♦ *Maine Venture Fund is the "doing-business-as" name for the Small Enterprise Growth Fund – a decision made through careful consideration between the Fund Board of Directors and Management Team, and finally put in place in the fall of 2013. The board and staff believe this "doing-business-as" name simply and more clearly reflects the Fund's mission and benefits marketing efforts within the State of Maine's entrepreneurial and small business community.*

**Re:** Small Enterprise Growth Fund 2014 Periodic Report

---

On behalf of the Small Enterprise Growth Board ("SEGB") and Management Team of the **Maine Venture Fund\***, we respectfully submit the Fiscal Year **2014 Periodic Report** as required by 10 M.R.S.A., §388(1), providing a detailed review of the Fund's activities, status and successes.

The Fund is relatively liquid, thanks to some investment returns and the Federal program, State Small Business Credit Initiative ("SSBCI"). These resources position the Fund to continue in its mission *"to provide resources to attract, support and help develop eligible small businesses with the potential for substantial growth and success that will contribute to the prosperity of Maine"*.

The Fund's mission and purpose are as desperately needed now as when the Fund was created. Sources of risk capital for Maine companies continue to be very limited. Neither venture subsidiary of Coastal Enterprises was able to raise a new large fund given the capital market disruptions in 2008-2010, though CEI Ventures launched a small fund late in 2011. North Atlantic Capital operates from Maine, but as a later stage investor, has not found any Maine companies in which to invest in many years. The largest organized angel group in the State, Maine Angels, continues as a viable group, is increasing its membership and effectiveness, but their investments are smaller, and not limited to Maine companies. Another organized angel group, the Bangor Angel Fund, commenced operations in 2014, a positive sign, but again, limited to small investment amounts.

The Fund has been very fortunate to attract an experienced and talented board of directors, all, except for the one *ex officio* member who is named by the Commissioner of the Department of Economic and Community Development, appointed through the gubernatorial appointment process.

These professionals volunteer their time to the Board of Directors and spend many hours pursuing and ensuring a well-managed Fund by:

- Meeting monthly, as a board of directors, for up to 4 hours per meeting;
- Advising and directing the Fund's Management Team;
- Individually taking on assignments to specific portfolio company subcommittees;
- Regularly reasserting the Fund's mission including the conclusion this year of a Strategic Framework to ensure that the Funds goals and objectives are clear to all and are continually pursued;
- Reviewing regular reporting and metrics provided by the Management Team;
- Working closely with the Managing Director to provide each portfolio company with sound guidance and recommendations.

The Board of Directors and the Management Team have worked toward, and achieved, a flawless annual audit record from one of the largest CPA firms in the State, Baker|Newman|Noyes of Portland.

In Fiscal Year 2014, from July 1, 2013 to June 30, 2014, the Board and Management Team thoroughly screened over a dozen companies for potential investment, and counseled many other early-stage companies. MVF management and Board members play a critical role in the informal/formal advisory ecosystem that supports early stage Maine business in their development.

During the fiscal year, the SEGB invested a total of \$1,467,820<sup>1</sup>, which included:

- Initial investments totaling \$570,000 in three new companies:
  1. *Tide Creative, Inc.*, a platform software company with a focus on wedding vendors and photographers;
  2. *Dream Local Digital Ltd.*, a digital marketing company; and
  3. *Sea Bags, a Subsidiary of Solstice Group*, a manufacturer of high-end tote bags from "retired" sails.
- Follow-on investments totaling \$527,125 in existing portfolio companies:
  1. *Blue Tarp, Inc.*, a provider of a full-service commercial credit program to building material dealers and contractors across the United States;
  2. *Pika Energy, Inc.*, developer and maker of affordable, high-performance renewable energy system components for the residential and commercial markets;
  3. *Cerahelix, Inc.*, a technology company that is commercializing a membrane technology in the filtration industry;
  4. *Dream Local Digital Ltd.*, a digital marketing group;
  5. *Abierto Networks LLC*, a technology solution provider for the convenience store industry; and
  6. *Pen Bay Solutions, Inc.*, who use a combination of technology and business intelligence to help run cost-effective facility operations, maintain safe and secure built environments, and maximize real estate portfolio performance.
- Follow-on investments, using SSBCI funds totaling \$370,695, in three existing portfolio companies
  1. *Wentworth Technology, Inc.*, a manufacturer of headsets for drive through restaurants;

---

<sup>1</sup> Please view MVF Investment Activities – FY14 (7/1/13 – 6/30/14) for further investment details.

2. *Certify, Inc.*, developer of an innovative, online expense management software; and
3. *Harbor Technology LLC*, manufacturer of cost competitive composite products designed as a long-lasting and environmentally friendly solution to the problems associated with maintaining and repairing rusting steel and worm eaten wood used in marine and other infrastructure.

In the balance of calendar 2014, from July 1, 2014 to December 31, 2014, the Fund invested an additional \$500,000 in three companies. Two were new to the Fund: *Hyperlite Mountain Gear, Inc.* (\$250,00, SSBCI funds) and *Orono Spectral Solutions* (\$200,000) ; and the third, a follow-on investment, in an existing portfolio company, *Tide Creative, Inc.* (\$50,000).

We are proud of what the Fund has accomplished to date. We have developed a process that is flexible and provides entrepreneurs with prompt decisions and guidance. Since its creation, the Fund has been an active participant in the economic development environment in Maine. The accompanying documents, graphs and tables present data portraying the impact of the Fund, but we would like to share here some of the highlights:

- The successful execution of its mission over the years led FAME to allocate \$3 million of the \$13 million State Small Business Credit Initiative (SSBCI) funds to MVF for deployment beginning mid way through FY'12. Due to MVF's performance to date, FAME has increased the amount available to MCF to \$4.5 million. This is a three-year Federal program (U.S. Treasury Department) to stimulate small business growth and is precisely aligned with the Fund's mission.
- MVF plays a key role in Maine's R&D continuum from research to commercialization. Many companies that have successfully leveraged Maine Technology Institute ("MTI") and Maine Economic Improvement Fund ("MEIF") grants and loans are often not ready for traditional venture capital, and the MVF plays a critical role in filling that gap, helping to continue to shepherd those most promising companies. The mentoring and eventual investments in *Dream Local Digital Ltd.* and *Pika Energy, Inc.*, which had benefitted from MTI programs and Blackstone support, are two such examples.
- Since 1997, the Fund has catalyzed just under an additional \$135 million in outside capital invested in its portfolio companies; this number includes \$9.8 million in outside capital coming into the State since December, 2011, in which the Fund made investments using SSBCI funds. These investments, paired with the appropriate guidance, position companies to be successful in raising larger investments from additional professional investors, often from outside the State. The absence of this local infrastructure would result in many entrepreneurs not getting the funds needed to launch, or pursuing their ideas outside the State.
- Since 1997, SEGF portfolio companies have created 8,533 job-years, which are calculated as the cumulative of one job for one year for FTE employees for all portfolio companies since 1997.
- As of December 2013, MVF has 25 portfolio companies that employ nearly 421 FTEs.

