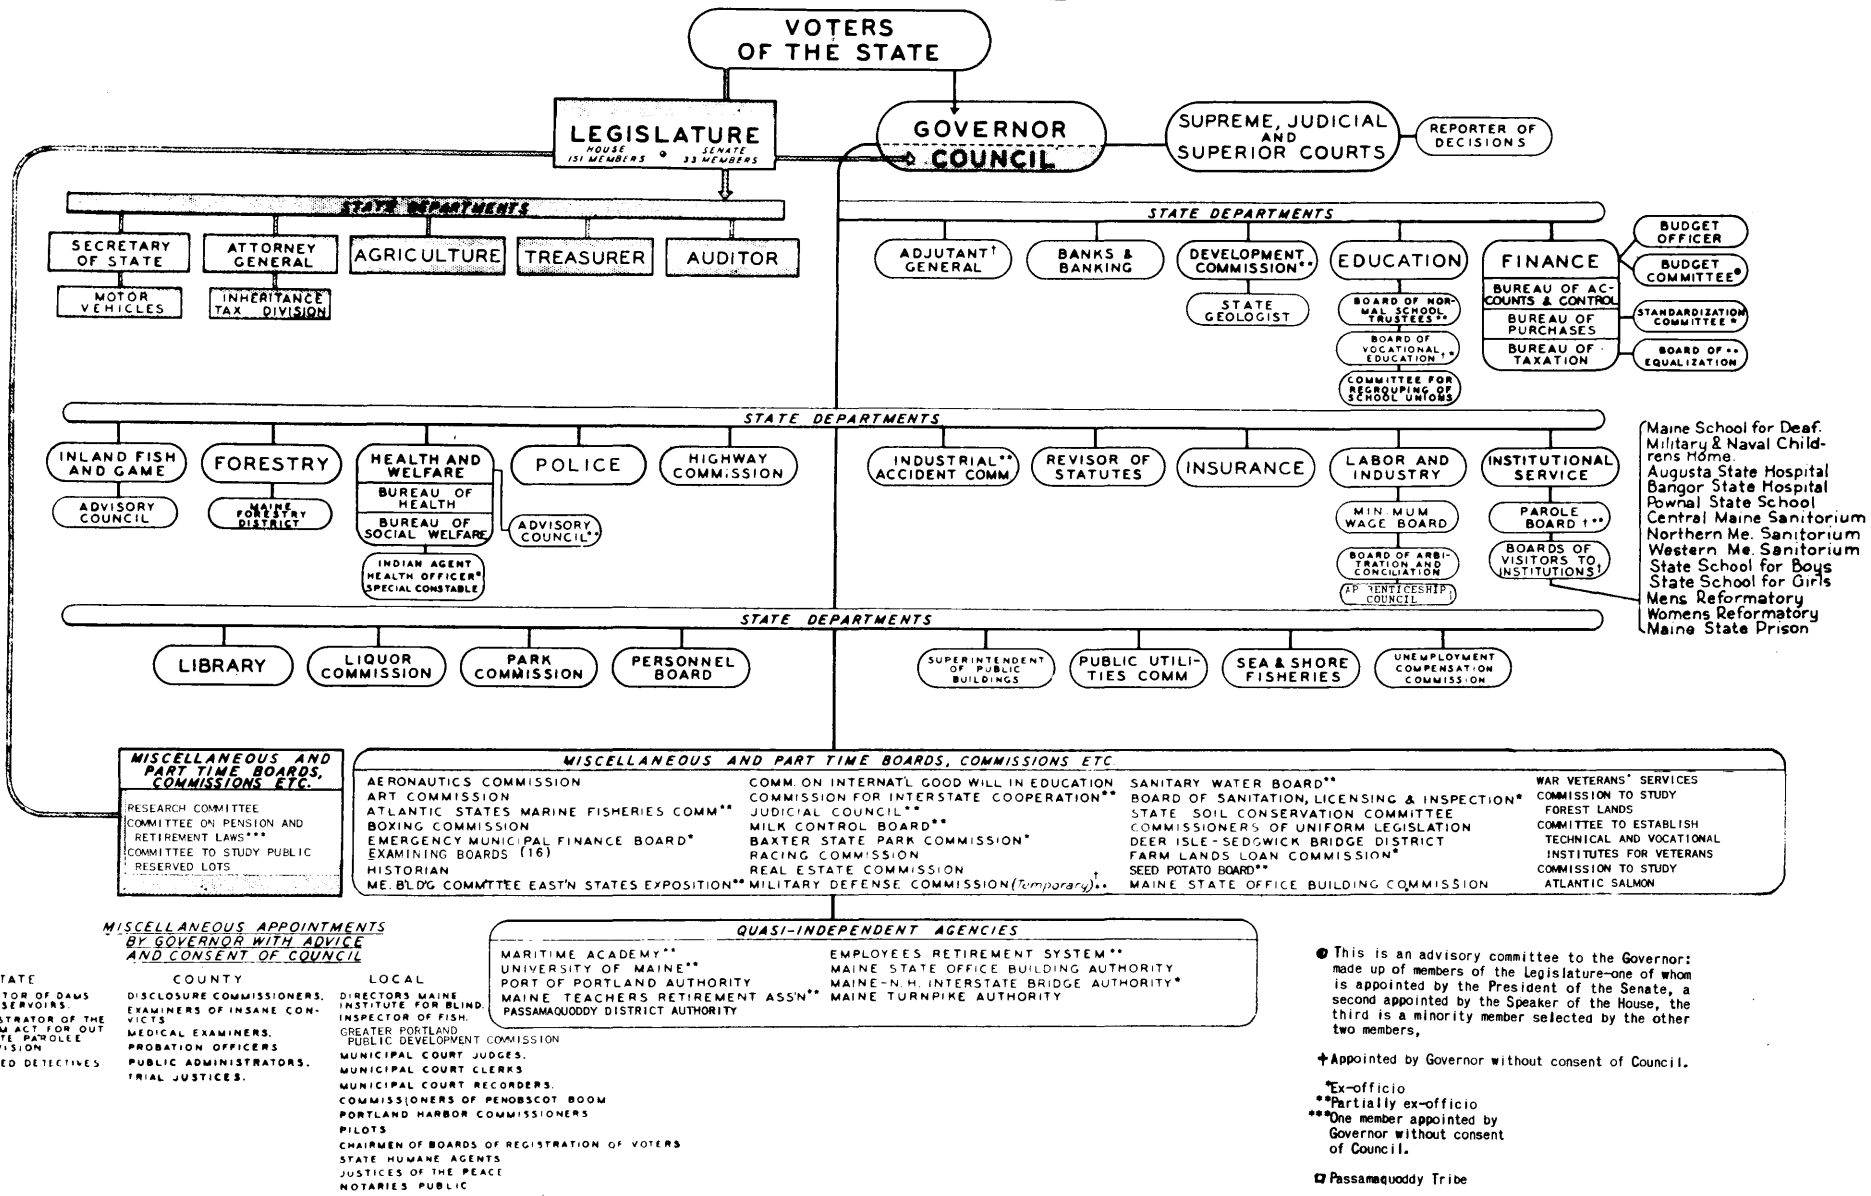

It should be emphasized that only the General Fund revenues and surplus are available for financing general operations of the State. Other revenues and surplus are restricted or dedicated to specific purposes by constitutional amendment or by statute.

It will be noted that the Unemployment Compensation Commission Fund has been omitted from the schedule of the State's Operating Funds. This was done as it was felt that the inclusion of this program tended to inflate the State's revenues and expenditures and the resulting balance was not usable for general purposes and should not be added to the combined operating funds balances.

Further details regarding the years operations will be found by individual funds and accounts.

