Since 1870, the Bureau of Insurance has overseen and regulated the business activities of insurance companies, insurers, producers, consultants, and adjusters in Maine. To ensure that the marketing of insurance is lawful and honest, policies and premiums are reasonable and just, and that the payment of legitimate claims is dependable and timely, the Bureau is divided into several work units, each charged with its special responsibility.

## **Mission Statement**

The mission of the Bureau of Insurance is to protect the public interest and to promote fair competition in the insurance marketplace through the licensing and examination of all authorized insurance companies and regulated workers' compensation self-insurers; through the licensing of producers, brokers, consultants and adjusters; through the review of rates, rules, and policy forms to be utilized in this state, and through providing information and assistance to consumers of insurance products.

## **Vision Statement**

The Maine Bureau of Insurance is a consumer-oriented regulatory team that functions proactively to promote the best in fair and consistent insurance practices, policies, and laws. We strive to serve the public by understanding the needs of consumers and regulated parties in a dynamic and changing environment. This will be achieved by effective communication, use of modern technology, empowering decision-making by Bureau staff and encouraging professional development. We will respect each other and the public we serve and commit ourselves to developing and maintaining a quality workplace.

To assist the Bureau in its mission and vision to promote fair and consistent insurance practices, policies, and laws for the benefit of consumers, the Bureau is a member of the National Association of Insurance Commissioners (NAIC). The NAIC is a voluntary organization of the chief insurance regulatory officials of the 50 states, the District of Columbia, American Samoa, Guam, Puerto Rico and the Virgin Islands. Formed in 1871, it is the oldest association of state officials.

The NAIC provides its members with a national forum through quarterly national meetings to discuss common issues and interests and to work cooperatively on regulatory matters that transcend the boundaries of their own jurisdictions. Every state regulator or designated staff serves on one or more NAIC committees, subcommittees or task forces. The overriding objective of the NAIC is to protect consumers and help maintain the financial stability of the insurance industry.

In 1989, the NAIC established minimum requirements for solvency regulation by state insurance departments. The NAIC subsequently adopted a formal certification program where states who demonstrated compliance with NAIC standards would be eligible for accreditation. The accreditation review consists of a rigorous review which includes: 1) laws and regulations; 2) company examination and audit reports and supporting work papers; 3) inspection of regulatory files for selected companies; 4) organization, personnel policies and qualifications; 5) interviews with department personnel; and 6) review of Bureau document and communication procedures.

The Bureau of Insurance first received accreditation in 1993 and received one of the highest aggregate scores of the 30 states that had been reviewed at that time. The Bureau was re-examined in 1998 as a continuing part of the accreditation process and retained its accreditation certification.

## The Financial Examination Work Unit

The Financial Examination Work Unit conducts detailed financial examinations of insurers domiciled in the state of Maine. Examinations of the insurers are completed every three to five years and the examination reports are available to the public upon completion. The work unit consists of a Director, two Examiners-in-Charge, two Senior Examiners, and five Examiners. Personnel are divided into two examination teams in order to conduct examinations concurrently. Exam reports for some of the domestic insurers can be found on the Bureau web site [www.MaineInsuranceReg.org](http://www.MaineInsuranceReg.org) at [www.state.me.us/pfr/ins/domestic.htm](http://www.state.me.us/pfr/ins/domestic.htm). Financial statements for Maine licensed HMOs may also be accessed from the Bureau web site at [www.state.me.us/pfr/ins/inshmo.htm](http://www.state.me.us/pfr/ins/inshmo.htm).

## Financial Analysis and Alternative Risk Markets

The Financial Analysis and Alternative Risk Markets work unit is responsible for monitoring the financial solvency of insurers transacting business in Maine. Insurance companies seeking licensure and new workers' compensation self-insurers submit financial and operational information for review. Analysts review the information and make recommendations for insurance authority, based upon the financial strength of the company.

For new applicants a full analysis of the financial statements is completed. Once the Bureau of Insurance grants authority, the level of ongoing financial review is predicated on the entity's status as an insurance company or a workers' compensation self-insurer.

If the entity is an insurance company, the level of review is further determined by whether the company is a Maine domestic or a foreign insurer. Maine domestics are reviewed in detail quarterly, foreign insurers are prioritized based on select financial ratios.

For workers' compensation self-insured employers and groups, the work unit performs detailed annual reviews. Self-insurance authority is renewed annually, unless evidence of deteriorated financial condition is found.

The Financial Analysis and Alternative Risk Markets work unit is also responsible for reviewing captive insurance applicants, surplus lines applicants, multiple employer welfare arrangements, and continuing care retirement centers.

### Number of Self-Insurers

As of December 31, 2001 there are a total of 92 individual self-insurers and 19 group self-insurers.

## Producer Licensing

The Licensing Unit is responsible for the review and approval of applications to license individual producers, consultants, adjusters, business entities, and to register structured settlement transferees. Processing includes a determination if eligibility requirements have been met and whether the applicant is competent, trustworthy, financially responsible and of good personal and business reputation.

