MAINE  
Occupational  
Injury and Illness  
Incidence Rates

1975

Introduction

The Occupational Safety and Health Act of 1970 charged the U. S. Department of Labor with the responsibility of establishing and enforcing safety standards and for developing and maintaining an effective program of collection, compilation, and analysis of occupational safety and health statistics. The Bureau of Labor Statistics was then assigned the responsibility for establishing a system for the recordkeeping and reporting of occupational injuries and illnesses.

The Maine Department of Manpower Affairs, Bureau of Labor, Research and Statistics Division, under a cooperative Federal/State grant program, collects, compiles and analyzes the injury and illness data for the State of Maine. Data are collected by use of a survey form mailed to a sample of employers selected by the Bureau of Labor Statistics.

Results

Of an estimated 24,888 recordable injuries and illnesses reported in Maine during 1975, 10,272 were lost workday cases accounting for 187,267 lost work days or approximately 749 man years of lost time. The incidence rate for the private sector was 10.1 for 100 man years worked. Meaning about one out of ten employees experienced a work-related injury or illness during the year. Although this was a drop from the 10.9 of 1974, the rate of lost workday cases was 4.2 indicating an increase from the 4.1 for both 1973 and 1974 in the frequency of the more serious injuries and illnesses.

MAINE  
INCIDENCE RATES  
1975 & 1974

	Incidence Rates					
	All Injuries and Illnesses		Lost Workday Cases		Non-Fatal Cases W/O Lost Workdays	
	1975	1974	1975	1974	1975	1974
Private Sector	10.1	10.9	4.2	4.1	5.9	6.8
Division						
Contract Construction	15.2	17.3	6.6	6.4	8.6	10.8
Manufacturing	15.5	15.4	6.3	5.9	9.1	9.5
Transportation & Public Utilities	7.7	7.2	4.2	3.4	3.5	3.7
Wholesale and Retail Trade	7.0	7.7	2.6	2.5	4.4	5.2
Finance, Insurance and Real Estate	1.2	1.7	0.5	0.8	0.8	0.9
Services	5.6	5.6	2.1	1.9	3.5	3.7

A more detailed analysis of the data indicates that nine of the ten industries with the highest incidence rates were from the Construction and Manufacturing divisions. In Construction, two of the three subordinate industry groups, General Building Contractors and Heavy Construction Contractors were included in the group of industries with the highest rates. In Manufacturing, the Lumber and Wood Products industry continues to be a high-hazard industry, with Transportation Equipment, Food, Machinery, Fabricated Metals, Textiles, Leather and Rubber and Miscellaneous Plastics also included. The only industry outside of these two divisions in this high-incidence group was the Trucking and Warehousing industry.

INDUSTRIES  
WITH  
HIGHEST INCIDENCE RATES  
1975 & 1974

Industry	Incidence Rates					
	All Injuries and Illnesses		Lost Workday Cases		Non-Fatal Cases W/O Lost Workdays	
	1975	1974	1975	1974	1975	1974
Lumber and Wood Products	27.2	25.9	12.1	12.6	15.1	13.3
Transportation Equipment	22.5	*	12.4	*	10.2	*
Fabricated Metal Products	21.4	17.7	9.1	7.3	12.2	10.3
Food and Kindred Products	19.8	20.7	8.5	7.9	11.4	12.8
Heavy Construction Contractors	16.8	16.0	7.8	7.9	8.9	8.0
General Building Contractors	16.4	20.4	7.1	6.5	9.3	14.0
Machinery, Except Electrical	16.1	20.1	5.4	6.0	10.7	14.1
Textile Mill Products	15.6	13.9	6.9	5.8	8.8	8.1
Rubber & Misc. Plastic Products	15.4	10.0	4.8	3.5	10.6	6.4
Trucking and Warehousing	14.0	13.8	7.7	6.4	6.2	7.3

\* 1974 data not publishable due to confidentiality

The relationship of the incidence rate of lost workday cases to non-fatal cases without lost workdays shows the relative frequency of the more severe injuries and illnesses. The private sector incidence rate of 10.1 breaks down into two components, 4.2 for lost workday cases and 5.9 for non-fatal cases without lost workdays, or 58% of the recordable injuries and illnesses resulted in no lost days and 42% resulted in lost workdays.