Excess of Revenues over Expenditures	\$ 2,057,257		\$ 3,111,641	
Excess Applied as Follows:				
General Fund Surplus	\$ 1,546,787		\$ 2,928,413	
Highway Fund Surplus	291,793		244,565	
Special Revenue Funds—Reserve for Authorized				
Expenditures	90,710		103,839	
Bond Fund Reserve for Contingencies	127,967		(165,176)	
	\$ 2,057,257		\$ 3,111,641	

This schedule combines revenues and expenditures of the General Fund, Highway Fund, Other Special Revenue Funds and Proceeds of General Bond Issues with interfund revenues and expenditures eliminated. It does not include revenues and expenditures of Unemployment Compensation Fund, Public Service Enterprises, Working Capital Funds or Trust and Agency Funds.

This statement does not include expenditures of \$464,258 for the year ended June 30, 1946 and \$26,283 for the year ended June 30, 1945 charged against Appropriation from Unappropriated Surplus.

(A) The above bond maturities in the current year plus \$750,000 of State of Maine War Bonds called in advance of maturity together with maturities of Public Service Enterprises in amount of \$20,000 result in total debt retirement of \$2,639,000.

(B) Last year Cigarette Tax Division and Maine State Racing Commission were operated as Public Service Enterprises and the net profits of each were reflected in General Fund. This year both divisions are operated under General Fund and the revenue as above is gross.

Contingent Liability: Bonds of Deer Isle-Sedgwick Bridge—\$432,000.

- (A) This Balance Sheet includes inventories and fixed assets of Public Service Enterprises and Working Capital Funds only.
- (B) The General Fund includes bank stock after allowance for probable loss in realization; while in Trust Funds investments are carried at cost less ratable amortization of any premium paid.
- (C) No allowance is provided in Trust Funds for loss on impounded bank accounts estimated to total some \$88,000.
- (D) The following unusual or non-recurring appropriations, effective subsequent to June 30, 1946, made by the Special Session of the Legislature, from General Fund Unappropriated Surplus have not been reflected in the Balance Sheet.

**BONDS AUTHORIZED BUT UNISSUED
JULY 1, 1946**

Bonds Payable from Highway Fund	\$3,453,000
	<u>\$3,453,000</u>

The Maine State Office Building Authority and Maine Turnpike Authority have been authorized to issue bonds in unspecified amounts. These bonds will not be liabilities of the State and will be paid from rent paid by the State of Maine and from toll revenues, respectively.

The Private and Special Laws of 1945 authorized the reissue, during the biennium ending June 30, 1947, of \$3,453,000 in Highway and Bridge bonds for the purpose of raising funds to match Federal Aid Funds.

GENERAL FUND

The General Fund is used to account for all revenues not allocated to specific purposes by law. From the revenues accruing to the General Fund, appropriations are made by the Legislature for all governmental activities not financed by revenues received either from the Federal Government or from special groups and dedicated for specific purposes. Some of the appropriations are supplemented by revenues earmarked for specific purposes but in no case are these revenues sufficient to completely support the activity.

GENERAL FUND

Summary:

The years operations of the General Fund resulted in an excess of revenues over expenditures of \$1,546,787, a decrease of \$1,381,626 from last year. Although there was a net gain in the operation for the fiscal year, the General Fund surplus decreased \$2,571,973 over the previous year. The major decrease was due to appropriations made direct from Surplus for calling \$750,000 worth of bonds, Reserve for the Post War Public Works Reserve \$990,000, and increased appropriations for non-recurring expenditures \$1,044,426. The special legislative session also made special appropriations amounting to \$105,000, which will further decrease this surplus in the next fiscal year.

Revenues:

Revenues of the General Fund totaled \$24,355,085, of which \$19,416,624 was available for appropriation and \$4,938,461 was earmarked for departments. These revenues were \$1,739,850 more than last year, and \$1,455,122 more than budget estimates. Some of the larger increases in revenues were in Cigarette Tax, Liquor Profit and Hunting and Fishing Licenses. All of the above mentioned revenues were above the budget estimates.