The NAIC's (National Association of Insurance Commissioner's) Producer Licensing Model Act was enacted into law in 2001 in our ongoing effort to create a system of reciprocity and uniformity among all states in the area of producer licensing.

## The Consumer Health Care Division

The Consumer Health Care Division (CHCD) provides a wide range of services to consumers including: information regarding health care plan options and services; helping enrollees to understand their rights and responsibilities under health care plans; providing assistance to enrollees with complaints related to health care plans; and promoting coordination between the Bureau of Insurance and other organizations that assist consumers.

The Consumer Health Care Division is responsible for the review and approval of health insurance policy forms, health plan compliance with Maine law, and the investigation and resolution of health insurance complaints.

The CHCD focuses much of its effort on the Bureau's complaint handling process. Complaint file focus has broadened from simply resolving complaints, to conducting the in-depth investigations necessary to identify underlying issues that give rise to valid complaints. Identification of insurer process deficiencies provides an opportunity for the Bureau to work with health plans to prevent reoccurrence of identified problems. The CHCD Nurse Consultant investigates complex adverse medical necessity determination complaint files, and speaks regularly with health care providers and insurer utilization review staff.

The Bureau conducts extensive public outreach. The Bureau receives frequent invitations to address various groups ranging from consumer and health care provider advocacy organizations to health underwriters and local school superintendents. This past year the CHCD hosted representatives from the Republic of Moldavia to explain health insurance and complaint handling procedures.

The CHCD processed 32 requests for external review in 2001. Of the 32 cases received, 12 upheld the health plan's decision and 4 cases resulted in a reversal of the carrier's decision. In 8 cases, the carrier reversed its decision before the external review hearing. In one case, the enrollee withdrew the request for the external review before the review was completed.

The CHCD also received requests for external review that did not qualify under the statute, either because the consumer had not exhausted both levels of the insurance carrier's internal appeal process, or because the denials were based on coverage issues rather than medical issues.

The Director, Policy Development Specialist, and the Nurse Consultant in the CHCD worked with members of the Department of Human Services to begin the first quality review of a licensed HMO in Maine. The survey team members included the Bureau of Medical Services (BMS) Medical Director, two nurses from BMS and the Nurse Consultant from the Consumer Health Care Division. In 2001, the survey team conducted its analysis of Aetna US HealthCare. The results can be viewed on the Bureau of Insurance Website at:

**<http://www.state.me.us/pfr/ins/Aetna.htm>**.

### Consumer Health Care Division - Totals for 2001\*

Rate and form filings	1,693
Consumer complaints received	732
Consumer inquiries/phone calls received	6,824
Restitution to consumers (in the form of health claims paid, or money returned)	\$680,849.00

\*See graphs in Appendix B for a break down by month.

## Life and Disability Work Unit

The Life and Disability Work Unit has two principal functions: the review of insurer policy form filings for life, disability, and annuity products and the resolution of consumer complaints related to those lines of insurance, including viatical settlements.

Prior to the sale of any insurance contract in Maine policy forms (including contracts, certificates, riders, endorsements, and applications) are reviewed, analyzed, and approved based on Maine's insurance laws. The Unit also responds to telephone inquiries and formal complaints relative to life, disability, and annuity-related problems.

### Life and Disability Totals for 2001\*

Rate and form filings	4,462
Consumer complaints received	272
Consumer complaints closed	187
Consumer inquiries/phone calls received	2,062
Restitution to consumers (in the form of health claims paid or money returned)	\$1,015,844

\*See graphs in Appendix B for a break down by month.

The **Life & Health Actuarial Work Unit** provides actuarial and technical services to Bureau staff involving life and health insurance. Examples of tasks performed by the unit include:

- Review and takes appropriate action on rate filings for regulated lines of insurance, primarily individual health, credit life and health, group and individual Medicare supplement, and long-term care.
- Provide reserve analysis of life and health insurance companies as required by the Maine law.
- Provide technical assistance to insureds, consumers, other state agencies, and others on insurance matters.
- Prepare annual reports on mandated benefits claims experience.
- Study proposed mandated benefit legislation as requested by the Legislature to determine the social impact, the financial impact, and the medical efficacy of the proposed mandate.

The Bureau is responsible for issuing a number of annual reports regarding selected *Mandated Benefits*. These reports compare the amount of claims paid for mandated benefits to the total amount of health claims paid.

**Mammograms** – Report of the Superintendent of Insurance on Health Insurance Claims for Mammography and Breast Cancer Treatment.

**Chiropractic** – Report of the Superintendent of Insurance on Health Insurance Claims for Chiropractic Services.

**Mental Health/Substance Abuse** – Report of the Superintendent of Insurance on Health Insurance Claims for Alcoholism and Drug Dependency Treatment and For Mental Health Services.

These mandated reports are available on the Bureau's web site at [www.MaineInsuranceReg.org](http://www.MaineInsuranceReg.org) under *Bureau Reports*.