The Fund works to create linkages to capital providers in and outside of Maine in an effort to bring more attention to Maine-based opportunities. Management and the Board cultivate and maintain relationships with early stage

venture capital funds, angel groups, and other investment professionals throughout northern New England.

As noted, MVF management and the Board of Directors are active in the entrepreneurial ecosystem in Maine. Management and the Board work with other entities in entrepreneurial development programs and small business counseling. MVF maintains a strong complementary working relationship with, among others, the Maine Angels, Bangor Angel Fund, CEI Ventures, Maine Center for Entrepreneurial Development (MCED) and the MEBis incubator network, and MTI. MVF offers a small scholarship each year to select students in the Innovate for Maine Internship Program, a program of the Blackstone Accelerates Growth Maine initiative, and engages them in a meaningful project with a portfolio company. The Fund also employs summer interns from schools like Tuck at Dartmouth, Babson, and Howard University, and management and the Board work closely with portfolio companies and companies of interest, serving as advisors, working with company Boards, and helping source additional capital.

We would like to take this opportunity also to recommend that certain highly valuable programs and initiatives continue to be supported as Maine continues to transition its economy from its resource-based past to innovation and modern manufacturing. These include MTI and its portfolio of grant and contingent loan programs, the Maine Seed Capital Tax Credit, managed by FAME, the two top incubators in the State – MCED, the Target Technology Center / Aquaculture Incubators and MeBis, which coordinates the efforts of these valuable business and innovation incubators. The incubators' programs (e.g. "Top Gun") bring the entrepreneurial community together to promote the growth and development of the State's most promising high-growth companies. MTI is the cornerstone of early-stage entrepreneurial financial support in the State, given its relatively large annual appropriation, providing grants and contingent loans for promising technology leading to commercialization, and complements MVF's equity investments and more intensive involvement with somewhat later stage opportunities.

We look forward to maintaining a strong partnership with the Legislature to ensure that the Fund continues its important role in the enhancement of Maine's economic development.

We invite you to contact any of us at any time, and we encourage you to visit our web site at [www.maineventurefund.com](http://www.maineventurefund.com).

We thank you for your support.

Respectfully,

*Corson Ellis*

## **About Maine Venture Fund (“MVF”)**

### **Mission:**

*The mission of the Fund is*

*“...to provide resources to attract, support, and help develop eligible small businesses with the potential for substantial growth and success that will contribute to the prosperity of Maine.”*

### **Governance:**

Authority for the Fund resides with an eleven-member Board of Directors. The Governor appoints ten of these individuals through the gubernatorial appointment application process, and the eleventh is an *Ex-Officio* seat for the DECD Commissioner (or his/her designee).

The governing statute requires specific experience/knowledge requirements for each gubernatorial board seat appointment:

- *Five members must have relevant experience or background in early-stage investing, or in managing high-growth small businesses,*
- *Three members must have experience in the development of technological innovation,*
- *One must be involved in commercial lending, and*
- *One must be an attorney with experience in securities law.*

The function of the Board is:

- *to determine the Fund’s mission and purpose;*
- *to approve investments to qualifying small Maine businesses;*
- *to provide ongoing support and guidance to, and evaluation of, the Managing Director and Management Team;*
- *to provide ongoing support and guidance to portfolio companies in pursuit of the Fund’s twin goals of driving financial returns and supporting companies in the creation of high quality jobs and other community benefits; and*
- *to work closely with the Managing Director in keeping the Legislature and Governor apprised of the Fund’s activities.*

This highly experienced Board devotes a tremendous amount of volunteer time from their busy professional schedules to help make the Fund successful in reaching the goals of its mission.

## History:

The Small Enterprise Growth Fund, now doing business as (d/b/a Maine Venture Fund) ("Fund" or "MVF") is the State of Maine's venture capital fund. It was created by statute in the 117<sup>th</sup> Maine Legislature in 1996, and through FYE 2014, had received \$13 million in capital from the State, mostly through economic development bond proceeds. MVF recycles returns and pays its annual expenses from the Fund itself.

In September 2011, the U.S. Department of the Treasury announced the approval of Maine's State Small Business Credit Initiative (SSBCI) application, submitted by FAME earlier that year. In recognition of the Fund's effectiveness, and importance in the early stage company sector in Maine, FAME has chosen to allocate up to \$4.5 million, of the total \$13.2 million, to the Fund to support its mission. To date, nearly \$2.2 million of SSBCI capital has been invested by MVF.

MVF is a competitive venture capital fund, meaning many business plans are reviewed, but the Fund invests, after thorough due diligence, in only those companies that stand out as providing the combination of best expected return on investment and the greatest positive impact on the State.

MVF seeks to accomplish the Fund's mission in partnership with other public and private entities engaged in the entrepreneurial and small business marketplace in Maine, including Finance Authority of Maine ("FAME"), Maine Technology Institute ("MTI"), Department of Economic and Community Development ("DECD"), the MeBIS incubator network, privately managed venture capital funds, individual investors, whether in organized angel groups or not, and entrepreneurs and small business owners throughout the State of Maine.

Since its first investment in December of 1997 through June 30, 2014, the end of FY14, the Fund invested \$15,872,000 in 51 Maine companies. By the end of the 2014 calendar year, the Fund has reached just over a total of \$16 million in investments, in 53 Maine companies, and has a current portfolio of 25 Maine companies. For every \$1 invested by the Maine Venture Fund, other investors have typically invested an additional \$9, providing significant leverage on Maine Venture Fund dollars.

Two investment examples demonstrate the way the Fund works in the market:

1. *Hyperlite Mountain Gear, Inc.* ("HMG") - HMG was founded by Mike St Pierre, an avid hiker and mountain climber, who was seeking lighter weight, durable camping gear. MVF management learned of the company early in its history and cultivated a relationship long before investing. After the company had utilized "founder, friends, family and foolhardy strangers" ("the four F's") capital to get into the commercial market, HMG was ready to raise a larger round to accelerate sales, marketing and the firms professional development. MVF staff worked with the company, individual investors, and other interested funds, playing an active role in due diligence, and constructing the term sheet that was used for the creation of the security ultimately sold to all investors. Post-investment, MVF personnel play an active role as an Observer to the HMG board, and actively work to recruit high quality board members to the company.

2. *Harbor Technology, LLC ("H-Tech")* – MVF originally invested in H-Tech in 2009. After a strong 2010, the company encountered serious difficulties, some from exogenous events, some self-inflicted. MVF staff and Board worked extensively with other Board members and stakeholders to engineer a significant restructuring of the company: the balance sheet, relationship with vendors, board and management team. H-Tech now has arguably one of the strongest Boards in the MVF portfolio and a very capable CEO. Though not yet at the levels of growth and profitability of which it's capable, the company is in a much-improved position and its prospects are bright.