Expenditures:

Total expenditures of the General Fund were \$22,808,298, an increase of \$3,121,476 over the previous year or \$181,130 over the budget. The increase in these expenditures, as can be seen, were nearly all anticipated in the budget. The largest increase was in the Health and Welfare and Charities Institutions and Education and Libraries. The above increases are attributed to increased price of commodities, personal services and increased costs of Old Age Assistance. In reviewing the expenditures by direct classification, Salaries and Wages show an increase of approximately \$426,463. Grants, Subsidies and Pensions, increased approximately \$2,160,000.

Total Miscellaneous	23,637	18,157	33,164
Total	\$3,486,206	\$2,522,312	\$2,386,041

Extraordinary and Non-recurring Expenditures:

As of the first of the fiscal year there was carried forward from the previous year \$912,655. To this amount there was added by appropriation from Unappropriated Surplus by the Legislature \$1,829,476 for capital construction. As it has been very difficult to obtain materials there was only \$404,258 of this spent, thus leaving a balance of \$2,278,084 to be carried forward to the next fiscal year.

Chapter 305 of the Public Laws of 1942 enacted during the Special Session of the 90th Legislature is for the purpose of creating the Maine Civilian Defense Corps and providing for the safety of the state in time of war. This act empowers and directs the governor to provide for the security, health and welfare of the people of the state, including the civilian defense of the state, and authorizes the governor, with the advice and consent of the council, to transfer to the Emergency War Fund any moneys in the general fund of the State that are not otherwise appropriated, and to expend such moneys for these purposes. This schedule shows the transfers authorized by the governor and council under these war powers and the expenditures made against these transfers.

PUBLIC ASSISTANCE STATISTICS

HIGHWAY FUND

Revenues from the gasoline tax, registration of motor vehicles and certain other revenues are restricted by law to use for highway and bridge construction and maintenance. From these revenues the Legislature makes appropriations for various activities of the Highway Commission. Any revenues not appropriated by the Legislature are available for allocation by the Highway Commission for certain limited purposes. Some highway appropriations are supplemented by revenues earmarked for specific purposes.

HIGHWAY FUND

This is the fourth year of Highway Operations which have been curtailed by the war or its aftermath, although this year there was a slight increase in the operations.

The year's operation resulted in an excess of revenues over expenditures of \$291,793 compared with \$244,565 of the previous year, and a net loss of \$2,109,412 as contemplated in the budget. This excess of revenues over expenditures, less an increase of \$1,136,469 in the Reserve for Authorized Expenditures, resulted in a reduction of surplus of \$839,168.

No highway bonds were issued during the year and \$1,724,000 were retired. No Highway Bonds outstanding are callable. Highway debt service requirements from 1934, the year of highest interest costs, until the debt is retired are shown below.

Does not include bonds issued for construction of toll bridges.

No Highway Bonds outstanding are callable.

Revenues:

The total revenues of the Highway Fund amounted to \$11,381,384, or an increase of approximately \$1,700,000 over last year and approximately \$1,000,000 over the budget. Of this amount \$979,323 was earmarked for specific purposes within the department, the remaining \$10,402,061 was available for General Highway appropriations.