The lost workday incidence rate gives us a statistic to compare the severity of injury and illnesses, and in 1975 this rate was 76.4 lost workdays per 100 man years, up from 70.1 in 1974.

The average lost workdays per case was 18 in 1975 up one workday per case from the 17 for 1974.

Lost Workday Incidence Rates  
&  
Average Lost Workdays per Lost Workday Case

	Incidence Rate Lost Workdays		Average Lost Workdays per Case	
	1975	1974	1975	1974

TABLE 1

Incidence Rates of Recordable Occupational Injuries and Illnesses by Type and Industry, State of Maine 1975

---

- 1/ Industry division and group totals include data for industries not shown separately.
- 2/ Standard Industrial Classification Manual, 1967 edition.
- 3/ The incidence rates represent the number of injuries and/or illnesses or lost workdays per 100 full-time employees and were calculated as:

$$N/EH \times 200,000$$

where: N = number of injuries and/or illnesses or lost workdays  
EH = Total hours worked by all employees during calendar 1975  
200,000 = base for 100 full-time equivalent workers (working 40 hours per week, 50 weeks per year)

- 4/ Because of rounding, the sum of the rates for lost workday cases and non-fatal cases without lost workdays may not equal the total. In addition, the difference between the total and the sum of the components shown may not reflect the fatality rate.

NOTES: DASHES indicate no data reported  
ASTERISKS indicate incidence rates less than .05 per 100 full-time workers  
N.E.C. = not elsewhere classified.

TABLE 2

Incidence Rates of Recordable Occupational Injuries by Type and Industry, State of Maine 1975

---

- 1/ Industry division and group totals include data for industries not shown separately.
- 2/ Standard Industrial Classification Manual, 1967 Edition.
- 3/ The incidence rates represent the number of injuries and/or illnesses or lost workdays per 100 full-time employees and were calculated as:

$$N/EH \times 200,000$$

where: N = number of injuries and/or illnesses or lost workdays

EH = total hours worked by all employees during calendar 1975

200,000 = base for 100 full-time equivalent workers (working 40 hours per week, 50 weeks per year)

- 4/ Because of rounding, the sum of the rates for lost workday cases and non-fatal cases without lost workdays may not equal the total. In addition, the difference between the total and the sum of the components shown may not reflect the fatality rate.

NOTES : DASHES indicate to data reported

ASTERISKS indicate incidence rates less than .05 per 100 full-time workers

N.E.C = not elsewhere classified.

TABLE 6

Number of Recordable Occupational Illnesses by Type and Industry, State of Maine 1975

---

- 1/ Industry division and group totals include data for industries not shown separately.
- 2/ Standard Industrial Classification Manual, 1967 Edition.
- 3/ Includes fatalities, in addition to lost workday cases and non fatal cases without lost workdays.

NOTES: DASHES indicate no data reported  
N.E.C. = not elsewhere classified.

TABLE 7

Number of Recordable Occupational Illnesses by Category of Illness and Extent of Case, State of Maine 1975

<u>Category of Illness</u>	<u>All Recordable Illness <sup>1/</sup></u>	<u>Lost Workday Cases</u>	<u>Non Fatal Cases Without Lost Workdays</u>	<u>Lost Workdays</u>
Total All Illnesses	853	348	505	6328
Occupational skin diseases and disorders	452	15	301	1994
Dust diseases of the lungs	5	—	5	—
Respiratory diseases due to toxic agents	133	72	61	1731
Poisoning (Systemic effects of toxic agents)	44	23	21	378
Disorders due to physical agents	85	23	62	135
Disorders associated with repeated trauma	81	49	32	1210
All other occupational illnesses	53	30	23	880

<sup>1/</sup> No fatalities due to recordable occupational illnesses estimated for calendar 1975.

Note: Dashes indicate no data reported.

## Scope of the Survey

### Scope of Survey

The survey relates to employers in the following industries in the State of Maine: agriculture, forestry and fisheries, SIC 01, 07-09; contract construction, SIC 15-17; manufacturing, SIC 19-39; transportation and public utilities, SIC 40-49; wholesale and retail trade, SIC 50-59; finance, insurance, and real estate, SIC 60-67; and services, SIC 70-89; except SIC 88. All employees, e.g., part-time, full-time, casual, etc., in these industries are covered. Excluded were self-employed individuals; domestic employers; and Federal, State, and Local government units.