These companies help illustrate the impact of the Fund's role and the types of promising companies that are, and could become stronger, contributors to Maine's prosperity. The Fund's partnership with larger regional venture capital funds and angel investors enhance Maine-based opportunities, leading to well-financed companies that generate good paying jobs.

## #1 **Co-Investment**

Maine Venture Fund invests in Maine companies alongside other venture capital funds and individual accredited investors.

In FY14, MVF invested over \$1,467,000, which number includes, since late 2011, the use of SSBCI funds, in 11 Maine companies with an average investment of \$133,000 per company, resulting in additional venture capital and angel investments of over \$24.5 million.

As of December 31, 2014, MVF has invested a total of over \$16 million, including SSBCI funds, in 53 Maine companies with an average investment of \$302,000 per company and has catalyzed nearly \$136 million in additional venture capital and angel investment into Maine companies.

*For every \$1 invested by the Maine Venture Fund an additional \$9 is invested in Maine companies.*

## #2 **Job Creation**

MVF portfolio companies provide careers to highly skilled, educated Maine professionals, and job opportunities for a range of skill levels as companies grow. Typical jobs include: computer programmers, salespeople, chief financial officers, marketing managers, and executives.

- *Since 1997, MVF portfolio companies have created 8,517 job-years, which are calculated as the cumulative of one job for one year for FTE employees for all portfolio companies.*
- *In calendar year 2014, MVF portfolio companies employed approximately 404 people and provided internship opportunities for three business school students, two “Blackstone Accelerates Growth” Innovate for Maine Fellows and a summer intern from the Tuck School of Business at Dartmouth.*

### #3 Intellectual Property

Many MVF portfolio companies develop proprietary products, software or brands; examples of which are listed here:

#### ■ Licensing Agreements:

- **Chemogen, Inc.** has an agreement with **Alere (NYSE: ALR) (fka Inverness Medical)** for the worldwide manufacture and distribution of tests for the rapid detection of *Mycobacterium*, the primary causative agent of tuberculosis.

#### ■ Patents & Patent Applications:

- **Aiko BioTechnology** - Primary US patent 6,713,488 entitled "Neutral Antagonists and the Use Thereof in Treating Drug Abuse" - issued 3/30/04 w/protection until 2020; Claim 25: "A method of alleviating adverse effects associated with opiod use by an individual in need thereof comprising administration to the individual of a therapeutically effective amount of a naloxone analog..."; Claim 29: "The method of claim 25 wherein the adverse effects of opiod use include alteration of gastrointestinal transit."; an International PCT has issued providing foreign coverage.
- **Cerahelix, Inc** - 3 Issued US Patents (8,431,508, 8,431,509, and 8,426,333) as of April 2013. Patents protect the process of making a ceramic membrane using DNA template, and the use of the DNA template ceramic as a molecular separation membrane. Protection for use of product specifically for molecular filtration. They all cover the same thing - which is the basic idea of using DNA as a template for a molecular separations membrane. Cerahelix has broad coverage for its technology above and beyond using it only to make a water filter. Cerahelix has filed patents based on the PCT in the EU, Japan and China. Within the EU Cerahelix will eventually narrow to 3-4 countries. The Chinese patent is currently in office action.
- **Bar Harbor Biotechnology, Inc** - Copy Number Systems and Methods for Statistical Genomic DNA based Analysis and Evaluation - filed January 27, 2006 as a continuation in part of U.S. Patent Application 10/835,541, filed on April 29, 2004, which claims the benefit of U.S. provisional application 60/466,362, filed on April 29, 2003. This is an application of the GPR in any circumstances where change in the copy number of a gene is of interest.
- **Newfield Design, Inc** – Non-provisional patent Application No. 13/623,623 files September 20,2012 titled Expandable Radio Control System and Method.
- **Nyle Systems, LLC** – Patent No. 7266959 for Heat Pump; expired patent on lumber dryer.
- **Orono Spectral Solutions, Inc** – Patent Nos. 8,393,198 & 8,613,214, "Apparatus and method for determining analyte content in a fluid"; US nonprovisional 13/416,777 "Apparatus & Method for Pre-concentrating and Transferring Analytes from Surfaces & Measurement Thereof Using Spectroscopy".
- **Pika Energy, Inc** - Pika has filed one international Patent Cooperation Treaty (PCT), one US utility patent application, and two US provisional applications. One filing covers the low-cost blade manufacturing technique that was advanced during the Phase I project, and another covers the safety brake technology. Two additional filings cover aspects of Pika's REbus™ microgrid technology, which facilitates grid connection of wind, solar, and other resources. Pika will continue to file and upgrade applications as it move toward commercialization.

#### **#4 Network Building**

MVF Management Team and Board Members maintain relationships with a broad range of regional economic development agencies as well as equity and near-equity providers, and is an active participant in Maine's entrepreneurial neighborhood.

The MVF is highly selective in the companies in which it invests; however, the Fund's Management Team actively assist all interested companies in finding appropriate capital and resources. To this end, they are often referred to other Maine resource and capital providers.

## #5 **Portfolio Returns**

It is the aim of the MVF to grow the size of the Fund “organically” through “harvesting” investments made by the Fund. The most common “successful” liquidity event for the MVF is when a portfolio company is sold to another, typically larger, company at a price per share significantly higher than the price the Fund paid for shares in the company. The Fund has had a number of successful “exits” over the years; exits which have returned capital to the Fund greater than that invested, and which money was then used to invest in other promising Maine companies.

- *With the \$13 million of State funds (\$5 million in 1998; \$3 million in 2000; \$1 million in 2006; and \$4 million in 2010) combined with \$2.2 million in Federal State Small Business Credit Initiative (“SSBCI”) funds, the MVF has invested over \$16 million dollars in Maine companies and paid for 16 years of Fund operations to date.*
- *The following table contains examples of portfolio returns:*

MVF Portfolio Company	Industry	Date of investment	Total Investment Amount	Capital Returned to SEGF	Rate of Return	Type of Exit
Angela Adams LLC	Consumer Products	October 2002	\$400,000	\$600,000	IRR: 15%; 1.5X investment	Company repurchased stock and sold to new investor
Anodyne Health Systems, Inc.	Healthcare Services	August 2006	\$425,000	\$944,886	IRR: 35.4%; 2X investment	Company sold to athenahealth, Inc. (NASDAQ: ATHN), and AdvantEdge
Bourgeois Guitars LLC	Luthiers	May 2001	\$16,000	\$17,182	IRR: 10%	Repayment of Note
Capricorn Products, Inc.	Medical device supply	October 1998	\$150,000	\$213,834	IRR: 8%; 1.4X investment	Repayment of Note
Common Census, Inc.	Insurance Software	December 1999	\$500,000	\$810,250	IRR: 6.7%	Conversion of Equity to Note followed by Repayment of Note
ComNav Engineering, Inc.	Electronics Manufacturing	January 1998	\$150,000	\$237,356	IRR: 2%; 1.6X investment	Repayment of Note
Phytex LLC	Specialty Chemicals	Sept 2001	\$150,000	\$195,945	IRR: 29%; 1.33X investment	Partner buyout of SEGF
RecruiterNet, Inc.	Software	June 2001	\$250,000	\$1,961,294	IRR: 63%; 8X investment	Company sold to First Advantage (NASDAQ: FADV)
RedZone Wireless, Inc.	Internet	December 2008	\$50,000	\$81,760	IRR: 9.1%	Repayment of Note