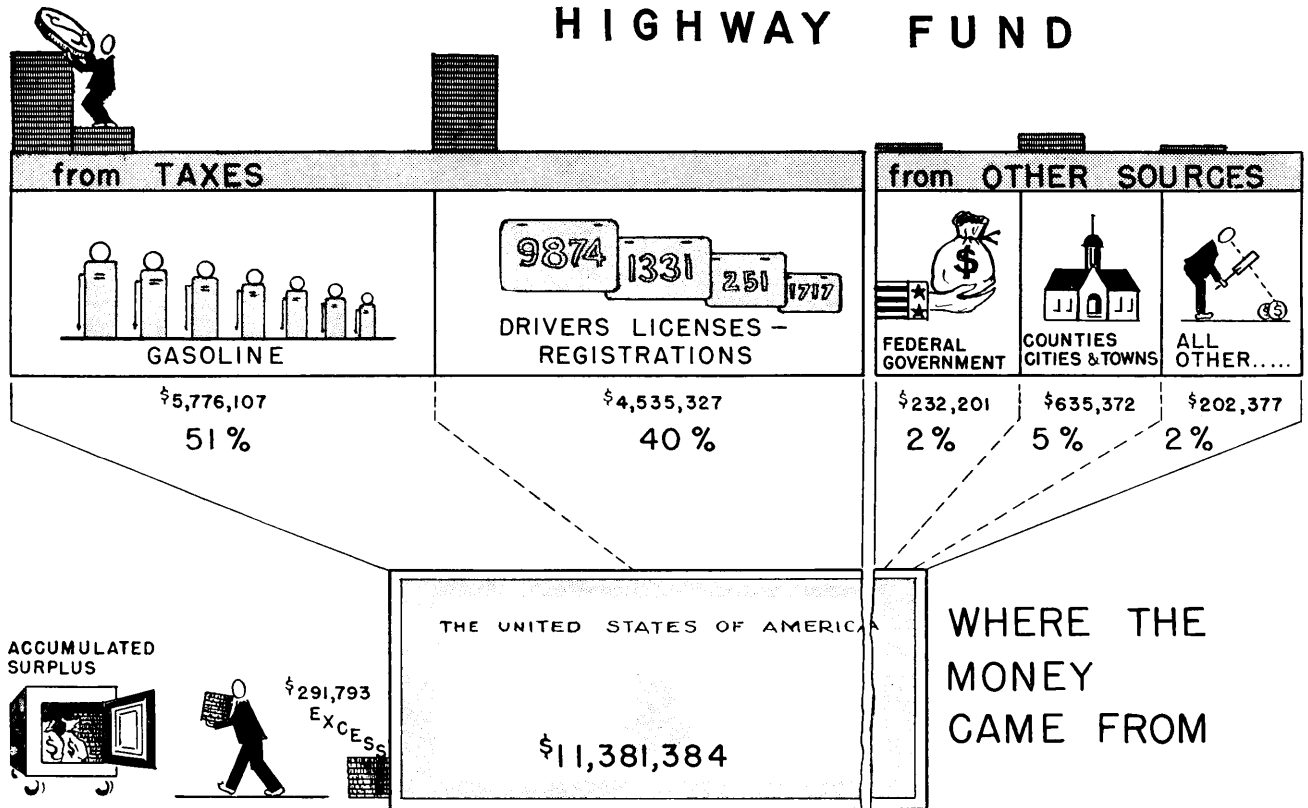

The increases in revenues were in Gasoline Tax and Motor Vehicle Registration and Drivers' Licenses and small increases in various other revenues.

Expenditures:

The expenditures of the Highway Fund for the fiscal year were \$11,089,591 or approximately \$1,600,000 over last year and approximately \$1,400,000 under the budget. The increase over last year was largely in highway maintenance. Highway Construction was budgeted for \$1,300,000 more than was actually spent. The reason for the large difference in budget was due to limited construction caused by scarcity of material and prohibitive costs in general.

Automobile Registrations and Drivers' Licenses represent gross receipts while the revenues shown on Page 61 are net after refunds.

UNEMPLOYMENT COMPENSATION FUND

Revenues accruing to the State from the tax on employers for Unemployment Compensation are credited to this fund. These revenues are for the purpose of paying benefits to eligible unemployed. Such current revenues as are not required for current benefits accumulate in a trust fund on deposit with the Federal Government to pay future benefits. This operation is closely co-ordinated with the Federal Government and the cost of administration is paid from Federal funds included in Other Special Revenue Funds sections.

