STATE OF MAINE

Plumbers' Examining Board

AUGUSTA

LETTER OF TRANSMITTAL

To His Excellency
Honorable Edmund S. Muskie
Governor of Maine
Augusta, Maine

Dear Sir:

I have the honor to transmit herewith the seventeenth annual report of the Plumbers' Examining Board, which was created by Chapter 149, Public Laws of 1937, which is now Sections 178 to 194 inc., of Chapter 25, Revised Statutes of 1954.

Respectfully yours,

A handwritten signature in black ink, appearing to read 'E. W. Campbell, Dr. P. H.', is written over the signature line.

E. W. CAMPBELL, Dr. P. H.,
Executive Officer

EWC:jc

STATE OF MAINE

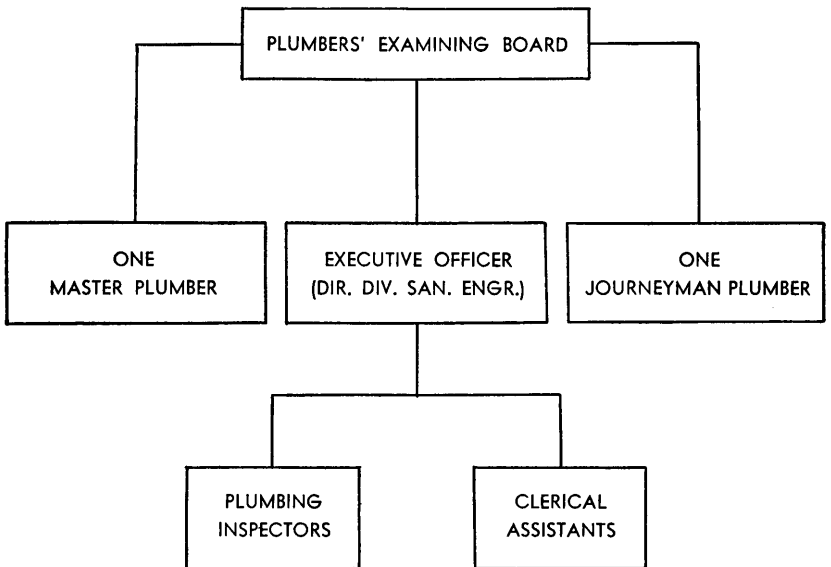

PERSONNEL OF PLUMBERS' EXAMINING BOARD

Elmer W. Campbell, Executive Officer.....Ex-officio
(Director of the Division of Sanitary Engineering
State Department of Health and Welfare)

Edwin M. Perkins, Master Plumber Member
Term Expires March 19, 1954

Charles Hurd, Journeyman Plumber Member
Term Expires March 19, 1955

ORGANIZATIONAL CHART

SEVENTEENTH ANNUAL REPORT
of the
PLUMBERS' EXAMINING BOARD
for the Fiscal Year
July 1, 1953 to June 30, 1954

The Maine State Plumbers' Examining Board, created by the 88th Legislature, by Chapter 149, Public Laws of 1937, which is now included in Sections 180 to 194 inc., of Chapter 25, R. S. 1954, has continued to function since its organization, according to the provisions of law.

In order to provide for greater uniformity in the plumbing law requirements and to extend protection to all areas where plumbing was being installed, the 96th Legislature, by means of Chapter 322, Public Laws of 1953 extended the license requirements throughout the State by removing exemptions previously permitted in towns or cities of less than 3,000 inhabitants.

In order to promote and extend knowledge of plumbing installations, new methods of installation, new materials, safety precautions, and other safety requirements, the Board conducted a number of evening schools in various sections of the State, for the instruction of candidates for plumbers' licenses.

Although some of these schools were conducted during the previous fiscal year, the number in attendance had not been reported. Consequently, we desire now to make this a matter of record so as to indicate the attitude of the Board and bring to attention our earnest desires, not only to co-operate with the legislative policies, but also to promote and extend the knowledge and ability of all plumbers so that they may protect the public by proper plumbing installations. A total of 36 schools, with 144 hours of instruction, were held with an attendance of 816 persons.