## #6 Education and Economic Development

In addition to working with portfolio companies and Maine companies interested in risk capital, MVF typically holds an educational networking event each year, and participates in entrepreneurial and small business events statewide, including:

- **Blackstone Accelerates Growth:** *MVF is a supporter of the Blackstone Accelerates Growth (BxG) initiative. Blackstone Accelerates Growth is a \$3 million, three-year initiative designed to help Maine entrepreneurs leading start-up and existing companies get the coaching and training they need to accelerate the growth of their company and create more good jobs across the State. MVF is an investor of four of the Accelerated Ventures companies, and has placed several BxG student interns in Fund portfolio companies, providing an educational experience for Maine business students and value-add projected for the companies.*
- **Maine Center for Entrepreneurial Development's ("MCED") Top Gun Program:** *This program was developed to teach emerging entrepreneurs what they really need to know to manage and grow a successful growth-oriented business. John Burns, Managing Director, and Jayme Okma Lee, Investment Manager, serve as advisors and panelists throughout this twelve-week program. The Fund further provided sponsorship and staff volunteer time during the working session for the final entrepreneur pitch event.*
- **Angel Capital Association:** *MVF renewed its membership with the Angel Capital Association (ACA) in 2014. The ACA provides resources and education for angel groups and small venture organizations and their portfolio companies. For example, the New England angel groups hold a quarterly ACA syndication summit, where investment groups can nominate companies to pitch for capital. In 2012, two MVF portfolio companies presented to over 100 regional angel investors and received subsequent support and investment capital. The MVF actively works with Maine companies to attract investment capital from outside the state and the New England angel groups are an important source of such capital.*
- **Portfolio Company Recognition Event:** *Portfolio Company CEOs and key figures in the Maine entrepreneurial community come together each fall for an evening of learning, networking, awards and idea sharing. This annual event features a keynote speaker and provides both education and inspiration for the growth stage company community.*

## Maine Venture Fund

An eleven-member Board of Directors, appointed by the Governor, oversees the Fund.

Board members have relevant experience or background in early-stage investing, managing or investing in high-growth small businesses, the development of technological innovation, commercial lending or securities law.

In July 2014, the Board appointed Corson Ellis as Chair and Christopher Pizey as Vice Chair for fiscal year 2015, replacing Stephen R. Goldberg, who termed out in October 2014, as Chair, and Mr. Ellis as Vice Chair, both of whom served just beyond the end of fiscal 2014 (June 30, 2014).

In October 2014, two deeply dedicated board members, Stephen Goldberg and Matthew Hoffner, completed three two-year terms of voluntary service on the SEGB, the statutory limit for service, and the Board welcomed two new members, John R. Murray and Thomas J. Dunne to the Board.

Board composition as of December 2014:

- ❑ **Corson “Corky” Ellis, Chair**, is Chairman and Founder of *Kepware Technologies* ([www.kepware.com](http://www.kepware.com)), a Portland company that writes industrial communications software for the factory, Smart Grid, building automation and oil and gas sector. Mr. Ellis is very involved in technology economic development in Maine. He is a board member of the Maine Center for Entrepreneurial Development and the Gulf of Maine Research Institute. Mr. Ellis graduated from Amherst College and received a Masters in Business Policy degree from Columbia University.
- ❑ **Christopher S. Pizey, Vice Chair**, has held various management positions, over the past twenty years, involving computing technologies, interactive media and new business development. While at *Andrews McMeel Universal*, Mr. Pizey led corporate new media ventures, including the founding of *uclick LLC*. While CEO of *uclick* he engineered new business initiatives including digital content syndication, web publishing, wireless content licensing and distribution deals with over 300 of the web’s premier publishers, portals and mobile phone networks. Mr. Pizey recently returned home to Maine where he is assisting his family’s business, *Hissong Development Corp.*, to grow their real estate development and construction businesses to include heavy construction materials and services, such as ready-mix concrete and aggregates.
- ❑ **Kimberley A. Niles, Treasurer**, is currently the founder of *VC CFO Services*, a financial services consulting firm. Prior to setting up her practice, Ms. Niles was Chief Financial Officer of *North Atlantic Capital*, a Maine based venture firm, for seventeen years. Ms. Niles has also held various roles in public accounting and private industry. Ms. Niles has a BS from the University of New Hampshire and is a Certified Public Accountant licensed in the State of Maine.
- ❑ **Timothy P. Agnew** is a Principal at *Masthead Venture Partners*, a venture capital firm with offices in Cambridge, Massachusetts and Portland, Maine. Prior to joining *Masthead*, Mr. Agnew was the Chief Executive Officer of the *Finance Authority of Maine* from 1988 to 1999. He serves on the board of CEI Community Ventures Fund and is a member of the Interagency Review Panel

and the Maine Angels. He is a past Chair of the Maine Technology Institute Board. Mr. Agnew is a graduate of the University of Virginia School of Law and Vassar College.

- ❑ **Daniel E. Boxer** has had a varied legal and business career. He was a senior partner at Pierce Atwood, Maine's largest law firm. His 25 years of practice involved representation of major corporations in a range of natural resource, business, and transactional and regulatory matters. In the mid 90's Mr. Boxer left Pierce Atwood to join CitiCorp Venture Capital (CVC) and a management investor group in the \$500M LBO of Fairchild Semiconductor from National Semiconductor. Mr. Boxer became Chief Administrative Officer of Fairchild, which grew to a \$2B Fortune 1000, NYSE global company with over 10,000 employees. He had wide responsibilities and involvement, including, legal, M&A, compliance, human resources, procurement, communications, environmental, import-export and logistics. His duties involved frequent work in Asia and Europe. He retired from active Fairchild involvement in 2005, but retains an advisory role for the Board and CEO. Mr. Boxer's current activity include: board member of Backyard Farms, a 200+employee, high-tech agricultural business in Central Maine which he helped found; board member and investor of XNG Energy of Boston, New England's largest trucked natural gas provider; Adjunct Professor of Corporate Governance, Ethics and Sustainability at the University of Maine School of Law, and very selective consulting on governance and business ethics matters for public, private and nonprofit corporations as well as private equity and venture capital firms. Mr. Boxer is a graduate of Bowdoin College and Cornell Law School.
- ❑ **Thomas J. Dunne** spent a large part of his career as a partner at management consulting firm, *Accenture*, where he served as a member of the Financial Services Industry practice with a focus on insurance. Upon retiring in 2003, Mr. Dunne has served as an advisor to several Maine businesses ranging from start-ups to mature mid-size and was one of the start-up founders of Maine Seafood Ventures, a lobster processing enterprise. Mr. Dunne currently serves as a volunteer/consultant, including acting as Executive Director of *Dirigo Health Agency* in 2003, serving as Adjunct Professor at *USM-Muskie Graduate School* in 2005, acting as Executive Director of *Ingraham* in 2006, and consultant to several non-profit organizations on a range of initiatives such as strategic planning, sales and marketing improvements, business expansion, executive succession and merger assessments. Mr. Dunne is a member of Hub Angels, a Boston based investment group as well as the Maine Angels, a Portland based investment group. Mr. Dunne is a graduate of S.U.N.Y, College at Geneseo receiving a B.A. in Economics with a concentration in Accounting and received his M.B.A. from The Amos Tuck School, Dartmouth College.
- ❑ **Blaine S. Grimes** currently serves as the *Gulf of Maine Research Institute's* Chief Development Officer. At GMRI, Ms. Grimes' primary responsibility is leading the organization's strategic fundraising initiatives to put in place the resources to maximize its impact and achieve its ambitious program goals in the coming years. Ms. Grimes is also responsible for GMRI's marketing and public relations efforts. Before joining GMRI in 2005, she held senior management positions at IDEXX Laboratories, Inc. and The VIA Group. Ms. Grimes has more than 28 years of business development, leadership and strategic marketing experience in a wide range of industries, with career concentration in the fields of marine science, healthcare, and biotechnology. Ms. Grimes received her undergraduate BA from Amherst College and her M.B.A. with Distinction from Harvard Business School.