## Property & Casualty

The Property & Casualty Work Unit reviews and approves rates, rating rules, and policy forms that property and casualty insurance companies and advisory organizations file for products they intend to write in Maine. Filings are reviewed to ensure compliance with applicable Maine law.

The unit also investigates complaints for all lines of property and casualty insurance. Often this includes conducting administrative hearings when a consumer believes an automobile or homeowner's policy has been unjustly canceled or non-renewed.

### Property & Casualty Totals for 2001\*

Rate/Form filings:

Received – 3,277

Approved – 2,931

Disapproved/Withdrawn - 70

Consumer complaints received	754
Consumer complaints closed	745
Consumer inquiries/phone calls received	10,046
Amount of restitution to consumers	\$402,306

\*See graphs in Appendix B for a break down by month.

**Hearings:** When an insurance company issues a notice of cancellation or nonrenewal on a homeowner or auto policy, the company is required to advise the insured that they may request a hearing to contest the action. The hearing provides a forum to dispute the reason (s) and requires the Bureau to rule whether the cancellation or nonrenewal was done in accordance with Maine law.

Number of Hearings Scheduled in 2001 - 127

Number of Decisions Issued - 89	Findings for the Consumer – 43
---------------------------------	--------------------------------

## Property/Casualty Actuarial

The Property/Casualty Actuarial work unit provides actuarial and technical services to the Bureau staff with property and casualty lines of insurance. Examples of tasks performed by the work unit include:

- Review rate and rating rule filings for market leaders.
- Review and analysis of loss cost filings by industry advisory organizations which gather experience and file the advisory loss portion to be used by insurers in establishing rates and rating rules.
- Collecting the information, calculating, and authorizing the premium distribution for the Rural Medical Access Program. This program subsidizes those physicians and surgeons that provide prenatal and obstetrical services in designated underserved areas of the state.
- Review funding and reserves of workers' compensation self-insurance trusts.
- Provide reserve analysis of property/casualty insurance companies.
- Provide technical assistance to insureds, consumers, other state agencies, and others on insurance related matters.

- Provide technical assistance to the Superintendent in all aspects of workers' compensation matters.
- Administer the Large Commercial Risk special rating law provisions.

## Workers Compensation Work Unit

The Workers' Compensation Unit is responsible for processing all rate, rule, and form filings presented to the Bureau involving workers compensation insurance, self-insurance reinsurance, and occupational disability policies. In addition to these filings, the work unit assists the actuarial staff with the workers' compensation loss cost filing.

The unit responds to general inquiries regarding workers' compensation premiums and policies and handles complaints regarding workers' compensation insurance rates, rules, and policy cancellations. Complaints regarding specific workers' compensation claims are under the jurisdiction of the Workers' Compensation Board. If the Workers' Compensation Board finds a pattern of abuse, they can refer the matter to the Bureau of Insurance.

## The Market Conduct Work Unit

The Market Conduct Unit conducts Market Conduct Examinations of both domestic and foreign insurers that vary in scope and may be prompted by various occurrences. The work unit also conducts in-depth investigations into alleged violations of Maine laws and regulations.

## Presentations/Outreach Participation by Bureau staff in 2001

As part of the Bureau's commitment to public education, the Bureau publishes a quarterly newsletter, *The Maine Insurance Update*. This newsletter was first published in 1990 and is mailed to all licensed companies, agencies, and other interested parties. It is also available free by electronic subscription and has a circulation of over 6,000. The last three issues are posted on the Bureau's Web site: [www.MaineInsuranceReg.org](http://www.MaineInsuranceReg.org).

The Bureau is committed to public education and service and exemplifies this by staff presentations at functions throughout the year. These presentations provide an opportunity to explain the Bureau's regulatory role as well as provide an opportunity to speak on a variety of insurance topics. Among the audience in 2001 were:

Hospital administrators,  
Industry underwriters and marketing representatives,  
Managed care regulators,  
Insurance Regulatory Examiner's Society,  
Maine Retired Teachers Association,  
Group self-insurers, and the  
Maine Health Care Association

The Bureau also participated at the Governor's Annual Small Business Conference which provided an opportunity to address insurance problems related to small business.

In addition, the Superintendent was a featured speaker at the following events:

- Maine Insurance Agents Association Annual Conference
- Maine Camden-Rockport Chamber of Commerce
- Maine CPCU Society
- Workers Compensation Summit
- Reinsurance Association of America
- Southern Maine Association of Life Underwriters
- American Osteopathic Association
- NAIC Commissioner's Forum
- Society of Financial Service Professionals
- International Association of Insurance Supervisors
- Patient Advocates, LLC Employer Healthcare Conference
- Anthem Blue Cross/Blue Shield Seminars

## **Bureau of Insurance Publications**

To help educate the public on insurance matters that can affect their daily lives, the Bureau publishes and distributes a number of consumer brochures.

**The following brochures are available from the Bureau. Most brochures, with the exception of the federal guide, are available on-line at the Bureau's web site ([www.MaineInsuranceReg.org](http://www.MaineInsuranceReg.org)):**