Questionnaires were mailed to 5,036 sample units. A relatively small proportion of these were excluded because they were no longer in operation, were not within the scope of the survey, were included in the report for another location, received duplicate survey forms for the same location, or the survey form was not mailable because of an inadequate address. Original and follow-up mailings and telephone calls resulted in 4,381 usable questionnaires of a possible 4,663 for a 93.9% usable response rate.

## Technical Notes

### Estimating Procedures

Estimates of injury and illness data were obtained for each sampled industry by weighting the data of each reporting unit by the inverse of the sampling ratio for the cell in each industry employment size group (i.e., sampling cell). Each of these sampling cells was adjusted for nonresponse. The aggregate data for the industry were then adjusted for births in the industry by benchmarking, a form of ratio estimation.

### Industrial Classification

Reporting units are classified into industries on the basis of their principal product or activity determined by information entered in Section V (Nature of Business) of the survey questionnaire. For a reporting unit making more than one product or engaging in more than one activity, data for the unit are included in the industry indicated by the more important product or activity.

**THIS REPORT IS MANDATORY UNDER PUBLIC LAW 91-596  
1975 OCCUPATIONAL INJURIES AND ILLNESSES SURVEY**

OSHA No. 103  
U. S. DEPARTMENT OF LABOR  
Bureau of Labor Statistics  
for the Occupational Safety  
and Health Administration  
Washington, D. C. 20212

(covering calendar year 1975)

COMPLETE THIS REPORT WHETHER OR  
NOT THERE WERE ANY RECORDABLE  
OCCUPATIONAL INJURIES OR ILLNESSES.

OMB APPROVAL NO. 44-R1492  
Approval Expires December 1976

**RETAIN THIS COPY  
FOR YOUR FILES**

REPORT WILL BE USED ONLY FOR ADMINISTRATIVE AND STATISTICAL PURPOSES

**I. ESTABLISHMENTS INCLUDED  
IN THIS REPORT**

This report should include only those establishments located in, or identified by, the Report Location or Identification which appears below your mailing address on this form. Enter the number of establishments (see definition on page 1) included in this report.

**II. AVERAGE EMPLOYMENT IN  
1975**

Enter the average number of employees during calendar year 1975. Include all classes of employees, including seasonal, temporary, part-time, etc. See instructions for examples of computing your average employment.

(Round to the nearest whole number)

**III. TOTAL HOURS WORKED IN  
1975**

Enter the total number of hours actually worked by all employees during 1975. DO NOT include any non-work time even though paid, such as vacations, sick leave, holidays, etc.

(Round to the nearest whole number)

**NOTE: IF EMPLOYEES WORKED  
LOW HOURS DURING 1975 DUE  
TO LAYOFFS, STRIKES, FIRES,  
ETC., EXPLAIN IN SECTION IX.**

**IV. SUPPORT ACTIVITIES PERFORMED FOR  
OTHER ESTABLISHMENTS OF YOUR COMPANY**

Does this report include any establishment(s) whose primary function is to provide support activities or services exclusively for other establishments of your company?

(1) ☐ No (2) ☐ Yes

If "yes," indicate the primary type of service or support provided (check as many as apply).

- (1) ☐ Central administrative office  
(2) ☐ Research, development, or testing  
(3) ☐ Storage (warehouse)  
(4) ☐ Other - Specify \_\_\_\_\_

**V. NATURE OF BUSINESS FOR 1975**

A. Indicate the general type of activity performed during 1975 by the establishment(s) included in this report i.e., manufacturing, wholesale trade, retail trade, construction, services, finance, etc.

B. Enter in order of importance the principal products manufactured, lines of trade, specific services, or other description of specific activities for 1975.

For each entry, also include the approximate percent of total 1975 annual value of production, sales or receipts.

- (1) \_\_\_\_\_ %  
(2) \_\_\_\_\_ %  
(3) \_\_\_\_\_ %  
(4) \_\_\_\_\_ %

**VI. RECORDABLE INJURIES AND ILLNESSES**

Did you have any recordable injuries or illnesses during calendar year 1975?