**Board of Directors**

- ❑ **Samuel A. Ladd, III**, now, retired, served as President of *People's United Bank for Southern Maine*. He has been in banking since the mid-1960s. Mr. Ladd cofounded *Maine Bank & Trust* in 1991 and served as its President beginning in 2001. Formerly Mr. Ladd was Executive Vice President and Chief Operating Officer of *Maine Bank & Trust* and has served as a Director of *Maine Bank & Trust* and *Maine National Bank*. Mr. Ladd joined *Maine National Bank* after spending one year with the *Aetna Life Insurance Company* and two years in the U.S. Army as a First Lieutenant. He has been a Trustee of Bowdoin College and the Portland Symphony Orchestra where he served as Treasurer. He is the past Chairman of the Maine Maritime Museum. He has also served as the Chair of the Investment Committee for the Maine Historical Society. He is a board member of the Maine Bankers Association. He is also an Incorporator of the Boys & Girls Club of Greater Portland and of the Maine Medical Center. Mr. Ladd has also been President of the Maine Bankers Association and Chair of the Maine Chamber of Commerce. He ran the Capital Campaign for the Greater Portland United Way. He currently serves on the Government Relations Council of the American Bankers Association. He was the Finance Chair for the recent re-election of U.S. Senator Susan Collins. He is a recent recipient of the Portland Regional Chamber's Henri Benoit Award for Leadership. He was the 2007 Distinguished Citizen of the Boy Scouts of America, and was admitted to the Business Hall of Fame by Junior Achievements. Mr. Ladd graduated with a bachelor's degree from Bowdoin College in 1963. He also serves as Treasurer of the Maine Angels and has investments in a number of companies in Maine.
- ❑ **John Murray** is a Senior Account Manager at *Control Point, Inc.*, a process automation and controls supplier based in Scarborough, Maine. Prior to joining *Control Point*, John was V.P. of Operation at *New England Controls*, an Emerson affiliate. John has been involved in several startup companies, including a dot-com and his own company, *PID Inc.*, also an industrial controls supplier, which he formed in 1984 and sold in 1999. Mr. Murray is a graduate of the University of Dayton (B.S. Business Administration) and Southern New Hampshire University (M.B.A.).
- ❑ **Brian Whitney**, the Department of Economic and Community Development ("DECD") ex officio board member, presently serving as Acting CEO of Maine Technology Institute, joined DECD as Director of Business Development & Innovation in October 2012. In this capacity, he manages the Governor's Account Executives, Maine's team of experienced, knowledgeable and professional economic development liaisons whose primary responsibility is to work one-on-one with businesses to help them succeed and grow. Mr. Whitney has extensive experience in economic development and legislative matters at both the state and federal level. From 2005 - 2012, he served as the Director of Outreach and Economic Development for U.S. Senator Olympia J. Snowe where he worked as a senior-level staffer and liaison between the Senator and officials from federal, state, county and municipal government, private and public economic development entities, and top management of corporations, in an effort to help foster economic development in Maine. Prior to joining Senator Snowe's office, Mr. Whitney worked as a Business Development Specialist at the Maine Department of Economic & Community Development and, preceding that, as a staff member in the Maine Legislature. During his tenure there, he served as Chief of Staff to Maine's Senate President during the historic power-sharing arrangement in 2002.

## The Management Team

### ◆ John Burns, CFA, Managing Director

John has 30 years of institutional investing experience; the last 14 as MVF Managing Director, where his responsibilities include the full range of venture capital investment activities. He has been directly involved with bringing risk capital to more than 50 Maine companies, and has led the Fund through a number of successful exits. Prior, John served as Second Vice President and Portfolio Manager for UNUM Corporation, where he managed domestic and international portfolios.

John serves the entrepreneurial neighborhood in Maine in many ways, through Board service (Maine Innovation Economy Advisory Board, Top Gun Advisory Board, CEI Community Ventures & others), as an Observer to company boards, and as a frequent speaker and panelist on venture capital, and public/private venture capital issues. He was class co-representative of the Upsilon class of *Leadership Maine*. He has served on a variety of non-profit boards as well and is currently Village Treasurer and a Trustee and on his local school board.

John holds the Chartered Financial Analyst (CFA) designation and a MBA with High Distinction from Babson College, a MS in Resource Economics from Penn State, and has served as Adjunct Faculty at the University of Maine, where he received his undergraduate degree.

### ◆ Desmond “Des” FitzGerald, Entrepreneur in Residence

A graduate of Harvard University, Des is a serial entrepreneur well known in Maine for his successful companies and strong civic leadership. He founded Ducktrap River Fish Farm, Inc. in 1977 and successfully led the company through significant growth through 1999, when he was named CEO of ContiSea, the holding company which merged Ducktrap and Atlantic Salmon of Maine to create an enterprise with over 300 employees and over \$50 million in annual sales. ContiSea was sold to Continental Grain in 2002.

Since his departure from ContiSea, Des has founded or co-founded three additional companies, has been very active as an adjunct professor in UMaine’s MBA program, and deeply involved in civic and cultural affairs in Maine from his midcoast home. He was a founding member of Maine Business for Social Responsibility, past President of The Natural Resources Council of Maine, past board member of The Camden Conference, Coastal Mountain Land Trust, school boards, and Maine Chapter of The Nature Conservancy. He currently serves on the Board of the Camden Film Festival and on

several private company boards.