During the fiscal year, the Board held ten meetings. At two meetings examinations were held for both master and journeyman plumbers as follows:

November 17, 1953

138 Master
43 Journeyman

May 18, 1954

121 Master
38 Journeyman

As a result of these examinations, two hundred and twenty-nine new plumbers' licenses were granted; one hundred and eighty of these were for Masters, and forty-nine for Journeyman. Thirty-two candidates for Journeyman and seventy-nine candidates for Master plumbers' licenses failed to pass their examinations.

A total of nine hundred and seventy-two master, and five hundred and fifty journeyman plumbers' licenses have been granted to July 1st for the year 1954. Owing to the fact that licenses expire on December 31st of each year, and have to be renewed for the calendar year, there is a slight variation between the number of licenses actually issued during the period covered by the report and those in effect for the license year.

Activities of the Board are presented in the following tables. The auditor's report is available for inspection at any time in the office of the Executive Officer.

Respectfully submitted,

E. W. CAMPBELL,
Dr. P.H., Executive Officer

REVISED STATUTES OF MAINE 1954
CHAPTER 25

LICENSING OF PLUMBERS

Sec. 178. Plumbers. No plumbing shall hereafter be done for compensation, except as hereinafter provided, unless done by a plumber or other person licensed by the plumbers' examining board hereinafter created.

Sec. 179. Definitions. The following words and phrases when used in sections 178 to 193, inclusive, shall be construed as follows:

I. A "master plumber" shall mean any person, firm, or corporation that as a business, hires or employs a person or persons to do plumbing work, or without hiring any person does such work as a principal business or as auxiliary to a principal business for his or its own account.

II. A "journeyman plumber" shall mean any person who customarily performs the work of installing plumbing and drainage under the direction of a master plumber, or, not being a master plumber as herein defined, does plumbing repair work as a regular part time occupation.

III. "The board" shall be the plumbers' examining board appointed under the provisions of section 180.

IV. "Apprentice" shall mean any person other than a journeyman plumber or master plumber who is engaged in learning and assisting in the installation of plumbing and drainage.

V. "Plumbing" is the art of installing in buildings the pipes, fixtures, and other apparatus for bringing in the water supply and removing liquid and water-carried wastes.

Sec. 180. Plumbers' examining board; vacancies; removal of members; compensation. A plumbers' examining board as heretofore established, and hereinafter in sections 180 to 193, inclusive, called "the board," shall consist of an executive officer who shall be the director of the division of sanitary engineering of the bureau of health and 2 other members, hereinafter called the appointive members, who shall be appointed by the

governor with the advice and consent of the council. One of said appointive members shall be a master plumber as defined in section 179, and the other a journeyman plumber as defined in section 179, and who has been engaged in the business of plumbing for at least 2 years. As the terms of said appointive members expire, new appointive members shall be appointed for terms of 2 years. Any vacancy in said board caused by death, resignation, or removal of any member shall be filled by the appointment of a person qualified as aforesaid, to hold office during the unexpired term of the member whose place is thus filled. Any member of said board may be removed from office for cause, by the governor, with the advice and consent of the council. The members of the board shall each be allowed the sum of \$10 per day and their necessary traveling expenses for actual attendance upon any examination of candidates for license, and for any necessary hearings.

Sec. 181. Employees. The board shall be empowered to appoint and remove such employees as it shall deem necessary and to fix their compensation within the limitations of the funds provided by sections 178 to 193, inclusive.

Sec. 182. Meetings; rules and regulations. The plumbers' examining board shall hold regular meetings semiannually and shall hold additional meetings at such other times as they shall determine by their rules, or upon request of the 2 appointive members of their board, or upon request of the director of the division of sanitary engineering. Said board shall keep correct records of all its proceedings and shall be authorized to make such rules and regulations as it shall deem necessary for the holding of examinations and for carrying out the purpose of the provisions of sections 178 to 193, inclusive, and to provide for reciprocity of licensing with similar boards of other states which maintain standards at least equal to this state.

Sec. 183. Licensing of master plumbers. Any person shall, upon the payment of a fee of \$15, be entitled to examination and, if found qualified by a majority of the members of the board, shall be licensed as a master plumber and shall receive a certificate thereof under the seal of the board and with the signature of the executive officer, which shall state the facts and which must be publicly displayed at the principal place of business of said master plumber as long as said person continues in the business as herein

defined. Any person refused a license may be reexamined at any subsequent meeting of said board, within 1 year of the time of such refusal, without additional fee and thereafter may be examined as often as he may desire upon payment of the fee of \$15 for each examination.