(Check one)

- (1) ☐ No - complete Section VII and Section IX  
(2) ☐ Yes - complete Sections VII, VIII and IX.

**VII. SUPPLEMENTARY DATA ON JOB  
SAFETY AND HEALTH**

A. If your establishment(s) had either a Federal or State OSHA compliance inspection during calendar year 1975, please enter the month of the first inspection. \_\_\_\_\_

B. (a) Do you provide medical examinations for your employees?

(1) ☐ No (2) ☐ Yes

(b) If yes, indicate the type of medical examinations provided any of your employees. (Check as many as apply)

- (1) ☐ Pre-placement examinations of new employees  
(2) ☐ Periodic general medical examinations  
(3) ☐ Periodic medical surveillance examinations  
(4) ☐ Examination of employees returning to work after a lost time job related injury or illness  
(5) ☐ Examination of employees upon termination of employment  
(6) ☐ Other (specify) \_\_\_\_\_

C. Do you have an established safety and health training program? (Check as many as apply)

- (1) ☐ No  
(2) ☐ Yes-training for new employees  
(3) ☐ Yes-training sessions for employees exposed to toxic substances which exceed prescribed action levels  
(4) ☐ Yes-scheduled employee meetings, quarterly or more often  
(5) ☐ Yes-informal, nonscheduled training by supervisors  
(6) ☐ Yes-Other (specify) \_\_\_\_\_

D. Enter the number of lost workday cases (not the number of lost workdays) in your establishment(s) in 1975 which had 15 or more workdays away from work. (Refer to column 9a of the log, OSHA No. 100)

# **VIII. INJURY AND ILLNESS SUMMARY (covering calendar 1975)**

- INSTRUCTIONS:**
- This section may be completed by copying data from OSHA Form No. 102 "Summary, Occupational Injuries and Illnesses" which you are required to complete and post in your establishment or by Summarizing the Data from OSHA Form No. 100, "Log of Occupational Injuries and Illnesses".
  - Leave Section VIII blank if there were no recordable injuries or illnesses during 1975.
  - Code 30 - Add all Occupational Illnesses (Code 21+22+23+24+25+26+29) and enter on this line for each column (1) through (8).
  - Code 31 - Add total Occupational Injuries (Code 10) and total Occupational Illnesses (Code 30) and enter on this line for each column (1) through (8).
  - Please note that first aid, even when administered by a Doctor or Nurse, is not recordable.

INJURY AND ILLNESS CATEGORY		TOTAL CASES	DEATHS	LOST WORKDAY CASES				NONFATAL CASES WITHOUT LOST WORKDAYS	TERMINATIONS OR PERMANENT TRANSFERS
				Total Lost Workday Cases	Cases Involving Days Away From Work	Days Away From Work	Days of Restricted Work Activity		
CATEGORY	C O D E	Number of entries in Col. 7 of the log. (1)	Number of entries in Col. 8 of the log. (2)	Number of checks in Col. 9 of the log. (3)	Number of entries in Col. 9A of the log. Report Prepared By: \_\_\_\_\_ Date: \_\_\_\_\_

Title: \_\_\_\_\_ Area Code and Phone: \_\_\_\_\_

**INSTRUCTIONS FOR COMPLETING FORM OSHA NO. 103**  
**1975 OCCUPATIONAL INJURIES AND ILLNESSES SURVEY**  
 (covering calendar year 1975)

**SURVEY REPORTING REGULATIONS**

Title 29, Part 1904.20-22 of the Code of Federal Regulations requires that: each employer shall return the completed survey form, OSHA No. 103, within 3 weeks of receipt in accordance with the instructions shown below.

**FAILURE TO COMPLY WITH THE REPORTING REQUIREMENTS MAY RESULT IN THE ISSUANCE OF CITATIONS AND ASSESSMENTS OF PENALTIES.**

**Change of Ownership** – When there has been a change of ownership during the report period, the records of the current owner and the preserved records of the previous owner are to be incorporated in the report. Explain fully under "Comments."