◆ **Jayne Okma Lee, Investment Manager**

Jayne joined MVF in 2005 as a Fund Associate. Prior to joining the Fund, she worked for General Motors as a marketing and financial analyst, and as a management consultant in the pharmaceutical industry. Jayme received an MBA from the University of Maine where she had the highest cumulative GPA in her class. She graduated Magna Cum Laude, with honors, from Bowdoin College with an A.B. in Economics and Mathematics.

◆ **Terri Wark, Office Operations Manager**

Terri worked as Administrative Associate for the Fund since 2001; and prior to, she was with the Finance Authority of Maine (FAME) in the Legal Department and the Small Business and Commercial Loan Division. Terri attended the University of Maine.

**INDEPENDENT AUDITORS' REPORT**

The Board of Directors  
Small Enterprise Growth Fund  
d/b/a Maine Venture Fund

We have audited the accompanying basic financial statements of the Small Enterprise Growth Fund d/b/a Maine Venture Fund (the fund) a component unit of the State of Maine, which comprise the statements of net position as of June 30, 2014 and 2013, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Small Enterprise Growth Fund d/b/a Maine Venture Fund as of June 30, 2014 and 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As explained in note 1, the financial statements include investments in small businesses valued at \$3,660,858 (47% of net position) and \$2,873,303 (35% of net position) at June 30, 2014 and 2013, respectively, which are not actively traded and whose carrying values have been estimated by management in the absence of readily determinable fair values. Our opinion is not modified with respect to this matter.

## **Other Matter – Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Other Matter – Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information in schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

June 30, 2014 and 2013

As Management of the Small Enterprise Growth Fund d/b/a Maine Venture Fund ("the Fund" or "the SEGF"), we offer readers of the Fund's financial statements this narrative overview and analysis of the financial activities of the Fund for the fiscal years ended June 30, 2014 and 2013. As required, the Fund's financial statements are presented in the manner prescribed by Governmental Accounting Standards Board Statement No. 34 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* (GASB 34), as amended. Under GASB 34, the Fund is identified as a Proprietary Fund. Proprietary Funds are accounted for in a manner similar to a private business enterprise.

**Overview of the Fund**

The Small Enterprise Growth Fund was created in 1996 by an Act of the Maine Legislature, as a body corporate and politic and a tax-exempt instrumentality of the State of Maine. The Fund's purpose is to provide capital to small Maine businesses with the potential for high growth and public benefit, but which are unable to obtain adequate conventional financing. The Fund is a revolving, non-lapsing fund, with net earnings remaining in the Fund for use in providing additional capital to businesses.

**Overview of the Financial Statements**

Management's Discussion and Analysis is intended to serve as an introduction to the Fund's basic financial statements. The basic financial statements include the Statements of Net Position, the Statements of Revenues, Expenses and Changes in Net Position, and the Statements of Cash Flows. The Statements of Net Position present information on all of the Fund's assets, liabilities and net position. The Statements of Revenues, Expenses and Changes in Net Position present information on the Fund's revenues and expenses. The Statements of Cash Flows supplement those statements providing relevant information about cash sources and uses. The Fund's financial statements are presented on an accrual basis.

**FY 2014 Highlights**

- Maine Venture Fund (MVF or Fund) invested nearly \$1.5 million into eleven Maine companies in FY14.
- The MVF was a recipient of Federal State Small Business Credit Initiative (SSBCI) money through the Finance Authority of Maine (FAME) beginning in late 2011 and started investing SSBCI funds in December 2011. Since then, the Fund has invested a grand total of \$2,177,811.60 with total investments in FY14 of \$370,695, all follow-on investments in three existing MVF portfolio companies. MVF provides quarterly and annual investment reporting to FAME which, in turn, reports to the U.S. Treasury Department.
- Using Fund "core" dollars, three companies were added to the portfolio in FY14 with investments totaling \$626,034.
- The MVF invested \$471,092 from "core" funds in five existing portfolio companies as follow-on funding.
- The Fund experienced one exit in FY14 with a portfolio company acquisition in June 2014. The first payment was received in Q1 of the Fund's FY15, and a second payment from the acquirer is due early in Q1 2016. The addition to reserve to reflect the economics of the transaction was booked as a FY14 event.
- One additional company was added to the MVF portfolio in FY14 through a spin-off from an existing portfolio company. The new addition is a life-sciences company that develops predictive, noninvasive genetic risk assessment tests for cancers, autoimmune diseases, neuro-degeneration diseases and metabolism disorders.

(A COMPONENT UNIT OF THE STATE OF MAINE)**

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

June 30, 2014 and 2013

- The co-investment ratio for FY14 was \$16.7:1. Co-investors invested \$24.5 million alongside the nearly \$1.5 million the MVF invested. Removing one "outlier" (151:1 co-investment) results in a still strong co-investment ratio of \$6.4:1.
- According to the Fund's internal tracking, portfolio companies employed 404.5 full-time equivalent people as of June 30, 2014, a 13.1% increase from 357.5 the prior fiscal year end.
- MVF receives quarterly dividend payments from one of its portfolio companies, monthly interest payments from another, and is working with a third that is purchasing membership units back from the Fund monthly.
- The Fund's Board of Directors, Small Enterprise Growth Board ("SEGB"), and its Management Team developed a strategic business framework during the fiscal year, intended to aid in guiding the Fund as it prosecutes its mission.
- MVF continues to play a prominent role in a strong support network for the entrepreneurial community in Maine. Additionally, the Managing Director sits on numerous Boards throughout the State, including the Maine Innovation Economy Advisory Board (MIEAB), Maine Community Foundation's Impact Investing Committee, and CEI Community Ventures.
- The SEGB is a deeply experienced Board knowledgeable in early stage equity investing and in growing successful companies. For a list of current board members and their backgrounds visit <http://www.maineventurefund.com/about-mvf/board-of-directors>

The Fund had an operating loss of \$415,242 for the fiscal year. Operating revenues decreased substantially, 36% or \$262,556, primarily due to a \$236,397 reduction in grant income. Operating expenses increased 34% or \$221,402, due primarily to an increase on the write down of investments.

