OPERATING REVENUES AND EXPENDITURES

Generally speaking, GENERAL FUND, HIGHWAY FUND and OTHER SPECIAL FUNDS are our three State Operating Funds. GENERAL FUND receives its revenues from General State Revenue sources and is expended in the general broad categories for services and administration. HIGHWAY FUND receives its revenue from dedicated taxes and sources and is expended generally in the building and maintenance of highways and bridges, snow removal and sanding, administration and police services. OTHER SPECIAL FUNDS receive their revenues from segregated or dedicated sources and are expended generally by category for special purposes as shown.

The following pages contain a table showing the three operating accounts listing respectively the revenue source and expenditure category of each account and a table showing the percentage amounts.

This is followed by schedules showing total operating revenues and expenditures and then each operating account separately. These figures reflect the revenues and expenditures for the fiscal years 1961 through 1966 for purposes of comparison.

Next included are schedules showing General Fund Statements of Unappropriated Surplus, Appropriations from Unappropriated Surplus, Contingent Account and Construction Reserve Allocations.

The information contained within this report was compiled from State Treasury reports, the Maine Revised Statutes Annotated, financial reports from the Department of Finance, and records from the Legislative Finance Office.

RAILROAD TAXATION (Adopted 1872-1883) - M.R.S.A. Title 36

An excise tax is levied upon gross transportation receipts, the statutory rate varying from 3 1/4% to 5 1/4%, depending on the relation of net railway operating income to gross transportation receipts. However, the law was amended in 1961 to provide for an applicable rate, when net operating income does not represent at least 5 3/4% of investment, of not less than 2% in 1964 and 1965, and not less than 1% thereafter. Since no railroads in Maine are presently earning 5 3/4% of investment, the minimum rate of 1% is at present the effective rate of this tax.

Note: Generally speaking, a portion of the tax, not to exceed 1% of the value of stock held, is returned to the municipality based on the value of stock owned within such municipality.
