LETTER OF TRANSMITTAL

To His Excellency,
Honorable Edmund S. Muskie,
Governor of Maine,
Augusta, Maine

Dear Sir:

The State Board of Barbers and Hairdressers presents herewith the twenty-first annual report of its activities and proceedings beginning July 1, 1953 and ending June 30, 1954.

In order to present this information in logical sequence, we have divided it into five parts; the first showing the organization of the Board; the second presenting a general resumé of activities; the third, a statistical summary of accomplishments; the fourth, the Rules and Regulations previously adopted by the Board to regulate the operation of hairdressing and barber shops; and the fifth, a roster of barbers and hairdressers to whom certificates of registration have been issued for the ensuing year.

We wish to take this opportunity to thank the various state departments and the executive office for the fine cooperation given to facilitate the duties of the Board.

Respectfully yours,

DEAN FISHER, M. D.

Executive Secretary.

ORGANIZATIONAL CHART

ANNUAL REPORT
OF THE
STATE BOARD OF BARBERS AND HAIRDRESSERS
FOR THE FISCAL YEAR
ENDING JUNE 30, 1954

Activities of the Board have been carried on during the past fiscal year very much in the same manner as in the previous years.

The terms of Mr. John S. Naples, Portland, expired on April 26, 1954; Mr. Louis J. Belliveau, Clifton, on October 4, 1954; Mrs. Elizabeth Fabrizi, Augusta, on March 25, 1954; and Mrs. Louise Ross, Portland, on May 7, 1954. Each of these members was re-appointed to succeed themselves for an additional term of two years.

The Board held two regular meetings as required by law on the first Tuesdays of December and June at which examinations were given for barbers and hairdressers. A total of 110 aspirants for licenses appeared for examination. Of these, 74 hairdressers and 28 barbers were granted certificates of registration. The remaining 7 hairdressers and 1 barber may be expected to receive certificates of registration after they have obtained additional training and experience and by passing a subsequent examination.

It may be noted that there was an increase of 13 applicants for barbers' certificates of registration over the previous year. This increase was brought about by Chapter 306, Public Laws of 1953, an act relating to apprentice barbers, which repealed the last paragraph of Section 210 of Chapter 22 of the Revised Statutes of 1944, which previously stated in brief that persons practicing barbering in municipalities of the state having a population of 1,000 or less did not require a license.

A breakdown of the statistics relating to the 81 hairdressers appearing for examination shows that 66 of the applicants were students who have graduated from approved schools of hairdressing; 11 were apprentices who obtained their training in licensed beauty shops under the direction and supervision of registered operators and 4 were eligible for examination by reason of past experience in hairdressing and beauty culture in some other state or country.

Of the applicants for the barbers' examination, 7 were students graduating from approved barber schools; 6 were apprentices and 15 were eligible for examination on the basis of their past experience which was obtained in another state or country.

The majority of applicants for the barbers' and hairdressers' certificates of registration were from Cumberland County with the next largest group from the Androscoggin County area.

Efforts were made to improve the inspection services during the past year which resulted in an increase of 640 additional inspections. As a result of these inspections, many approved temperature and pressure relief valves were installed replacing defective valves which materially reduced the danger of explosions and injury from overheated hot water tanks. Diagramatic sketches of properly designed valves were made available to all shops.

Response has been made to all complaints and in four cases, resulted in the offenders being tried in court and fined for practicing without proper registrations and for permitting the practice of barbering and hairdressing by unqualified persons.

In addition to Chapter 306, Public Laws of 1953, the following were enacted by the 96th Legislature and have been incorporated into Chapter 25, Revised Statutes of 1954.

Chapter 133, Public Laws of 1953, an act relating to the renewal of licenses raised the beauty shop renewal fee from \$3 to \$5.

Chapter 138, Public Laws of 1953, an act relating to the requirements for registration of hairdressing and beauty culture operators lowered the age of eligible applicants from 18 to 17 years.

Chapter 306, Public Laws of 1953, an act relating to apprentice barbers, in addition to repealing the last paragraph of Section 210, Chapter 22, Revised Statutes of 1944, now requires that barbers serve an apprenticeship of 6 months under the direction and supervision of a registered barber in addition to the 6 months' course of instruction of at least 1000 hours in an approved school of barbering before being eligible for examination.

The following tables present in detail the activities of the Board for the previous year.

The Auditor's Report of the financial transactions of the Board is on file at the office of the Board and subject to inspection whenever necessary.

Respectfully submitted,
E. W. CAMPBELL, DR. P. H.,
Chief Clerk

2. The use of a shop or establishment where hairdressing and beauty culture is practiced as a living, dining or sleeping apartment is prohibited. If such shop or establishment is located in a private residence or in connection with some other business, excepting barber shops, a separate room must be provided for hairdressing and beauty culture work, and such room shall not be used for any purpose other than the practice of hairdressing and beauty culture.

3. The floors, walls, ceilings, furniture, receptacles, implements and tools of each shop or establishment must be kept in a clean and sanitary condition at all times.

4. Every person in charge of a shop or establishment for the practice of hairdressing and beauty culture shall supply hot and cold water in such quantities as may be necessary to conduct said shop or establishment in a sanitary manner.

5. Such shops or establishments shall be provided with pressure tanks with running hot and cold water to a lavatory, with sewer connections when possible.

6. No owner or manager of a beauty parlor shall permit any person suffering from a communicable disease to work in said shop or establishment.

7. Every person employed in a shop or establishment for the practice of hairdressing and beauty culture shall use separate and clean towels for each patron, and shall, while serving said patron, wear washable outer aprons, uniforms or coats.

8. The headrest on each chair must be provided with a clean towel or sheet of clean paper for each patron.

9. After a towel has been used, it must be placed in a closed receptacle and not again used until properly laundered.

10. Every person engaged in a shop or establishment for the practice of hairdressing and beauty culture must thoroughly cleanse his hands immediately before and after serving each patron.

11. Open powder boxes must not be used in a reception room for patrons, and the powder must be in shakers or similar receptacles. The use of a brush for dusting powder is prohibited.

12. Lotions or fluids must be poured into a clean glass or other sterilized container and applied to patrons by means of cotton or sterilized applicator.