**Partial-Year Reporting** – For establishments which were not in existence for the entire report year, the report should cover the portion of the period during which the establishment(s) was in existence. Explain fully under "Comments."

### SECTION I – ESTABLISHMENTS INCLUDED IN THIS REPORT

This report should include only those establishments located in, or identified by, the Report Location or Identification designation which appears below your mailing address. This designation may be a geographical area, usually a county or city, or it could be a brief description of your operation within a geographical area. If you have any question concerning the coverage of this report, please contact the agency identified on the OSHA No. 103 report form. Enter in Section I the number of establishments (as defined below) included in this report.

### DEFINITION OF ESTABLISHMENT

An **ESTABLISHMENT** is defined as – a single physical location where business is conducted or where services or industrial operations are performed. (For example: a factory, mill, store, hotel, restaurant, movie theater, farm, ranch, bank, sales office, warehouse, or central administrative office.)

For firms engaged in activities such as construction, transportation, communication, and electric, gas and sanitary services, which may be physically dispersed, reports should cover the place to which employees normally report each day.

Reports for personnel who do not primarily report or work at a single establishment, such as traveling salesmen, technicians, engineers, etc., should cover the location from which they are paid or the base from which personnel operate to carry out their activities.

### SECTION II – AVERAGE EMPLOYMENT IN 1975

Enter in Section II the average of full and part-time employees you had during calendar year 1975 in the establishment(s) included in this report. Count all classes of employees, including seasonal, temporary, administrative, supervisory, clerical, professional, technical, sales, delivery, installation, construction, and service personnel, as well as operating and related workers.

Annual Average employment should be computed by summing the employment from all pay periods during 1975 and then dividing that sum by the total number of such pay periods throughout the entire year, including periods with no employment. For example, if you had the following monthly employment – Jan.-10; Feb.-10; Mar.-10; Apr.-5; May-5; June-5; July-5; Aug.-0; Sept.-0; Oct.-0; Nov.-5; Dec.-5 – you would sum the number of employees for each monthly pay period (in this case, 60) and then divide that total by 12 (the number of pay periods during the year) to derive an average annual employment of 5.

### SECTION III – TOTAL HOURS WORKED IN 1975

Enter in Section III the total number of hours actually worked by all classes of employees during 1975. Be sure to include **ONLY** time on duty. **DO NOT** include any non-work time even though paid, such as vacations, sick leave, holidays, etc. The hours worked figure should be obtained from payroll or other time records wherever possible; if hours worked are not maintained separately from hours paid, please enter your best estimate. If actual hours worked are not available for employees paid on commission, salary, by the mile, etc., hours worked may be estimated on the basis of scheduled hours or 8 hours per workday. (Example – If a group of 10 salaried employees worked an average of 8 hours per day, 5 days a week, for 50 weeks of the report period, the total hours worked for this group would be  $10 \times 8 \times 5 \times 50 = 20,000$  hours for the report period.)

### SECTION IV – SUPPORT ACTIVITIES PERFORMED FOR OTHER ESTABLISHMENTS OF YOUR COMPANY

It is necessary to know whether this report includes any establishment(s) whose primary function is to provide supporting services to other establishments of your company. The more important examples include central administrative (headquarters or district) offices; research, development or testing facilities; and storage (warehouses).

Answer "No" if a) services are not the primary function of any establishment(s) included in this report or b) if services are provided but only on a contract or fee basis for the general public or for other business firms.

Answer "Yes" only if supporting services are provided to other establishments of your company. Also, indicate the primary type of service or support provided by checking as many boxes as apply. For example, if one separate establishment is a central administrative office and another is a warehouse, check both (1) and (3). If several supporting services are performed in one establishment at a single location, check the one box which best describes the primary activity.

## SECTION V – NATURE OF BUSINESS IN 1975

In order to assign the appropriate nature of business code, we must have information about the specific economic activity carried on by the establishment(s) included in your report during calendar year 1975. NOTE: If more than one establishment is included (as indicated in Section I), information in Section V should reflect the combined activities of all such establishments. One code will be assigned which best indicates the nature of business of the group of establishments as a whole.

**Item 1: General Activity** – Enter the principal activity during 1975 in general terms such as manufacturing, construction, trade, finance, services, etc.