Comparative Operating Statement and Surplus Analysis	73

UNEMPLOYMENT COMPENSATION FUND

The revenue to the Unemployment Compensation Commission Fund has decreased approximately \$1,400,000 over the previous year, with benefit payments increased by approximately \$4,100,100, thus the reserve account shows only an increase of approximately \$1,900,000. The increase in the expenditures was due to a larger amount of benefits being paid. The revenue decreased in proportion to the decline in payrolls, and was further decreased due to the experience rating system.

OTHER SPECIAL REVENUE FUNDS

Under this caption are included many separate smaller funds, each of which operates from earmarked revenues which are available for no other purpose. All revenues credited to these funds are automatically available for expenditure for the purpose for which they are earmarked under the various governing statutes without specific appropriation by each session of the Legislature. They are, however, not available until allotted by the Governor and Council. The revenues of these funds are received principally from taxes or fees paid by special groups for activities carried on by the State for development or conservation of natural resources or protection of the public and from Federal grants for State-supervised projects.

OTHER SPECIAL REVENUE FUNDS

The other special revenue funds which are made up of numerous independent funds operated at about the same level as last year. These funds are supported wholly by their own revenues which was slightly less than last year. Of the revenue received, the largest amount was from the Federal Government, amounting to \$1,099,847 a decrease of approximately \$110,000 over the previous year. The expenditures for the year decreased approximately \$50,000 over the previous year, this decrease was, for the most part, in the Bureau of Health.

PROCEEDS OF GENERAL BOND ISSUES

Under this heading are grouped all expenditures financed solely by the proceeds of general bond issues. Bond funds are used only to handle the proceeds from the sale of bonds and have nothing whatever to do with bond retirements.

PROCEEDS OF GENERAL BOND ISSUES

In the previous year this fund included the Maine Agricultural and Maine War Bonds. It now includes only the Maine War Bonds. There was very little activity in the Maine War Bond account during the past year. The expenditures made were mostly for the Artillery Range and Administration. As of June 30, 1946, there was a balance of \$632,645 for authorized expenditures, and \$32,231 for contingencies.

In the program for the Eradication of Bang's Disease, previously financed by Maine Agricultural Bonds, all dairies in the sixteen counties have been tested and are under supervision. Nine of the counties are classified as modified accredited. State wide tests show less than 2% reactors. It is anticipated that there will be available increased numbers of Federal veterinarians for use in this program. This work is being carried on from an appropriation from General Funds, as all the proceeds of the Maine Agricultural Bonds have been used.

PUBLIC SERVICE ENTERPRISES

Commercial enterprises of the State are classified under this fund. Such undertakings differ from the usual governmental functions in that they are business operations which are carried on by government only for the public good or as governmental revenue-producing agencies or a combination of both. This fund is made up of the following minor funds:

Liquor Commission	Deer Isle-Sedgwick Toll Bridge
Augusta State Airport	Kennebec (Carlton) Bridge Bonds
Waldo-Hancock Toll Bridge	Kennebec (Carlton) Bridge Sinking Fund
Richmond-Dresden Toll Bridge

PUBLIC SERVICE ENTERPRISES

Liquor Commission Operations:

The Liquor sales continued to increase and the profit transferred to the General Fund increased approximately \$473,000 over the previous year. The gross profit on sales increased approximately \$600,000 but was offset by an increase in expenses of approximately \$170,000 thus reducing the profit. Liquor Licenses and Malt Beverage Licenses and Excise tax increased a small amount.

Augusta State Airport:

The Augusta State Airport continued to operate at a loss requiring a transfer from General Fund of \$7,293. The income for the year increased approximately \$1,400 but was more than offset by an increase of \$7,400 in operating expense, of which \$5,300 was for personal services.

Toll Bridges:

The toll bridges all show an improvement in operation over the previous year all increasing their surplus although the Deer Isle-Sedgwick bridge required \$12,400 from the Highway Fund.

During the year there was called \$600,000, 4% bonds of the Waldo-Hancock Bridge, which were reissued at 7/10% interest, resulting in a substantial saving in interest payments of \$162,765.

