ANNUAL REPORT  
OF THE  
STATE BOARD OF BARBERS AND HAIRDRESSERS  
FOR THE FISCAL YEAR  
ENDING JUNE 30, 1952

---

In the United States, exclusive of its territories, licensing for the practice of hairdressing is now required in the District of Columbia and in all but two states, Virginia and Delaware and licensing for the practice of barbering is required, likewise, excepting for the state of Virginia, although Alabama's requirements apply only in specified counties.

The Maine State Board of Barbers and Hairdressers consists of two hairdressers, two barbers, and the Director of Health, who is ex-officio, the Executive Secretary of the Board.

During the year the term of one member, Mr. Francis J. McDonald, Hallowell, expired on August 16, 1952. He was succeeded by Mr. Louis J. Belliveau of Clifton. The terms of Mr. John S. Naples, Chairman, Portland, expired on April 26, 1952; Mrs. Elizabeth Fabrizi, Augusta, expired on March 25, 1952, and Mrs. Louise Ross, Portland, expired on March 16, 1952, each one of these being reappointed to succeed themselves for an additional term of two years.

The duties of the executive secretary are outlined in the law as follows: "The executive secretary of said board shall keep a record of all proceedings, issue all notices, certificates of registration, and licenses, attest all such papers and orders as said board shall direct, make sanitary inspections at least once a year of shops and other establishments subject to license—, and perform such other duties as shall be designated by the board." For administrative purposes, these duties are delegated to the Chief Clerk of the Board who carries on these functions through the members of the staff under his direction.

The Board held four meetings during the year and gave examinations for barbers and hairdressers at both of the regular meetings established by law; i.e., on the first Tuesdays of December and June; and at special meetings held on June 3, 1952 and September 23, 1952. A total of 76 hairdressers and 30 barbers appeared for examination, as a result of which 70 hairdressers and 28 barbers were granted registration certificates. The balance of 6 hairdressers and 2 barbers failed to receive a passing grade. Most of these after additional training and experience, may be expected to pass the examinations and receive registration certificates.

Practically all beauty parlors and barber shops have received at least two inspections during the year, and a substantial number have received additional inspections. Response has been made to all complaints, and all new shops were inspected before a license was granted. A great many improvements have been made and the sanitary condition of all shops has been greatly improved during the period that this law has been in operation. Special emphasis was given to the inspection of plumbing in Beauty and Barber Shops, particularly the installation of temperature and pressure relief valves on hot water tanks, as a great risk of injury and possible threat to life exists when they are improperly installed.

Each mechanical and electrical apparatus and all cosmetics used in Beauty and Barber Shops were checked to ascertain whether or not they were registered by the State Department of Health and Welfare for the current calendar year. This was done in accordance with Chapter 22, Revised Statutes, 1944, Section 208 relating to the "Sale or use of apparatus and cosmetics." Articles not registered were required to be removed from sale or use.

The following tables present in detail a summary of the activities of the Board for the current year, and also a record of receipts and expenditures. The expenditures of the Board have been kept within the budget, although income from licenses at the present time is insufficient to provide necessary funds for current yearly expenditures. A small surplus accrued during the past several years, supplementing income derived from licenses, has enabled the Board to continue to meet its operating expenses. The Auditor's Report of these activities is on file at the office of the Board and available for inspection whenever necessary.

Respectfully submitted,

E. W. CAMPBELL, Dr.P.H.

Chief Clerk