**FY 2013 Highlights**

- The Maine Venture Fund\* (“MVF or “Fund”) was a recipient of Federal State Small Business Credit Initiative (SSBCI) money through the Finance Authority of Maine (FAME) beginning in late 2011 and started investing SSBCI funds in December 2011. The Fund followed up with investments totaling \$950,025 from January to June 2012 (FY12), and invested an additional \$607,092 of SSBCI funds in FY 2013 in two companies new to the portfolio, and two follow-on investments in existing portfolio companies. Total SSBCI funds invested by MVF to date are \$1,557,117. MVF provides quarterly and annual investment reporting to FAME which, in turn, reports to the U.S. Treasury Department.
- MVF, using “core” dollars, participated in a follow-on investment with an existing portfolio company.
- The Fund had one exit in FY 2013 as a Note that had been converted from equity in November 2012 and was in repayment accelerated and paid off the remaining interest and full principal.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

June 30, 2014 and 2013

- The co-investment ratio for FY 2013 was \$6.2:1. Co-investors invested \$4.6 million alongside the almost \$725,000 MVF invested.
- According to MVF's internal tracking, MVF portfolio companies employ approximately 302.5 full time equivalent employees as of June 2013, a 7.5% increase from 281.5 the prior fiscal year end.
- MVF receives quarterly dividend payments from one of its portfolio companies, quarterly interest payments from another and is working with a third portfolio company that is purchasing membership back from MVF each month.
- The Management Team and the Board continue to participate in numerous outreach programs in the "early-stage company" community in Maine, including, but not limited to: Speed Venture Summit, Maine Entrepreneurship Week, Financing Fast Growth, the Maine Center for Entrepreneurial Development's "Top Gun" Program, and angel capital association meetings.
- A former successful company founder, CEO, and serial entrepreneur joined the Fund as its Entrepreneur In Residence (EIR) midway through the year; the EIR is providing experienced guidance and consulting to SEGF portfolio company management teams.
- MVF continues to play a prominent role in a strong support network for the entrepreneurial community in Maine. Additionally, the Fund Manager sits on numerous Boards throughout the State, including the Maine Innovation Economy Advisory Board (MIEAB), Maine Community Foundations Impact Investing Committee, and CEI Community Ventures.

**SMALL ENTERPRISE GROWTH FUND D/B/A MAINE VENTURE FUND  
(A COMPONENT UNIT OF THE STATE OF MAINE)**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2014 and 2013

**1. Organization and Significant Accounting Policies**

The accounting policies of the Small Enterprise Growth Fund d/b/a Maine Venture Fund (the Fund) conform to accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting principles are described below.

**Authorizing Legislation**

The Small Enterprise Growth Program was established in 1996 by the State of Maine legislature through the enactment of L.D. 1831 "An Act to Create the Small Enterprise Growth Program." The law created the Fund as a revolving fund. The Fund is an instrumentality of the State of Maine and is a tax-exempt entity. The Fund is a component unit of the State of Maine.

**Purpose of the Fund**

The Fund is used to provide capital to small Maine businesses that show potential for high growth and public benefit, but are unable to obtain adequate conventional financing from financial institutions. The State of Maine capitalized the Fund by issuing general obligation bonds. The initial capitalization was \$5,000,000. The Fund received an additional \$1,000,000 of capital in fiscal year 2008 from proceeds of a State of Maine economic development bond and \$3,000,000 of capital in fiscal year 2001 from general fund appropriations of the State of Maine. Additionally, the Fund received \$4,000,000 in 2011 from a state economic development bond. Currently, financing is provided to qualifying business enterprises through lending arrangements and direct equity investments. Lending agreements generally provide for the issuance of warrants to the Fund or the option of converting its investment from debt to equity through the use of convertible debentures. The Fund also makes direct equity investments in Maine businesses. Operating activities of the Fund include lending and direct equity investments.

In June 2010, the State Legislature amended the statute governing the Fund to broaden the powers of the Board of Directors. The new authority given to the Board allows it to take capital from individuals and entities other than the State for investment in Maine Companies through return-based "side car" funds. Through June 30, 2014, the Fund had not exercised such powers.

**Basis of Accounting**

The accounts of the Fund are maintained in accordance with the principles of "fund accounting." These principles require that resources for various purposes be classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. The Fund only has one fund, which is a proprietary fund. Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and collectibility is assumed and expenses are recorded at the time liabilities are incurred.

(A COMPONENT UNIT OF THE STATE OF MAINE)**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2014 and 2013

**1. Organization and Significant Accounting Policies (Continued)**

*Fund Administration*

The Fund is overseen by the Small Enterprise Growth Board which establishes rules for operations, approves and denies applications and monitors investment agreements on an ongoing basis. The Governor of the State of Maine appoints the Board members.

The Fund is administered and maintained by the Finance Authority of Maine (the Authority) per statute. The Board of the Fund has engaged a Fund Manager to provide management and oversight of the Fund.

*Management Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Fund to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant estimates utilized in the preparation of the financial statements of the Fund relate to the allowance for losses on notes receivable and the valuation of investments. The Fund's investments are not traded in an active market. Because the Fund lends to and invests in small start-up businesses, some of which have not begun to generate revenues, there is a significant risk that such estimates could be revised substantially in the future.

*Cash Equivalents*

For purposes of preparing the statements of cash flows, the Fund considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. At June 30, 2014 and 2013, the Fund's cash equivalents consisted of amounts held in the State of Maine Treasurer's cash pool and bank deposits.

*Investments*

The Fund makes direct equity investments in Maine businesses. These investments consist of Common and Preferred Stock and Units in Limited Liability Companies. These investments are not actively traded, nor are they insured. The Fund's ownership interest in any of these businesses is normally less than 20% at any given time. The Fund owns all investments directly; therefore there is no custodial credit risk. Investments are carried at cost on the Fund's statements of net assets until there is evidence of a decrease in fair value as estimated by management in the absence of readily determinable fair values. It is the Fund's policy to review each investment for probable loss and if necessary, to write down the investment through a charge to operating expenses. Realized gains on the sale of investments are determined based on the specific identification method.

(A COMPONENT UNIT OF THE STATE OF MAINE)**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2014 and 2013

**1. Organization and Significant Accounting Policies (Continued)**

The following is a summary of the cost basis and the carrying value of investments at June 30, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Cost basis	\$ <u>6,328,146</u>	\$ <u>4,925,552</u>
Carrying value	\$ <u>3,660,858</u>	\$ <u>2,873,303</u>

The carrying value of \$3,660,858 consists of investments in twenty companies, three of which have balances greater than 10% of the Fund's recorded net investment balances. In 2013, the carrying value of \$2,873,303 consisted of investments in eighteen companies, four of which had balances greater than 10% of the Fund's recorded net investment balances.

Notes Receivable

Notes receivable are carried at the principal amounts outstanding. Interest income on notes receivable is recorded only when collectibility of principal and interest are probable.

Allowance for Losses on Notes Receivable

The Fund has established an allowance for losses on notes receivable. The allowance for losses account is established through a provision for losses charged to operations. The amount of the allowance is determined by management's evaluation of the notes receivable portfolio. The evaluation takes into consideration such factors as the volume of the portfolio, overall portfolio quality, specific problem borrowers and current economic conditions that may affect the borrowers' ability to repay. Management believes that the allowance for losses is adequate. While management uses available information to recognize losses, changing economic conditions and the economic prospects of the borrowers might necessitate future additions to the allowance. It is the Fund's policy to review each note receivable for potential loss and establish specific allowances if necessary.

Operating Revenues and Expenses

Operating revenues include interest earned on notes receivable, investments income and realized gains on sale of investments and grant income. Operating expenses include professional fees and services, payroll and administrative expenses and other costs of providing services and operating the program.

Grant Income

The Fund uses grant funds to make debt or equity investments in qualified Maine companies. The Fund recognizes grant income when such funds are invested.