UNAPPROPRIATED SURPLUS (DEFICIT) AT END OF YEAR	\$ (7,322)	\$ (5,495)

WORKING CAPITAL FUNDS

This account combines several similar funds, sometimes called revolving funds, representing non-profit but self-reimbursing activities conducted by the State either as service agencies for departments of the State or as financing agencies (similar to petty cash account) for activities authorized by law. This fund is made up of the following minor funds:

- Prison Industries
- Highway Garage
- Departmental Garage
- Scientific Investigation with Blueberries
- Departmental Supplies
- Post Office
- Business Enterprise Program
- Seed Potato Board

Contents

Comments	105
Balance Sheet and Comparative Combined Balance Sheet	106-107
Maine State Prison Industries—Statement of Operations	106-107
Highway Garage—Comparative Statement of Operations	108
Departmental Garage—Comparative State- ment of Operations	109
Departmental Supplies and Post Office—Com- parative Statement of Operations	110

WORKING CAPITAL FUNDS

The various working capital funds were established to segregate activities of a manufacturing or service nature, primarily carried on for the purpose of furnishing services or materials to State departments at cost.

Prison Industries show a smaller profit for the years operations than last year, due to a surplus adjustment of inventories.

The Highway Garage showed an increase in rentals over the previous year but increases in expenditures held the profit to a lower figure.

The Departmental Garage received rentals for use of cars by State departments totaling \$67,935 for 1,698,384 miles at 4c per mile realizing a profit of \$5,921 as compared with \$2,239 last year.

Chapter 153 of the Public Laws of 1945 created a Seed Potato Board to establish a program of production, distribution and sales of foundation seed potatoes to the potato growers of Maine. This act provided a revolving fund of \$100,000 from General Fund Unappropriated Surplus which is to be repaid in annual installments in ten years.

Chapter 121 of the Private and Special Laws of 1945 established a committee for the Scientific Investigation with Blueberries authorizing a revolving fund advance of \$25,000.

TRUST AND AGENCY FUNDS

These funds include many minor independent funds not directly associated with governmental functions, as listed below:

EXPENDABLE FUNDS

Public Trusts

- Pension or Retirement Funds
 - Maine Teachers' Retirement Association
 - Employees' Retirement System
- Revenue Receipts of Non-Expendable Trusts

Private Trusts

- Guaranty Deposits
- Public Administrators' Funds
- Receivers' Funds for Defunct Banks
- Financial Responsibility Deposits
- Trustees, Cities and Towns

Agency Funds

- Due Other Governmental Units
 - Tax on Bank Stock
 - Dog Licenses
 - County Taxes
 - Road Repair Taxes

NON-EXPENDABLE FUNDS

Public Trusts

- Lands Reserved for Public Uses
- Permanent School Fund
- Other Trust Funds

Trust funds are composed of money held by the State as trustee or custodian, invested as endowment funds to produce revenues supplementing appropriations for specified governmental purposes, for the benefit of cities and towns of the State or other purposes. Agency funds are either temporary deposits to guarantee meeting of obligations to the State or the public, or amounts collected by or deposited with the State for the benefit of the general public or cities, counties and towns of the State.

Comparative Balance Sheet	113
Balance Sheet of Expendable Funds	114
Analysis of Changes in Reserve for Trust and Agency Funds	115
Analysis of Changes in Reserve for Expendable Trusts	116-117

TRUST AND AGENCY FUNDS

The principal of the Trust and Agency Funds increased approximately \$1,000,000 over the previous year. This increase, as that of last year, was largely in Teachers' Retirement Association and Employees' Retirement System.

During the year there was a profit made on the sale of principal invested amounting to approximately \$65,946. At the present time this amount is being held in a separate account awaiting Legislative action.

Assets and Liabilities of the Trust and Agency Funds are entirely segregated from other State Assets except for a small amount of operating cash.

In most of the Trust accounts, the amount paid to the beneficiaries is the same as earned. There are some trusts for which the rate of earnings are set by law, making it necessary to supplement the actual earnings with appropriations from the General Fund.