Sec. 184. Licensing of journeyman plumbers. Any person shall, upon payment of a fee of \$3, be entitled to examination and, if found qualified by a majority of the members of the board, shall be licensed as a journeyman plumber and shall receive a certificate thereof under the seal of the board and with the signature of the executive officer, which shall state the facts, and which shall be carried on the person and displayed at any time upon request. Any journeyman plumber refused a license may be reexamined at any subsequent meeting of said board, within 1 year of the time of such refusal, without additional fee and thereafter may be examined as often as he may desire upon payment of a fee of \$3 for each examination.

Sec. 185. Examinations for license. Each applicant for license shall present to the executive officer of the board on blanks furnished by the board, a written application for examination and license, containing such information as the board may require, accompanied by the fee provided for in sections 183 and 184. Examinations shall be in whole or in part in writing and shall be of a thorough and practical character. They shall cover the theoretical and practical nature of plumbing and such branches thereof as the board may deem necessary.

Sec. 186. Renewal of licenses; master plumbers. All licenses issued as aforesaid shall expire on the last day of the calendar year in which issued, and they may be renewed thereafter for periods of 1 year without further examination on payment of a fee of \$20 for each year for a master plumber.

Sec. 187. Renewal of licenses; journeyman plumbers. All licenses issued as aforesaid shall expire on the last day of the calendar year in which issued, and they may be renewed thereafter for periods of 1 year without further examination on payment of a fee of \$3 for each year for a journeyman plumber.

Sec. 188. Corporations and partnerships licensed. The board may issue its license to corporations and partnerships engaged in the plumbing business and applying therefor, provided

that one or more officers or employees of any such corporation directly in charge of the business affairs of such corporation, or the members of such partnership directly in charge of the business affairs, apply for the examinations hereinbefore provided and satisfy the board of their qualifications as master plumbers.

Sec. 189. Disposal of fees. All fees received by the board shall be paid by the executive officer thereof into the treasury of the state and may be used for carrying out the provisions of sections 178 to 193, inclusive.

Sec. 190. Investigation of complaints; revocation of licenses. The board shall investigate all complaints made to it and all cases of noncompliance with or violation of the provisions of sections 178 to 193, inclusive, and shall bring all such cases to the notice of the proper prosecuting officers. The board, after a conviction of crime in the course of plumbing business, of any person, firm, or corporation to whom a license has been issued by them and after hearing, may by vote of majority of the board revoke the license and cancel the registration of the person, firm, or corporation to whom the same was issued. Said board may also suspend or revoke any license by a majority vote of the board, in any case where such license has been wrongfully obtained or for any fraud connected with the said registration.

Sec. 191. Records. The board shall keep a record of the names and residences of all persons registered under the provisions of sections 178 to 193, inclusive, and a record of all moneys received and disbursed by it, and said records or duplicates thereof shall be open for inspection during office hours.

Sec. 192. Exceptions. The provisions of sections 178 to 193, inclusive, shall not apply to regular employees of public utilities as defined in section 16 of chapter 44 when working as such, nor to regular employees of owners or lessees of real property when working as such, nor to persons whose occupation is the doing of miscellaneous jobs of manual labor in the course of which some incidental plumbing repairs or alterations are made by them.

Sec. 193. Penalties. Any person who installs any plumbing or drainage without having first obtained a license either as a master plumber or as a journeyman plumber or employing a person to do plumbing who has not such a license, unless he be an apprentice within the meaning of sections 178 to 193, inclusive,

or procures any license wrongfully or by fraud, or violates any of the provisions of sections 178 to 193, inclusive, shall be deemed guilty of a misdemeanor and if convicted thereof shall be punished by a fine of not more than \$100, or by imprisonment for not more than 3 months, or by both such fine and imprisonment.

Sec. 194. Provisions in city charters not affected. Sections 178 to 193, inclusive, shall not prevent the licensing of plumbers licensed hereunder by cities under the provisions of the charters or ordinances thereof.