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2014 and 2013

**1. Organization and Significant Accounting Policies (Continued)**

*New Accounting Pronouncements*

In March, 2012 GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term *deferred* in financial statement presentations. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012. The fund adopted the provisions of this statement for the year ended June 30, 2014. There was no impact on the financial statements.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. This statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term government combinations includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations. This Statement also requires disclosures be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and financial effects of those transactions. The requirements of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013, and should be applied on a prospective basis. The Fund is currently evaluating the impact, if any, this guidance will have on its financial statements.

In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. This Statement requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The amount of the liability to be recognized should be the discounted present value of the best estimate of the future outflows related to the guarantee expected to be incurred. When there is no best estimate but a range of the estimated future outflows can be established, the amount of the liability to be recognized should be the discounted present value of the minimum amount within the range.

This Statement requires a government that has issued an obligation guaranteed in a nonexchange transaction to recognize revenue to the extent of the reduction in its guaranteed liabilities. This Statement also requires a government that is required to repay a guarantor for making a payment on a guaranteed obligation or legally assuming the guaranteed obligation to continue to recognize a liability until legally released as an obligor. When a government is released as an obligor, the government should recognize revenue as a result of being relieved of the obligation. This Statement also provides additional guidance for intra-entity nonexchange financial guarantees involving blended component units.

This Statement also specifies the information required to be disclosed by governments that extend nonexchange financial guarantees. In addition, this Statement requires new information to be disclosed by governments that receive nonexchange financial guarantees.

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2014 and 2013

**1. Organization and Significant Accounting Policies (Continued)**

The provisions of this Statement are effective for reporting periods beginning after June 15, 2013. Except for disclosures related to cumulative amounts paid or received in relation to a financial guarantee, the provisions of this Statement are required to be applied retroactively. Disclosures related to cumulative amounts paid or received in relation to a financial guarantee may be applied prospectively. The Fund adopted the provisions of this statement for the year ended June 30, 2014. There was no impact on the financial statements.

**2. Cash Equivalents**

The Fund does not have a formal deposit or investment policy. However, monies that are not needed for immediate use are invested with the State of Maine. The Treasurer of the State of Maine sponsors an investment pool ("State of Maine Treasurer's Cash Pool"). The Fund's participation is voluntary. The State of Maine's investment pool is primarily comprised of investment vehicles with short maturities and management of the Fund characterizes the investments within the pool as low risk. The State of Maine Treasurer's Cash Pool is not rated by external rating agencies. The Fund is able to make withdrawals from the State of Maine investment pool at par with little advance notice and without penalty. The Fund's management considers this investment vehicle a money market instrument and generally carries the amounts in the pool at fair value. Cash equivalents consisted of the following at June 30, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Bank deposits	\$ 25,836	\$ 149,131
State of Maine Treasurer's cash pool	<u>3,542,305</u>	<u>4,844,270</u>
	<u>\$3,568,141</u>	<u>\$4,993,401</u>

At June 30, 2014 and 2013, bank deposits had a bank balance of \$30,200 and \$155,711, respectively, and a carrying amount of \$25,786 and \$149,131, respectively. The difference between the carrying amount of deposits and bank balance consists primarily of checks issued but not cashed. All bank deposits are covered by Federal depository insurance at June 30, 2014 and 2013.

**3. Notes Receivable**

The following is a summary of notes receivable at June 30, 2014 and 2013:

**3. Notes Receivable (Continued)**

The following is the activity in the allowance for losses on notes receivable during the years ended June 30, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Allowance for losses on notes:		
Beginning balance	\$ 496,044	\$ 581,079
Provision for losses	—	(37,110)
Allowance transferred through equity conversion	<u>(174,891)</u>	<u>(47,925)</u>
Ending balance	<u>\$ 321,153</u>	<u>\$ 496,044</u>

The Fund's lending activities are conducted in the State of Maine. The ability and willingness of the borrowers to honor their repayment commitment is generally dependent on the health of the economic sector in the borrower's geographical area, the general economy and the borrower's financial condition. Notes receivable are issued to start up businesses.

Certain financing agreements entered into with the business enterprises contain a provision enabling the Fund to acquire an equity interest in the business through a convertible debenture that gives the Fund future options to convert its investments from debt to equity.

**4. Commitments**

At June 30, 2014, the Fund did not have any commitments to provide financing to small Maine businesses. The Fund uses the same process in making commitments as it does for actual financing activities. The fund may be subject to audit or other review in conjunction with receiving funds under the State Small Business Credit Initiative (see note 10).

**5. Warrants**

The Fund has entered into financing agreements with business enterprises containing a provision enabling the Fund to acquire an equity interest in the business through warrants to purchase common stock at a set price in the future. The warrants are generally not exercisable during the four-year period after the issuance date and contain put and call provisions. The warrants are considered a separate investment; however, the Fund has not assigned any value to the warrants at June 30, 2014 or 2013 because there is no market for the warrants and the business enterprises are in the start-up and development phase, and as a result, the value of their common stock and related warrants is impractical to determine.

**6. Transactions with the Finance Authority of Maine**

The Authority provides certain financial management, legal assistance and legislative liaison services for the Fund. The Authority charged the Fund for services rendered and the fees paid to the Authority are authorized by the Fund's Board. Included in general and administrative expenses in the 2014 and 2013 statements of revenues, expenses and changes in net position, is approximately \$6,000 in 2014 and 2013 paid to the Authority for such services.

**7. Total Net Position**

The following schedule presents the components of total net position as of June 30, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Contributed capital	\$13,006,767	\$13,006,767
Investment in capital assets	32	1,521
Accumulated deficit	<u>(5,255,727)</u>	<u>(4,841,974)</u>
Total net position	<u>\$ 7,751,072</u>	<u>\$ 8,166,314</u>

There are no restrictions on net position at June 30, 2014 and 2013. The Fund's unrestricted net position is generally reserved for program related activities.

**8. Capital Assets**

Capital assets activity for the year ended June 30, 2014 was as follows:

	<u>June 30, 2013</u>	<u>Additions</u>	<u>Disposals</u>	<u>June 30, 2014</u>

	<u>\$ 2,896</u>	<u>\$ (1,375)</u>	<u>\$ —</u>	<u>\$ 1,521</u>

**9. Risk Management**

The Fund carries insurance to cover its exposure to various risks of loss. There were no uninsured losses during the last three years.

**10. State Small Business Credit Initiative**

The Fund receives monies under the State Small Business Credit Initiative (SSBCI). SSBCI was established by the *Small Business Act of 2010*. The Fund is an approved “participating State program” under SSBCI. The Fund will have in total a minimum of \$3,000,000 available for capital investment under this program. The Fund recorded \$370,695 and \$607,092 of revenue related to SSBCI for the years ended June 30, 2014 and 2013, respectively, which was utilized to make investments and issue a note receivable. Amounts are drawn down at the time the Fund makes an investment or loan.