**Item 2: Specific Activity** – List in order of importance the specific products, lines of trade, types of services, or other economic activities. Provide as much detail as possible. Opposite each entry, please enter the approximate percentage of 1975 annual dollar value of production, sales receipts, etc., as appropriate. Reliable estimates are acceptable.

---

## SECTION VI – RECORDABLE INJURIES AND ILLNESSES

Check the appropriate box. If you checked "Yes," complete the remainder of the questionnaire. If you checked "No" complete Section VII and Section IX.

---

## SECTION VII – SUPPLEMENTARY DATA ON JOB SAFETY AND HEALTH

**PART A:** Enter the number corresponding to the first month in 1975 in which your establishment(s) had an OSHA compliance inspection. For example, if the inspection occurred in March, enter "03". If the inspection occurred in November, enter "11", etc. Include inspections under the Federal or State equivalents of the Occupational Safety and Health Act by Federal or State inspectors and other inspections which may result in penalties for violations of safety standards. Do not include inspections limited to elevators or boilers or those which are consultative in nature.

**PART B:** Periodic general medical examinations – an examination administered by a doctor, or registered professional personnel under the standing orders of a doctor, in which medical opinions or conclusions are drawn.

Periodic medical surveillance examinations – periodic screening of employees who are exposed to toxic substances, hazardous materials, or injurious forces (e.g., noise, radiation, etc.).

---

## SECTION VIII – INJURY AND ILLNESS SUMMARY

This section can be completed quickly and easily by copying the data already entered on your OSHA Form No. 102 "Summary of Occupational Injuries and Illnesses" for 1975 or by summarizing the data from your OSHA Form No. 100 "Log of Occupational Injuries and Illnesses".

NOTE: If this report includes more than one establishment, the separate OSHA No. 102 summaries for each must be added and the sums entered in Section VIII. However, you should first make sure that each OSHA No. 102 form has been correctly prepared. The OSHA No. 102 form is the summary of cases which have been entered on the "Log of Occupational Injuries and Illnesses" (OSHA No. 100) during calendar year 1975. Please review the Log to make sure that all entries are correct and complete. Each case should be included in only one of the three types: Fatalities (Log column 8); Lost Workday Case (Log column 9); or Nonfatal cases Without Lost Workdays (Log column 10). The Summary (OSHA No. 102) should have been completed by summarizing, separately, occupational injuries (code 10) and the seven categories of occupational illnesses (code 21 through 29) according to instructions on the back of the summary form.

Please remember that, if an employee's loss of workdays is still continuing at the time the summary is completed, you should estimate the number of future workdays he will lose and add this estimate to the actual workdays already lost.

NOTE: All cases which, in your judgment, required only **First Aid Treatment**, even when administered by a Doctor or Nurse, should not be included on this report. First Aid Treatment is defined as one-time treatment and subsequent observation of minor scratches, cuts, burns, splinters, particles in the eye, etc.

---

## SECTION IX

Please complete all parts, including telephone number. Then return the OSHA No. 103 form (but NOT your file copy) in the self-addressed envelope.

EMILIEN A. LEVESQUE  
Commissioner

HAROLD S. NODDIN  
Bureau Director

Gentlemen:

The Occupational Safety and Health Act of 1970 requires the U. S. Secretary of Labor to collect, compile and analyze statistics on occupational injuries and illnesses. The Bureau of Labor, Maine Department of Manpower Affairs, conducts this survey to collect and compile these data for the State of Maine. This program is financed by a Federal-State grant.

You have been selected to participate in the nationwide Occupational Injuries and Illnesses Survey for 1975. Although establishments are chosen for this survey on a sample basis, certain establishments may be included every year because of their importance to the statistics for their industry. Under the Occupational Safety and Health Act, your report is mandatory.

The following items are enclosed for your use:

- (1) Instructions for completing the form;
- (2) Form OSHA 103 and a copy for your files;
- (3) An addressed return envelope.

Please complete OSHA form 103 and return the copy with the identification label attached, within three weeks in the envelope provided.

If you have any questions about this survey, please contact Mr. William Peabody of this office (telephone No. 289-3331).

Thank you for your cooperation.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Harold S. Noddin".  
Harold S. Noddin  
Bureau Director
