STATE OF MAINE

HIGHWAY PEDESTRIAN CRASHES

2011 - 2015

I. PREFACE 1

II. PEDESTRIAN CRASH TABLES AND CHARTS 2011-2015

Crashes Summarized by:

County	1-4
Severity	5-6
Rural/Urban Designation	7
Month	8
Day of Week	9
Time of Day	10
Age Groups	11
Age Groups by Gender	12
Apparent Physical Condition	13
Contributing Factors	14
Vehicle Type	15
Light Conditions	16
Weather Conditions	17
Road Surface Conditions	18

STATE OF MAINE

STATEWIDE PEDESTRIAN CRASHES

2011 - 2015

Preface

This publication is a statistical review of reported motor vehicle crashes that involved pedestrians in Maine during the five-year study period 2011 - 2015. The statistics are compiled from crash reports submitted to the Department of Transportation by the Traffic Division, Department of Public Safety. The Traffic Division receives all police uniform crash reports Form 13:20 A, from state, county and local police agencies.

The enclosed charts, graphs, listings and summaries were produced using the Department of Transportation's Computerized Crash Records System. Except for adjustments to locations and crash-type information for accuracy, no attempt has been made to modify the raw data received from the reporting agencies. However, because crash scenes are often dangerous and chaotic, some inaccuracies in data collection are possible.

A comparison of this report with other summaries of crashes and fatalities may also reveal inconsistencies due to changes in crash classification, late submittals, and differing reporting criteria.

The Department of Transportation and the Department of Public Safety wish to express our sincere thank you to all law enforcement agencies and officers for the work they do on crash investigations. Without their dedication, this report would not be possible.

We welcome your comments and suggestions on this report at:

Contributing Factors	14
Vehicle Type	15
Light Conditions	16
Weather Conditions	17
Road Surface Conditions	18

STATEWIDE BICYCLE CRASHES

2011 - 2015

Preface

This publication is a statistical review of reported motor vehicle crashes that involved bicycles in Maine during the five-year study period 2011- 2015. The statistics are compiled from crash reports submitted to the Department of Transportation by the Traffic Division, Department of Public Safety. The Traffic Division receives all police uniform crash reports Form 13:20 A, from state, county and local police agencies.

The enclosed charts, graphs, listings and summaries were produced using the Department of Transportation's Computerized Crash Records System. Except for adjustments to locations and crash-type information for accuracy, no attempt has been made to modify the raw data received from the reporting agencies. However, because crash scenes are often dangerous and chaotic, some inaccuracies in data collection are possible.

A comparison of this report with other summaries of crashes and fatalities may also reveal inconsistencies due to changes in crash classification, late submittals, and differing reporting criteria.

The Department of Transportation and the Department of Public Safety wish to express our sincere thank you to all law enforcement agencies and officers for the work they do on crash investigations. Without their dedication, this report would not be possible.

We welcome your comments and suggestions on this report at:
